Charter Schools

DRAFT

Purpose

In order to provide students, parents and community members an opportunity to establish and maintain schools that operate independently from this school district, the Board shall evaluate applications submitted for charter schools located within the district, in accordance with the requirements of Act 22 of 1997 and those established by this Board.[1]

The Board shall work cooperatively with individuals and groups submitting proposals and applications for charter schools.

Definitions

Appeal Board means the State Charter School Appeal Board established by the Charter School Law.[2]

Board of Trustees of a charter school shall be classified as public officials.[3]

Charter School means an independent, nonsectarian public school established and operated under a charter from the local Board of School Directors and in which students are enrolled or attend. A charter school must be organized as a public, nonprofit corporation; and charters may not be granted to any for-profit entity nor to support home schooling programs.[2][3][4]

Local Board of Directors (Board) means the Board of Directors of the school district in which a proposed or approved charter school is located.[2]

Regional Charter School means an independent public school established and operated under a charter from more than one local Board of School Directors and approved by an affirmative vote for a majority of all Board members of each of the school districts involved.[2][5]

Appeal Board means the State Charter School Appeal Board established by the Charter School Law.

The **Board of Trustees** of a charter school shall be classified as public officials.[3]

Authority

The Board shall ensure that each charter school application provides appropriate assurances of compliance with the requirements of the Charter School Law and any additional requirements established by the Board.[6][7][8]

The Board shall evaluate submitted applications for charter schools based on the criteria established by law and any additional criteria as determined by the Board.[4]

A charter school application shall be approved or denied by a majority vote of all Board members at a public meeting, in accordance with the provisions of the Sunshine Act. Written notice of the Board's decision shall be sent to the applicant, Department of Education and the Appeal Board, including reasons for denial and a clear description of application deficiencies if the application is denied. The Board shall evaluate denied applications that are revised and resubmitted.[4][9]

Upon approval of a charter application, the Board and the charter school's Board of Trustees shall sign the written charter, which shall be binding on both parties. The charter shall be for a period of three (3) to five (5) years and may be renewed for five-year periods by the Board.[10]

The Board may approve a leave of absence for up to five (5) years for a district employee to work in a charter school located in the district of employment or in a regional charter school in which the employing district is a participant, and the employee shall have the right to return to a comparable position in the district. The Board at its discretion may grant tenure to a temporary professional employee on leave from this district to teach in a charter school located in the district, upon completion of the appropriate probation period.[11]

The Board shall annually assess whether each charter school is meeting the goals of its charter and shall require each charter school to submit an annual report no later than August 1 of each year.[7][12]

DRAFT

The Board shall conduct a comprehensive review prior to granting a five-year renewal of the charter.[12]

The Board shall have ongoing access to the records and facilities of the charter school to ensure that the charter school is in compliance with its charter, Board policy and applicable laws.[12]

In cases where the health or safety of the charter school's students, staff or both is at serious risk, the Board may take immediate action to revoke a charter.[13]

The Board affirms that the Board of Trustees and the charter school shall be solely liable for any and all damages and costs of any kind resulting from any legal challenges involving the operation of charter school. The local Board of Directors shall not be held liable for any activity or operation related to the program of a charter school.[14]

A charter school shall execute a "hold harmless" agreement indemnifying and insuring/agreeing to defend the school district in any and all kinds of liability areas so that the local school district and School Board is protected in any litigation related to the operation of a charter school.

Delegation of Responsibility

Applications for charter schools shall be submitted to the Superintendent or designee, who shall be responsible for communicating and cooperating with all applicants.

The Superintendent or designee shall be responsible to assist applicants with plans for technical assistance and contracted services which may be provided by the school district.

Guidelines

A charter school shall be subject to all federal and state laws prohibiting discrimination in admissions, employment and operation on the basis of disability, race, creed, color, gender, national origin, religion, ancestry or need for special education services.[8][15][16][17][18][19][20][21]

A charter school shall submit monthly enrollment figures and other required reports to the district, as stated in the charter.

Transportation

DRAFT

The district shall provide transportation to resident students attending a charter school located in the district, a regional charter school of which the district is a member, and a charter school located within ten (10) miles outside the district boundaries, in accordance with distance requirements established for district students. Transportation provided to charter school students need not be identical to transportation provided to traditional public school students. [22][13][14]

Transportation shall be provided to charter school students on the dates and periods that the charter school is in session, regardless of whether transportation is provided to the district students on those days.[13]

Applications

Applications for charter schools must contain all the information specified in the Charter Schools Law and any additional information required by the Board.[4][23]

At least forty-five (45) days must pass between the first public hearing and the final decision of the Board. No later than seventy-five (75) days after the first public hearing, the Board shall grant or deny the application.

Insurance/Risk Management

The charter school shall adequately protect against liability and risk through an active risk management program approved by the Board. The program shall include proof of purchase of insurance coverages as required by the Board.

Minimum coverages and levels of appropriate coverages shall be established in the charter.

Policy Number	810
Title	Transportation
Version	v1 · 8/5/2026 · DRAFT

Transportation

DRAFT

Purpose

Transportation for students shall be provided in accordance with law and the following guidelines.

Definitions

School bus means a motor vehicle that is designed to carry eleven (11) passengers or more, including the driver, and is used for the transportation of preprimary, primary or secondary school students to or from public, private or parochial schools or events related to such schools or school-related activities.[1]

School vehicle means a motor vehicle, except a motorcycle, designed for carrying no more than ten (10) passengers, including the driver, and used for the transportation of preprimary, primary or secondary school students while registered by or under contract to the school district. The term includes vehicles having chartered, group and party rights under the Pennsylvania Public Utility Commission and used for the transportation of school children.[1]

Authority

The Dallastown Area School District shall contract for school bus services for transportation to and from school at regularly scheduled hours and for field trips, cocurricular and extracurricular activities, and interscholastic athletics.[2][3][4][5][6] [7] [8] [9]

The Board shall provide transportation for resident students ~~in grades kindergarten through 12~~ to the district's public schools and charter, regional charter and nonpublic schools located in the district or within the district's transportation boundary or other placements as required by law or agreements. The district's transportation boundary is a distance not exceeding ten (10) miles by the nearest public highway outside the school district's border.[2][3][10]

The Board is responsible for providing transportation for students living within the prescribed limits when walking conditions to the school are found to be hazardous by the Department of Transportation.[3][11]

The Board shall provide transportation for students with disabilities, without regard to distance or hazardous walking conditions,when required by the student's individualized education program (IEP) or Section 504 Service Agreement.[12][13] [14] [15] [16]

The Board shall provide free transportation for eligible resident students who are enrolled in nonpublic schools or charter schools as required by law. Transportation provided to charter school students need not be identical to transportation provided to traditional public school students.[2][4][10] [17] [18] [19]

The Board shall provide transportation for children in foster care in accordance with federal and state laws and regulations, and the local transportation plan.[18] [19]

The Board shall provide transportation for homeless children and youths in accordance with federal and state laws and regulations.[20] [21]

The general policy for students who are eligible for district transportation is as follows:

1. Secondary students residing two (2) miles or more from the school they attend, and elementary students residing one and one-half (1½) miles or more from the school they attend, will be eligible for district transportation. Exceptions to this policy may be made by the Board where traffic, road and weather conditions make walking hazardous.

