Central Bucks School District School Board Meeting Minutes

Thursday, October 22, 2026 - 7:00 p.m.
Meeting location: CBSD Educational Services Center
16 Welden Drive, Doylestown, PA 18901

1. CALL TO ORDER:

President Reynolds called the meeting to order at 7:09 p.m.

2. PLEDGE OF ALLEGIANCE

3. ROLL CALL:

DAVID COMALLI: Present
KATRINA FILIATRAULT: Present
DANA FOLEY: Present
SUSAN GIBSON: Present
RICK HARING: Absent
DANIEL KIMICATA: Present
AMANDA O'CONNOR: Present
HEATHER REYNOLDS: Present
KAREN SMITH: Present

Also present:
Dr. Joanna Wexler, Superintendent
Dr. Charles Malone, Assistant Superintendent
Dr. Helen Zaleski, Assistant Superintendent
Jason Jaffe, Director of Technology and Innovation
Wayne Gehris, Chief Financial Officer
Kevin Spencer, Director of Operations
Cathy Rossi, Interim Director of Human Resources
Michael Petitti, Director of Communications
Peter Amuso, Solicitor
Stephanie Radcliffe, School Board Secretary

UNOFFICIAL

4. ANNOUNCEMENT OF EXECUTIVE SESSION

Solicitor Amuso announced that prior to the start of this evening's October 22, 2026 school board meeting, the Board met in executive session regarding confidential student matters, litigation, and labor relations. Solicitor Amuso announced that the board also received information about the Right to Know law prior to this evening's board meeting.

5. SUPERINTENDENT'S REPORT

Superintendent Wexler introduced CB East senior Gwen A., who is serving as tonight's student representative to the school board. Gwen aired a video titled "CB East Morning Show Montage of Student Life" and spoke about The Patriot Way, which highlights the school's values. Gwen spoke about welcoming new students, building connections, and creating opportunities for students. Gwen spoke about "East Connect", which enables student mentorship to build connections, belonging, and school pride.

Dr. Wexler and Mr. Jaffe congratulated CB South 9th-grade student Tim M, who is this month's "Move Forward, Imagine More" lockscreen contest winner.

Dr. Wexler congratulated the 2027 National Merit Scholarship Competition Semifinalists:
CB East – Aarav A., Krish D., Justin D., Salil P., Kayden T., Tyler T., Asher W., and Max Z.
CB South – Alexis C., Saisanthosh K., Satvik M., Lakshya P., and Dharunish Y.
CB West – Hudson F., Abhinav M., and Angela Z.

Dr. Wexler congratulated teacher Andrew Durie for being named the winner of the 2026 Shape PA Innovation in Physical Education Award.

Dr. Wexler shared that CBSD was named an Outstanding Visual Arts Community by the Pennsylvania Art Education Association. Teachers honored included Brandi Daly, Stephanie Ferraro, Jessica Fidler, Danielle Hallman DiCicco, Stu Kesilman, Allison Levin, Izabella Mazzenga, Gabby Miller, Helene Moriarty, Dave Mussari, Rebecca Panitch, Sam Schollenberger, Ali Theis, Deb Thomas, Alison Thompson, Tina Warren, Cara Alderfer, Beca Dunst, Kerri Fedorowicz, Nicole McNamara, Madison Pirolli, Morgan Potter, Kristin Ritter, Kate Sayer, Naomi White, Erin Casey, Kyle Cinciripini, Nicole Doubet, Allison Farrell, Amy Palmer, Kelli Patrick, Maeve Potash, Olivia Servidio, Stephani Thomas, Marc West, and Colleen Zachmann.

Dr. Wexler spoke about the recent Community Engagement Forums that featured talks about budget, enrollment, staffing, class sizes, special education, grade realignment, digital wellness, screen time, A.I., transportation, and long-term planning. Dr. Wexler spoke about Listening and Learning tours with staff that she is conducting. Dr. Wexler shared information about the Community Internship Program, joining the CB email list, and the Gold Card Program for Central Bucks senior citizens. The Gold Card Program, for residents 65-years and older, allows free attendance to regular season home athletic games and certain school shows. A full list of Gold Card events is posted on our website www.cbsd.org

Dr. Zaleski and Mr. Jaffe spoke about digital wellness and artificial intelligence.

Dr. Wexler spoke about schoolwide initiatives surrounding the October 4-11 Mental Health Awareness Week, October's Bullying Prevention Month, and September's Suicide Prevention Month.

Dr. Wexler spoke about the CB Education Foundation, which awarded $27,000.00 in grants to support the arts, photography, television production, STEM, robotics, music, and more.

Dr. Wexler spoke about some of the items that appear on tonight's agenda, including school board policies, new course of study AP US Government and Politics, and class gifts from the CB West Class of 1976, including a bronze statue of the school mascot and a scholarship.

6. PUBLIC COMMENT ON AGENDA ITEMS

Seraphina B., CB student, spoke about 23 students from all three of our high schools who started the first Water Polo season. Seraphina spoke about how school sponsorship would help create a more consistent and accessible opportunity for students across the district.

UNOFFICIAL

Cami M., CB student, spoke about having Water Polo become a high school sport team instead of a club team.
Olivia M., CB student, spoke about the Water Polo Club becoming a school team.
Addie P., CB student, spoke about creating a water polo high school team.
Victoria K., CB student, spoke about the CB Water Polo Club and said that CB would benefit from having a Water Polo Team.
Indrek S., CB student, spoke about playing water polo and about making water polo a PIAA sport.
Emilia E., CB student, spoke about making water polo a PIAA-recognized varsity sport in CBSD.
Charlotte M., Jacqueline S., and Olivia W., CB students, spoke about making water polo a varsity sport at CBSD.

Action: Motion to approve All Finance Items.
This motion, made by DANIEL KIMICATA and seconded by SUSAN GIBSON, Carried.
Voting Detail:
DAVID COMALLI: Yes
KATRINA FILIATRAULT: Yes
DANA FOLEY: Yes
SUSAN GIBSON: Yes
RICK HARING: Absent
DANIEL KIMICATA: Yes
AMANDA O'CONNOR: Yes
HEATHER REYNOLDS: Yes

UNOFFICIAL

KAREN SMITH: Yes
Voting Summary: Yes: 8, No: 0, Absent: 1

9.A. Approval of Financial Reports: Investment Portfolio & Treasurer's Report for August 2026 and Ratification of Investments Report for September 2026

9.B. Approval of Accounts Payable Check Disbursements
The Accounts Payable Check Registers provide a listing of payment transactions for Fund 10 General Fund, Fund 30 Capital Fund, and Fund 50 Food Service Fund.
Fund 10: $ 6,848,742.68; Fund 30: $10,612,382.23; Fund 50: $89,351.93.
Grand total= $17,550,476.84

9.C. Approval of 2026-2027 BCIU Homestead Farmstead Agreement at a Rate of $1.128 per parcel
This annual Agreement is for the BCIU to prepare the mailers for the Farmstead-Homestead applications.

9.D. Approval of BCIU Chief Science Officer Program MOU
Administration recommends approval of the MOU with the Bucks County Intermediate Unit #22 for participation in the Chief Science Officers (CSO) Program, providing STEM leadership opportunities for students in grades 6-12 and grant funding for advisor stipends and student projects.

9.E. Approval of Kelly Pediatric Therapy Services Agreement
This Agreement is for school-based therapy services positions.

9.F. Approval of Staff Conferences in the amount of $13,792.00

To view the Finance Items, please refer to Items 9A-9F on the October 22, 2026 board agenda.

10. OTHER BOARD ACTION ITEMS: Approval of All Other Board Action Items
Action: Motion to approve All Other Board Action Items (Items 10A-10C)
This motion, made by KAREN SMITH and seconded by DANA FOLEY, Carried.
Voting Detail:
DAVID COMALLI: Yes
KATRINA FILIATRAULT: Yes
DANA FOLEY: Yes
SUSAN GIBSON: Yes
RICK HARING: Absent
DANIEL KIMICATA: Yes
AMANDA O'CONNOR: Yes
HEATHER REYNOLDS: Yes
KAREN SMITH: Yes
Voting Summary: Yes: 8, No: 0, Absent: 1

10.A. Approval of MOU with Central Bucks Transportation Association

10.B. Approval of MBIT Special Education MOU with sending districts

UNOFFICIAL

10.C. Approval of Amendment #2 to CCRES Agreement to provide Special Education Consultant Services from 10/22/2026 through 12/23/2026, not to exceed 15 hours per week, at a total billing rate of $82.50 per hour.
Administration recommends approval of a part-time consulting agreement with Mrs. Jill Schweizer to provide specialized support for the district's autism programming. Initial focus will be on supporting the autistic support programming at Barclay Elementary School.

To view the Other Board Action Items, please refer to Items 10A-10C on the October 22, 2026 board agenda.

11. OPERATIONS: Approval of All Operations Items
Action: Motion to approve All Operations Items (Items 11A-11I)
This motion, made by DANA FOLEY and seconded by DANIEL KIMICATA, Carried.
Voting Detail:
DAVID COMALLI: Yes
KATRINA FILIATRAULT: Yes
DANA FOLEY: Yes
SUSAN GIBSON: Yes
RICK HARING: Absent
DANIEL KIMICATA: Yes
AMANDA O'CONNOR: Yes
HEATHER REYNOLDS: Yes
KAREN SMITH: Yes
Voting Summary: Yes: 8, No: 0, Absent: 1

UNOFFICIAL

11.A. Approval to purchase a 2500 pickup truck with plow for $59,288.24 as a replacement vehicle from Bergey's Chevrolet
Administration seeks approval to purchase a 2500 pickup truck with a plow in the amount of $59,288.24, which will replace the old F650 dump truck that did not pass inspection.

11.B. Approval of Change Order in the amount of $102,647.18 with Gilmore & Associates related to additional engineering services and construction administration for the new well and water treatment building for Holicong Middle School and CB East High School.
Administration seeks approval for the additional professional engineering services needed to complete the construction administration and oversight of the well and treatment building to comply with the DEP consent order timeline of August of 2027.

11.C. Approval of Gilmore & Associates Professional Services proposal in the amount of $57,490.00 for the design of the 2027 Playground Renovation Projects.
The project will include Bridge Valley playgrounds, Groveland Kindergarten playground, and accessibility improvements to the Jamison playground.

11.D. Approval to Resume the East High School Stadium Turf Replacement Project and approve additional professional services for bidding and construction administration in the amount of $19,970.00.
The East Stadium Turf Replacement Project was suspended in early 2026. Administration seeks approval to resume design of the Turf Replacement Project for construction in summer

2027. Consideration will be given to expanding the project scope to include re-coating the existing track surface. The project suspension and changes in scope warrant updating the original design services. Additional design services for JMT, Inc. are presented for approval**.**

11.E. Approval of Professional Services proposal from VDA for the 2027 Elevator Modernization Project in the amount of $15,660.00.
Administration seeks approval of the professional services proposal from VDA, Inc. for design and construction administration services for the 2027 Elevator Modernization Project. The project will include modernization of the Cold Spring Elementary elevator.

11.F. Approval of Trane Valve Repair Proposal for the HVAC System at 20 Welden Drive in the amount of $34,887.00.
Administration seeks approval of the proposal from TRANE for repairs to the east side HVAC condenser valves at the district's administration building. The valves have failed and are allowing refrigerant to pass, which does not allow the HVAC system to function properly.

11.G. Approval to accept Class Gifts from the CB West Class of 1976.
The CB West Class of 1976 would like to donate a bronze statue depicting the school mascot, a buck, and to fund a $10,000.00 scholarship at the Bucks County Foundation (BCF) for qualifying CB West student(s) in accordance with the terms and conditions of BCF.

11.H. Approval of First Student Drivers and Monitors.

11.I. Approval of transportation services agreement with Zum for field trips and athletics trips that cannot be covered by our own district staff.
Administration seeks approval of a transportation services agreement with Zum to provide bus transportation for field trips and athletic team trips. The district first offers these trips to our drivers and if we cannot fill a trip with our own staff due to other commitments, the district then seeks coverage from the outside consultant. Costs will be $430.00 with a 4-hour minimum and additional hourly rates of $90.00 per hour.

To view the Operations Items, please refer to Items 11A-11I on the October 22, 2026 board agenda.

12. SPECIAL EDUCATION: Approval of All Special Education Items
Action: Motion to approve All Special Education Items (Items 12A and 12B)
This motion, made by SUSAN GIBSON and seconded by AMANDA O'CONNOR, Carried.
Voting Detail:
DAVID COMALLI: Yes
KATRINA FILIATRAULT: Yes
DANA FOLEY: Yes
SUSAN GIBSON: Yes
RICK HARING: Absent
DANIEL KIMICATA: Yes
AMANDA O'CONNOR: Yes
HEATHER REYNOLDS: Yes
KAREN SMITH: Yes
Voting Summary: Yes: 8, No: 0, Absent: 1

UNOFFICIAL

12.A. Approval of Settlement Agreement 10.22.26
12.B. Approval of Settlement Agreement 10.22.26 (2)

13. EDUCATION: Approval of AP US Government and Politics Course of Study
Action: Motion to approve AP US Government and Politics Course of Study (Item 13A)
This motion, made by AMANDA O'CONNOR and seconded by KATRINA FILIATRAULT, Carried.
Voting Detail:
DAVID COMALLI: Yes
KATRINA FILIATRAULT: Yes
DANA FOLEY: Yes
SUSAN GIBSON: Yes
RICK HARING: Absent
DANIEL KIMICATA: Yes
AMANDA O'CONNOR: Yes
HEATHER REYNOLDS: Yes
KAREN SMITH: Yes
Voting Summary: Yes: 8, No: 0, Absent: 1

To view the Education Item, please refer to Item 13 on the October 22, 2026 board agenda.

14. POLICY: Approval of All Policy Items
Action: Motion to approve All Policy Items (Items 14A-14G)
This motion, made by KAREN SMITH and seconded by KATRINA FILIATRAULT, Carried.
Voting Detail:
DAVID COMALLI: Yes
KATRINA FILIATRAULT: Yes
DANA FOLEY: Yes
SUSAN GIBSON: Yes
RICK HARING: Absent
DANIEL KIMICATA: Yes
AMANDA O'CONNOR: Yes
HEATHER REYNOLDS: Yes
KAREN SMITH: Yes
Voting Summary: Yes: 8, No: 0, Absent: 1

14.A. Approval to Move to Table for First Read Policy 222 Tobacco and Vaping Products
14.B. Approval to Move to Table for First Read Policy 224 Care of School Property
14.C. Approval to Move to Table for First Read Policy 228 Student Government
14.D. Affirmation of Second Read and Approval of Policy 123.3 Athletic Trainers
14.E. Affirmation of Second Read and Approval of Policy 210 Use of Medications
14.F. Approval to Waive School Board Policy 003 and to Affirm the First and Second Read and Approval of Policy 223 Use of Bicycles and Motor Vehicles

Supervisor of K-12 English Language Arts and Internship Programs

17.B. Leaves of Absence Report
To view the Reports and Information Items, please refer to Items 17A and 17B on the October 22, 2026 board agenda.

