***Policy 006 (Meetings)- Discussion*:** Updates to voting requirements, specifically the shift from a two-thirds majority to a simple majority of the full board membership (5 votes) for key actions such as tax rates and salaries.

Policy 204 (Attendance): Language was updated to reflect current compulsory school age standards, which are ages 6 to 18. The committee noted ongoing coordination with the district's new magisterial judge regarding attendance issues (shall be required or maybe required).

Policy 218.1 (Weapons): The committee clarified the expulsion process. While the policy dictates a mandatory one-year expulsion for weapons, the superintendent may recommend modifications. It was emphasized that the Board of Directors, rather than the superintendent, holds the final authority to expel students following a hearing.

Policies 805, 805.1, and 805.2 (Security and Law Enforcement): Discussion centered on coordination with local police and the responsibilities of the School Safety and Security Coordinator. Addressing privacy concerns, it was clarified that student behavioral health data shared in annual reports to the board consists of anonymous, aggregate data rather than identifiable individual information. Discussion: routine information, whether it must be shared with the police- information on referrals **(subject to solicitor's review and approval)**

Motion to approve by – Mrs. Sheehan; 1st: Frapwell; 2nd by – Dr. Persichetti

E. New Business
Discussion: 1. First Reads

1. **First Reads**

***Policy 815.4 (Artificial Intelligence*):** This new policy establishes guidelines for generative AI use within the district. It mandates a "human in the loop" for grading and discipline and prioritizes ethical use and data privacy compliance (e.g., FERPA). **PAYS Survey Data:** The district recently received final reports from the fall survey. Administration plans to analyze the trends and present the data to the board, likely in October.

Other Discussion:

A question was raised regarding nurse staffing fees for high school field trips. The committee determined this was a negotiated administrative matter rather than a board policy issue.

F. Adjournment: 7:14 PM

POLICY NUMBER	VERSION	DOCUMENT STATUS	PRINTED
817-DRAFT-2	v1.2	DRAFT	9/2/2026

Purpose

The purpose of this policy is to establish the process and standards for approval and operation of district-owned social media accounts, and to identify the differences between personally owned social media accounts and those maintained by the district.

The Board respects freedom of expression; such expression will be free from interruption, except when it is in violation of law or Board policy.

Definitions

Social media - a category of Internet-based resources that integrate user-generated content and user participation to share information, ideas, personal messages and other content, including photos and videos. Social media includes **social networks**, which are online platforms where users can create profiles, share information and personal messages, and connect with others.

District-owned social media account - a social media account, regardless of platform, that is approved by the Board and operated by a designated district employee(s), and is designed to further the educational mission of the district by providing information to the school community and general public.

In terms of social media, this would include the ability of public users to comment on or reply to social media posts, pictures, or videos.

Authority

The Board shall approve all official social media accounts created and/or maintained as district-owned accounts.[1] including social media accounts for individual schools within the district.

BOARD POLICY

815-4-DRAFT-NEW-2 Use of Artificial Intelligence draft

POLICY NUMBER	VERSION	DOCUMENT STATUS	PRINTED
815-4-DRAFT-NEW-2	v1.2	DRAFT	9/2/2026

Purpose

The Board's purpose of implementing a policy on Artificial Intelligence (AI) is to ensure the ethical and responsible use of AI technologies to enhance teaching, learning, and administrative processes while safeguarding student privacy and data security. By establishing clear guidelines and procedures, this policy aims to promote transparency and accountability, while fostering a safe learning and working environment.

Definitions

Artificial intelligence (AI) refers to computer systems and algorithms that mimic human cognitive functions, such as learning, reasoning, problem-solving, and decision-making. AI encompasses a broad spectrum of techniques and methodologies, including machine learning, natural language processing, computer vision, and robotics, aimed at creating intelligent systems capable of performing tasks autonomously or with minimal human intervention.

Delegation of Responsibility

The Board delegates the Superintendent and/or designee(s) to develop appropriate procedures to implement this policy and delegates to the Superintendent and/or designee(s) the right and ability to enforce this policy.

Guidelines

Instruction on AI Tools

The board directs that students receive training appropriate to their age or developmental level on the proper use of AI tools, encompassing fundamental principles such as the necessity of proper human supervision, critical thinking, and skepticism regarding accuracy. Such instruction should aim to empower students with the knowledge and skills needed to navigate the increasingly prevalent presence of AI technologies in their academic

and personal lives. By fostering a culture of responsible and informed use, students will be better equipped to navigate AI tools effectively while understanding their limitations and ethical implications.

Similar training as identified above will also be provided to employees.

CIPA Compliance

Director of District Operations shall ensure that the Districts internet content and message filters prevent users from accessing any AI website, tool, or application that is capable of generating obscene or pornographic material on both District owned devices and, on the District provided internet.

FERPA Compliance

All teachers, administrators, and staff are required to adhere strictly to the regulations outlined in the Family Educational Rights and Privacy Act (FERPA) when utilizing any AI resources.

The District prohibits the use of personally identifiable information (PII) of students while using AI websites, tools, or applications that have not been pre-approved by the Superintendent his/her designee.

Academic History

The Board recognizes the capacity of AI to complete many student assignments. In doing so, AI has the potential to upend traditional academic honesty and plagiarism standards.

It is expected that any use of AI in academic assignments must be clearly disclosed. Failure to disclose AI use or misrepresenting AI-generated work as one's own is a violation of academic and professional honesty and may result in disciplinary action.

It is the responsibility of instructional staff to provide students with notice of whether AI use is permitted on a particular assignment or project.

Acceptable Use

All Students and employees shall comply with the District's Policy 815 on the

Acceptable Use of Internet, Computers, and Network Resources **when using AI tools on District technology. Violations of the District's *Acceptable Use* Policy may result in disciplinary action against the student or employee.**

Student use of AI tools while using District technology or engaged in District activities is also governed by the Student Code of Conduct, which is hereby incorporated by reference.