2. Resident students who are lawfully enrolled in nonprofit, nonpublic schools located within the school district boundaries or not more than ten (10) miles outside the district boundaries by the nearest public highway.

Delegation of Responsibility

The Superintendent or his/her designee shall be responsible for establishing bus stop locations and developing bus schedules to be presented for approval by the Board. The stop locations and bus schedules will be designed with the safety of the student given the highest priority. The next consideration in establishing bus stop locations and bus schedules will be that of providing for an economical schedule. When possible, the convenience of the students will be considered as an important factor in establishing bus stop locations and bus schedules.

DRAFT

The Board prohibits any diesel-powered motor vehicle weighing 10,001 pounds or more to idle for more than five (5) minutes in any continuous sixty-minute period while parked, loading or unloading, except as allowed by law.[21]

The Board shall ensure that permanent signs, notifying drivers of the idling restrictions, are maintained on district property at locations where passengers load and unload.[22][23]

The school bus driver shall be responsible for the discipline of students while they are being transported. The principal may suspend a student from bus transportation for disciplinary reasons, and the parents/guardians shall be responsible for the student's transportation. Student conduct on school buses will be maintained in a manner that the safety of all students is assured. A student will not be permitted to behave in a manner whereby his/her own life or the life of another student is endangered. Student conduct will be such that the driver is not distracted ~~detracted~~ from the function of driving. Extreme or excessive cases of misconduct may involve the exclusion of the student's transportation privileges for a period of time. The student's parent/guardian will be notified by the administration when the student's bus riding privilege has been denied.[6]

The school bus/vehicle driver shall report all incidents, including, but not limited to, discipline problems, medical problems, bullying/harassment, safety issues, accidents or injuries, and violations of Pennsylvania's School Bus Stopping Law to the Superintendent or designee as soon as practicable.

The Superintendent or his/her designee shall be responsible for establishing and maintaining a safe and efficient transportation program. This will include, but not be limited to, the following:

1. Providing instructional materials so that students can be instructed in their classroom on the need for observing all safety rules and bus regulations.
2. Administering the school bus emergency evacuation drills according to adopted Board policy.
3. Maintaining records and making required reports regarding school transportation.[4][6]
4. Distributing rules governing student conduct during transport; such rules shall be binding on all students transported by the district.[6]

Guidelines

Field Trips

DRAFT

The Board believes that education does not occur only in the classroom, but can be enriched by the utilization of field trips. Therefore, the Board authorizes the use of buses for the purpose of providing transportation for administration approved field trips. All field trips are to be correlated with the school curriculum, and well articulated, kindergarten through high school, to ensure a variety of graduated type experiences. When scheduling field trips, the administration will consider the conservation of fuel, the time students will spend in transportation to and from the activity and prior exposures that the student may have had to related activities. [24]

Transporting Students in Personal Vehicles

Reimbursement:

Employees shall not be required to use their own vehicles to drive students to activities which take place away from the school building. On a voluntary basis, students can be transported to activities with the advance approval of the building principal or immediate supervisor and with driver record clearance through the PA Department of Motor Vehicles. Clearances are run through the district's Business Office. The rate of reimbursement shall be at the allowable rate established by the Internal Revenue Service (IRS).

Insurance:

Per the PA Vehicle Code, the employee's personal auto policy would be primary and school district's policy would be excess; therefore, if there is a loss, the employee's policy would respond first and then Dallastown's policy would respond if the employee's limits are exhausted. Employees who drive to school and park on the school grounds or who use their own vehicles in performance of school duties shall, on request, provide the district with insurance certificates showing liability and property coverage in minimum amounts as required by the Commonwealth of Pennsylvania for financial responsibility.

The district shall arrange for and maintain appropriate liability insurance to cover all damages, losses and expenses incurred by a teacher against whom any action shall be brought for any act or omission arising out of the authorized use of his/her own automobile in the performance of school duties above and beyond the employee's liability limits listed above.

Reimbursement for Travel Expenses:

Employees required in the course of their normal work day to drive personal automobiles from one school building to another shall be reimbursed at the allowable rate established by the Internal Revenue Service (IRS). The same allowance shall be given for use of personal car for

DRAFT

field trips or other business of the district, with prior written approval from principal/supervisor with the exception of professional employees who travel as a function of his/her job.

Cocurricular and Extracurricular Activities and Interscholastic Athletics

The Board feels that good cocurricular and extracurricular activities and interscholastic athletic programs are vital to the well-rounded education of the student. In order to provide a maximum opportunity for participation in such activities, the Board will provide activity buses to service the major population areas of the community. The activity buses and the activities for which they are providing services will be scheduled in a manner that will provide maximum use of the activity bus by the students participating in the activities. **[25] [26]**

For any elementary school cocurricular or extracurricular activity requiring school bus transportation, the following guidelines regarding the number of chaperones shall apply:

1. Kindergarten to second grade: One (1) chaperone per five (5) students will be the maximum permitted.

2. Grades 3 to 5: One (1) chaperone per ten (10) students will be the maximum permitted.

At the secondary level, the number of chaperones shall be the number of coaches, advisors, or sponsors assigned to that event.

Any exceptions to the above statements must first be approved by the appropriate building administrator.

Emergency Drills

Two (2) school bus emergency evacuation drills shall be conducted each school year in compliance with the Pennsylvania Department of Education regulations. The first drill will be conducted during the first week of school and the second drill will be conducted in the month of March.[27][28] **[29]**

The bus drivers shall be instructed as to their responsibilities for the drill. Building principals and/or teachers are responsible for instructing their students as to the evacuation procedures and student conduct.

DRAFT

Appropriate guidelines shall be prepared by the Superintendent or his/her designee for distribution to the bus drivers, principals and teachers.