18. PUBLIC COMMENT

Edward Mackouse, Buckingham, spoke about the school district heading toward bankruptcy, one-third of the budget going to special education, Governor Shapiro, covid, autism, Stacy Garrity, cancer rates, voting Republican on Election Day, women's sports, and transgender teenagers.
Greg Bankos, Plumstead Township, thanked Dr. Wexler for hosting recent Community Forums. Mr. Bankos spoke about the 2015 - 2021 school district budgets that included budget reserves without tax increases.
Alyson Zimmer, Buckingham Township, spoke about the financial direction of the district, taxpayers contributing more towards schools, spending increases and enrollment decreases, staffing levels not matching declining enrollment, administrative growth, authorized supervisory positions, cost increases, and millage increases.
*Following Ms. Zimmer's comments, President Reynolds said that she wanted to clarify that the supervisory positions approved are not additional positions, rather a consolidation of positions, and that the job descriptions on the agenda are listed to be accurate.
Carla Grabianowski, Plumstead Township, was listed last on the sign-up sheet but switched speaking positions with Daniel Grabianowksi. Ms. Grabianowski spoke about budget, reserves, examining spending decisions, realignment, full-day kindergarten, accountability, benefits, special programs, increased costs for administrative, business, and central office, repeated tax increases, declining enrollment, and rising expenditures. Ms. Grabianowski thanked the Board for listening to the community regarding a responsible contractor policy proposal.
Daniel Grabianowski, Plumstead Township, spoke about fiscal responsibility, higher taxes, looking for ways to save money, responsible contractor policies, and apprenticeship programs. Mr.

UNOFFICIAL

Grabianowski said that a group of people meet at the flagpole before each board meeting to pray for administrators and school board members, to pray that they make wise decisions, and said that they welcome others to join them.

19. BOARD COMMENT

President Reynolds spoke about transparency, fiscal responsibility, looking ahead, acknowledging the past in order to understand how we got into the situation we are in so that we can move forward and not make the same mistakes. Mrs. Reynolds said that everything the Board does will start from a place of transparency.

Mrs. Gibson spoke about the concerns and questions raised during Public Comment and said that the Board is listening. Mrs. Gibson spoke about Mr. Gehris being a dedicated CFO who she believes is the right person to help us with this dire financial situation.

Mrs. Smith spoke about having made past decisions based upon information that was had at that time, that the district is not in danger of not being able to operate but that our reserves have decreased. Mrs. Smith encouraged people to attend our Finance Committee meeting. Mrs. Smith said she wants to send a positive message to our transgender students and that we are glad you are here in our district.

Mrs. O'Connor spoke about some of her best decisions so far being her votes to hire Dr. Wexler and Mr. Gehris and that there has been open communication since they began in July and also thanked community members who came out tonight.

President Reynolds said that Dr. Wexler will get the district to a healthier place.

Superintendent Wexler spoke about job descriptions that appear as agenda items; they will continue to be brought to the Board as we review vacancies in the district and decide if vacancies need to be replaced.

20. ADJOURNMENT

Action: There being no further business before the Board, Motion to Adjourn at 8:51 p.m.
Motion by Amanda O'Connor; Second by Karen Smith

20.A. Next scheduled meeting: November 19, 2026 (3rd Thursday of the month)

Respectfully submitted,

_____

Stephanie Radcliffe
School Board Secretary

RICHARD KRATZ, DIRECTOR OF TEACHING & LEARNING

1. **CALL TO ORDER**
   The meeting was called to order at 6:03 p.m.
   Mrs. O'Connor called for a moment of silence to honor the memory of Kitty Semisch. Mrs. O'Connor read aloud a message sent by Mrs. Smith about Kitty Semisch's impact on her own son, on the thousands of students in the district and throughout the community. Mrs. Reynolds spoke about Kitty Semisch and shared that the Board will honor Kitty at the full Board meeting later this month.

2. **PUBLIC COMMENT**
   There was no public comment at the November 5, 2026 committee meeting.

3. **REVIEW OF PREVIOUS MEETING REPORT**

4. **INFORMATION ITEMS**

4.A. Grades 1 – 5 General Music Curriculum Revisions — **Speaker: Mike Gruver, Music Teacher and K - 12 Music Coordinator**

Mr. Gruver shared an update on Elementary Music courses, including an overview of the instructional map, curricular structure and units of study which focus on performing, creating, responding, and connecting.

4.B. SRSD Writing Update and AP Seminar Update — **Speaker: Michele Myers, Supervisor of English Language Arts**

Ms. Myers shared an update on Elementary Writing courses, including Self-Regulated Strategy Development (SRSD), which is an instructional approach designed to help students develop writing strategies and self-regulation skills.
Ms. Myers also shared an update on the AP Seminar Program of Studies for grades 10-12. AP Seminar aims to build college-ready research, argument, collaboration, and communication skills and will be implemented in the 2027-2028 school year.

5. **RECOMMENDATIONS FOR APPROVAL AT NEXT SCHOOL BOARD MEETING**

5.A. Grade 11 Academic and Honors Course of Study Approval; Grade 12 Academic and Honors Course of Study Approval; AP Language Course of Study Approval; AP Literature Course of Study Approval; MEMBEAN Pilot Approval Ms. Myers shared information about English Language Arts courses, including Units of Study and Course Overviews. The cost for 105 copies of Perrine's Story and Structure, An Introduction to Fiction, will be $16,269.75. Ms. Myers presented to the Committee regarding approval to pilot MEMBEAN for Tier Two support for grades 7 and 8 at one middle school. The cost will be $22,261.50 per year, pending a 3-year agreement, starting next school year. The Committee agrees to move these requests to the full Board for a vote.	**Speaker: Michele Myers, Supervisor of English Language Arts**
5.B. Community Internship 2 Course of Study Approval Mr. Melvin presented to the Committee regarding Community Internship 2 Course of Study, which would be an elective designed for students interested in exploring a career and have completed Community Internship 1. Students will complete a career thesis and plan a Capstone presentation and portfolio that documents their learning and growth. The Committee agrees to move this request to the full Board for a vote.	**Speaker: Will Melvin, English Teacher**
5.C. 2027 – 2028 Middle School and High School Program of Studies Adoption Dr. Malone and Mr. Kratz presented the secondary-level 2027-2028 Program of Studies to the Committee. To view the Program of Studies, please refer to Item 6C. The Committee agrees to move this request to the full Board for a vote.	**Speakers: Dr. Charles Malone, Assistant Superintendent for Secondary Education and Richard Kratz, Director of Teaching and Learning**
6. **ADJOURNMENT** The meeting was adjourned at 7:32 p.m.	

Central Bucks School District
Policy Committee Meeting Report

Thursday, November 12, 2026
6:00 p.m.
Meeting location: CBSD Educational Services Center
16 Welden Drive, Doylestown, PA 18901

In attendance:
Karen Smith, Chairperson
Katrina Filiatrault, Committee Member
David Comalli, Board Member
Heather Reynolds, Board Member
Dr. Joanna Wexler, Superintendent
Dr. Charles Malone, Assistant Superintendent
Dr. Helen Zaleski, Assistant Superintendent
Wayne Gehris, Chief Financial Officer
Margaret Baldwin, Solicitor
Stephanie Radcliffe, Board Secretary

1. **CALL TO ORDER**
   The meeting was called to order at 6:00 p.m.

2. **PUBLIC COMMENT**
   There was no public comment at the November 12, 2026 committee meeting.

3. **REVIEW OF PREVIOUS MEETING REPORT**

4. **POLICIES FOR FIRST READ**

4.A. Policy 212 Reporting Student Progress
The Committee agrees to move this policy to the full board for a vote.

4.B. Policy 214 Class Rank
The Committee agrees to move this policy to the full board for a vote.

4.C. Policy 214.1 Student Recognition
The Committee agrees to move this policy to the full board for a vote.

4.D. Policy 215 Promotion & Retention
The Committee agrees to move this policy to the full board for a vote after replacing "in danger" with "at risk" in the middle school and high school sections.

4.E. Policy 216.1 Supplemental Discipline Records
The Committee agrees to move this policy to the full board for a vote.

4.F. Policy 218 Student Discipline
The Committee agrees to move this policy to the full board for a vote after adjustments to the Code of Conduct grid: delete the Level III line "ethnic/racial intimidation" and add "and/or intimidation" to "threats communicated verbally, electronically, or in writing so that line will read "Threats and/or intimidation communicated verbally, electronically, or in writing".

4.G. Policy 250 Student Recruitment
The Committee agrees to move this policy to the full board for a vote.

4.H. Policy 829 Personal Electronic Communication Devices
The Committee agrees to move this policy to the full board for a vote.

4.I. Policy 829.1 Personal Electronic Communication Devices – Students
The Committee agrees to move this policy to the full board for a vote after adding META glasses to descriptions.

5. POLICIES FOR SECOND READ

5.A. Policy 222 Tobacco and Vaping Products
The Committee agrees to move this policy to the full board for a vote.

5.B. Policy 224 Care of School Property
The Committee agrees to move this policy to the full board for a vote.

5.C. Policy 228 Student Government
The Committee agrees to move this policy to the full board for a vote.

6. **ADJOURNMENT**
The meeting was adjourned at 6:47 p.m.

Central Bucks School District
Finance and Operations Committee Meeting Report

Thursday, November 12, 2026
7:00 p.m.
Meeting location: CBSD Educational Services Center
16 Welden Drive, Doylestown, PA 18901

In Attendance:
Rick Haring, Chairperson
David Comalli, Committee Member
Daniel Kimicata, Committee Member
Katrina Filiatrault, Board Member
Heather Reynolds, Board Member (left at 7:08 p.m.)
Karen Smith, Board Member
Dr. Joanna Wexler, Superintendent.
Dr. Charles Malone, Assistant Superintendent
Dr. Helen Zaleski, Assistant Superintendent
Kevin Spencer, Director of Operations
Wayne Gehris, Chief Financial Officer
Barbara Markowitz, Finance Manager
Margaret Baldwin, Solicitor
Stephanie Radcliffe, School Board Secretary

1. **CALL TO ORDER**
   The meeting was called to order at 7:00 p.m.

2. **PUBLIC COMMENT**
   There was no public comment at the November 12, 2026 committee meeting.

3. **REVIEW OF PREVIOUS MEETING REPORT**

4. **FINANCE RECOMMENDATIONS FOR APPROVAL AT NEXT SCHOOL BOARD MEETING**

4.A.Approval of Artlist Ltd. "Motion Array Business Plan" subscription for the Communications Department in the amount of $4,007.00
The Committee agrees to move this request to the full board for a vote.

4.B.Approval to purchase Frontline Location Analytics at a cost of $11,700.53 for the period of January 1, 2027 to June 30, 2027, and then $23,595.00 per year thereafter as outlined on the attached proposal.
Administration recommends approval to purchase Frontline Location Analytics in the amount of

$11,700.53 for the period of January 1, 2027 to June 30, 2027, and then $23,595.00 per year thereafter. Frontline's Location Analytics would support Central Bucks School District's redistricting and attendance boundary planning by bringing student enrollment, demographics, school boundaries, and building capacity into one interactive mapping platform. District leaders could model proposed boundary changes and evaluate their impact on enrollment distribution, facility utilization, and staffing needs before making recommendations. The platform's maps and visualizations would also help the District clearly communicate proposed changes, and the data informing those decisions, to the Board, families, and community.

The Committee agrees to move this request to the full board for a vote.

4.C. Approval of 10 Gbps Dedicated Backup Internet Access Service

Administration recommends the approval of a 36-month agreement with Zayo for 10 Gbps Dedicated Internet Access service for Central Bucks School District at a cost of $18,000.00 per year for three years, for a total contract value of $54,000.00. This service will serve as a backup Internet provider for the district in the event our primary provider experiences an outage. It will provide dedicated, high speed Internet connectivity to support district instructional, operational, and digital services during an internet outage. Term: 36 months; Annual Cost: $18,000.00; Total Contract Value: $54,000.00

The Committee agrees to move this request to the full board for a vote.

4.D. Approval of Investment Portfolio & Treasurer's Report for September 2026

Mrs. Markowitz presented the Financial Reports to the Committee. The Committee agrees to move this request to the full board for a vote.

4.E. Review of 2025-2026 Financial Results

Mr. Gehris informed the Board that he will be

presenting the 2025-2026 Financial Results at an upcoming School Board Meeting.

5. FINANCE INFORMATION ITEMS

5.A. Review of Budget Variance Report for 2026-2027 School Year

6. OPERATIONS RECOMMENDATIONS FOR APPROVAL AT NEXT SCHOOL BOARD MEETING

6.A. Approval to Award a three-year snow removal contract from public bid 2027.004 for five groups of schools using the equipment hourly unit cost pricing for snow removal services:
Group A: AH Cornell-$1,390/hour
Group B: GoreCon, Inc.-$1,825/hour
Group C: AH Cornell-$1,610/hour
Group D: Demusz Brother, Inc.-$1,225/hour
Group E: Effluent Retrieval Services-$1,275/hour
Administration seeks approval of the snow removal contractors Bid. The bid was advertised in the local papers and the district received sealed competitive bids from qualified snow removal contractors. The district requested hourly rate unit cost pricing for the six main types of equipment that are used for bulk snow removal from our driveways and parking areas. We are awarding the groups based on the contractor who provided the lowest hourly rate for the six main types of equipment.
The Committee agrees to move this request to the full board for a vote.

6.B. Approval of Carroll Engineering professional design services for the 2027 District Paving Restoration Project, including West School Zone modifications and pedestrian crossing improvements in the amount of $99,550.00
Administration is seeking approval of a professional services proposal from Carroll Engineering Corporation for design, bidding and construction administration services for the 2027 District Paving Restoration Project. The project includes two components for improvements at CB West. To meet requirements for the Realignment Land Development approval, the Court Street and

Lafayette Street parking lots will be repaved and repairs made to adjacent concrete sidewalks and curb ramps.
In addition, the Land Development approval required study of the West State Street School Zone and improving pedestrian access at Memorial Drive and MacFarlane Drive. The proposal includes design and permitting to extend the 15 MPH School Zone on West State Street, and a pedestrian-activated Rapid Flashing Beacon at the Memorial Drive and MacFarlane Drive intersection. Both improvements will benefit pedestrian access from Lenape Middle School and West High School along Memorial Drive.
The Committee agrees to move this request to the full board for a vote.

6.C. Approval of proposal from Bauder Audio for the upgrades and replacement of the CB South ($33,579.79) and CB West ($15,684.64) Gym Sound Systems.

Administration seeks approval of the proposals from Bauder Audio for the upgrade and replacement of the audio sound systems at the gyms of CB South and CB West High Schools. These systems are the oldest of the three high schools and the upgrades will allow for spectators to hear the announcers clearly during sporting events. We are targeting making these replacements prior to the December 4th start of competitive games for the winter sports season.
The Committee agrees to move this request to the full board for a vote.

6.D. Approval of Professional Services Engineering Review of the HVAC systems at CB East C-wing with Snyder Hoffman Associates, Inc. in the amount of $2,880.00

Administration seeks approval of an engineering study with Snyder Hoffman Associates, Inc. to assist the district in evaluating performance of the HVAC system operation in the C-Wing at CB East. There have been problems with airflow, temperatures, and equipment in the wing of this building which leads to uncomfortable spaces for teachers and students.
The Committee agrees to move this request to

the full board for a vote.