Use of AI to violate any Federal, State, or local laws or any other Board policies can result in disciplinary action.

Grading Student Work

AI applications may support the grading process but cannot be used exclusively. Final grading decisions remain the responsibility of the teacher. Staff shall ensure that personally identifiable information from student records are kept secure when using such grading technology.

AI Use in Operations

The Superintendent and/or his/her designee(s) shall establish protocols to verify the accuracy and reliability of the output from AI tools prior to the use of such tools for budgeting, payroll, financial or population forecasting, Human Resources analytics, and similar operational tasks.

While AI tools may be used to assist in Human Resources processes so long as the protocols above are in place, in order to ensure fairness, equity, and compliance with anti-discrimination laws, the board directs that final decision-making regarding employee evaluations, promotions, and hiring be solely human decisions and not only by AI technology.

Professional Development

The Board directs the Superintendent and/or his/her designee(s) to provide regular professional development training for administrators, teachers, and staff on the ethical and appropriate use of AI in school. The training should equip educators, administrators, and staff with the relevant knowledge and skills necessary to integrate AI tools into their respective roles in the District while also addressing data privacy, legal compliance, and ethical considerations.

An out-of-school suspension may not be considered an unexcused absence.[8]

Parental Notification –

Enforcement of Compulsory Attendance Requirements

Student is Truant –

When a student has been absent for three (3) days during the current school year without a lawful excuse, district staff shall provide notice to the person in parental relation who resides in the same household as the student within ten (10) school days of the student's third unexcused absence.[32]

School Attendance Improvement Conference (SAIC) –

District staff shall notify the person in parental relation in writing and by telephone of the date and time of the SAIC.[32]

2. The student’s person in parental relation.

3. Other individuals identified by the person in parental relation who may be a resource.

Regardless of age, when district staff refer a habitually truant student to the local children and youth agency or file a citation with the appropriate magisterial district judge, district staff shall provide verification that the school held a SAIC.[33]

Unless a judge determines that it is in the student's best interest, a habitually truant student will not be permitted to transfer to a cyber charter school during the school year.[32]

REVISED:

122.1-AR-0. **NONCURRICULUM-RELATED,** NONSCHOOL-SPONSORED, STUDENT-**INITIATED** GROUPS

The following administrative regulations govern the registration and operation of **noncurriculum-related,** nonschool-sponsored, student-**initiated** groups at the secondary level.

Secondary schools in the district will grant access to student groups that request to meet for **noncurricular,** religious, political, or philosophical purposes under a limited open forum provided by the Equal Access Act.

Establishment of a limited open forum does not limit the authority of the school, the district, its agents, or its employees to maintain order and discipline on school premises; to protect the well-being of students and staff; and to assure that attendance of students at meetings is voluntary. A limited open forum is established when the school grants an opportunity for one (1) or more **noncurriculum-related** student groups to meet on school premises during noninstructional time.

Noninstructional time – means the time determined by the administration before actual classroom instruction begins or after actual classroom instruction ends, and **during time designated for lunch.** For purposes of determining the beginning and ending of the school day, the school will designate the first period in the day when the majority of the students attend class as the first period; the last period in the day will be the period that is the last class period for the majority of the students.

Noncurriculum-related student group – means any student-**initiated** group that does not directly relate to the **body of courses** offered by the school.

The school will be deemed to offer a fair opportunity for students to conduct meetings within a limited open forum if it uniformly ensures that:

1. The meeting is voluntary and student-initiated.

2. There is no sponsorship of the meeting by the school or any government, its agents or employees.

3. School employees are present only in a nonparticipatory capacity.

4. The meeting does not materially and substantially interfere with the orderly conduct of educational activities within the school.
5. Nonschool persons do not direct, conduct, control, or regularly attend activities of student groups.

Establishment of a limited open forum does not authorize the school or the district to:

1. Influence the form or content of any prayer or other religious activity.

2. Require any person to participate in prayer or other religious activity.

3. Expend public funds beyond the incidental cost of providing the space for the student-initiated meetings.

4. **Compel any school agent or employee to attend a meeting of the noncurriculum-related student group if the content of the speech at the meeting is contrary to the beliefs of the agent or employee.**

5. Sanction meetings that are otherwise unlawful.

6. Limit the rights of groups of students that are not of a specified numerical size.

7. Abridge the constitutional rights of any person.

Student religious groups and political clubs will be allowed to use school premises on the same basis as other **noncurriculum-related** student groups.

The building principal may approve a **noncurriculum-related** student group's use of facilities to conduct a meeting **within** the limited open forum, provided that:

1. The meeting will take place during noninstructional time, as determined by the **building** principal.

2. The meeting is voluntary and student-initiated. The **building** principal must be assured that students are the ones promoting such activities and are participating of their own volition. Only students enrolled in the school may request such meetings.

3. School authorities or district personnel do not promote, lead, or participate in such meetings. **Building** principals must assign personnel to monitor these meetings. This action does not constitute sponsorship of such meetings.

4. The presence of school authorities is for **monitoring** only, and such attendance is nonparticipatory in nature.

5. The activities or meetings **do not** substantially and materially interfere with the orderly conduct of regular instructional activities in the school.

6. Student meetings are not controlled, conducted, or directed by persons or groups not affiliated with the schools. Nonschool individuals may attend student meetings but not on a regular basis. The student who requested use of the school facility for a student meeting must receive approval from the **building** principal at least seven (7) days in advance for any

nonschool individual who will be attending the meeting and must state the purpose for attendance. All visitors must comply with Policy 907. School Visitors.

7. The meeting is open to all students without regard to race, color, religious creed, sex, sexual orientation, religion, ancestry, national origin or handicap/disability.

8. **Noncurriculum-related student** groups must apply for the use of school facilities for student meetings on the appropriate form. Approval or denial will be made by the **building** principal or designee.

9. Groups denied use of facilities may appeal the decision pursuant to Board Policy 906: Public Complaint **Procedures.**

10. Approved groups will not use the school name, school mascot name, district name or any name that might imply school or district sponsorship.