Employee Clearances

A school bus driver will not be employed until s/he has complied with the mandatory background check requirements for criminal history, fingerprints, and child abuse and the district and contractor have evaluated the results of that screening process.[30]

Reports of Employee Crimes/Child Abuse

The district's transportation contract carriers shall be responsible to inform the district in writing at the beginning of each school year whether or not they or any of their employees:

1. Have been charged, subsequent to approval as a district bus driver, with a criminal offense that would bar their employment as bus drivers or contracted service providers.
2. Were charged with a crime deemed serious under the criteria established by law.[30]
3. Have been charged with or convicted of crimes that affect their suitability to have direct contact with students.

This responsibility is in addition to the requirement for clearances that must be presented to the district when an individual is initially hired by the district or the contract carriers. **[31] [32] [33]**

The contract carriers shall have procedures in place to ensure they are notified by their employees when the employees are charged with crimes or child abuse. The procedures shall also include the provision that the failure on the part of the employees to make such a timely notification shall subject them to disciplinary action, including termination. **[34] [35] [36]**

If any bus drivers have been charged as stated in this policy, the transportation contract carriers shall, in their written, yearly notification, include the name of the employee, nature of the offense, and the status of the disposition. The district will review this information to determine if the employee shall continue to transport district students.

Student Health Information

DRAFT

When necessary for student safety, or when required by a student's IEP or Section 504 Service Agreement, a school bus/vehicle driver shall be provided with relevant student health and medical information. [15] [16] [37] [38]

School bus/vehicle drivers shall maintain the confidentiality of student health/medical information in accordance with district policies and procedures and applicable law. [39] [40]

Policy 218.1-AR-0 — Possession of Weapons, Replicas, and Look-Alikes for Educational Purposes

Printed 7/9/2026

Policy Number	218.1-AR-0
Title	Possession of Weapons, Replicas, and Look-Alikes for Educational Purposes
Version	v1 · 7/9/2026

Possession of Weapons, Replicas, and Look-Alikes for Educational Purposes

DRAFT

PURPOSE

The purpose of this regulation is to establish a safe and controlled environment for the use of weapons, replicas, or look-alikes in a school setting. While the district maintains a "Zero Tolerance" policy toward unauthorized weapons, replicas, or look-alikes, it recognizes that programs such as JROTC Marksmanship, Archery in Physical Education, and Archery Clubs provide valuable educational and competitive opportunities. This regulation ensures these activities are conducted under rigorous supervision and in compliance with state and federal laws.

AUTHORITY

The Board of Education authorizes the Superintendent or their designee to approve the temporary possession and use of weapons or look-alikes solely for instructional or sanctioned extracurricular purposes. This authority is derived from the State Education Code, Board Policy, and Federal Gun-Free Schools Act.

PROCEDURE FOR APPROVAL

To ensure proper oversight, any staff member or advisor planning an event or curriculum involving these items must complete the following steps at least 10 business days prior to the start of the activity.

Required Action Steps

1. **Research and Compliance:** The advisor must verify that all equipment (e.g., air rifles, bows, blunted replicas) meets safety standards and that the proposed activity complies with both District safety manuals and relevant league or national governing body regulations (e.g., NASP for archery).
2. **Completion of Advisor Request Form:** A formal "Weapon/Look-Alike Usage Request Form" must be submitted to the Building Principal. This form must include:
   - The exact dates and times of the activity.
   - A detailed inventory of the items being brought onto campus.
   - The designated secure storage location for the equipment when not in use.
   - A roster of students participating and evidence of parental consent.

3. **Annual Planning Meeting with Administration, SRO or SSO, and Advisor(s):** The advisor must meet with the School Resource Officer (SRO) or School Safety Officer (SSO) to review the safety plan. This ensures law enforcement is aware of the presence of weapons and to verify that the plans to transport and store the items will be secure.

Version	v1 · 8/5/2026

Flag Display and Half-Staff Procedures

Responsibility: Superintendent or Designee

This Administrative Regulation establishes the procedures by which District staff will implement Board Policy No. 807, Opening Exercises/Flag Displays. It assigns responsibilities, provides step-by-step guidance for daily flag operations and half-staff compliance, and identifies required observance dates.

DRAFT

I. Daily Flag Display – Outdoor Procedures

1. Each Buildings and Grounds designee ~~Administrator~~ shall raise the U.S. flag on the building's exterior flagpole no later than the start of the school day.
2. The flag shall remain displayed until the end of the school day or if properly lit, may be displayed after sunset ~~lit if left up after sunset~~. All-weather flags may remain displayed during inclement weather.
3. The U.S. flag shall be given the position of superior prominence over any other flag displayed (e.g., to the flag's own right, or at the highest point if on grouped staffs).
4. Buildings and Grounds designee ~~Administrators~~ shall inspect outdoor flags weekly for wear, fading, or damage. Worn flags shall be removed from service and delivered to the District Office for proper retirement. Replacement flags are requisitioned through the Superintendent's office.

II. Daily Flag Display – Indoor Procedures

1. Each classroom shall display a U.S. flag during every school day. Buildings and Grounds designee ~~Administrators~~ are responsible for ensuring flags are present and properly displayed.
2. Indoor flags shall be placed to the speaker's right (audience's left) when at the front of a room, or in the position of prominence consistent with the National Flag Code.
3. Teachers shall report missing or damaged classroom flags to the Building Administrator, who shall arrange replacement within five (5) school days.

III. Half-Staff Procedures

1. Monitoring. The Superintendent's office shall monitor Presidential proclamations, Governor's orders, and statutory half-staff dates. Upon receiving or identifying a half-staff directive, the Superintendent's office shall notify all Building Administrators by email or phone within two (2) hours during school hours.

2. Lowering the Flag. Upon receiving notification, the Buildings and Grounds designee ~~Administrator (or designee)~~ shall lower the flag to half-staff as follows: raise the flag briskly to the top of the staff, then lower it ceremoniously to the midpoint. At the end of the half-staff period, raise to the peak before lowering for the day.
3. State vs. Federal Half-Staff Conflicts.

   a. When a Presidential proclamation and a Governor's order are both in effect simultaneously, the Superintendent's office shall apply the directive that requires the longer period of half-staff display. Flags shall remain at half-staff until the later of the two expiration dates.
   b. If a Governor's order specifies dates or times that differ from a concurrent Presidential proclamation (e.g., the Governor extends a half-staff period beyond the federal directive, or orders half-staff for a state-specific occasion not covered by federal proclamation), the District shall comply with both directives. The Superintendent's office shall notify Building Administrators of both the federal and state requirements and clarify which dates/times apply to each.
   c. If a conflict arises between a federal or Presidential proclamation and a state directive that cannot be resolved by applying paragraphs (1) or (2) above, the District shall consult its Solicitor for guidance before taking action.