7. OPERATIONS INFORMATION ITEMS

7.A. Capital Project & Realignment Construction Project Updates

7.B. Update on Removal of Butler Modular Classroom Trailers

As part of the original contract for leasing modular classroom trailers, Mobile Modular will be preparing the modular trailers for removal from the site by disconnecting the fire alarms, sprinklers, electric service, and physical connections, including the ramp to Butler Elementary School. The district is responsible for the cost of the removal under the lease agreement. The Operations Department is working to obtain an estimate and plans to present the estimate to the board at the December 7th School Board Meeting.

8. TRANSPORTATION

8.A. Approval of First Student Transportation Drivers and Monitors

The Committee agrees to move this request to the full board for a vote.

8.B. Approval of Transportation Department's 2026-2027 Bus Routes and Stops

The Committee agrees to move this request to the full board for a vote.

9. ADJOURNMENT

The meeting was adjourned at 8:09 p.m.

Middle Bucks Institute of Technology Executive Council Meeting
Tuesday, October 6, 2026 at 5:30 PM

(Agenda items were taken out of order, however, are reported in the order shown on the agenda)

1. Opening Items

A. Call to Order

The regular meeting of the MBIT Executive Council was convened on Tuesday, October 6, 2026 at 5:31 PM by Mr. Flemming Godiksen, Chairperson, in Room 101 at Middle Bucks Institute of Technology.

B. Pledge of Allegiance

The Executive Council and all in attendance rose and recited the Pledge of Allegiance to the flag.

C. Roll Call

Executive Council Members Present
Ms. Katrina Filiatrault, Central Bucks S.D.
Mr. Flemming Godiksen, Centennial S.D.
Ms. Anne Horner, Council Rock S.D. (Via Zoom Video Platform)
Mrs. Karen Krieger, Centennial S.D.
Dr. Kathleen Maguire, Centennial S.D.
Mrs. Cheryl Rickert, Council Rock S.D.
Mrs. Karen Smith, Central Bucks S.D.
Mrs. Linda Szwedo, New Hope Solebury S.D.

Executive Council Members Absent
Ms. Susan Gibson, Central Bucks S.D.

Others in Attendance
Dr. Mark Covelle, Administrative Director
Dr. Lauren Doherty, Assistant Director
Dr. Matthew Gale, Career and Technical Education Supervisor
Mr. Jeffrey Garton, Esq., School Solicitor
Mrs. Roberta Jackiewicz, Assistant Board Secretary
Dr. Charles W. Lentz, Superintendent of Record, New Hope Solebury S.D.
Mr. Erik Malmberg, Information Technology Manager
Mrs. Cynthia Midgett, Career and Technical Education Supervisor - Curriculum & Instruction
Ms. Oksana Pomerlian, Business Manager

D. Introductions and Public Comment

There were no guests or public comment.

E. Executive Council Comments

There were no Executive Council comments.

F. Announcement of Prior Executive Session

Mr. Godiksen announced there was an Executive Session held immediately following the September 1, 2026, Executive Council meeting for legal matters.

G. Announcement of Executive Session

Mr. Godiksen announced there would be an Executive Session immediately following the meeting this evening for legal matters.

H. Middle Bucks Student Representative Report - Christian Pollock, Multimedia Technology

Student Representative, Christian Pollock reported that the first few weeks of school have been filled with enthusiasm as students return to their programs and begin another year of career and technical education. Two new dual enrollment courses, Introduction to Digital Marketing and Introduction to Medical Terminology, are being offered in partnership with Bucks County Community College, allowing students to earn college credits while still in high school.

MBIT's Adult Education program continues to serve the community, offering more than 20 courses this fall. These programs provide adults with opportunities to develop new skills, explore interests, and pursue additional career pathways.

Students across MBIT's programs are also participating in CPR training, gaining potentially life-saving skills and learning how to respond confidently in emergency situations. The Student Influencer Program continues to expand, with more than 40 new students selected, bringing total participation to more than 70 students, including returning members. Students will receive specialized training to lead tours, deliver presentations to stakeholders and sending schools, create social media content, and represent MBIT at various events. The program helps students develop leadership and communication skills while educating the community about their programs, career pathways, and future industries.

Preparations are underway for MBIT's annual Open House, scheduled for Thursday, November 12, from 6:00 to 8:00 p.m. The event will provide families with opportunities to tour programs, meet instructors, and speak with current students. The Occupational Advisory Committee meetings are scheduled for October 28, from 6:00 to 8:00 p.m., bringing industry professionals and instructors together to ensure programs remain aligned with current workforce and industry needs.

The presentation also highlighted October observances connected to MBIT's programs, including Dental Hygiene Month, Careers in Construction Month, Physical Therapy Month, and National First Responders Day. These observances recognize important career fields represented in MBIT's educational programs and the pathways available to students.

The Director congratulated Christian Pollock for being selected as the SkillsUSA Fall Leadership Outstanding Student in recognition of his leadership, commitment, and dedication to the organization. He will represent MBIT at the fall leadership event, where he will participate in leadership development activities.

2. Approval of Minutes & Events/Correspondence

A. Approval of Minutes - Executive Council - September 1, 2026
Motion by Dr. Kathleen Maguire, second by Karen Smith, to approve the minutes of the September 1, 2026 Executive Council meeting.
Final Resolution: Motion carries 8,0,0

B. Approval of Minutes - Executive Council Committee of the Whole - September 28, 2026
Motion by Dr. Kathleen Maguire, second by Karen Smith, to approve the minutes of the September 28, 2026 Executive Council Committee of the Whole meeting.
Final Resolution: Motion carries 8,0,0

C. Activities/Events/Correspondence
Motion by Dr. Kathleen Maguire, second by Karen Smith, to accept MBIT's update including activities/events, correspondence and related matters as attached.
Final Resolution: Motion carries 8,0,0

3. Committee Reports

A. Professional Advisory Council - Dr. Charles W. Lentz, Chairperson
Dr. Lentz reported that the Professional Advisory Council reviewed the meeting agenda, with no changes to the recommendations. The Director provided an update on the 2027–2028 enrollment process, noting that proposed adjustments are under consideration to make the process clearer and more transparent for students and families, support informed program selections, and encourage greater involvement from sending schools in communicating application and enrollment information.

The Superintendents were also informed that MBIT was selected to receive an LSA grant in the amount of $145,334 to pave the walkway on the school grounds. The next meeting, scheduled for October 26, will be held in a hybrid format, with an opportunity for the superintendents to attend in-person or online.

B. Executive Council Committee of the Whole - Mrs. Karen Smith, Vice-Chairperson
Mrs. Smith reported that the meeting, held during the week of September 28, included updates from the Technology and Facilities departments. Both departments were commended for their work preparing the building for the start of the school year. The refrigerator/freezer and HVAC projects were nearing completion, the snow removal RFP has been issued, and the custodial services contract was included on the meeting agenda. Work was also beginning on the front entrance security project, and the intercom project was nearly complete.

The Assistant Director provided updates on the comprehensive planning process, including gathering stakeholder feedback, with several surveys pending, and organizing student focus groups. The CTE Supervisor noted that pre-NOCTI exams were administered to establish baseline scores, helping identify areas of focus before students take the spring exams. The Supervisor of Curriculum and Instruction reported on meetings with teachers to establish instructional goals for the new school year. She also shared updates on the opening of the student-run salon on October 1 and the anticipated opening of the student-run restaurant in October.

The Executive Council discussed the renewal of the Bucks County Community College Articulation agreement, revisions to the school calendar previously reviewed the prior month, and various grants that were being pursued.

The Business Manager reported that the annual audits were in their final stages and that preparations for the upcoming budget process were underway.

4. Administrative Reports

A. Director's Update - Dr. Mark Covelle, Administrative Director

The Director reported that the student-run restaurant is scheduled to open the week of October 12, with plans to gradually expand service as students gain experience. Culinary students prepared pumpkin bread and vegetable trays for the meeting, highlighting their work and the opportunities available through the program.

The Director highlighted the success of MBIT's Student Influencer Program, including a medical and health student video explaining medical terminology that received more than 11 million views. The program provides students with training in school practices, expectations, and branding before they create content under teacher supervision. Student influencers may lead tours, participate in school visits, and develop social media content to showcase MBIT's programs and career pathways. The Director noted the importance of using these opportunities to share the school's story with a broader audience while monitoring online engagement appropriately.

An update was provided on the Local Share Account (LSA) grant, which will provide $145,334 to pave the walkway on the school grounds. The project has been under discussion for several years. The Director acknowledged the support of local officials and the Bucks County Redevelopment Authority in helping secure the funding.

MBIT hosted a regional work-based education group, during which the Assistant Director shared research from her doctoral work on new teacher development in career and technical education settings. The research has helped inform the school's approach to opening-day activities, professional development, and in-service programming.

The Director also reported on MBIT's participation in the Home Builders Association's annual job fair for career and technical students. Students attended with resumes, prepared questions, and professional attire, allowing them to engage with employers, learn about career opportunities, and meet local lawmakers. Feedback from participating businesses and the Home Builders Association was positive, with students praised for their preparation, professionalism, and ability to represent their programs. The Director recognized the teachers' additional work in maintaining relationships with the association and ensuring that programs meet industry standards.

A new mural featuring keywords associated with MBIT's "Ambition" theme was installed in a main hallway by a local artist. The project was completed over a long weekend and was intended to create a more welcoming and energetic environment for students and staff. The Director noted that the design uses paint and can be modified in the future as needed.

The Director reported that comprehensive planning continues, with teachers and stakeholder groups participating in committee meetings. Discussions have included MBIT's role in the

evolving use of artificial intelligence, future infrastructure and professional development needs, and the school's long-term direction over the next five to ten years. More than 500 survey responses have been received from students, families, business and industry partners, and representative groups. The planning committee is reviewing the results to identify common themes and priorities.

An update was also provided on MBIT's branding initiative. Feedback favored the third proposed design, although additional refinements were still underway. The Director expressed satisfaction with the progress on colors, fonts, and overall design and anticipated that the refreshed branding would be completed within the coming weeks.

Finally, the Director noted that preparations are underway for the upcoming budget and student application processes. MBIT is working to increase engagement with sending districts and ensure that the application and enrollment process is clear, transparent, consistent, and equitable, while remaining consistent with the school's Articles of Agreement.

5. Financial Reports

A. Cash Payments Report
Motion by Linda Szwedo, second by Dr. Kathleen Maguire, to accept Cash Payments Report - September
Final Resolution: Motion carries 8,0,0

B. Treasurer's Report
Motion by Linda Szwedo, second by Dr. Kathleen Maguire, to accept Treasurer's Report - August
Final Resolution: Motion carries 8,0,0

6. Personnel Items

A. Employment - Co-op Student
Motion by Cheryl Rickert, second by Karen Smith, to approve the part-time employment of Whitney Talbot, student in the Commercial Art & Advertising Design program, as a co-op Media Associate, to assist with marketing, at a rate of $15.00/hour, with statutory benefits only, effective October 7, 2026.
Motion carries 8,0,0

B. Employment - Co-op Students
Motion by Cheryl Rickert, second by Karen Smith, to approve the part-time employment of Winnie Chan, student in the Commercial Art & Advertising Design program, as a co-op Media Associate, to assist with marketing, at a rate of $15.00/hour, with statutory benefits only, effective October 7, 2026.
Motion carries 8,0,0

C. Additional Adult Education Evening School Programs and Staff - Fall 2026
Motion by Cheryl Rickert, second by Karen Smith, to approve the additional fall 2026 Adult Education Evening School programs and the employment of the Adult Education Evening School staff.
Motion carries 8,0,0

7. Other Matters for Consideration

A. Conference Attendance
Motion by Cheryl Rickert, second by Dr. Kathleen Maguire, to approve the presenters / attendees for the Association for Career & Technical Education (ACTE) CareerTech VISION 2026 conference to be held in New Orleans, Louisiana on December 2-5, 2026.
Final Resolution: Motion carries 8,0,0

B. Out of State Professional Development
Motion by Cheryl Rickert, second by Dr. Kathleen Maguire, to approve the out of state professional development.
Final Resolution: Motion carries 8,0,0

C. Additional Field Trips
Motion by Cheryl Rickert, second by Dr. Kathleen Maguire, to approve the additional field trip for the 2026-2027 school year.
Final Resolution: Motion carries 8,0,0

D. Local Advisory Council Meeting Minutes
Motion by Cheryl Rickert, second by Dr. Kathleen Maguire, to receive and file the May 22, 2026 Local Advisory Council meeting minutes.
Final Resolution: Motion carries 8,0,0

E. Global Compliance Network Online Training Renewal
Motion by Cheryl Rickert, second by Dr. Kathleen Maguire, to approve the renewal of the Global Compliance Network online training 11/1/26 - 10/31/27, at a cost of $756.00.
Final Resolution: Motion carries 8,0,0

F. Corrected Revised 2026-2027 School Calendar
Motion by Cheryl Rickert, second by Dr. Kathleen Maguire, to approve the corrected revised MBIT 2026-2027 school calendar as attached.
Final Resolution: Motion carries 8,0,0

G. Articulation Agreement - Bucks County Community College
Motion by Cheryl Rickert, second by Dr. Kathleen Maguire, to reapprove the Articulation Agreement between Middle Bucks Institute of Technology and Bucks County Community College - Commercial Art & Advertising Design, Culinary Arts & Science, Early Childhood Education, Engineering Related Technology, Medical & Health Professions, Multimedia Technology, Networking & Operating Systems Security, Public Safety, Sports Therapy & Exercise Management, and Web Design & Interactive Media.
Final Resolution: Motion carries 8,0,0

H. MOU - Special Education Services - MBIT and Districts
Motion by Cheryl Rickert, second by Dr. Kathleen Maguire, to reapprove the Memorandum of Understanding regarding special education services between Middle Bucks Institute of Technology and Central Bucks School District, Centennial School District, Council Rock School District, and New Hope Solebury School District.
Final Resolution: Motion carries 8,0,0

I. LSA Grant
Motion by Cheryl Rickert, second by Dr. Kathleen Maguire, to accept the Local Share Account (LSA) Statewide Grant in the amount of $145,335 from the Department of Community and Economic Development (DCED) in cooperation with the Bucks County Industrial Development Authority for the MBIT Walking Path.
Final Resolution: Motion carries 8,0,0

J. Microsoft Products
Motion by Cheryl Rickert, second by Dr. Kathleen Maguire, to approve the purchase of services through the Bucks County Intermediate Unit #22 for Microsoft products as per the Microsoft Enrollment for Education Solutions Agreement at a cost of $7,166.88 for 2026-2027.
Final Resolution: Motion carries 8,0,0

8. Closing Items

A. Adjournment
Motion by Linda Szwedo, second by Dr. Kathleen Maguire to adjourn the October 6, 2026 meeting of the MBIT Executive Council at 6:06 PM.
Final Resolution: Motion carries, 8,0,0

There was an Executive Session immediately following the adjournment of the meeting this evening for legal matters.

Our Commitment to Central Bucks

Zayo delivers secure, scalable connectivity that supports learning, district operations, and future-ready digital services.