Staff Monitor

To ensure appropriate levels of safety, the district requires the presence of a staff monitor for all meetings and activities of student groups. If a student group is unable to secure a staff monitor, the district will ensure that one is provided. No school employee will be expected to attend or monitor a meeting if the content of the speech at the meeting is contrary to the employee's beliefs.

Meeting/Activity Announcements

The **building** principal will allow all student groups to have their meetings and activities announced through district media, such as bulletin boards, morning announcements on the P.A. system, school television program, school calendar, school newspaper, district website, and school hallways for announcement posters, subject to the following requirements:

1. Announcements for student group meetings and activities may only include the name of the group clearly identified as a student-initiated group; date, time, and place of the meeting or activity; and general subject of the meeting or activity.

2. All announcements must be submitted to the principal or designee at least one (1) school day in advance of the meeting or activity and must include a waiver stating that the meeting or activity is not sponsored by the school.

3. The principal or designee will ensure that all announcements adhere to these requirements and will decide how such announcements may be displayed and/or conveyed.

Dissemination of Policy/Regulations

A copy of pertinent Board policy and administrative regulations will be provided to the student members and staff monitors of all student groups upon initial registration and annually thereafter.

Each member of the student group will be asked to sign a statement indicating that they have read, understand, and agree to abide by Board policy and administrative regulations.

Violations

Any activity that would violate Board policy and/or discipline codes is prohibited on district property. Any student who engages in misconduct is subject to disciplinary action, including suspension and expulsion.

Any group that violates Board policy and/or administrative regulations may be subject to losing its right to meet on school premises, as otherwise guaranteed under the Equal Access Act.

Equal Treatment

The provisions of this administrative regulation will be applied equally to all **noncurriculum-related** student groups.

122-AR-0. EXTRACURRICULAR ACTIVITIES

The following administrative regulation governs the registration and management of student extracurricular activities that are sponsored or approved by the Board.

The Board will approve and recognize an extracurricular activity organized for a purpose not prohibited by Board policy or by law, if the activity complies with all provisions of Board policy and administrative regulations. Any extracurricular activity that violates Board policy and/or administrative regulations may be subject to losing its right to meet on school premises.

Extracurricular activities refers to programs, which may include athletic activities and curriculum-related student groups, that are sponsored or approved by the Board, are conducted wholly or partly outside the regular school day and are equally available to all students who voluntarily elect to participate.

An athletic activity shall mean all of the following:

1. **An athletic contest or competition, other than interscholastic athletics, that is sponsored by or associated with the school, including cheerleading, club-sponsored sports activities and sports activities sponsored by school-affiliated organizations.**

2. **Noncompetitive cheerleading that is sponsored by or associated with the school.**

3. **Practices, interschool practices and scrimmages for all athletic activities.**

Curriculum-related student group shall mean any student group that directly relates to the body of courses offered by the district.

Classification

The building principal will determine whether an extracurricular activity is curriculum-related. Considerations may include:

1. **If the subject matter of the student group's activity must be taught or will be taught in a regularly scheduled course.**

2. **If the subject matter of the student group's activity must concern the body of planned instruction as a whole.**

3. **If the participation in the student group's activity is a course requirement.**
4. **If academic credit is earned for participation in the student group's activity.**

If the building principal is unable to make such a determination, they will notify appropriate district-level administrators who in turn may consult with the district solicitor, as necessary.

If the determination is made that the student group's activities are not curriculum-related, the building principal and/or administration will refer to Policy 122.1: Noncurriculum-Related, Nonschool-Sponsored, Student-Initiated Groups.

Curriculum-Related Activities

For curriculum-related extracurricular activities, faculty advisors will have the authority to provide in-depth guidance and teaching to students and will act on behalf of the district to ensure that the extracurricular activities are aligned with the district's objectives. All such faculty advisors must teach a subject in the district whose content is related to extracurricular activities, or have sufficient experience or expertise related to that subject, as determined by the administration.

Extracurricular Activity Registration

Students or staff requesting to form an extracurricular activity must apply in writing to the building principal for approval. At that time and each year thereafter, the extracurricular activity will be required to:

1. **Submit a list of its members and officers.**

2. **Submit a copy of its constitution and/or bylaws.**

District Authority

The Superintendent, building principal and/or designee has full authority to prohibit unlawful meetings; maintain discipline and order on school premises; prevent the material and substantial interference with the orderly conduct of educational activities; and protect the well-being of students and other members of the school community.

Scheduling Meetings

Based upon availability and advance request, properly registered extracurricular activities may conduct meetings on school premises before and after school and during the lunch hour, as the schedule permits.

Requests for permission to schedule meetings or events of extracurricular activities must be submitted on the district form to the building principal or designee at least seven (7) days prior to the meeting.

Presence of Faculty Advisors

To ensure appropriate levels of safety, the district requires the presence of a faculty advisor for all meetings and events of extracurricular activities. If an extracurricular activity is unable to secure a faculty advisor, the district will ensure that one is provided.

Dissemination of Policy/Regulations

Board policies are accessible on the district's publicly available website. In addition, copies of pertinent Board policy and administrative regulations will be made available to students, parents/guardians, staff and administrators during regular business hours in the building principal's office.

A copy of pertinent Board policy and administrative regulations will be provided to the student members and faculty advisors of all extracurricular activities upon initial registration and annually thereafter.

Each member of an extracurricular activity will be asked to sign a statement indicating that they have read, understand, and agree to abide by Board policy and administrative regulations.

Nondiscrimination

All extracurricular activities will be open to all students without discrimination, subject only to those qualifications necessary to fulfill the specified objectives of the activity consistent with eligibility standards. (Pol. 103, 103.1)

Equal Treatment

The provisions of this administrative regulation will be applied equally to all extracurricular activities as required by law.