   Mr. Pierce turned the meeting over to Dr. Heffler to review the questions from the Policy Committee members. Dr. Heffler outlined the packet, noting the policy revisions, pre-submitted questions, and outcomes:

   Policy 221 Dress and Appearance
   - Revision: Updated phrasing from "Instructed to demonstrate" to "expected to demonstrate" (Page 10)

   Policy 236.1 Threat Assessment
   - Purpose: Clarified title text to explicitly reference the "DASD Board of School Directors."

(Page 11)

- Definitions: Removed the definition of "bias" since it is not defined or required by statute in this section. (Page 11) Added reference to Policy 113 for defining "Student With Disability." (Page 17)
- Training & Guidelines: Reordered training topics to list suicide prevention at the top of list. (Page 13)

Policy 716 (Integrated Pest Management)

- Clarification: Reviewed definition of "cultural" in context of the policy (referring to agricultural/growing condition management, not sociological context). Confirmed student education requirements are met through K-12 STEELS environmental science standards. Retained as written; no changes required. (Page 29)

Policy 810 (Transportation)

- Revision: Struck "grades kindergarten through 12" to ensure transportation coverage applies to all actively enrolled, eligible students, including special education students in post-12th-grade transition programs (REACH/NEXT). (Page 32)
- Revision: In the 3rd paragraph, corrected the word "detracted" to "distracted." (Page 34)

Policy 807-AR-0 (Administrative Regulation - Flag Display)

- Revision: Under #2, updated phrasing from "lit if left up after sunset" to "if properly lit, may be displayed after sunset." (Page 44)

After the policy packet was reviewed, Mr. Pierce led a discussion regarding whether the public display of instructional materials on the Atlas Rubicon curriculum portal aligns with parental review rights under the Pennsylvania School Code (Title 22, Section 4.4) and district expectations.

Essential Question

Mr. Pierce raised concerns after reviewing the district's public Atlas portal and noticing inconsistencies across subjects:

- Some courses thoroughly inventory textbooks, reading lists, and video materials.
- Other courses list minimal information or no instructional resources at all.

Discussion Points

- Legal Compliance:
    - Administration (Dr. Heffler) clarified that district policy fully complies with state law. The Pennsylvania School Code requires school districts to grant parents access to inspect materials upon request (e.g., in person or via formal inquiry), which DASD routinely provides.
    - The forward-facing Atlas portal goes beyond legal mandates to offer public access. Certain materials cannot easily be posted.
- Quality Control:
    - Committee members discussed the balance between parental access and staff workload. While board members agreed that parents benefit from clear visibility into core course materials, several members cautioned against creating unnecessary

tasks for teachers that could take time away from instruction.
    - Clarification was made that the intent is not to alter curriculum or micromanage daily lesson plans, but to ensure basic consistency across courses so parents do not come across empty course pages.

Consensus & Next Steps

1. Compliance Verified: The Policy Committee agreed that existing district policies meet all statutory requirements under state law.
2. Direct Reporting for Quality Control: Rather than mandating a system-wide overhaul, board members agreed to email specific examples of incomplete or blank course entries directly to administration (Dr. Heffler and Dr. Doll) for review.
3. Internal Review Cycles: Administration will address portal inconsistencies through their standard, ongoing internal curriculum review cycles led by academic directors (Dr. Fletcher and Mrs. McCauley).
4. Future Goal Discussions: If board members wish to establish formal, district-wide standards for public syllabus displays, the topic will be submitted for consideration during annual Board/Superintendent goal-setting sessions in April.

Attachment: Policy Packet for Review

4. **NEXT POLICY COMMITTEE MEETING - Mr. Pierce**
   The next policy committee meeting will be Thursday, November 5, 2026, at 6:00 PM in the Administration Board Room.

5. **COMMENTS FROM THE PUBLIC - Mr. Pierce**
   During public comment, both Jennifer Rogers and Kristin Gaynor thanked the Committee and both agreed their questions were answered.

6. **ADJOURNMENT**
   The meeting was adjourned at 8:06 PM.

Respectfully submitted,

Heidi Beck

I would be honored to continue

serving the members of PSBA as your vice president. I respectfully ask for your trust, your vote and your support as we work together to advance public education and ensure a bright future for Pennsylvania's students.

2027- 2029 PSBA Treasurer (three-year term)

David Hein*, Parkland School District

My name is David Hein, and I am honored to ask for your support as treasurer of the Pennsylvania School Boards Association. For more than a decade, I have been privileged to serve PSBA in a variety of volunteer and governing board leadership roles, including as president, Eastern Zone representative, E-2 sectional advisor, member of the Finance Committee and other PSBA committees. These experiences have given me a deep understanding of our association, its mission and the importance of responsible financial stewardship. Locally, I am serving my fourth term on the Parkland School Board and currently have the privilege of serving as board president. Throughout my service, I have chaired our Personnel and Finance Committee and worked collaboratively on many of the complex financial and governance issues facing public education today. Beyond K-12 education, I currently serve as chair of the Lehigh Carbon Community College Board of Trustees after being reappointed to a second six-year term. I also served for 12 years on the Lehigh Career and Technical Institute Joint Operating Committee, holding several leadership positions there. These experiences have reinforced my commitment to sound governance, fiscal responsibility and long-term strategic planning. Professionally, I bring more than 35 years of finance and accounting experience across banking, healthcare IT, health insurance and the nonprofit sector. Today, I serve as assistant business administrator at Lehigh Career and Technical Institute, where fiscal accountability and responsible stewardship are central to my daily work. If elected treasurer, I will work to ensure that PSBA's financial resources are managed with transparency, integrity and a focus on delivering value to every member school district. I believe strong financial management allows our association to remain a trusted advocate for public education while providing the services and support our members depend on. I am passionate about protecting and strengthening public education through the fair allocation of resources, advocating for fully funded state and federal mandates, and ensuring a level playing field for our public schools in relation to charter and cyber charter schools. Public service has always been a family commitment. My wife and daughter are both elementary school teachers, giving me a firsthand appreciation for the work happening in our classrooms every day. I also proudly serve as president of the Parkland CARES Food Pantry, supporting families throughout our community. It would be an honor to continue serving PSBA in this new capacity. I respectfully ask for your vote for treasurer, and I thank you for your continued commitment to Pennsylvania's students, schools and communities.