4. VENDOR COMMENTS / EXCEPTIONS

CENTRAL BUCKS SCHOOL DISTRICT
MEMORANDUM OF UNDERSTANDING
Between the Board of School Directors for the Central Bucks School District and the Central Bucks Education Association

On this ___ day of _____ 2026, this Memorandum of Understanding (hereinafter referred to as the "MOU") is entered into by and between the Central Bucks Education Association ("CBEA") and the Central Bucks School District, ("District").

As an agreement brought forth to settle a grievance filed by the Association regarding denials for extensions of child-rearing leave, both the CBEA and the District agree to the following MOU. The language in this MOU shall be enforced upon ratification by both parties and shall replace ARTICLE VII. LEAVES OF ABSENCE of the current collective bargaining agreement in the successor agreement.

ARTICLE VII LEAVES OF ABSENCE

A. LEAVE PURSUANT TO THE FAMILY AND MEDICAL LEAVE ACT of 1993.

1. **Family Medical Leave Entitlement.** Employees are entitled to leave pursuant to the Family and Medical Leave Act of 1993 ("FMLA"), subject to the eligibility requirements of the Act and the conditions set forth in the District's policy implementing the Act. Leave under FMLA is not provided in addition to other leave options available under this Article. Employees must apply for the leave through the Human Resources Department and receive District approval.
2. **Concurrent Leaves.** If eligible for leave under FMLA, all paid and unpaid leaves of absence run concurrently with FMLA.
3. **Eligibility for Unpaid Leave Concurrent with FMLA.** To be eligible to request an unpaid leave of absence which runs concurrently with an FMLA period, an employee must have completed one (1) year of full-time professional employment and/or have been back to work from previous leave for at least one full year before the employee may apply for another unpaid leave. All paid leaves of absence run concurrently with FMLA, if applicable.
4. **Use of Sick Leave Days During FMLA.**
    a. Paid Sick Leave Days may only be used during leave under FMLA if the reason for the leave under FMLA is eligible for the use of Paid Sick Leave Days.
    b. An employee on leave under FMLA may hold up to five (5) illness days in their bank for illnesses that may arise upon return from leave. If applicable, this will extend the short-term disability elimination period by the same number of workdays. Employees who qualify for disability due to maternity/childbirth may exclude up to ten (10) sick days from the elimination period to qualify for short term disability.
5. **Continued Benefits During FMLA.** During the FMLA period medical benefits will continue at the normal employee share (the employee will be invoiced if in unpaid FMLA status). Payroll deductions for medical benefits will be taken during any paid time. An employee with unpaid time within the FMLA period will be invoiced for the employee share.
6. **Continued Leave After FMLA Period Expires.** If an employee exhausts their leave under FMLA, but the reason necessitating FMLA remains, the Employee may request unpaid leave for less than an entire year. The request must, at a minimum, be for the remainder of, or for an entire semester/trimester. The employee shall be offered continued health under the district group plan. The employee pays the full plan premium (employee plus employer share).

B. UNPAID LEAVE.

1. **Unpaid Leave for Purposes Other than Child-Rearing and not covered under FMLA.**
    a. **Eligibility.** An employee may request an Unpaid Leave of absence for a good and sufficient reason unrelated to FMLA. The leave year shall count as a null (zero) year and will not count towards step movement, seniority, pension, or any other benefit. This request shall be made through the Human

Resources Department and must be approved by the Board of School Directors. The Board shall have discretion to grant or deny the leave.

b. **Initial Request and Duration of Leave.** Requests for an Unpaid Leave under this section must be submitted by April 1 for consideration for the following school year. The request must encompass one entire school year. The Leave shall normally commence and terminate with the beginning of the school year in September, except for unique and/or extenuating circumstances.

c. **Health Care Benefits During Leave.**
   i. Employees on approved Unpaid Leaves of Absence not covered under FMLA section shall not be considered active employees of the school district during the period of the leave and shall not be entitled to any benefits granted to active employees including, but not limited to salary, fringe benefits, sick leave, personal leave, or other types of paid benefits which are granted to active Employees.
   ii. The employee shall be allowed to remain a member of District group insurance plans, including medical, prescription drug, dental, vision, and voluntary life insurance at their own expense. If the employee elects to continue as a member, the employee shall make monthly payments for the invoiced amount to the District at 100% of the full cost of the premiums.

d. **Return to Active Employment.**
   i. **Reinstatement of Benefits.** Upon return to active employment, immediately upon the expiration of the board-approved Unpaid Leave of Absence, seniority, accumulated sick leave, and full participation in all the benefits of employment shall be restored to said employee and such employee shall be assigned to a position in the same building for which the employee is certified, subject to the District's right to transfer employees under Article XI, Section G. of this contract.
   ii. **Non-Return.** An employee who does not return upon expiration from a board-approved Unpaid Leave of Absence shall be determined to have resigned as of the date such authorized leave commenced. However, the Board may waive the provision of this subsection. The Board's decision shall not be subject to the grievance procedure, nor does it constitute a practice.

2. **<u>Unpaid Leave for Child-Rearing Purposes.</u>**

a. **Eligibility.** Any employee who is expecting the birth of a child, or who expects to adopt a child, and who wishes to continue employment following a period of absence taken for the purpose of rearing a child, shall be eligible for an Unpaid Leave for Child-Rearing Purposes.

b. **Initial Request for Child-Rearing Leave.**
   i. Except for extenuating circumstances, the employee must submit the request for such leave to the Office of Human Resources no later than ninety (90) days prior to the effective date of leave. Requests shall not be unreasonably denied.
   ii. The written request shall specify the expected date of birth or adoption of the child and specify the proposed period of leave.

c. **Duration of Leave.**
   i. Start of Leave.
      1. The first day of Child-Rearing Leave shall begin on the first day the eligible employee enters unpaid status, following the exhaustion of any applicable paid leave used during the employee's FMLA and/or disability period.
      2. The disability period for natural birth is six (6) weeks, equal to forty-two (42) days. The disability period for cesarean section delivery is eight (8) weeks, equal to fifty-six (56) days.
   ii. Maximum Length of Leave.

1. **Secondary Employee Duration.** An eligible secondary employee shall be entitled to an unpaid leave of absence for a period not to exceed three (3) semesters for the purpose of child-rearing. The semester during which the unpaid leave begins will be counted as the first full semester toward the maximum amount of leave.
2. **Elementary Employee Duration.** An eligible elementary employee shall be entitled to an unpaid leave of absence for a period not to exceed five (5) trimesters as long as the fifth (5^{th}) trimester does not return the employee to work in the last trimester of the year. The trimester during which the unpaid leave begins will be counted as the first full trimester toward the maximum amount of leave.

d. **Request for an Extension of Child-Rearing Leave.** Should the employee desire to extend their unpaid Child-Rearing Leave beyond the initial approved leave period, the employee may submit one (1) extension request, which must be received by the District at least forty-five (45) calendar days prior to the first day of the return to work at the conclusion the original leave. The Board shall not unreasonably deny any such request. Any requests not received by the district by the forty-five (45) day deadline shall not be considered and is not subject to the grievance process.

e. **Request for Early Termination of Child-Rearing Leave.** An employee who wishes to terminate the leave prior to the approved end date may request approval of an earlier termination date. Any approved early termination date must coincide with the beginning of a trimester or semester, as applicable to the employee's grade level. This request must be submitted to the Human Resources Department no later than forty-five (45) days prior to the original end date of the leave. Reinstatement at an early termination date is contingent upon the existence of a vacancy for which the employee is certified. A position held by a long-term substitute is not considered a vacancy for purposes of early termination.

C. OTHER

1. Effective 2019-2020, school year employees shall be limited to no more than three (3) consecutive years of job sharing.
2. The District will provide one overlap day between a long-term substitute and a member when the member takes a planned leave during the school year of longer than ten (10) days. In extenuating cases, with administrative approval, a second overlap day may be provided.

MEMORANDUM OF UNDERSTANDING

On this ____ day of _____, 2026, this **MEMORANDUM OF UNDERSTANDING** (hereinafter referred to as the "MOU") is entered into by and between the Central Bucks Transportation Association (hereinafter referred to as the "CBTA") and the Central Bucks School District (hereinafter referred to as the "District").

WHEREAS, the District and CBTA are parties to a Collective Bargaining Agreement for the period of July 1, 2025 through June 30, 2029 (hereinafter referred to as "CBA"); and

WHEREAS, Article 5, Conditions of Employment: Drivers, Subsection 2 to the CBA provided for the transportation of students for field and sporting trips exclusively by CBTA bargaining unit members.

WHEREAS, the District and CBTA wish to clarify Article 5, Section 2, Subsection (a) of the CBA regarding the circumstances under which contracted services may be utilized solely for field and sporting trip transportation.

NOW, THEREFORE, the District and CBTA hereby mutually agree that the District may use the services of any contracted third-party vendor, including but not limited to Superior Bus Service, Inc. or Zum Services, Inc. (hereinafter referred to as "third-party vendor"), for field and sporting trips after such trips have been made available for bidding and no driver, including full-time drivers, substitute drivers, and floaters, submits a bid.

1. Daily school bus routes are performed between 6:30AM to 9:15AM and 2:00PM to 4:30PM (hereinafter referred to as "regular transportation window"). All trips, including field and sporting trips, will be posted for bid. Drivers may bid on posted trips. The district will make a reasonable effort to award trips to bargaining unit members. Award of trips will be subject to transportation department final approval based on district routing needs. If no driver, including

full-time drivers, floaters, and substitute drivers, submits a bid, or the trip remains unassigned, the trip will be sent to the third-party vendor.

2. Before assigning the field and sporting trips to bargaining unit members or the third-party vendor, the District will, in its sole discretion, make a reasonable effort to reschedule the trips to occur outside the regular transportation window, when operationally feasible, so that bargaining unit members have a greater opportunity to bid on the trips through the normal bidding process.

3. Current ARTICLE 5 – CONDITIONS OF EMPLOYMENT: DRIVERS, Section 2. FIELD AND SPORTS TRIPS, C. Rotating Bid Lists, 4. Shall be struck from the current CBA: ~~Full-Time Drivers holding a Regular Route are disqualified from bidding on any work when the times conflicts with the times as specified in Edulog.~~

4. All other terms and provisions of the CBA, including all other terms and definitions contained in Article 5, Section 2, remain unaltered and shall continue in full force and effect.

5. Nothing in this MOU shall be construed to establish a precedent or past practice by either the District or CBTA.

6. CBTA and its Members waive any right they may have to file a grievance in connection with the subject matter of this MOU, except to the extent that such grievance is filed seeking enforcement of the District's obligations under the terms of this MOU. Any currently filed grievances will be recalled.

7. This MOU constitutes the full and complete understanding between the District and CBTA regarding the modification of the Collective Bargaining Agreement between the Central Bucks School District and the Central Bucks Transportation Association on Behalf of Their Bargaining Unit Members, July 1, 2025 – June 30, 2029, as it relates to circumstances under which

the District may outsource student transportation services for field and sporting trips where no bargaining unit driver bids on an available field and sporting trip. Any attempt to modify or amend this MOU shall be effective only upon the execution of a written document by all parties hereto embodying such changes as have been agreed upon. Any prior written agreements, documents, contracts, or writings of any kind between the parties relating specifically to the issues addressed in this MOU are superseded by this MOU. Neither party hereto has made or relied upon any statement, representation or warranty not expressly set forth herein as an inducement to enter into this MOU.

8. If any portion, segment or part of this MOU is deemed unenforceable by a court of law, the remaining portions, segments or parts of this MOU shall remain in full force and effect.

9. This MOU shall be governed by and construed in accordance with the laws of the Commonwealth of Pennsylvania.

IN WITNESS WHEREOF, the undersigned have executed this Memorandum of Understanding as of the day and year first above written.

Memorandum of Understanding
Health Professions Volunteer Experience

This Memorandum of Understanding ("MOU") is made and entered into by and _____ School District ("School") and St. Luke's Health Network, Inc. d/b/a St. Luke's University Health Network ("Network") on behalf and for the benefit of itself and its hospital affiliates (each and collectively, the "Facility") as of this _____ day of _____, 2026.

School is a public school district operating co-educational schools for grades K-12. School provides a health professions program for its high school students that combines classroom learning with volunteering in the health care setting designed to prepare students for post-secondary education ("Program").

The Network provides educational and volunteer experiences for appropriate students and desires to provide such experiences for qualified School students enrolled in the Program ("Students"), subject to the terms of this MOU.

The Network and School, intending to be legally bound, agree to the following terms:

1. Volunteer Experience. From time to time, the Network will provide volunteer experiences to a mutually agreed upon number of Students at the Facility as determined to be appropriate by the Facility and School. The School will not send any instructors or supervisors ("Instructors") to accompany the Students without a written amendment to this MOU which includes, without limitation, a requirement that Instructors shall be bound to comply with any applicable policies and directions of the Facility communicated to the Instructors or School. The Facility will provide appropriate personnel regarding the Students' volunteer experience. Students will participate in the volunteer experience at the Facility at such dates and times mutually agreed upon by the parties. Notwithstanding the foregoing, School agrees that in connection with its activities under this Agreement, it will do what is reasonably necessary in order to prevent itself, its Students or its Instructors from in any way interfering with the operations and provision of patient care at the Facility. School shall provide any information requested by the Network or the Facility, relating to a Student or the assignment hereunder, subject to School's obligation to comply with the Family Educational Rights and Privacy Act (20 U.S.C. 1232g) and the implementing regulations (34 CFR Part 99 ("FERPA") and the Network's confidentiality obligations as set forth in Paragraph 3.B. below. The Network acknowledges and agrees that if it requests any Student's "educational records" as such term is defined by FERPA, School has no obligation to release such material without consent of the Student's parent/legal guardian.

2. Student Responsibilities. Each Student shall have on record with the School or provide directly to the Network upon the Network's request, any health and background screening required by the Network prior to participating in the volunteer experience hereunder. Each Student shall participate in an orientation to the Facility and the Network's policies, and is expected to comply with the Facility's and Network's applicable policies, and any instructions or directions provided to the Student in connection with their volunteer experience. The Students shall not use or disclose any patient information learned or observed at the Facility. Any breach by a Student of the foregoing shall be grounds for immediate dismissal of such Student or termination of this MOU by the Network. No Student may publish any material regarding the Facility or the Network or their experience hereunder without the express prior written consent of the Network. School agrees to remove a Student from assignment at the request of the Facility if the Facility has determined such removal will be in the best interest of the Facility. Notwithstanding the foregoing, the Facility will have the right at any time to take whatever action it deems necessary in its sole discretion, including the barring of a Student from its premises, in order to

ensure the safety and welfare of its patients and to maintain the operation of its facilities free from disruption. In the event that Facility or Network removes a Student it shall notify the School's designated representative by phone and email within one (1) week of such event.

3. Responsibilities of Network - Clearances and Confidentiality.

A. Network Clearances Responsibilities. The Network represents and warrants that it has obtained a state and federal criminal background check of its personnel responsible for coordinating the Students' experience under this MOU that are sufficient to satisfy the requirements of the Pennsylvania Public School Code and the Pennsylvania Child Protective Services Law. The Network shall not permit any such personnel to participate under this MOU if the Network has knowledge that any such personnel has been arrested for or convicted of any reportable offense as enumerated in 24 P.S. §§ 1-111(e) and/or 1-111(f.1), or named in the statewide database as the alleged perpetrator in a pending child abuse investigation or as the perpetrator of a founded report or an indicated child abuse report.