204-AR-4. HABITUAL TRUANT NOTICE
(*6 Unexcused Absences*)

Date:

Name of person in parental relation
Address
City, PA ZIP Code

Dear (Name):

This letter is to officially notify you that, based on (Child's Name)'s attendance history showing unexcused absences on the following dates: **(Date 1, Date 2, Date 3, etc.)**, (Child's Name) is deemed to be **habitually truant**, meaning your child has accumulated six (6) or more days of unexcused absences during the current school year, meeting the definition of habitual truancy under **Act 138 of 2016** (24 P.S. §13-1326).

Because your child is habitually truant, it is necessary to formally notify you of key components of the Pennsylvania Public School Code and New Hope-Solebury School District policies governing attendance.

Under Act 47 of 2025, your child is prohibited from transferring to a cyber charter school during this school year unless a judge determines that the transfer is in the best interest of your child.

If your child is under fifteen (15) years of age at the time of referral, the district will:

- Refer your child to a school-based or community-based attendance improvement program; or
- Refer your child to the county children and youth agency for services or possible disposition as a dependent child under 42 Pa. C.S. Chapter 63 (relating to juvenile matters).
- The district may also file a citation in the office of the magisterial district judge against you.

If your child is fifteen (15) years of age or older at the time of referral, the district will either:

- Refer your child to a school-based or community-based attendance improvement program; or
- File a citation in the office of the magisterial district judge against your child or you. When a citation is filed, the judge will provide notice as required by law.

If convicted of a violation of compulsory school attendance laws, the magisterial district judge will determine appropriate penalties:

- First Offense — a fine of not more than $300, together with court costs;
- Second Offense — a fine of not more than $500, together with court costs;
- Third and Subsequent Offenses — a fine of not more than $750, together with court costs.

The judge is authorized to assign a sentence, with penalties in compliance with law, even after the completion of the school year in which your child was habitually truant. The judge, at the time of conviction, will determine whether transfer to a cyber charter school is in the student's best interest.

Voluntarily acting with intentional disregard of, or plain indifference to, the imposed penalties may result in a sentence of up to three (3) days in jail. If your child fails to comply with the imposed penalties, the magisterial district judge may forward the record of conviction to the Pennsylvania Department of Transportation (PennDOT), which will then suspend or deny operating privileges for ninety (90) days for a first offense and six (6) months for a second or subsequent offense.

At this point, the district must hold a **School Attendance Improvement Conference (SAIC)** for your child. Our School Social Worker or School Counselor will contact you to arrange the conference, at which a **School Attendance Improvement Plan** will be developed in accordance with PSBA Administrative Regulation 204-AR.

Please refer to the enclosed resources to assist you and your child with returning to compliant school attendance and to access opportunities for academic recovery. To connect with your school guidance counselor, please visit the NHSD Guidance page at *www.nhsd.org* and select your school site.

We sincerely hope that your child's attendance record improves and that your child has a successful school year. If you have any questions, please contact our office so that we can work together to ensure your child's educational success.

204-AR-3 Truant Notice
(3-5 Unexcused Absences)

Date:

Name of person in parental relation

City, PA ZIP Code

Dear Parent(s)/Guardian of FIRST_NAME, LAST_NAME:

This letter is to officially notify you that **(Child's Name)** has been recorded as unlawfully absent on the following dates: **(Date 1, Date 2, Date 3, etc.)**. These absences are unlawful and, therefore, constitute a violation of the compulsory school attendance provision of the Pennsylvania Public School Code (24 P.S. §13-1327). Under Pennsylvania law (24 P.S. §13-1326 et seq., as amended by Act 138 of 2016), a student is considered "truant" upon three (3) unexcused absences and "habitually truant" upon six (6) or more unexcused absences during the current school year. [2]

A student who incurs three (3) or more school days of unexcused absences during the current school year is considered *truant*. You are strongly encouraged to ensure that your child does not become *habitually truant*. Habitual truancy—six (6) or more unexcused absences—constitutes a summary offense under the Pennsylvania Public School Code for which the following penalties may be imposed:

- A fine ranging from $300 (first offense) to $500 (second offense) and up to $750 (third and subsequent offenses), together with court costs;
- Completion of a course or program designed to improve school attendance;
- Referral to the county children and youth agency for services or possible disposition as a dependent child;
- Community service; and

- Suspension of driving privileges for ninety (90) days for a first offense and six (6) months for a second or subsequent offense.

If your child becomes habitually truant, your child will not be permitted to transfer, during the school year, to a cyber charter school unless a judge determines that the transfer is in the best interest of your child.

The purpose of this letter is to officially notify you of the attendance situation to date, the potential consequences of these absences, and our goal to work collaboratively toward a positive resolution. Regular school attendance is essential to your child's academic success and is required by both the Commonwealth of Pennsylvania and New Hope-Solebury School District policy. All absences are recorded as unlawful until the school district receives a written excuse explaining the reason for the absence; if a written excuse is not received within three (3) calendar days, the absence is permanently recorded as unlawful.

Unless a **School Attendance Improvement Conference (SAIC)** has already been scheduled, we invite you, **(Child's Name)** and any individual you consider a resource to meet with designated district staff and appropriate service providers. The purpose of the SAIC is to discuss the reasons for the unexcused absences, develop a **School Attendance Improvement Plan**, and avoid any legal consequences for truant behavior. Our School Social Worker or School Counselor will contact you to arrange the conference.

Please refer to the enclosed resources to assist you and your child with returning to compliant school attendance and to access opportunities for academic recovery. To connect with your school guidance counselor, please visit the NHSD Guidance page at *www.nhsd.org* and select your school site.

If you have any questions, please contact our office so that we can work together to ensure your child's educational success.

(24 P.S. Sec. 1319-B).

o. Section 6308 (relating to purchase, consumption, possession or transportation of liquor or malt or brewed beverages).