2027 PSBA Eastern Zone Representative (one-year term) (Only Eastern Sections vote)

Jason Mell*, Exeter Township School District

My name is Jason Mell and I am seeking election to the PSBA Governing Board as the Eastern Zone representative for a one-year term starting in 2027. As part of the election process, I'd like to provide some background on myself as a candidate. I currently serve as a school director in the Exeter Township School District, located in Berks County, where I represent our board as the district's PSBA Liaison. Being the liaison to PSBA has provided me with valuable insight into the association's resources and advocacy efforts. I also had the privilege of serving as board president for two years. Throughout my time on the board, I have worked closely with fellow directors and district leadership to address complex policy, financial and operational issues while maintaining a focus on student success. My commitment to public service extends beyond education. Over the years, I have served on the boards of the Exeter Community Library, Exeter Youth Soccer Association, Albright College Alumni Association and the Exeter Township Planning

Commission. Today, I continue to support our region as a board member of Genesius Theatre, the Reading Film Office and Opportunity House. From 2014 through 2020, I also founded and served as editor of *The Exeter Informant,* a community news service dedicated to keeping residents informed about local government and community issues. Professionally, I am a software engineering manager for a national restaurant service and supplies company headquartered in Lititz, Pennsylvania, in neighboring Lancaster County. I hold a Master of Science degree in information systems from Drexel University and a bachelor's degree in information systems from Albright College. In addition, I've earned a Master Planner certification through the Albright College Center for Excellence in Local Government and the Cyber Risk and Oversight for Public Education certification from the Diligent Institute. Public education is also deeply personal to my family. In addition to both of my children attending the Exeter Township School District, my wife, Tiffany, is a 1998 Exeter graduate herself and serves as a K–4 reading specialist in the district. I believe strong public schools depend on thoughtful governance and effective advocacy. If elected, I will work collaboratively with fellow board members across the commonwealth, listen carefully to the concerns of our member districts, and advocate for policies that strengthen local school boards and improve educational opportunities for every student. I would be grateful for your support and the opportunity to serve as your Eastern Zone representative. Thank you.

2027 Section W1 Advisor (one-year term) (Only Section W-1 vote)

Tracey Leyda*, Franklin Area School District

I am honored to submit my candidacy for PSBA Sectional Advisor. Throughout my service in school board leadership, I have been guided by a deep belief that strong governance, open communication and a commitment to students are essential to public education. I would welcome the opportunity to continue serving PSBA and the local school boards in my section by listening carefully, sharing information clearly, and representing member concerns with professionalism and integrity. My experience in school board administration has taught me the value of collaboration, consistency and thoughtful decision-making. I understand that local boards face a wide range of challenges, from policy development and finance to personnel matters and community expectations. As sectional advisor, I would strive to be a responsive and reliable connection between local members and PSBA, ensuring that feedback from boards in our section is heard and carried forward. I would also work to strengthen awareness of PSBA resources, advocacy efforts and leadership initiatives that support effective board service. I believe one of the most important responsibilities of a sectional advisor is building trust through regular communication and visible engagement. I would approach this role by maintaining strong relationships with board liaisons, encouraging participation in PSBA programs, and promoting the Principles for Governance and Leadership. I also value the importance of recognizing local service and celebrating the work of board members who give their time to public education. That kind of encouragement helps sustain a healthy culture of leadership across our schools. If elected, I will bring dedication, steadiness, and a sincere respect for the volunteer spirit that makes PSBA strong. I am prepared to serve as an effective voice for local members, to support PSBA's mission, and to represent my section with energy and accountability. Thank you for your consideration and for the opportunity to serve.

2027-2028 Section W-2 Advisor (two-year term) (Only Section W-2 vote)

Michael Panza*, Moniteau School District

My name is Michael Panza and I respectfully ask for your support to continue as your sectional advisor. I was first appointed to the Moniteau school board in 2008 and have since won five elections. I have served as president of my school board and am currently vice-president. Our board operates by committees. I have served on the Policy,

Superintendent Evaluation and other committees during this time. I also serve on the Midwestern Intermediate Unit Board of Directors, serving as the treasurer. As a current sectional advisor, I was elected by my peers to serve on the governing board of PSBA for the past three years. My background is in education, as I hold bachelor's and master's degrees in music education, a second master's degree in administration, a doctorate in educational leadership and 18 post doctorate credits for my Letter of Eligibility. I have been a music educator, assistant principal, principal and served for more than 17 years as a district superintendent. I retired from public education in 2016 and am currently on the faculty at Slippery Rock University, supervising student teachers and teaching various courses at both the undergraduate and graduate levels. I also serve on several doctoral dissertation committees. I have presented twice at the PSBA conference and have served as a session monitor at the annual conference. I have submitted articles and have been published on no less than three occasions in the *PSBA Bulletin*. I have also been published on the national level on education-related matters. Most recently, I was asked to write a theme song for PSBA. I was happy to complete this piece. It was recently professionally recorded by the North Hills Wind Ensemble and will be featured at this year's conference. I was also asked and participated in the taping of the PSBA *Keystone Education Report* television program on the topic of arts in our schools. This program aired twice on the *PNC* cable news channel and can be found at the PSBA site or on YouTube. As can be seen, I have extensive experience in education, as a teacher, an administrator, a school director, with the intermediate unit and at the state level. I respectfully ask for your support to continue our important work, providing guidance and support to fellow school directors as we collectively serve our schools, our communities, but most importantly, our students. Again, I am Michael Panza asking to continue as your sectional advisor. Thank you for watching, and best wishes.