B. Network Confidentiality Responsibilities.

The Network acknowledges that Students' educational records are protected by FERPA. The Network will use reasonable efforts to maintain in confidence any information regarding Students created or maintained by the Network, and will not disclose such information to a third party unless requested to do by the Student, or required by applicable law. This provision shall continue after the expiration of this MOU for such time as is required by applicable law.

4. Term. The term of this MOU will begin on the date stated above, and continue through the last day of the then current school year, and thereafter automatically renew for additional annual periods, unless, at any time during the term (a) the Facility or the Network is not permitted, or determines it is not in the best interest of the Facility or the Network to continue its participation in the Program for any reason and shall provide notice to School thirty (30) days prior to termination unless it is inadvisable or impossible to provide said notice, or (b) School terminates this MOU or does not or cannot fulfill any of its obligations under this MOU and does not or cannot cure that failure within thirty (30) days of the Network's notice to School.

5. Insurance. School shall maintain (a) commercial general liability insurance in minimum amounts of $1 million per occurrence and $3 million aggregate, (b) workers' compensation insurance as required by law, and (c) employer's liability insurance in minimum amounts of $500,00 each accident, $500,00 disease per employee and $500,000 disease in the aggregate. The Network shall maintain (a) medical professional liability insurance in minimum amounts of $1 million dollars each medical incident and $3 million aggregate, (b) commercial general liability insurance in minimum amounts of $1 million per occurrence and $3 million aggregate, (c) workers' compensation insurance as required by law, and (d) employer's liability insurance in minimum amounts of $1 million each accident, $1 million disease per employee and $1 million disease in the aggregate.

6. Indemnification. School agrees to indemnify and hold harmless the Network and its affiliates and their officers, trustees, invitees, employees, and agents from and against any liability, damages, claims, costs, charges or expenses (including reasonable attorneys' fees) to the extent arising from the negligence, gross negligence, or willful misconduct of School and/or its employees and/or agents, including without limitation, Instructors (if any) and Students. The Network agrees to indemnify and hold harmless School and its employees and agents from and against any third party liability, damages, claims, costs, charges or expenses (including reasonable attorneys' fees) to the extent arising from the negligence, gross negligence, or willful misconduct of the Network and/or its employees and/or agents. No indemnification agreed to between the parties shall expose the School to greater liability than what it

would be exposed to under the Pennsylvania Political Subdivision Tort Claims Act if the School alone were liable.

7. Publicity. School shall not advertise, market, or publicize the Program or the participation of the Network or any Facility, or use the Network's or any Facility's logos or marks, unless specifically agreed to in writing by the Network.

8. Health Directives. Notwithstanding anything to the contrary whether with respect to required notices or otherwise, due to directives from a government agency or guidance established by a state or federal health agency, the Network and/or the Facility may, without liability to School or any Student, (a) establish additional requirements to permit Instructors (if any) and/or Students to participate in the Program at any Facility, (b) modify the schedule for the Program, and/or (c) temporarily suspend the Program. The Network will advise School if and when such additional requirements, modification, and/or suspension is no longer required.

9. Required Forms. If in conjunction with the Program or otherwise, School, the Network, any Facility, and/or the Student are required or requested to complete forms provided by the School, pursuant to the requirements of the Pennsylvania Department of Education or any School policy ("Required Forms"), the parties acknowledge and agree that notwithstanding anything to the contrary in the Required Forms, (a) the Network's Director of Volunteer Services and Volunteer Services personnel coordinating the experience hereunder will be identified as the personnel supervising Students, and (b) no terms or obligations therein shall expand, limit, or otherwise modify the terms of this MOU or any obligations of a party or the Student under this MOU.

10. Dispute Resolution. The parties shall first discuss and negotiate any disputes that arise under this MOU with a view toward settlement and disposition thereof. Contractual disputes that cannot be resolved by the parties shall be submitted to binding arbitration with a mutually agreed upon arbitrator , before one neutral arbitrator, with the laws of the Commonwealth of Pennsylvania being applied. The parties hereby consent to the holding of arbitration in Lehigh County, Pennsylvania, and consent to the jurisdiction of the courts of the Commonwealth of Pennsylvania for the enforcement of these provisions and the entry of judgment on any award rendered hereunder. Should the chosen court of the Commonwealth of Pennsylvania for any reason lack jurisdiction, any court with jurisdiction shall enforce this provision and enter judgment on any award. The arbitration proceedings, together with all discovery made pursuant thereto and statements or documents exchanged by the parties in connection therewith, shall be kept confidential and shall only be used by such parties in connection with the arbitration proceedings. THE ARBITRATOR SHALL NOT AWARD ANY PARTY PUNITIVE OR EXEMPLARY DAMAGES, AND EACH PARTY HEREBY IRREVOCABLY WAIVES ANY RIGHT TO SEEK SUCH DAMAGES. All costs of arbitration shall be evenly divided between the parties, exclusive of each party's legal fees, each of which shall be borne by the party that incurs them. This provision shall survive the termination or expiration of this MOU for any reason, and may be enforced by a party after such event.

11. Miscellaneous. Each party shall comply with all applicable laws and regulations relating to its participation in the Program and its obligations under this MOU. The parties shall be independent contractors to each other, and this MOU does not create a joint venture, partnership, or employer-employee relationship. The introductory paragraphs to this MOU are deemed a part of this MOU. Any waiver of a term of this MOU shall not be deemed a future or continuing waiver of such term or any other term. This MOU may only be modified in writing, signed by both parties. This MOU is the entire agreement of the parties with respect to its subject matter, and supersedes any prior or contemporaneous agreement or understanding.

Authorized representatives of the parties have executed this MOU as of the date first written above.

Thomas M. Hanna, P.E.
Capital Projects Manager
Central Bucks School District
320 West Swamp Road
Doylestown, PA 18901

Subject: Professional Services Proposal
Central Bucks West 2027 Summer Paving Project
Borough of Doylestown, Bucks County, PA

Dear Mr. Hanna:

Carroll Engineering Corporation (CEC) is pleased to submit this professional engineering services proposal for the subject project. The site is situated in the R-2 – Residential-2 Zoning District per the Borough of Doylestown Zoning Map.

As we understand it, Central Bucks School District (hereinafter referred to as Client) wishes to repave the two (2) existing parking lots adjacent to Court Street and Lafayette Street, and to remediate the accessible curb ramps at the corner of MacFarlane Lane and Lafayette Street.

CEC proposes to provide services in accordance with the following Scope of Work and Fee Proposal.

I. SCOPE OF SERVICES

A. SURVEY & BASE PLAN

The survey and base plan prepared for the previous school addition and traffic improvement projects will be utilized as the base plan for this project.

The exterior work that was completed in 2026, adjacent to the new building entrance on MacFarlane Lane, will require a topographic and existing features survey to confirm as-built elevations and accessible path of travel compliance.

B. TRAFFIC ENGINEERING

CEC will provide engineering design, permitting, and bidding services associated with the proposed pedestrian and traffic control improvements serving Central Bucks High School West. Services will include the following:

Task 1 – Memorial Drive/MacFarlane Lane RRFB Design

CEC will update the partially completed design for the proposed Rectangular Rapid Flashing Beacon (RRFB) at the intersection of Memorial Drive and MacFarlane Lane. The revised design will incorporate four (4) RRFB pedestals in lieu of the previously proposed two (2) pedestals to accommodate pedestrian crossings on both approaches of Memorial Drive.
Services will include:

- Review the partially completed RRFB design and incorporate the revised four-pedestal configuration.
- Revise the RRFB equipment locations, signing, pavement markings, and other associated design elements, as required.
- Evaluate pedestal locations relative to the proposed pedestrian crossings, curb ramps, sidewalks, utilities, right-of-way, and other existing or proposed features.
- Review the proposed pedestrian improvements for compliance with applicable ADA and Public Right-of-Way Accessibility Guidelines (PROWAG) requirements.
- Review available utility information and identify potential conflicts affecting the proposed pedestal, curb ramp, conduit, and related improvement locations.
- Prepare revised plans, construction details, and technical specifications, as applicable, suitable for agency review, bidding, and construction.
- Perform a constructability review of the proposed improvements within the available right-of-way and project limits.
- Prepare final quantities and an opinion of probable construction cost.
- Address reasonable review comments and prepare final revised plans.

Task 2 – West State Street Flashing Beacon Design

CEC will prepare design plans for a new flashing warning beacon along northbound West State Street (SR 3002) between Progress Drive and Memorial Drive.

Services will include:

- Evaluate the proposed beacon location and existing roadway conditions.
- Develop the proposed beacon configuration, including supporting traffic control signing, equipment, and associated improvements.
- Review available utility and right-of-way information relative to the proposed installation.
- Prepare plans, construction details, and technical specifications, as applicable, suitable for agency review, bidding, and construction.
- Coordinate the proposed improvement with the other planned traffic and pedestrian improvements serving Central Bucks High School West.
- Prepare final quantities and an opinion of probable construction cost.
- Address reasonable review comments and prepare final design plans.

Task 3 – PennDOT Permitting and Coordination

CEC will provide engineering and coordination services necessary to obtain applicable PennDOT approvals for the proposed improvements.

Services will include:

- Perform an on-call review of the design for compliance with applicable PennDOT and accessibility requirements.
- Prepare and submit applicable PennDOT Highway Occupancy Permit (HOP) application materials for work within PennDOT right-of-way, including plans, supporting documentation, and exhibits.
- Prepare a School Zone Speed Limit Engineering and Traffic Study (PennDOT Form TE-112) for the proposed extension of the existing school zone along West State Street (SR 3002), including evaluation and documentation of the proposed school-zone limits and submission to PennDOT District 6-0 for approval.
- Coordinate with PennDOT, Central Bucks School District, Doylestown Township, and Doylestown Borough throughout the review and permitting process, including attendance at meetings, responses to reasonable review comments, and preparation of revised submissions, as necessary to obtain applicable approvals.

Task 4 – COSTARS Procurement

CEC will prepare the final design documents for the Memorial Drive/MacFarlane Lane RRFB improvements described under Task 1 and the West State Street flashing beacon improvements described under Task 2, with the understanding that Central Bucks School District intends to procure construction through the Pennsylvania COSTARS cooperative purchasing program, provided the proposed work is eligible. CEC will prepare final plans, applicable technical specifications, quantities, and an opinion of probable construction cost suitable for use by the District in coordinating the work with an eligible COSTARS contractor. CEC will provide reasonable coordination and technical clarification during the procurement process.
The scope does not include preparation or administration of a separate public bidding process, including bid documents, advertising, pre-bid meetings, addenda, bid evaluation, or award recommendations. If the improvements cannot be procured through COSTARS, CEC can prepare an addendum for the necessary bidding assistance at that time.

Task 5 – Construction Services

CEC will provide limited construction-phase services associated with the proposed improvements.

Services will include:

- Attend one pre-construction meeting with the District, contractor, and applicable project stakeholders.
- Provide reasonable engineering consultation during construction to address questions directly related to the design plans.
- Review up to three (3) contractor pay applications and provide recommendations to the District regarding payment based on available project information and observed construction progress.
- Attend one final project meeting/site review upon substantial completion of the improvements and identify observable items requiring correction or completion.

Services outside the scope described herein will be performed only upon authorization by the District and will be billed in accordance with CEC's applicable rate schedule.

Assumptions

The scope of services and associated fee are based on the following assumptions:

- CEC will utilize available survey, base mapping, utility information, right-of-way information, and other existing project information developed as part of the previous Central Bucks High School West assignments.
- The RRFB scope is limited to revising the partially completed design to accommodate the four-pedestal configuration and pedestrian crossings on both approaches of Memorial Drive. Evaluation of alternate crossing locations is not included.
- The West State Street flashing beacon design will be limited to one northbound installation between Progress Drive and Memorial Drive.
- The proposed school-zone work will be limited to evaluating and documenting an extension of the existing school zone along West State Street (SR 3002).
- Final equipment types, locations, and operating requirements will be coordinated with the applicable reviewing agencies during design.
- Design will be based on available mapping, utility and right-of-way information, and readily observable field conditions.
- Reasonable agency review comments and associated design revisions are included in the scope.
- Central Bucks School District, Doylestown Township, and/or Doylestown Borough will execute permit applications and other documents requiring owner or municipal authorization, as applicable.
- PennDOT application, inspection, and other agency fees, if applicable, will be paid directly by the District and are not included in CEC's fee.
- The project is assumed to be procured through the Pennsylvania COSTARS program. If COSTARS procurement is not feasible, additional bidding assistance can be provided under an addendum to this proposal.
- Construction-phase services are limited to those specifically identified under Task 5, including attendance at one pre-construction meeting and one final project meeting/site review.

Exclusions

Unless specifically authorized as an additional service, the following are excluded from this scope:

- Topographic, boundary, or right-of-way survey.
- Subsurface utility engineering, utility test pits, or utility relocation design.
- Geotechnical investigations.
- Environmental studies or permitting.
- Right-of-way or easement acquisition.
- Significant roadway reconstruction or geometric modifications beyond those necessary to accommodate the proposed improvements.
- Design of improvements at locations other than those specifically identified herein.
- PennDOT application, inspection, or other agency fees.
- Additional traffic studies, engineering analyses, or documentation not specifically identified herein that may subsequently be requested by PennDOT or another reviewing agency.
- Full-time or part-time construction inspection, resident project representation, and routine construction observation.
- Construction progress meetings or additional site visits beyond those specifically identified under Task 5.
- Review of contractor change orders, construction schedules, or claims.
- Shop drawing preparation or detailed review of contractor means, methods, or construction sequencing.
- Preparation of record drawings or as-built plans.
- Temporary traffic control plans.
- Significant redesign resulting from changes to the project scope or configuration after design has progressed.
- Additional improvements or substantial redesign required by PennDOT, the School District, Doylestown Township, Doylestown Borough, or other reviewing agencies that materially expand the scope described herein.

C. ADDITIONAL TRAFFIC ENGINEERING SERVICES

CEC provided engineering services to Central Bucks School District for the CB West High School Traffic Study. During the course of the project, CEC performed additional engineering services associated with addressing review comments and correspondence from Gilmore & Associates that were beyond the scope of the original authorization. At the District's request, the additional services are itemized below:

1. July 23, 2025 Comment Letter

CEC performed engineering services to review and address comments provided by Gilmore & Associates, including supplemental engineering analysis, evaluation of supporting technical information, and development of appropriate responses. Updated and revised the report and associated appendices to incorporate the results of the additional analysis and address the review comments. Prepared and submitted the revised report on August 8, 2025.

2. August 15, 2025 Comment Letter & November 24, 2025 Correspondence

CEC performed additional engineering services associated with comments received from a new Gilmore & Associates reviewer. Work included review and evaluation of the comments, supplemental engineering analysis, evaluation of supporting technical information, and preparation of detailed responses. Revised the report and associated appendices as necessary to address the additional comments and submitted the revised report on June 18, 2026

3. November 24, 2025 Parking Lot Design

CEC performed additional engineering and design services associated with the reconfiguration of the senior parking lot (formerly the staff parking lot). Services included development and evaluation of initial layout concepts, preparation of preliminary plans, coordination with the School District regarding the proposed improvements, and subsequent plan revisions to address District comments and concerns. Prepared final plans incorporating the requested modifications and resulting design changes.