In determining whether to notify the law enforcement agency of an incident, the Superintendent or designee may consider the following factors:

2. The school's ability to defuse or resolve the situation.

3. The student's intent.

4. The student's age.

5. Whether the student has a disability and, if so, the type of disability and its impact on the student's behavior.

6. Other factors believed to be relevant.

In making a determination of whether to notify the law enforcement agency of an incident listed above, and to the extent the district has the authority, the district may consider using available school-based diversion programs and available school-wide positive behavior supports to address the student's behavior.

In notifying the law enforcement agency of the incident, the Superintendent or designee will provide as much of the following information as is available at the time of the notification; however, the gathering of this information should not unnecessarily delay notification:

1. Whether the incident is in-progress or has concluded.

2. Nature of the incident.

3. Exact location of the incident.

4. Number of persons involved in the incident.

5. Names and ages of the individuals involved.

8. Injuries, if any.

9. Whether emergency medical services or the fire department were notified.

10. Identity of the school contact person.

11. Identity of the witnesses, if any.

12. Whether the incident involves a student with a disability and, if so, the type of disability and its impact on the student's behavior.

13. Other such information as is known to the school district and believed to be relevant to the incident.

The Superintendent or designee will also notify the parent/guardian of any student directly involved in an incident as a victim or suspect immediately, as soon as practicable. The Superintendent or designee will inform the parent/guardian whether or not the law enforcement agency has been or may be notified of the incident. The Superintendent or designee will document attempts made to reach the parent/guardian.

Required Reporting

The Superintendent or designee will comply with all applicable reporting requirements, including mandated reporting in accordance with the Child Protective Services Law and submission of the annual school safety and security incident report to the PA Department of Education, in accordance with applicable law, regulations and Board policies.

NEW HOPE-SOLEBURY SCHOOL DISTRICT

ADMINISTRATIVE REGULATION

APPROVED:

REVISED:

204-AR-0. COMPULSORY ATTENDANCE/UNEXCUSED ABSENCES

The following words, when used in this administrative regulation, have the following meaning, except where the context clearly indicates or requires a different meaning:

Citation means a nontraffic citation or private criminal complaint.

Compulsory school age means the period of a student's life from the time the student's person in parental relation elects to have the student enter school, which will be no later than six (6) years of age until the student reaches eighteen (18) years of age. The term does not include a student who holds a certificate of graduation from a regularly accredited, licensed, registered, or approved high school.

Habitually truant means six (6) or more school days of unexcused absences during the current school year by a student subject to compulsory school attendance.

Offense means each citation filed with a magisterial district judge for a violation of the requirement for compulsory school attendance, regardless of the number of unexcused absences alleged in the citation.

Person in parental relation means a:

1. Custodial biological or adoptive parent.

2. Noncustodial biological or adoptive parents.

3. Guardian of the person of a student.

4. Person with whom a student lives and who is acting in a parental role of a student.

The term does not include any county agency or person acting as an agent of the county agency in the jurisdiction of a dependent child defined under 42 Pa. C.S. §6302 (relating to definitions).

School attendance improvement conference (SAIC) means a conference where the student's absences and the reasons for the absences are examined in an effort to improve attendance, with or without additional services. This conference must be held prior to a district initiating truancy proceedings against a student and person in parental relation.

School attendance improvement plan means the form created by the Pennsylvania Department of Education (PDE), or a similar form, to document the outcome and next steps of the school attendance improvement conference.

School-based or community-based attendance improvement program means a program designed to improve school attendance by seeking to identify and address the underlying reasons for a student's absences. The term may include an educational assignment in an alternative education program, provided the program does not include a program for disruptive youth established pursuant to Article XIX-C of the Pennsylvania Public School Code.

School day means the length of time that a student subject to compulsory school attendance is expected to be receiving instruction during a calendar day, as determined by the Board.

Truant means having incurred three (3) or more school days of unexcused absences during the current school year by a student subject to compulsory school attendance.

Unexcused absence means an absence from school which is not permitted by state law or Board policy and for which an approved explanation has not been submitted within the time period and in the matter prescribed by the Board. An out-of-school suspension will not be considered an unexcused absence.

It is mandatory for all students of compulsory school age residing in the state to attend a school in which all required subjects and activities are taught.

Attendance

All students of compulsory school age who either:

1. Reside in the district and are enrolled in district schools,

2. Qualify for attendance in the district but are not currently enrolled in any school,

3. Attend district schools on a tuition basis,

are required to comply with the adopted Board policy governing attendance.

Designated staff in each school will be responsible for monitoring and maintaining records of each student's attendance.

The district will employ and designate at least one (1) staff member to serve as an attendance officer or home and school visitor, to enforce compulsory attendance requirements.

The attendance officer or home and school visitor has full police powers without warrant and may arrest or apprehend any student who fails to attend school in violation of compulsory attendance requirements. A school police officer also has the same arrest powers. Personnel with the title of security guard are not empowered to arrest students who violate compulsory attendance laws.

School Response to Absences

The school is a critical part of a student's support system, and school staff have a significant opportunity to assist students and their families to comply with attendance requirements.

Staff will treat all absences as unexcused until a written excuse explaining the absence is submitted within three (3) days of the absence.

The person in parental relation and student will be informed that if a written excuse is not provided within three (3) days of the absence, the absence will be permanently recorded as unexcused. District staff will provide written notice to the person in parental relation upon each incident of unexcused absence.

Each building principal or teacher will report to a designated district employee when a student has been absent for three (3) days, or their equivalent, without a lawful excuse.

If the designated employee discovers that a district student is unable to attend school because of a lack of clothing or food, they will report the case to a suitable relief agency operating in the district or to the appropriate county agency for investigation and relief.

Teachers can be the first line of defense for compulsory attendance, as they are the first to recognize students with possible attendance issues. Teachers will implement a plan of action that includes, but is not limited to:

1. Distributing and reviewing with students and families the adopted Board policies governing attendance and student responsibilities.

2. Meeting individually with students to discuss reasons for absence.

3. Providing feedback to designated district staff.

4. Making referrals to guidance counselors.

5. Cooperating with the Student Assistance Program, as appropriate.

6. Attending the school attendance improvement conference, as necessary.

7. Contributing, as necessary, to the development of the school attendance improvement plan.

District Response to Unexcused Absences

The person in parental relation of a compulsory school age student is subject to penalties if compulsory attendance requirements are not met.

