Approximate # of Parent Chaperones: 0
(Once chaperone list is finalized, please provide to front office)

Transportation (district bus, commercial bus, other): District Bus

Explanation for purpose of trip/how it ties into curriculum: This trip is an end of year celebration for our graduating 8th grade students. . The purpose of this class trip is to provide students with an opportunity to extend their classroom learning into a real-world setting. By engaging with authentic experiences beyond school walls, students can see the connections between scientific concepts, history, culture, and the world around them. Trips like this bring abstract ideas to life, deepen student understanding, and spark curiosity through hands-on exploration and observation. The trip also supports cross-curricular goals. Students will practice critical thinking by asking and answering questions, analyzing their environment, and applying classroom knowledge in new contexts. They will strengthen communication skills by collaborating with peers, sharing observations, and reflecting on their learning. This experience allows students to embody the skills and dispositions outlined in our district's *Portrait of a Graduate*. It provides a memorable experience that connects academic content to life beyond school, while helping students grow into adaptable, thoughtful, and responsible young citizens.