D. CIVIL ENGINEERING

4. Construction Documents

Plans will be prepared for use in bidding and construction of the proposed scope of work. The layout shall be based on the instructions from the October 15th, 2026, site visit. A maximum of two (2) minor revisions are included based on a pre-bidding site visit and client plan review. In addition, the Court Street Parking Lot Curb Construction & Pavement Marking plans previously submitted to the School District will be included.

a. We anticipate preparing the following plans:

1) Overall Site Improvement Plan
2) Site Improvement Plan
3) Overall Existing Features/Demolition Plan
4) Existing Features/Demolition Plan
5) Overall Grading Plan

6) Grading Plan
7) Erosion and Sediment Control Plan, Notes, & Details (if necessary)
8) Site Construction Details
9) Court Street Parking Lot Curb and ADA Construction Plan
10) Court Street Parking Lot Pavement Marking Plan

b. Quantity Take-Off

We will prepare a construction quantity tabulation after the plans are approved. This includes one (1) round of minor comments.

c. Analysis

We will analyze the as-built accessible path of travel for compliance. Corrective design is not included in this scope if the accessible path is found to be out of compliance.

5. Meetings

The following meetings are included in the Fixed Fee Total: one (1) Pre-Bid Meeting with school district staff. Additional meetings will be invoiced on a T&M basis as needed/requested.

E. CONSTRUCTION PHASE SERVICES

The client-approved Construction Plans will be used and modified as needed to provide all required information for bidding and construction. Technical specifications for site-related construction will be prepared. The format will be coordinated with the Client. It is understood that the complete overall specification package will be assembled by the Client. It is understood that all "front-end" documents will be prepared by the Client.

We will review shop drawings and material submittals of site-related items. We will respond to questions and provide clarifications as required (RFI's).

We will attend one (1) pre-bid meeting and one (1) pre-construction meeting with school district staff and the contractor.

This phase includes twenty (20) hours for site inspections to witness proof rolling, base repair, and monitoring.

***Note**: Application fees are not included in the fixed fee. During the review process, two minor revisions of the preliminary/final plans; based on comments from review agencies, are included. Minor revisions are considered those that do not require revisions to the basic site layout, preparation of additional sheets to the plan set, additional calculations, and Client requested changes. Water and sewer improvement plans are limited to on-site designs and does not include design of treatment facilities, water storage or pumping facilities, or off-site improvements. Preparation of a*

water model for sizing mains is not included. Redesign of water, sanitary, and storm sewer facilities based on requests by utilities (i.e., electric, gas, cable, etc.) are not included in the fixed fees and will be completed on time and material basis.

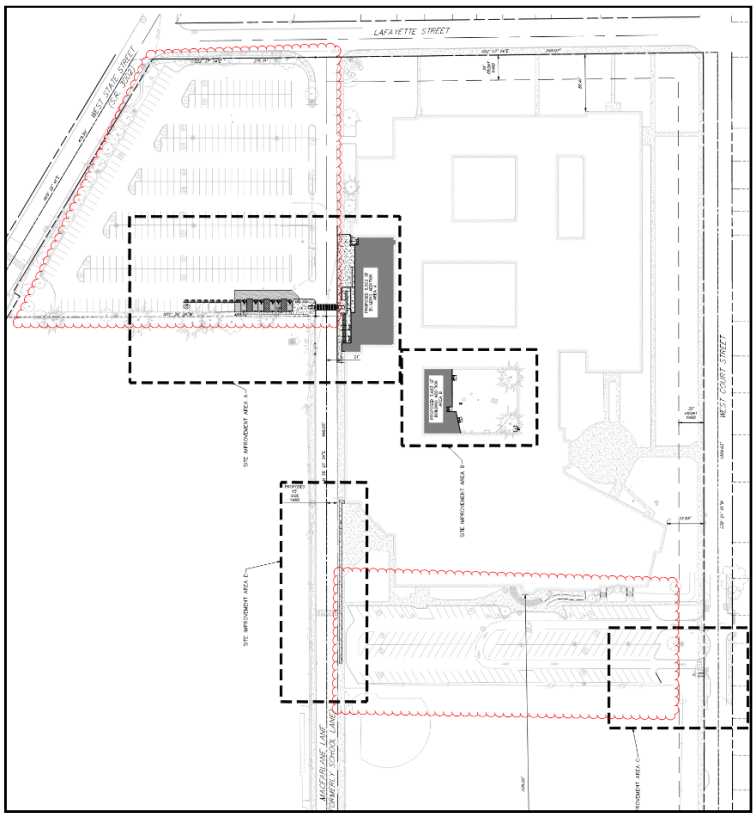

F. GEOTECHNICAL INVESTIGATIONS

It is our understanding that multiple cores are requested, requiring information on the thicknesses of existing asphalt pavement sections in two (2) parking lots, referred to as the "Court Street Lot" and the "Lafayette Street Lot". This service will be provided by HCEA as a subcontractor to CEC.

1. ASPHALT CORING

At the request of the client, HCEA will utilize coring equipment to obtain at least 2 pavement cores from the Court Street Lot and at least 3 pavement cores from the Lafayette Street Lot.

The sketch below, which was provided by the client, indicates the parking lot areas where the cores are to be obtained:

HCEA personnel will measure the thickness of the asphalt layer(s) comprising the pavement section at each location. It is our assumption that, upon completion, each core hole may be patched to the original thickness of the pavement section using cold mix asphalt repair material and tamped by hand.

2. STAKEOUT AND ACCESS REQUIREMENTS

As required by law, HCEA will contact and coordinate with the Pennsylvania One-Call System (POCS) at least three (3) days before coring operations. It should be noted that privately owned utilities or utility lines located on property not in the public right-of-way may not be covered by POCS. Therefore, HCEA will require that a private utility locator be utilized to scan and mark the locations of private underground utilities at the proposed core locations.

HCEA requests utility plans or as-builts of subsurface obstructions such as utility lines, stormwater management features, below-ground tanks, etc. be provided to us before finalizing coring locations. These plans can be utilized in conjunction with utility location procedures, but are not sufficient for utility clearance without field verification. HCEA will not be responsible for damage to any private utilities or other underground obstructions not marked by POCS or a private utility locator, including any associated losses, delays, or consequential damages. We reserve the right to relocate or eliminate any portion of the proposed coring operation in areas where appropriate utility location has not been provided.

Our proposal assumes that the requested work may be completed in a single day, and that the coring locations will be clear, relatively level, and accessible to our coring equipment and personnel during normal weekday business hours. We have also assumed that there will be no special conditions or restrictions on our field activities such as permits, traffic or pedestrian control, limited access, environmental monitoring, or safety requirements beyond level D PPE. Attendance at any required safety training or project meetings is not included in our proposed fee. If required, HCEA can provide these services for additional fees.

3. DELIVERABLES

Upon completion of the coring operation, HCEA will prepare a correspondence documenting the thicknesses of each asphalt layer, photographs of the pavement cores, and a sketch indicating the approximate locations where the cores were obtained. Our deliverables will be limited to the transmittal of data and observations, and will not include engineering analyses of the data obtained.

The documentation provided by HCEA is intended for the sole use of our client as designated by our agreement for services and is not intended to be utilized or relied upon by any other party. If requested, HCEA may grant reliance to additional parties following authorization from our client and the receipt of a reliance fee from each entity requesting reliance. Additional parties granted reliance will be bound by the same terms, conditions, and limitations as presented in our proposal, agreement for services, and report.

Based on our current schedule, HCEA will be able to mobilize to the site within one (1) week following acceptance of our proposal to conduct the stakeout, utility clearance, and pavement coring operation. Documentation of our findings will be transmitted on the first business day following the completion of the coring operation.

G. REIMBURSABLE EXPENSES

Reimbursable expenses (mileage, express mailings, plan and report reproduction time and materials, etc.).

H. ASSUMPTIONS

- We assume no permits will be required for this scope of work. If permits are required, the Client will handle the process.
- We assume the existing layout of the parking lots shall not be changed, and all pavement markings, striping, and parking space numbers will be replaced in kind.
- We assume new parking spaces/layouts will not be required.
- If any of the assumptions above are incorrect, we will provide you with a written estimate of additional fees and will require your written notification to proceed.
- This proposal does not include any modifications based on the As-Built Path of Travel analysis. If deficiencies are identified, they will be noted in a report to the Client.
- We assume this work will not require any variances.
- If any of the assumptions above are incorrect, we will provide you with a written estimate of additional fees and will require your written notification to proceed.

II. CONTRACT TERMS

A.	Survey and Base Plan	$2,950.00
B.	Traffic Engineering	$37,000.00
C.	Additional Traffic Engineering Services	$24,800.00
D.	Civil Engineering	$18,500.00
E.	Construction Phase Service	$11,500.00
F.	Geotechnical Investigations	$3,300.00
G.	Expenses	$1,500.00

FIXED FEE TOTAL $99,550.00

CEC proposes to provide the services described herein for a **fixed fee** of **$99,550.00, to be invoiced on a percent-complete** basis. Said fee is based on CEC's understanding of the project scope, as described herein. All required plan, permitting, and document review fees will be paid by the Client and are not included in this proposal. Payments will be credited first to interest and then to principal.

III. SCHEDULE

Upon receipt of a signed contract, we will schedule our work.

IV. CONDITIONS

The fees stated herein are only for the basic services described in this proposal. If additional services are required, they will be invoiced based on CEC's standard hourly rates following your (Client's) approval to proceed with the same. Services are to be rendered in accordance with the services described above and in the attached Standard Consulting Contracting Terms and Conditions.

This proposal and the attached Standard Consulting Contracting Terms and Conditions represent the entire understanding between you and this office with respect to this project and may only be modified in writing, signed by both of us. If this proposal satisfactorily sets forth your understanding of the arrangement between us, please execute the attached copy of this letter in the space provided and return same to this office.

Thank you for the opportunity to present this proposal. Should you have any questions or require additional information regarding this proposal, please do not hesitate to contact me at 215-268-3808 or jkoutsouros@carrollengineering.com.

Very truly yours,

CARROLL ENGINEERING CORPORATION

John L. Koutsouros, P.E., Vice President
Planning and Site Design Department Manager

CARROLL ENGINEERING CORPORATION
2026 STANDARD CONSULTING CONTRACTING TERMS AND CONDITIONS

These terms and conditions set forth herein are included by reference in the Letter Agreement for the performance of engineering services which are described in the Letter. The Letter Agreement shall take precedence over these General Provisions to the extent there is any inconsistency or contradictory statement. The parties agree that these Standard Terms and Conditions shall apply to any additions to, or modifications of, the Scope of Work in the Agreement. It is agreed that Carroll Engineering Corporation and Client may use their standard business forms (such as purchase orders, acknowledgement, etc.) to administer the activities under this contract. However, Carroll Engineering Corporation expressly rejects the terms and conditions which may be contained in those business forms. The parties agree that the use of such forms shall be solely for the convenience of the party, whether or not such document is signed. None of the provisions, terms, and conditions contained on such forms shall be applicable to this Agreement. The Client agrees that any alteration of this Agreement shall not be binding except if it is in writing and signed by an officer of Carroll Engineering Corporation, except for the following: the Scope of Work may be altered by the parties in the field, upon written authorization of Client or Client's agents or employees. The Client is invited to request changes to these terms & conditions, and assumes the risk of failing to read or understand each individual item.

1. Timing of Proposal: Carroll Engineering Corporation agrees that the Letter Agreement shall remain open and may be accepted by Client for thirty (30) days from the date of the Letter. Acceptance of the Agreement after the end of the 30-day period shall be valid only if CEC elects to reaffirm the Letter Agreement.

2. General: Carroll Engineering Corporation (hereinafter referred to as CEC) shall perform professional services in connection with the project and in accordance with the scope of services established by Client and described in the proposal. CEC will strive to perform services under the Agreement in a manner consistent with generally accepted principals of engineering practice, and consistent with that level of care and skill ordinarily exercised by members of the profession currently practicing in the same locality, under similar conditions, and at the same time. No other representation, expressed or implied, and no warranty or guarantee is included or intended in the Agreement or in any report, opinion, document or otherwise. Services not stated in the proposal shall be considered as additional services. Any additional services will be completed on the basis of CEC's standard hourly rates, plus reimbursable expenses. If Client requests CEC to provide additional engineering services on this project or a related project before a written agreement is consummated for the other services, the terms and conditions of this Letter Agreement shall apply in full.

3. Reliance on Information Provided by Others: Client agrees to indemnify and hold CEC harmless from and against any and all damages, liabilities, and costs, including costs of defenses, arising out of the use of documents and information provided by Client, excepting only those damages, liabilities, and costs for which CEC is found to be solely liable by a court or forum of competent jurisdiction.

4. Subconsultants: CEC has the right to employ or retain such independent consultants, associates and subcontractors as it may deem appropriate to assist it in the performance of the services required. The fee for all consultants contracted directly by CEC will be invoiced at 1.1 times actual cost.

5. Authority to Sign: The individual signing this Letter Agreement warrants that he has authority to sign as, or on behalf of, Client for whom or for whose benefit CEC's services are rendered. If such individual does not have such authority, he understands and agrees that he is personally responsible for this Letter Agreement to CEC in addition to any liability that Client may have.

6. Assigns: Neither Client nor CEC shall assign, sublet, or transfer interest in this agreement without the written consent of the other.

7. Third Party Beneficiaries: Nothing under this Letter Agreement shall be construed to give any rights or benefits in this Letter Agreement to anyone other than Client and CEC. All duties and responsibilities undertaken pursuant to this Letter Agreement will be for the sole and exclusive benefit of Client and CEC and not for the benefit of any other party.

8. Client Responsibility: Client shall make all provisions for the Engineer to enter upon public or private property, shall provide legal services required for the project, and shall pay all fees incidental to obtaining permits for the project. It is understood CEC is acting as a consultant for Client to provide advice and consultation on the proposed project. Client shall designate a person to act with authority on their behalf in respect to all aspects of the project, shall examine and respond promptly to CEC's submissions, and give prompt written notice to CEC whenever they observe or otherwise becomes aware of any defect in the project. Client shall be responsible for the outcome of any applications associated with the proposed project. In the event Client does not respond to a submission from CEC within five (5) calendar days, Client shall be considered to have given its approval.

9. Legal Matters: Client shall provide legal services for all phases of the project. CEC will not express legal opinions or become an advocate in the law before public agencies. In the event CEC attends public meetings or otherwise represents Client, said representation is for the strict purpose of providing technical expertise in the practice of engineering. In the event a record must be made or an agreement of the Client is necessary, CEC will not represent Client in such legal matters.

10. Duties of Public Official: CEC will not accept responsibility and will be held harmless by the Client for any item which by law is clearly assigned to a public official and which requires approval by said official, regardless of any recommendation or review completed by CEC in order for said official to perform the assigned duties.

11. Engineering Fees: Fees for engineering services shall be as so stated in the proposal/contract. Carroll Engineering Corporation reserves the right to adjust fees on the basis of annual standard hourly rate adjustments during January of each calendar year. Fee adjustments will typically be made for projects continuing for more than one year, unless otherwise stated in the proposal/contract.