The designated district employee will make every effort to work collaboratively with the person in parental relation to address the truancy of a student and will not initiate formal action until an SAIC has been held and the student is habitually truant.

First Unexcused Absence –

Designated district staff will send to the person in parental relation a notice about the unexcused absence. The notice will be in the preferred language of the person in parental relation, will contain a description of the consequences that will follow if the student becomes habitually truant, and the name and telephone number of the district employee that the person in parental relation can contact to request assistance in resolving the student's truant behavior.

Second Unexcused Absence –

Designated staff will send to the person in parental relation a notice of a second unexcused absence. The notice will contain a description of the consequences that will follow if the student becomes habitually truant, and the name and telephone number of the district contact. The second notice will include another offer of district assistance and will be in the preferred language of the person in parental relation.

Third Unexcused Absence –

Designated district staff will send notice to the person in parental relation, in writing, within ten (10) school days of the student's third unexcused absence, that contains a description of the consequences that will follow if the student becomes habitually truant, and the name and telephone number of the district contact. The third notice will include another offer of district assistance**, including resources available to assist the student and person in parental relation with returning the student to compliant school attendance and opportunities for further academic recovery, and will be in the preferred language of the person in parental relation. The notice will also state that habitually truant students are prohibited from transferring to a cyber charter school during the school year, unless a judge determines that it is in the best interest of the student.**

The district may also send to the person in parental relation an invitation to attend an SAIC at which the student's absences and reasons for the absences are to be examined in order to improve attendance, with or without additional services.

If a student continues to incur additional unexcused absences after the school has issued the notice of the student's third unexcused absence, the school will send to the person in parental relation an invitation to attend an SAIC at which the student's absences and reasons for the absences are to be examined in order to improve attendance, with or without additional services.

Participants invited to the conference must include, but not be limited to:

1. The student.

2. The student's person in parental relation.

3. Other individuals as identified by the person in parental relation who may be a resource.

4. Appropriate school personnel.

5. Recommended service providers.

While active participation by the student and family members is an integral component of this conference, there is no legal requirement for either the student or person in parental relation to attend the school attendance improvement conference. The school should make every attempt to conduct the SAIC with the person in parental relation present, to identify and resolve the root causes of truancy, and contribute to the group discussion their unique knowledge about the student and the student's environment.

In an attempt to encourage participation, the school should provide written notice, sent via certified mail, and communicate with the person in parental relation via telephone. The school will hold the SAIC even if the person in parental relation declines to participate or fails to attend.

Issues that should be addressed in the SAIC include, but are not limited to:

1. Appropriateness of the student's educational environment.

2. Possible elements of the school environment that inhibit student success.

3. Student's current academic level and needs.

4. Social, emotional, physical, mental and behavioral issues.

5. Issues concerning family and home environment.

6. Any other issues affecting the student's attendance.

The school will document the outcome of the SAIC in a written school attendance improvement plan which can include: access to academic and social/health supports from the district and community organizations; an outline of family/parental and student responsibilities; and levels of performance monitoring that include rewards and consequences.

The school will use a form similar to the School Attendance Improvement Plan Form, created by PDE, to document the school attendance improvement conference.

At the end of the school attendance improvement conference, all parties present should sign the school attendance improvement plan. The student and person in parental relation will be provided a copy of the school attendance improvement plan, regardless of whether they attended.

When the student and/or person in parental relation is/are in attendance at the school attendance improvement conference, the designated district staff member will ensure that the student and the person in parental relation clearly understand the consequences that follow a violation of the compulsory attendance requirements.

Subsequent Unexcused Absence –

When a school attendance improvement plan is in place for a student who is not yet habitually truant, and the student is subsequently unlawfully absent at any point within the school year,

meaning four (4) to five (5) unexcused absences, the designated district staff will send to the person in parental relation, by certified mail and via any additional mode of communication previously successful with the person in parental relation, an official notice of unexcused absence. The notice will inform the person in parental relation that the school attendance improvement plan has been violated and that once the student reaches six (6) unexcused absences, formal truancy proceedings will be initiated.

When a school attendance improvement plan is in place and the student is subsequently unlawfully absent at any point within the school year, thus amounting to six (6) or more unexcused absences, the designated district staff will send to the person in parental relation, by certified mail and via any additional mode of communication previously successful with the person in parental relation, an official notice to inform the person in parental relation that the school attendance improvement plan has been violated and formal truancy proceedings will be initiated.

At any time when a school attendance improvement plan has been violated, notice has been sent to the person in parental relation that formal action will be initiated, and the student is habitually truant, the designated district staff will initiate truancy proceedings.

The school attendance improvement plan will remain in place, and the district will continue to pursue remedies to the student's habitual truancy until the student is no longer truant or is no longer of compulsory school age, regardless of whether the student was enrolled at the current school district or another school entity at the time of truancy.

Penalties for Violations

When referring a habitually truant student of any age to the county children and youth agency or filing a citation, the school must provide verification that the SAIC was held, generally by submitting the school attendance improvement plan.

Habitually truant students under fifteen (15) years of age -

1. The designated district staff will refer the student to either:

    a. A school-based or community-based attendance improvement program, or

    b. The county children and youth agency for:

        1) Services, or

        2) Possible disposition as a dependent child.

2. The designated district staff may, but are not required to, file a truancy citation against the person in parental relation to the student who resides in the same household as the student.

Habitually truant students fifteen (15) years of age and older -

1. The designated district staff will either:

    a. Refer the student to a school-based or community-based attendance improvement program, or

    b. File a citation against the student or person in parental relation to the student who resides in the same household as the student.

2. If a student fifteen (15) years of age or older continues to accrue additional absences after a school refers the student to a school-based or community-based attendance improvement program or refuses to participate in an attendance improvement program, the school may refer the student to the county children and youth agency for possible disposition as a dependent child.