2027 Section E-1 Advisor (one-year term) (Only Section E-1 vote)

Christina Cosmello*, Blue Ridge School District

Hello, my name is Christina Cosmello and I am honored to seek your support to continue serving as your PSBA Sectional Advisor for section E-1. Public education has always been at the heart of my commitment to public service. I am proud to say that I am the product of Pennsylvania public schools and so are both of my children. Our public education provided the foundation that has shaped our lives. And that personal connection has fueled my lifelong commitments to advocating for strong public education. I believe every student deserves the same opportunities to learn, grow and succeed. And I am proud to support PSBAs mission of promoting excellence in public education across our commonwealth. For approximately 20 years, I have proudly served on the Blue Ridge School Dstrict Board of Directors, including five years as vice president and eight years as treasurer, which I currently hold. During that time, I have gained extensive experience in school governance, policy development, financial stewardship, strategic planning and advocating for students in our community. In addition, I have also served on the NEIU 19 board of directors for approximately nine years, three years as treasurer, which I currently hold that position. Working alongside representatives from 20 school districts has broadened my perspective, strengthened regional partnerships and deepened my understanding of the challenges and opportunities facing public education across northeast Pennsylvania. As a PSBA member for more than 15 years, I have consistently participated in conferences, sectional meetings and educational sessions. I encourage my district to recognize excellence by nominating students, educators and fellow board members for PSBA's Student Showcase. I believe these programs highlight the incredible work happening in our schools and strengthen connections across districts. For the past seven months I've had the privilege of serving as your PSBA Sectional Advisor for section E-1. During this time, I have gained valuable experience, communicating with member districts, supporting PSBA initiatives and help strengthening engagement throughout our section. That experience has reinforced my commitment to ensuring our districts remain informed, connected and

represented. Outside of education I remain actively involved in community service. I am involved in leading a scholarship program for more than a decade, I support initiatives that address food insecurity and participate in projects that honor veterans and strengthen our local communities. Professionally I am a Berkshire Hathway Home Services Chairman's Circle recipient. I'm recognized among the top agents globally. That achievement reflects the same values I bring to public service, integrity, communication, accountability and dedication. I would be honored to continue serving as your PSBA Sectional Advisor for E-1. And I am committed to listening, collaborating and advocating for our districts while promoting the outstanding work taking place throughout our schools. Thank you for your time, your support and continued dedication to Pennsylvania students and public education. I respectfully ask for your vote this fall and I look forward to the opportunity to continue serving the schools and communities of section E-1.

2027-2028 Section E-2 Advisor (two-year term) (Only Section E-2 vote)

Sarah Nemitz*, Salisbury Township School District

My name is Sarah Nemitz, and I'm a school board member and current vice president for the Salisbury Township School District in Lehigh County. I'm running for election to be the E-2 sectional advisor for PSBA, serving Lehigh, Northampton, Monroe and Carbon counties. I have been a school board member since 2019, and I've served in leadership roles in my own district and beyond. I was previously our president for one year, and have served as vice president since 2024. I've led negotiating teams and worked to recertify the charter school that is in our boundaries, worked with our state legislators, as well as presented sessions at the School Leadership Conference. Since 2019, I have also represented Salisbury on the joint operating committee for the Lehigh Career and Technical Institute, and currently serve as treasurer and chair of the Business and Finance committee. I was also a member of the inaugural class of PSBA's Innovation and Policy Institute in 2022. PSBA has a lot to offer our districts and as E-2 sectional advisor, I'd be happy to help connect you with those services and resources. Our board has had very positive experiences working with PSBA – we have taken roles and responsibilities and goal setting trainings, we regularly participate in the self-evaluation process, and we have engaged in advocacy day events, as well as working with PSBA on policy updates. Personally, I have gained a lot of knowledge from PSBA's webinars on current topics in education and have enjoyed hearing the experience of others through the member exchanges. I believe that the more informed we are as board members the better we can serve our students and communities. I also believe that by working together and sharing our unique experiences we can become stronger, more informed advocates for public education. I appreciate your support and look forward to working with all of you.

Anna Lopez, Pocono Mountain School District

Hello everyone my name is Anna Lopez and I'm a proudly serving school director at Pocono Mountain School District and as a director at the Colonial Intermediate Unit 20 board. It's an honor to be a candidate for the PSBA Sectional Advisor for section E-2. Over the past several years I've learned that effective leadership begins with listening. Every school district is unique. We all share many of the same challenges, supporting students, retaining quality staff, maintaining safe schools, managing facilities and balancing budgets all while remaining accountable to our communities. So serving on my local board has given me the opportunity to work on long-term projects such as capital improvements planning, policy development, education initiatives that strengthen our schools while all remaining fiscally responsible. Serving on the intermediate unit has also brought me an understanding of how collaboration between districts creates opportunities that no single district can accomplish alone. If elected as your advisor, my commitment is very simple. I will listen, I will communicate and I will advocate. I believe school directors deserve timely information, opportunities to share ideas and a strong voice within PSBA. I also believe our greatest

strength comes from working together. So regardless of the size of our district or community we represent, every school member brings valuable experience that can help improve public education across Pennsylvania. I want to help strengthen those connections by encouraging collaboration, sharing successful practices and ensuring that our concerns of our region are heard. Public education continues to face significant challenges, but it also has tremendous opportunities by working together with respect, professionalism and a shared commitment to students. We can continue building stronger schools and stronger communities. Thank you all for your service to public education, for everything you do on behalf of your students and communities and for considering my candidacy. I would be honored to earn your support as your next PSBA Section E-2 Advisor. Thank you.

Timothy Kearney*, Southern Lehigh School District

Over 40 years. That is how long I've been involved in public education work. I am honored to be a 2026 PSBA Nominating Committee endorsed candidate for the PSBA Section E2 Sectional Advisor position. Over 40 years ago, I decided to earn a degree in elementary education at Millersville University. I was hired by Allentown School District and taught there for 34 years. I earned a master's degree in education leadership and a Principal's Certificate at Lehigh University. I earned a Management Certificate from DeSales University. I won several awards including Outstanding Educator Award from the Allentown Education Association and the Legacy Award from Pennsylvania State Education (PSEA) Eastern Region. I was an education leader at the school, local, region, state and national level. I served as a building representative, Allentown Education Association's vice president of elementary schools, PSEA Eastern Region Third Representative and PSEA Board of Directors. I served on PSEA statewide Communications, Resolutions, Bargaining and Health Care committees. I also served on the National Education Association's Resolutions Committee. I attended education leadership meetings in Germany and National Education Association meetings across the country – Minnesota to Texas, California to Washington, D.C. When I retired, I did not stop my education work. I ran for school board. I am on our Continuing Education, Policy, Education and Technology committees. I serve as one of our representatives on our local technical school's joint operating committee. I am president of Founding Forward's Valley Forge Volunteer Chapter, and work part time there. I am a voice for civics education. I develop a weekly education update for area educators and community members. I've been composing that email newsletter for over five years. I bring a career's worth of dedication to this position. I want to bring my experience to PSBA and school board members in our region. When I look at PSBA's purpose of improving public schools, I can't help but know I've been doing this for decades. When PSBA states that its mission is promoting exceptional public education, it matches my own personal philosophy and the education success I achieved in support, empower and advocate for public education. When I see PSBA's Principles for Governance and Leadership, I know they are principles I've strived for as an educator, whether in the classroom, principal's office or education association leadership roles. I would be honored to serve you and PSBA. Thank you, sincerely, for your time and consideration.