12. Meeting Attendance: In order to provide a fair and reasonable cost for professional services, the fee stated in the proposal does not include attendance at meetings unless otherwise stipulated.

13. Reimbursable Expenses: Direct expenses shall be considered an additional charge, unless otherwise stated in the contract. Such expenses shall be in accordance with the current CEC Reimbursable Expenses Tabulation (see attached).

14. Retainer: A retainer is required from Client prior to starting work, unless waived by a Corporate Officer. Such retainer will represent a credit in Client's account with the consultant, against which subsequent consultant invoices will be charged. When the retainer has been used up, Client must pay all additional invoiced charges that exceed the retainer.

15. Payment: Payments shall be made to CEC on the basis of invoices for services rendered. Payment shall be due within thirty (30) days of the date on the invoice presented. If Client fails to make full payment due CEC within thirty (30) days, a charge at the rate of 1-1/2% per month will be applied to the unpaid balance. CEC reserves the right to retain all plans, documents and related project material, and to suspend or terminate services under this agreement until full payment for services and any accumulated charges is made. It shall be understood that if Client fails to make any payment within 90 days, CEC will submit an invoice via certified mail, and will suspend all services with no other notice to Client until all outstanding balances are paid. In the event an action to enforce overdue payments under the agreement is filed, Client agrees to indemnify and hold harmless CEC from and against any and all reasonable fees, expenses and costs incurred by CEC, including, but not limited to, arbitration and attorney's fees, court costs, and other claims-related expenses.

16. Termination: This agreement is subject to termination by Client or CEC, with seven days prior written notice, should the other fail to perform his obligation hereunder. In the event of any termination, CEC shall be paid for all services rendered to the date of termination, all reimbursable expenses and reimbursable termination expenses, if all services have been satisfactorily performed.

17. Limitation of Liability: CEC shall perform the services under this Letter Agreement with the care and skill ordinarily used by members of CEC's profession practicing under similar conditions at the same time and in the same locality. There are no other warranties, express or implied in this Letter Agreement or in any reports, opinions, drawings, specifications or other documents furnished under this Letter Agreement, or otherwise. CEC shall not be liable for the results of services performed with professional care and skill. To the fullest extent permitted by law, CEC's total liability to Client for any and all injuries, claims, losses, expenses or damages whatsoever arising out of or in any way related to the Project or this Letter Agreement from any cause or causes including, but not limited to CEC negligence, errors, omissions, strict liability, intentional acts, breach of contract or breach of warranty shall not exceed $50,000 or the amount of total compensation under this Letter Agreement, whichever is greater. It is understood CEC's liability will extend to those matters that can be discovered by a knowledgeable Professional using a reasonable amount of effort. Should Client find the above terms unacceptable, CEC will obtain Professional Liability Project Insurance covering only this project and invoice Client for any additional insurance program.

18. Indemnification: To the fullest extent permitted by law, CEC shall indemnify Client, its officers, directors, partners, employees, and representatives, from and against losses, damages, and judgments arising from claims by third parties, including reasonable attorneys' fees and expenses recoverable under applicable law, but only to the extent they are found to be caused by a negligent act, error, or omission of CEC or CEC's officers, directors, members, partners, agents, employees or subconsultants in the performance of services under this Agreement.

    To the fullest extent permitted by law, Client shall indemnify CEC, its officers, directors, partners, employees, and representatives, from and against losses, damages, and judgments arising from claims by third parties, including reasonable attorneys' fees and expenses recoverable under applicable law, but only to the extent they are found to be caused by a negligent act, error, or omission of Client or Client's officers, directors, members, partners, agents, employees or subconsultants in the performance of services under this Agreement.

19. Force Majeure: Neither party shall hold the other responsible for damages or for delays in performance caused by force majeure, acts of God, unusual weather conditions, unanticipated site conditions, changes in applicable law, or other acts or circumstances beyond the control of the other party or that could not have been reasonably foreseen and prevented. Should such acts or circumstances occur, both parties shall use their best efforts to overcome any difficulties arising from such events and to resume the project as soon as reasonably possible.

20. Use of Documents: All documents, including plans, specifications, field notes, reports, computer files, etc. prepared by CEC pursuant to this Letter Agreement are instruments of service and shall remain the property of CEC whether or not the project for which they are made is executed. Upon payment for services, CEC will grant Client a limited license to use all documents for the purpose intended under the scope of services being provided. This license is not transferable without CEC approval. Documents are not intended or represented to be suitable for use without appropriate signatures and professional seal and are not intended for reuse or extension of the project or on any other project. The Engineer will invoice for reproduction cost plus direct expenses associated with preparation of these documents. It shall be understood no professional certifications, seals, or signatures will be provided with reproducible plans, computer files, and similar documents. Client hereby

agrees that copies of documents will not be made by anyone, other than CEC, without the written approval of CEC if the documents contain a signature, seal, or certification. If a limited license is granted and digital files are released, CEC does not guarantee the files will be compatible with licenses, systems, software application packages, or computer hardware.

21. Record Documents: Client may contract with CEC for preparation of record, as-constructed, or corrected documents conforming to constructed conditions. If CEC's professional services do not include full-time construction observation and recording of the contractor's work, the engineer will compile said documents conforming to the construction records of the contractor as provided to CEC if the agreement provides for such services. The documents will show the reported location of the work. The information submitted to CEC will be assumed to be reliable and CEC will not be responsible for the accuracy of this information, nor for any errors or omissions that may appear in the record documents as a result.

22. Certifications: CEC does not maintain professional liability insurance covering liability associated with many certifications requested by Clients. In the event a certification is requested, the Client must totally indemnify CEC against any and all costs, damages, and other expenses that could arise from the issuance of such certifications. As an alternative, CEC will determine an additional fee associated with the risk of certification. The fee will be due and payable prior to issuance of the certification.

23. Dispute Resolution: All claims, counterclaims, disputes and other matters in question between the parties hereto arising out of or relating to this agreement or the breach thereof will be decided by arbitration in accordance with the Construction Industry Arbitration Rules of the American Arbitration Association. This agreement to arbitrate will be specifically enforceable under the prevailing arbitration law of any court having jurisdiction. All demands for arbitration and all answering statements thereto which include any monetary claim must contain a statement of the total sum or value in controversy. The arbitrators will not have jurisdiction, power or authority to consider, or make findings (except in denial of their own jurisdiction) concerning any claim, counterclaim, dispute or other matter in question where the amount in controversy of any such claim, counterclaim, dispute or matter is more than $200,000 (exclusive of interest and costs). No arbitration arising out of, or relating to, this agreement may include, by consolidation, joinder or in any other manner, any person or entity who is not a party to this agreement. The award rendered by the arbitrators will be final. Judgment may be entered upon it in any court having jurisdiction thereof, and will not be subject to modification or appeal except to the extent permitted by Section 10 and 11 of the Federal Arbitration Act (9 U.S.C.10,11).

24. Hazardous Substances: Client represents and warrants to CEC that it has and will comply with all obligations imposed by applicable law upon the generation, storage or disposal of hazardous substances and/or waste and that it will promptly notify CEC of any notices concerning such matters. Client agrees to hold harmless, indemnify and defend CEC from and against any and all damages and liabilities and expenses arising out of or in any way connected with the presence, discharge, exposure, release, or escape of hazardous substances, or wastes of any kind, excepting only such liability as may arise out of the sole negligence of CEC in the performance of services under this Letter Agreement. It is understood and agreed by both parties that CEC, in performing professional services for Client with respect to hazardous substances, will make recommendations to Client with respect thereto, but does not have the authority nor shall be required to become an “arranger”, “operator”, “generator”, or “transporter” of hazardous substances as defined on the Comprehensive Environmental Response, Compensation, and Liability Act of 1990 (CERCLA).

25. Cost Estimate: Since CEC has no control over the cost of labor, materials, or equipment, CEC opinions of probable project construction costs are made on the basis of experience and qualifications and represent a best judgement as a design professional familiar with the construction industry. CEC cannot and does not guarantee that proposals, bids, or the construction costs will not vary from opinions of probable costs prepared by CEC.

26. Performance of Others: During the course of this engagement, CEC may be required to report on the past or current performance of others engaged, or being considered, for engagement, directly or indirectly, by the Client; and to render opinions and advise in that regard. Those about whom reports and opinions are rendered may, as a consequence, initiate claims for libel or slander against CEC. To help create an atmosphere in which CEC feels free to be candid, the Client agrees to waive any claim against CEC, and to defend, indemnify, and hold CEC harmless from any claim or liability for injury or loss allegedly arising from professional opinions rendered by CEC to the Client or the Client's agents. The Client further agrees to compensate CEC for any time spent, or expenses incurred, by CEC in defense of any such claim, in accordance with CEC’s prevailing fee schedule and expense reimbursement policy.

27. Dangerous Situations: CEC accepts no right or obligation of the Client or Contractor as a direct or indirect result of the performance of professional services for responsibility of construction means, methods, techniques, or sequences. CEC accepts no responsibility for developing, implementing, monitoring, or supervising safety precautions and programs. Such items are solely the responsibility of the contractor and his subcontractors. CEC does not accept the responsibility or assume the authority to stop work, said responsibility residing with the Client and contractor.

28. Review of Contractor's Performance: It is understood and agreed that CEC's basic services under this agreement do not include full-time construction observation or review of the Contractor's performance. Client acknowledges the importance of such services and, should Client have such services performed by a party other than CEC, then Client shall assume responsibility for interpretation of the contract documents and for construction observation and shall waive any claims against CEC that may be in any way connected thereto. In addition, if CEC does

not perform construction observation, Client shall, to the fullest extent permitted by law, indemnify and hold CEC harmless from any loss, claim, or cost, including reasonable attorneys' fees and costs of defense, arising or resulting from the performance of such services by other persons or entities and from any and all claims arising from modifications, clarifications, interpretations, adjustments, or changes made to the Contract Documents to reflect changed field or other conditions, or for a contractor's performance, or the failure of a contractor's work to conform to the design intent and the contract documents, except for claims arising from the sole negligence or willful misconduct of CEC. If this agreement provides for construction phase services by CEC, it is understood that the contractor, not CEC, is responsible for the construction of the project, and that CEC is not responsible for the acts or omissions of any contractor, subcontractor, or material supplier; for safety precautions, programs or enforcement, or for construction means, methods, techniques, sequences and procedures employed by the Contractor.

29. Laws, Rules, Codes, Ordinances and Regulations: CEC will use professional efforts and judgments to interpret applicable ADA requirements and other federal, state, and local laws, rules, codes, ordinances, and regulations as they apply to the project, but CEC cannot and does not warrant or guarantee that the project will comply with all interpretations of the ADA requirements and/or requirements of other federal, state, and local laws, rules, codes, ordinances, and regulations as they may apply to the project.

SNYDER HOFFMAN ASSOCIATES, INC.

October 30, 2026

Central Bucks School District
20 Welden Drive
Doylestown, PA 18901
Email to: kspencer@cbsd.org

Attn: Kevin Spencer –
Director of Operations

Re: CBSD East High School
C Wing - HVAC Study

Mr. Spencer,

Snyder Hoffman Associates, Inc., appreciates the opportunity to present you with this proposal to perform mechanical and electrical engineering to study to address HVAC system deficiencies in the 'C Wing' at the Central Bucks East High School. Thank you very much for your consideration of our firm.

Our proposal has been broken down into the following components for your review:

1. Scope of Work
2. Services & Deliverables
3. Basis of Fee
4. Rate Schedule

Sincerely,

Nicholas D. Kaintz, P.E.
Snyder Hoffman Associates, Inc.
Vice-President
nkaintz@snyderhoffman.com

PROJECT DESCRIPTION

Snyder Hoffman will study the C-Wing HVAC system. Central Bucks School District is receiving comfort complaints from occupants of the C-Wing on the second floor. The district has noted many failed fan-powered VAV boxes and maintenance is a challenge.

HVAC

1. Study the feasibility of replacing the fan powered VAV boxes with shut-off VAV boxes.
2. Perform static pressure calculation for heat recovery unit to ensure design air flow with shut-off boxes. Recommend upgrades to the unit fan and motor if required.
3. Study the operation of the heat recovery unit against the design.

Electrical

1. Recommend upgrades to power feed to heat recovery unit if fan upgrades are required.

STUDY

1. Conduct a site walkthrough to field verify existing mechanical and electrical systems.
2. Review all available documentation including drawings, specifications, and submittals.
3. Prepare a narrative describing conditions observed and information gathered from review of existing documentation. The narrative will contain recommendations to address HVAC system deficiencies.
4. Attendance at meetings to discuss existing conditions and report recommendations.

3 | BASIS OF FEE

Snyder Hoffman Associates, Inc. shall provide the Services and Deliverables described in this document for the following fee:

HVAC System Study: $ 2,880

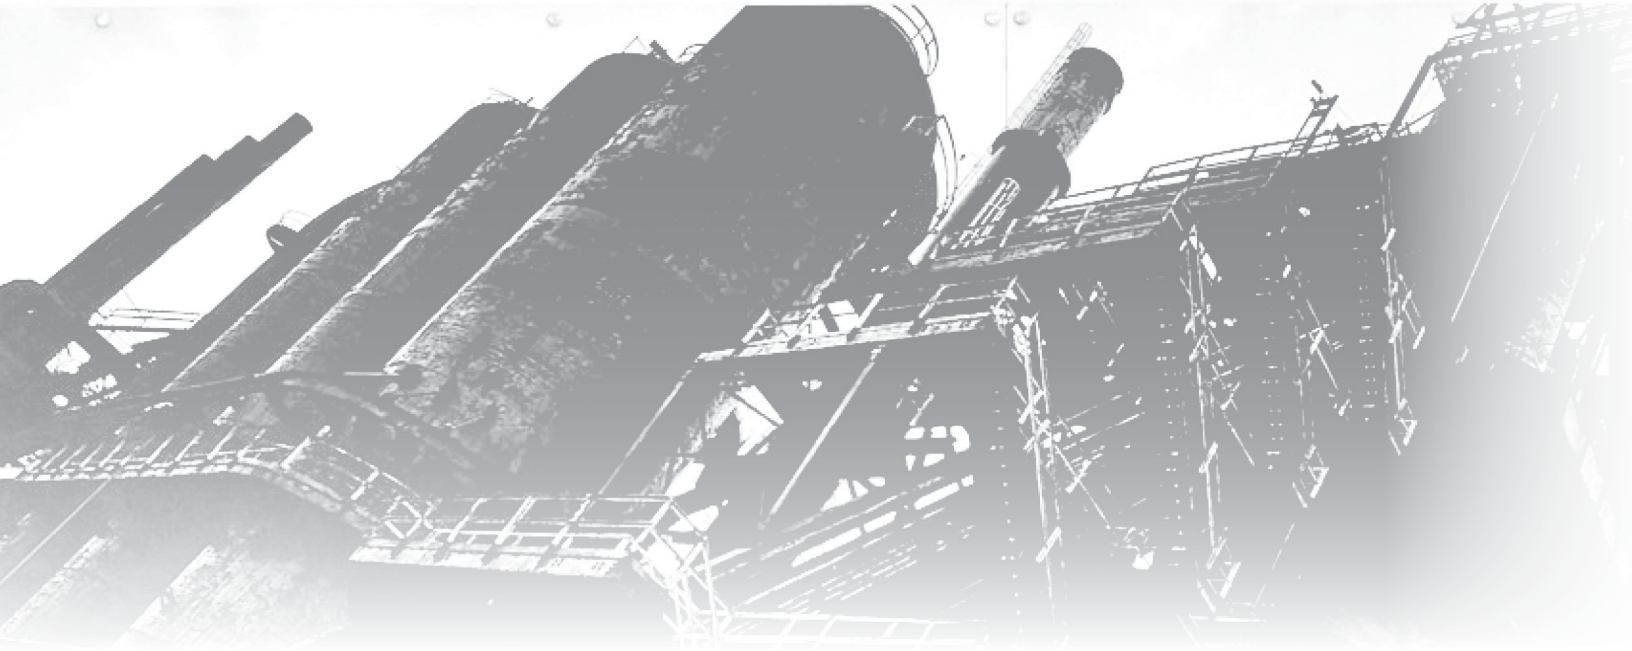

Should additional services be required, Snyder Hoffman Associates, Inc. shall bill on an hourly basis in addition to the flat fee value noted above. Please refer to the attached 2026 Hourly Rate Schedule for a breakdown of these potential fees. Additional services may include, but not by limitation, additional scope or design work outside of the expectations of this contract.