Citations and Proceedings

The designated district staff will file a truancy citation with the magisterial district judge where the student attends school.

When a citation is filed against a student or person in parental relation to the student who resides in the same household as the student, the magisterial district judge will provide notice of the hearing to the school, person in parental relation, the student, and the county children and youth agency.

At the hearing, the school district must prove beyond a reasonable doubt that the student was subject to the compulsory attendance law and was, without legal justification, habitually truant. The person in parental relation may demonstrate, by a preponderance of the evidence, that they took every reasonable step to ensure the attendance of the student at school.

Before entering a sentence, the magisterial district judge will permit the school district, person in parental relation to the student, or student to present relevant information, such as the student's attendance since the citation was filed, to assist the judge in making an informed decision regarding an appropriate sentence.

A person convicted of a violation of the compulsory attendance laws may be sentenced to pay a fine for the benefit of the school, sentenced to perform community service, or required to complete an appropriate course or program designed to improve school attendance.

The judge is authorized to assign a sentence, with penalties in compliance with law, even after the completion of the school year in which the student was habitually truant.

The judge, at the time of conviction, will determine whether it is in the student's best interest to be able to transfer to a cyber charter school, or not.

If within a three-year period a student or person in parental relation is convicted of a second or subsequent offense, the court must refer the student to the county children and youth agency for services or possible disposition as a dependent child under the Juvenile Act.

The designated district staff will not file a citation against a student or person in parental relation for a subsequent violation of compulsory school attendance if:

1. A proceeding is already pending against the student or person in parental relation and judgment in the first proceeding has not yet been entered, unless a warrant has been issued for failure of the student or person in parental relation to appear before the court and the warrant has not yet been served.

2. A referral for services has been made to the county children and youth agency under this subdivision, the agency has not closed the case, and the educational entity has not consulted with the county children and youth agency prior to filing the petition.

3. A petition has been filed alleging the student is dependent due to being habitually truant, relative to juvenile matters, and the case remains under the jurisdiction of the juvenile court.

Fines

For the first offense, the fine may not exceed $300, together with court costs.

For the second offense, a person in parental relation may not be fined more than $500, together with court costs.

For a third and any subsequent offense, a person in parental relation may not be fined more than $750, together with court costs.

Failure to Comply with Penalties

If a person in parental relation fails to comply with the penalties imposed, that person may be sentenced to jail for up to three (3) days if the court determines that the person in parental relation had reasonable ability to comply with the penalty and that noncompliance was willful.

If a student fails to satisfy the penalties imposed:

1. Such act will not be considered delinquent but may result in a dependency determination under the Juvenile Act.

2. The magisterial district judge may send the record of conviction to the Pennsylvania Department of Transportation.

    a. If the Department of Transportation receives such a record, it is required to take action against the student's operating privileges. The Department will suspend for ninety (90) days the operating privilege of any student upon receiving a certified record that the student was convicted of violating the compulsory attendance requirements. If the Department receives a second or subsequent conviction for a student's violation, the Department will suspend the student's operating privilege for six (6) months.

    b. Any student whose record is received by the Department and who does not have a driver's license will be ineligible to apply for a driver's license for the time periods

specified above. If the student is under sixteen (16) years of age when convicted, suspension of operating privileges will commence for the time specified above.

Nothing in this section will be construed to apply to a person in parental relation whose child or children are in a home education program.

Homeless and Unaccompanied Youth/Children in Foster Care

The Every Student Succeeds Act, the McKinney-Vento Homeless Assistance Act, and the Fostering Connections to Success and Increasing Adoptions Act require that states, local education agencies, and schools work to remove barriers to the education of homeless students, unaccompanied youth, and children in foster care. Such barriers include those related to enrollment and retention due to absences.

Designated district staff will not count as unexcused those absences that occur due to homelessness, the transience of unaccompanied youth, or the fluctuation of foster care placements.

Designated school staff should use the school attendance improvement conferences as a means to identify the root causes of students' absenteeism, such as homelessness, frequent household shifts, absence of consistency and stability, and a lack of transportation, which should all be captured in the school attendance improvement plan. The school attendance improvement plan should clearly delineate the school responsible for complying with the compulsory attendance laws (school of origin, school of residence, etc.) as well as the school(s) responsible for implementing various portions of the school attendance improvement plan.
The district must consider the living situation of each unaccompanied youth to determine whether it is appropriate to file citations against the person in parental relation. School districts may consider contacting the county children and youth agency to link the youth with services.

District Response to the Unexcused Absences of Nonpublic School Students

Though nonpublic schools are charged with developing their own policies to monitor, track, and respond to unexcused absences, the nonpublic student's school district of residence remains responsible for enforcing the requirements for compulsory school attendance. Designated district staff will work with nonpublic schools located within district boundaries to:

1. Ensure the district receives copies of the written notification of each nonpublic school student's third unexcused absence, as sent to the person in parental relation of the student;

2. Participate in school attendance improvement conferences, as necessary;

3. Receive copies of all school attendance improvement plans;

4. Refer the nonpublic school student to a school-based or community-based attendance improvement program or the county children and youth agency for possible disposition as a dependent child;

a. Request, as necessary, assistance from the nonpublic school relative to attendance improvement programs and juvenile dependency referrals.

5. File truancy citations with the magisterial district judge where the nonpublic school student resides.

    a. Request, as necessary, cooperation and participation from the nonpublic school in the truancy proceedings.

6. Refer the nonpublic school student to the county children and youth agency for possible disposition if the nonpublic school student either does not comply with or attend the school-based or community-based attendance improvement program.

    a. Request, as necessary, cooperation and participation from the nonpublic school.

If, due to age, disability or other incapacity, the complainant or reporter is unable to complete the form, the building principal or designee shall document the report and complete the form on the individual's behalf. If the report is made by someone other than the complainant, the complainant shall be notified promptly, informed of the report, and encouraged to complete the district reporting form.