2027-2028 Section E-4 Advisor (two-year term) (Only Section E-4 vote)

Dr. Tasliym Morales*, Chester Upland School District

My name is Dr. Tasliym Morales, and I am honored to seek another term as your PSBA Section E4 Advisor. Supporting school directors across Bucks, Chester, Delaware, Montgomery and Philadelphia counties has been one of the most rewarding opportunities of my public service. During my term, I have worked to ensure that board members had access to timely legislative updates, governance resources and opportunities to strengthen their effectiveness as educational leaders. As an elected school director, legislative chairwoman, and treasurer for the Chester Upland School District, I understand the challenges boards face every day. We are expected to balance fiscal responsibility, student achievement, transparency, community expectations and an ever-changing legislative landscape. Those

experiences have shaped the way I support section E4, with practical solutions, open communication, and a commitment to helping fellow board members succeed. Throughout my term, I have remained engaged with local school districts, legislative discussions, and regional educational partners. I believe an effective sectional advisor should not simply share information but also create opportunities for collaboration, ensuring that boards can learn from one another while advocating for policies that strengthen public education. If reelected, I will continue strengthening connections throughout section E4 by expanding communication, increasing opportunities for professional engagement, and ensuring school directors have access to meaningful governance and legislative resources. I remain committed to supporting every district fairly and professionally, recognizing that while our communities may differ, our commitment to serving students is shared. Public education continues to face significant challenges, from funding and workforce issues to governance and accountability. These challenges require thoughtful leadership, respectful dialogue, and a willingness to work together across districts and perspectives. I am committed to continuing to support that work on your behalf. Thank you for the trust you have placed in me during my first term. It has been a privilege to work alongside so many dedicated school directors who volunteer countless hours to improve outcomes for students and communities across southeastern Pennsylvania. I respectfully ask for your support and your vote to continue serving as your PSBA Section E4 Advisor.

Lauryn Weaver, Central Intermediate Unit 10

I have spent the last four years working in education, along with more than 10 years in the fitness industry, and one thing that has remained constant throughout my career is my love for connecting with people. I genuinely enjoy meeting new people, building relationships, and finding creative ways to make networking feel fun, welcoming and engaging. I am naturally organized, always happy to lend a helping hand and enjoy supporting others however I can. Those qualities are a big part of why I would love to serve on the SBS Steering Committee. From my very first SBS Annual Conference, I was impressed by how welcoming, knowledgeable and supportive this group is. The committee always goes the extra mile to help others and find answers, even when it takes a little extra digging. Through this committee, I have built valuable connections, gained insights that helped me grow professionally and felt genuinely supported. I would love the opportunity to give back by helping create those same positive experiences for others, supporting members, encouraging engagement and helping strengthen the network that makes SBS Steering Committee such a valuable resource. At the IU, I lead the Community and Staff Engagement Committee, where I help create events and initiatives that bring people together and strengthen our sense of community and boost employee morale. I believe that experience would transfer well to this opportunity and allow me to contribute ideas, organization and enthusiasm that support the committee's goals.

Processes and Systems

- **LIUview Platform Optimization*:*** The team continues to refine the LIUview platform and focus on a streamlined user experience. We are currently finalizing the development of a new "Contact Interview" capability. This feature is designed to allow staff to log structured feedback from district and customer interactions, directly linking qualitative and quantitative insights to specific contacts about the services we have delivered. By capturing this data systematically, the platform will provide Administration with a more robust, data-driven perspective on the district experience and service satisfaction trends over time.
- **Operational Excellence:** Recent technical refinements have included a comprehensive diagnostic and repair of some automated service assignments and document generation processes, ensuring that Sales and Service Agreements are produced with accuracy. Furthermore, we have reinforced system security by using Salesforce recommended practices. These refinements ensure that LIUview remains both reliable and secure, providing a professional and stable foundation for our operations.

Internal Capacity Building

- **Sustainability and Knowledge Management:** A primary focus of our capacity-building efforts is the long-term sustainability of the LIUview platform. We are prioritizing the thorough documentation of all core procedures and configuration decisions as they occur. This proactive approach to knowledge management reduces the organization's reliance on individual memory and creates a durable, shared foundation for the team.

Our staff has been busy delivering training at our local districts' in-service activities, including topics such as content-based instructional strategies, using data to inform instruction, differentiation, curriculum writing, and support for administration in building walkthrough forms and effective supervision processes. As we move forward into the year, we look forward to continuing our partnerships with our local districts.

Equitable Participation Program (EP):

- In June, the EP program hosted the 14th annual Connect, Learn, Inspire (CLI) conference. CLI was open to all nonpublic school teachers, staff, administrators, parents, and our LIU12 Act 89 staff. The LIU12 staff presented on topics including data-informed instruction & grouping, supporting neurodivergent learners, strategies for anxiety & social-emotional wellness, evidence-based math instruction, supporting high-achieving students, and responding to behavior. The event was successful, and participants were hungry for more learning opportunities!
- During the first week in August, staff developers created 20-minute PD bytes with videos, embedded activities, and gathered resources to share with the schools. Our nonpublic school administrators now have another option to provide to their staff during in-service week.

Language Education & Adult Programs (LEAP):

- As of August 1, we have officially combined our LIEP, Adult Education, and ELECT programs into a single program: LEAP – Language Education and Adult Programs.
- Through LEAP, we now provide a comprehensive range of services, including translation and interpretation, Title III federal funding support for K–12 English Learners, K–12 ESL instruction and case management, Adult Education programming—including ESL classes for adults ages 17+ and High School Equivalency (GED) preparation—and ELECT services that support pregnant and parenting teens in remaining engaged in school and earning their credentials.
- Since the transition, we have held in-service trainings and program meetings across each of our areas. We are now focused on strengthening collaboration, developing more streamlined systems, and identifying opportunities for our programs to support one another and continue to grow.

Nonpublic Services:

- The Nonpublic School Services (NPSS) team successfully launched the school year with comprehensive LIU and departmental in-service activities on August 11th and 12th. Staff joined colleagues across the LIU for an inspiring, high-energy opening session designed to build

momentum, align organizational goals for the new school year, and honor the work of LIU employees. On August 12th, NPSS staff reconnected with peers in other departments to engage in vision-setting activities for the Educational Services department and completed mandatory training, including Act 55 training and technology updates. The NPSS staff also had an opportunity to meet and discuss program-specific initiatives. The team of 32 NPSS staff members collaborated to organize service delivery across more than 30 nonpublic schools. Schedules and assignments were aligned to ensure every participating nonpublic school receives its full allotment of requested support services. Staff completed preliminary individual schedules, establishing a seamless transition into direct service provision. NPSS staff are eagerly anticipating the start of service delivery, beginning with essential beginning-of-the-year screenings and assessments.