As soon as practicable after the receipt of a report of bullying or cyberbullying, the district shall notify the parent(s)/guardian(s) of any student involved in the incident.

If the complainant, district staff, or other professionals with knowledge of the complainant's health and well-being indicate that notifying a parent/guardian could place the complainant or another person at risk of abuse, neglect or other imminent harm, the building principal, in consultation with the Superintendent and legal counsel, and as appropriate, law enforcement, child welfare authorities and other qualified professionals, may determine whether parental notification should be delayed as permitted by law. The basis for the delay must be documented, and parent/guardian notification shall occur as soon as legally and safely practicable.[3][4]

Every report of bullying/cyberbullying shall be reviewed and investigated promptly and sufficiently to address the alleged misconduct, even if the report is anonymous or the complainant requests that no action be taken.

Threat Assessment

When a student's behavior indicates a threat to the safety of the student, other students, school employees, school facilities, the community, or others, district staff shall make a referral to the district's threat assessment team in accordance with applicable law and Board policy.[5][6]

Discrimination/Harassment

If, at the time of the report or at any time during the investigation of the alleged bullying/cyberbullying, there is reason to believe that the conduct may fall within the provisions of the district's discrimination/harassment policies, the Title IX Coordinator must be promptly notified. Upon notification, the Title IX Coordinator will immediately initiate steps to comply with appropriate policies and procedures. The investigation will be handled as a joint and concurrent investigation to address all appliable allegations and legal requirements.[7][8]

Investigation Procedures

After determining that the matter does not require handling under Policy 103, the building principal shall determine whether the investigation may be conducted by the principal or designee or whether the matter must be referred to the Superintendent or another appropriate administrator.

If law enforcement has been notified, a law enforcement report has been filed, or substantiated allegations could result in expulsion, the building principal shall consult with the Superintendent or appropriate administrator, who may seek advice from legal counsel.

Investigations shall be timely, impartial, thorough and comprehensive. The investigation may include:

1. **Interviewing the complainant.**
2. **Interviewing the individual(s) accused of the conduct.**
3. **Interviewing witnesses.**
4. **Reviewing physical, electronic or documentary evidence.**
5. **Reviewing any other relevant information provided during the investigation.**
6. **Conducting any additional inquiry reasonably necessary to determine the facts and address proven misconduct.**

Investigative Findings

The investigator shall prepare findings that summarize the investigation, determine whether the allegations have been substantiated, identify any violation of Board policy or applicable law, and recommend appropriate corrective action.

As soon as practicable after determining that an incident of bullying or cyberbullying has occurred, the district shall notify the parent(s)/guardian(s) of any student involved in the incident of the determination of the investigation.

The complainant/reporter and the accused shall be informed of the outcome of the investigation within a reasonable period of time, consistent with the Family Educational Rights and Privacy Act (FERPA) and other applicable laws. The accused shall not be informed of any individual remedies provided to the complainant.[9]

District Response and Corrective Action

If an investigation results in a finding that bullying or cyberbullying or other misconduct occurred, the district shall take prompt and appropriate corrective action designed to stop the conduct, prevent its recurrence, protect affected students, eliminate any hostile or disruptive environment, and prevent retaliation.[1]

The district shall document corrective actions taken and, when permitted by law, inform the complainant or reporter of responsive measures. District administrators shall monitor the effectiveness of corrective actions and take additional measures when necessary.[1]

If an investigation reveals violations of other Board policies or circumstances requiring additional review, referral, discipline or intervention, the district shall address those matters through the appropriate disciplinary, administrative or support processes.

~~A student who violates this policy shall be subject to appropriate disciplinary action.~~ **Any disciplinary action imposed shall be consistent with the Code of Student Conduct, Board policies and administrative regulations, applicable collective bargaining agreements, and state and federal law, and may include:**

[1][2][13]

1. Counseling within the school.

2. Parental conference.

3. Loss of school privileges.

8. Expulsion.

9. Counseling/Therapy outside of school

704-AR-6. DRINKING WATER

The district has a duty to maintain facilities that provide a safe supply of drinking water.

To ensure that all school facilities are providing safe drinking water to students and staff, the district will implement the following measures:

1. Disinfect drinking water fountains and water outlets daily to reduce possible bacteria contamination.

2. Clean drinking water fountains daily to remove lime and calcium build-up.

3. Clean sediment and debris out of all outlet screens or aerators on a regular basis.

4. Clean water faucets and hot water tanks to control bacteria growth levels.

5. Evaluate school facilities for the presence of cross-connections between the drinking water system and other liquids or substances for actual or potential cross-contamination.

Lead Testing

The Superintendent or designee will determine the necessity for annual lead testing in the drinking water of school facilities where children attend school.

If the district does not test drinking water for lead, the Superintendent or designee will discuss lead issues in school facilities at a public meeting, as required by law.

When lead testing is conducted and water samples show lead levels in excess of **0.005 milligrams per liter**, the district will immediately:

1. Ensure that no child or adult is exposed to drinking water contaminated with lead.

2. Make alternative sources of drinking water available.

3. Take corrective actions, as necessary.

The Superintendent or designee will report elevated lead levels to the PA Department of Education.

The district will ensure that training is provided to school staff to:

1. Raise awareness of the potential occurrences, causes and health effects of lead in drinking water.

2. Assist school staff in identifying potential areas where elevated lead levels may occur.

3. Establish a testing plan to identify and prioritize testing sites.

The district will communicate information to students, parents/guardians, staff and the community about the programs in place for monitoring lead levels, the results of testing for lead in the drinking water, and remediation action being taken by the district.

NOTE: School district facilities that receive their drinking water from their own water source and not from a municipal water system operate as a public water system (PWS) and are required to comply with the federal Safe Drinking Water Act. A **public water system (PWS)** is a school facility that provides water for consumption using their own water source (e.g., a well) to twenty-five (25) or more individuals more than sixty (60) days per year or a system that has fifteen (15) or more service connections.