ECYEH:

- The ECYEH office began the school year by meeting with new Liaisons and Points of Contact (POC) staff across the 8-county region. The in-person introductions are an intentional, foundational opportunity for relationship-building between new staff and the regional office.
- Summer programming wrapped up mid-August. Creative and innovative outlets were provided to have engaging, interactive student participation.

Educational Technology Services..... Ben Smith, Director

Lincoln EDGE enrollments started strong for the 26-27 school year. The school year started on August 25 with over 250 students enrolled from 17 school districts in our footprint. With the new wellness check legislation that was enacted in July, Lincoln EDGE is ready to provide 12 options for weekly wellness check meetings for students. A Lincoln EDGE staff member will meet with students by grade level to provide encouragement, support, and a mini-lesson on things for students to keep in mind and ways to be most successful in the online learning environment. Lincoln EDGE in-person student events will commence in early October, with a total of nine field trips, volunteer, and presentation opportunities for students to meet up and learn, socialize, and share.

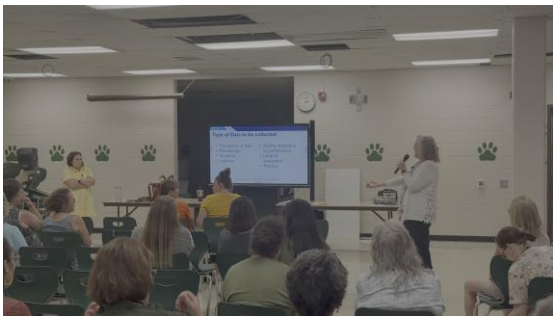

Lincoln Consortium Sales also started 26-27 strong, providing over $1.5M in sales to districts and saving districts on educational technology pricing through those consortium agreements. Olivia Dyksterhouse, Program Specialist, is working to build on our timely service efforts to districts and add more educational technology solutions for districts in the future.

The Educational Technology team is gearing up for an exciting 2026–2027 school year! Our team is currently providing professional learning focused on artificial intelligence to educators and leaders in South Eastern SD, Littlestown SD, and Chambersburg Area SD, helping districts explore meaningful, responsible, and practical uses of AI in education.

Internally, we are supporting LIU staff through in-service professional learning, resources, and ongoing EdTech support as we continue to build confidence and capacity with technology across the organization. As we begin the new school year, our team is also preparing new professional learning opportunities, district partnerships, and supports designed to meet the evolving needs of educators and schools throughout our region. We are looking forward to a year focused on innovation, intentional technology use, and meaningful learning experiences for both educators and students.

The ETS team was proud to support this year's LIU12 in-service at the Wyndham in Gettysburg, showcasing the various ways in which our organization provides life-changing services as "one organization". Our technology team worked to provide audio/visual support throughout the event.

Beyond supporting in-service, our help desk crew has been hard at work to support the various back-to-school classroom needs, professional development, and coordination of technology support throughout the LIU12 footprint; Franklin Learning Center, Paradise and York Learning Center.

Business Services ..... Brent Kessler, Director

Transportation:

August has been an exciting and productive month for Transportation, with a strong focus on staff training, safety, and supporting the specialized needs of our students.

Transportation In-Service –

On August 3, we held our annual Transportation In-Service with 114 school bus and van drivers in attendance. Our training included:

- Jennifer Oswald from TAC – De-escalation techniques
- Dr. Lori Bauerline – Preschool students, including the importance of a team approach to safely securing students and understanding the unique needs of our youngest riders.
- Hands-on evacuation scenarios – Facilitated by Bobbi Bican to provide drivers with practical experience responding to emergency situations.

The training was very well received and provided valuable tools and information to help our drivers safely serve our students.

New Wheelchair-Accessible Vans –

On August 12, we delivered two new wheelchair-accessible vans—one to FLC and one to YLC. It was incredibly rewarding to see the excitement of the staff as they received these new vehicles.

The company we purchased the vans from joined us at each building and provided hands-on wheelchair securement training, ensuring staff were comfortable operating the lifts and safely securing students.

I am extremely proud of the continued commitment of our transportation staff and contractors. These efforts demonstrate our ongoing focus on safety, training, and providing exceptional transportation services to our students and districts.

YORK ADAMS TAX BUREAU BOARD OF
DIRECTORS MEETING Minutes
August 31, 2026

Call to Order

President Russ Raub called the special meeting of the Board of Directors of the York Adams Tax Bureau to order at 6:30 PM Monday, August 31, 2026, in the meeting room of the York Adams Tax Bureau and online.

Quorum

A count of voting representatives was taken by K.C. McCleary. Fifty-four (54) voting members were present, representing a quorum. Bureau membership stands at 124. According to the By-Laws, a quorum shall be represented by 25% of membership, or 31 voting members.

President's Remarks

Russ Raub welcomed everyone thanked all representatives for attending tonight's meeting, both in person and virtually.

The purpose of this special meeting of the Board of Directors is to review the submitted bids and award the contract for the construction of the second-floor office space. Board members and representatives should have received the bid tabulation for review.

Presentation of Bid Tabulation for Second Floor Expansion Project

Kinsley Construction $ 526,825.00
Keystruct Construction $ 486,100.00
Real Services $ 557,787.00
Capitol View Construction $ 674,305.00
Purcell Construction $ 511,000.00
Unlimited Construction Services $ 516,870.00

Core Design Group, the architect and project manager for the project, recommended awarding the construction contract to Keystruct Construction, which submitted the lowest bid. Core Design Group reviewed and evaluated the complete bid package and noted that they worked with Keystruct Construction on previous projects and is familiar with the contractor's work. It was also noted that Keystruct Construction is a local contractor.

Legal counsel has reviewed the bid documents. Keystruct Construction is current with its employer tax filings.

The Board discussed the submitted bids and the potential cost savings to taxpayers associated with awarding the contract to the lowest qualified bidder. The Board noted that the project is based on a fixed bid.

The bid addendums included the elimination of the kitchen expansion, revisions to the mailroom window design, and a change to the bid opening date. The Board has been advised that there will be additional costs associated with the project that are outside the bid scope.

Brenda Wallen moved and Bill Tollinger seconded the motion to award the bid for the Second-Floor IT Department Buildout to Keystruct Construction. The motion passed unanimously.