Reimbursable expenses, including printing costs and shipping costs have been included in the flat fees noted above.

If these terms are acceptable, please notify the sender.

Nicholas D. Kaintz, P.E.
Snyder Hoffman Associates, Inc.

CENTRAL BUCKS SCHOOL DISTRICT NOTICE TO BIDDERS

Sealed bids will be received by the Central Bucks School District at the Operations Center, 320 West Swamp Road, Doylestown, Pa, 18901, **October 20th, 2026 at 2:00 PM SHARP,** prevailing local time at which time bids will be publicly opened and read aloud for the following:

BID # 2027-004

SNOW REMOVAL SERVICES

CENTRAL BUCKS SCHOOL DISTRICT

All bid documents and solicitation details will be available September 29th, 2026 at no cost. Documents may be obtained at the Central Bucks School District Operations Center, 320 West Swamp Road, Doylestown, Pa, 18901, Monday through Friday, between the hours of 8:00 AM and 3:00 PM or via the district purchasing website at Bids/Requests for Proposal.

Questions concerning the bid shall be submitted to the Director of Operations, Kevin Spencer, at the Central Bucks School District Operations Center, 320 West Swamp Road, Doylestown, Pa 18901 by phone (267) 893-4036, or email (kspencer@cbsd.org).

Proposals shall conform to all other requirements as more fully set forth in the bidding documents. The Central Bucks School Board reserves the right to reject any or all bids, waive any informality in any bid, to eliminate or reduce items or quantities, and exercise its judgment as to the comparative merit of the products and services offered.

Stephanie Radcliffe, Board Secretary
Central Bucks School District

INSERTION DATES:
September 29th, 2026
October 6th, 2026
October 13th, 2026

CENTRAL BUCKS SCHOOL DISTRICT
REQUEST FOR PROPOSAL 2026-2027 SNOW REMOVAL SERVICES

This request for proposal is to provide a bid for Snow Removal Services, based on the terms defined herein, to Central Bucks School District (the District). This request for proposal details the required terms and scope of work. Contractors should read this entire request for proposal carefully, as this will form the basis of the contractual agreement with the District. Failure to comply with these terms may provide grounds for termination of the contract agreement.

General Terms and Scope

1. The project scope of work is identified in **Attachment A**.

2. The Contractor's bid shall be submitted on the **Snow Removal Bid Forms** provided in **Attachment A**. The Contractor shall furnish all supervision, labor, materials, and equipment necessary to perform all services required by the scope of work in Attachment A.

3. The Conditions of the bid noted in **Attachment B** shall be considered part of the Contract.

4. The successful contractor shall keep and maintain insurance during the life of this agreement. See **Attachment C** – Insurance Requirements for additional information.

5. The contractor shall assume full responsibility and liability for compliance with all applicable codes and regulations and the health and safety during the execution of work. Where there is a conflict between applicable regulations, the most current and stringent will apply.

6. Vehicles used by the contractor shall be clearly identifiable with a company name and the BU number issued by Commonwealth of Pennsylvania. All vehicles must be locked when unattended on district property.

7. Upon selection of a contractor and award by the District Board of Directors, a Purchase Order shall be issued, and include the terms and conditions contained in this Request for Proposal, shall serve as the basis of a contract. No rights shall accrue to person submitting a bid/proposal until such bid/proposal has been accepted.

8. The Bid Forms in Attachment A shall serve as the Schedule of Values (SOV), itemizing the total hourly rate cost of each group of schools. The SOV shall serve as the basis for invoicing.

9. Payment for contract services shall be billed after each storm event. Payment will be issued within 45 days following the Ordering Officer's approval of invoices submitted to the District's Operations Center. Any discrepancies identified by the Ordering Officer between the SOV and the actual work completed shall be reviewed and rectified prior to approval.

10. Failure to meet any of the terms of this RFP will be considered grounds for termination of the contract. Should the District find it necessary to cancel the contract, the District will provide the contractor no

less than thirty (30) days' notice of termination and the contractor will only be compensated for services rendered through the date of termination.

11. Should at any time the District become dissatisfied with the snow removal services, the Ordering Officer shall notify the Contractor in writing regarding problems that occurred. The notice will detail the problems and site(s) that is experiencing the problems. The Contractor will be required to contact the Ordering Officer to discuss possible solutions, and the Contractor will be given a date by which a written response with the proposed solutions must be submitted.

12. **Bid Submission -** A completed bid including all required Attachments shall be submitted as follows:
    a. Submission deadline – 2:00 PM, October 5, 2026.
    b. Submit Kevin Spencer, District Operation Supervisor, CBSD Operations Center, 320 W. Swamp Road, Doylestown, PA 18901
    c. Submission requirements – include the following Attachments:
        i. Bid Form – Attachment A
        ii. Certificate of Insurance covering requirement of Attachment C
        iii. Completed Non- Collusion Affidavit – Attachment D iv. Public Works Employment Verification Form – Attachment E
        v. Bidder Certification of Proposal form – Attachment F

Attachments:

A – Scope of Work
B - Conditions of the RFP
C – Insurance Requirements
D – Non-Collusion Affidavit
E – Public Works Employment Verification Form
F – Bidder Certification of Proposal form

ATTACHMENT A
SCOPE OF WORK
2026-2027 Snow Removal Services

1. <u>Purpose</u>:

The purpose of this specification is to describe the requirements for snow removal within the Central Bucks School District (CBSD).

<u>Contractors will be used whenever snow accumulation is plowable. CBSD will be performing all deicing with our staff, at all sites, and minor snow removal in house.</u>

The scope of this specification includes but is not limited to the following facilities categorized in groups to be bid on. Central Bucks school district covers the Boroughs of: Chalfont, Doylestown and New Britian and Buckingham Township, Doylestown Township, Plumstead Township, Warrington Township, Warwick Township, and New Britian Township, Bucks County.

Group A-

- **East High School-** 2804 Holicong Road Doylestown, Pa 18902
- **Holicong Middle School-** 2900 Holicong Road Doylestown, Pa 18902
- **Buckingham Elementary School-** 2414 Durham Road Doylestown, Pa 18912

Group B-

- **West High School-** 375 West Court Street Doylestown, Pa 18901
- **Lenape Middle School-** 313 West State Street Doylestown, PA 18901
- **Doyle Elementary School-** 260 North West Street Doylestown, Pa 18901
- **Simon Butler Elementary School-** 200 Brittany Dr Chalfont, Pa 18914

Group C-

- **South High School-** 1100 Folly Road Warrington, Pa 18976
- **Mill Creek Elementary School-** 638 Bellflower Boulevard Warrington, Pa 18976
- **Florence D. Titus Elementary School-** 2333 Lower Barness Road Warrington, Pa 18976
- **John Barclay Elementary School-** 2015 Palomino Drive Warrington, Pa 18976

Group D-

- **Cold Springs Elementary School-** 4150 Durham Road Doylestown, Pa 18902
- **Tohickon Middle School-** 5051 Old Easton Road Doylestown, Pa 18902
- **Gayman Elementary School-** 4440 Point Pleasant Pike Doylestown, Pa 18902
- **Groveland Elementary School-** 1100 North Easton Road Doylestown, Pa 18902

Group E-

- **Tamanend Middle School-** 1492 Stuckert Road Warrington, Pa 18976
- **Jamison Elementary School-** 2090 Land Road Jamison, Pa 18929
- **Warwick Elementary School-** 1340 Almshouse Road Jamison, Pa 18929
- **Bridge Valley Elementary School-** 2280 Sugar Bottom Road Furlong, Pa 18925

Other Sites- CBSD may request equipment and operators to assist with snow removal in the event of heavy snows or because of in-house equipment failures. A contractor may provide unit cost pricing for equipment/ operator rental even if not submitting a bid on site-specific snow removal or services.

2. Contract Period

The contract period for this work shall be a one year contract noted below as **Year 1 .** The work period for this contract is as follows and each snow/ice event must be completed in accordance with the timelines outline in the bid documents. At the discretion of Central Bucks School District, the contract may be extended for **Year 2** and **Year 3**. The Central Bucks School District reserves the right to cancel the contract at any time for its convenience upon thirty (30) days written notice to the contractor.

Year 1	November 23, 2026 - June 30, 2027
Year 2	July 1, 2027 – June 30, 2028
Year 3	July 1, 2028 - June 30, 2029

3. Contract Pricing

The Contract will be based on unit pricing. The unit pricing will include furnishing all supervision, labor, and equipment necessary to perform all services required by the scope of work in Attachment A. The Bid Forms in Attachment A shall establish the unit pricing, itemizing the total hourly rate cost of each group of schools.

4. Ordering Officer:

The Central Bucks School District Ordering Officer is the individual responsible for ordering the work detailed under this contract. Work performed at the direction of others will not be acknowledged and paid for.

For this contract, the following individuals are designated as Ordering Officers:

Primary:	**Kevin Spencer, CBSD Director of Operations**
	Office: 267-893-4036
	Cell: 267-643-5823
1st Alternate:	**Open Position: CBSD District Facilities Manager**
	Office:
	Cell:
2nd Alternate:	**Brian Ritrovato, CBSD Operations Supervisor**
	Office: 267-893-4000
	Cell: 610-7160-3343

5. Supervision and Control.

The contractor has the right and duty to supervise and control personnel and equipment. CBSD has the right to inspect snow-plowing operations and notify the Contractor of any problems, errors, lack of performance, or non-performance. CBSD requires the contractor to us the most efficient and cost

effective piece of equipment for each storm. CBSD reserves the right to require that the contractor replace and/or provide specific equipment. If the contractor is required to re-plow driveways and/or parking lots due to poor performance, the hours required to re-perform the work shall not be paid for. Re-plowing due to blowing or drifting snow or other factors not within the contractor's control shall not fall under this clause.

6. Quality Assurance

The contractor shall:

a. Engage only certified, trained, skilled and experienced staff properly trained to ensure that all services provided under this contract are expeditiously and safely completed.
b. The contractor shall maintain sufficient service vehicles and trained personnel to ensure completed performance of this contract during the specified periods.
c. Contractor shall submit to the district the qualifications of any subcontractor that they intend to use to fulfill the contract. The district reserves the right to reject subcontractors based on past experience or poor performance by that subcontractor for the district in the past.

7. Field Measurements

It is the contractor's responsibility to verify all measurements and quantities for this contract.

8. Submittals

The contractor shall submit details on the available equipment itemized in the Bid Form:

9. Details of the Work

Contractor's services will be used when and as needed. The Central Bucks School District will be performing all deicing, at all sites.

a. The contractor shall provide all necessary labor, equipment, fuel, repairs and management services for snow removal services within CBSD as described herein. All services shall be in such a manner as to be in compliance with all applicable state, county and municipal requirements and regulations. The Contractor is an independent entity and not an employee or agent of the School District. The contractor is required to have and show proof of liability insurance and worker's compensation insurance.

b. Snow removal services shall include snow plowing, removal and disposal of snow in certain locations, removal of ice and ice build-ups, ensuring proper and safe access to parking lots and roadways during normal hours of operation.

c. **Prior to the first snowfall to avoid the possibility of damaging curbing, shrubs, manholes, fencing, guard rails, electrical junction boxes and any other areas that are susceptible to damage because they are easily concealed by snowfall, shall be staked out (clearly marked/identified)**

by the Contractor. The Contractor shall be responsible for maintaining these markers during the winter season. Reinforcing bars or sharp objects are prohibited.

d. Plowing is to be started within two hours after notification by CBSD Operations staff. It is not at the contractor's discretion when snow removal activities should commence. In all cases, the Contractor shall call and notify CBSD when commencing snow plowing operations at any location.

e. The Contractor is responsible to repair, replace, or shall be charged for any damage to CRSD property and/or equipment caused by the contractor's snow plowing equipment.

f. The Contractor shall furnish with each separate piece of equipment, capable licensed drivers in sufficient numbers as to operate the equipment efficiently. The Contractor shall furnish additional drivers to relieve the regular drivers when extended periods of work require.

g. The equipment, before being accepted for actual work, must be in proper mechanical condition and fully equipped as required, for efficient operation; must be properly registered and insured in accordance with the laws of the Commonwealth of Pennsylvania and be equipped with accessories as required to meet the existing traffic conditions.

h. Snow must be completely removed from the receiving and dumpster areas.

i. Piling of snow at edges of parking lots and drives must be in places where run off will not refreeze and create a hazardous situation. CBSD will give locations if this is not applicable in certain locations.

j. Snow is not to be piled as to obstruct sightlines at parking lot or driveway intersections and contractor shall not pile snow to visually block traffic signs.

k. In the case that snow needs to be removed from site CBSD will direct the contractor on where to move piles to accommodate the school and to not hinder parking and daily operations of the District and or school days to commence.

l. **Parking spots/Handicap ramps shall be fully cleared. Do not pile snow in areas that will block handicapped accessible ramps.**

10. <u>CBSD Requirements:</u>

a. Emergency Service times must be available for 2-hour delays and early dismissal to maintain properties so transportation of students from sites can occur.

b. Minimum 15 years' experience with snow removal and at least one reference stating this.

c. Contractor must be able to clear schools and make buildings accessible within six (6) hours after the storm has ended unless deemed state of emergency. This will be discussed between the contractor and CBSD on occurrence.

d. Contractor must be able to remove snow from site if deemed necessary by CBSD to help maintain access to the buildings. CBSD will give contractor notification as to where snow can be moved too.

11. Requirements at Specific Locations:

CBSD shall perform deicing at all locations at its discretion. Contractors need to notify CBSD when De-icing material can be applied. Contractors are required to mobilize at the specific site within Two (2) hour of notification.

A. **East High School-** 2804 Holicong Road Doylestown, Pa 18902
Holicong Middle School- 2900 Holicong Road Doylestown, Pa 18902

Snow Removal Services

SNOW REMOVAL BID FORM WINTER 2026-2027, 2027-2028, 2028-2029

Note: One Contractor will be awarded for each Group. Contractors may be awarded multiple groups. Contractors can bid on any or all the group locations they feel best suited to service. Contractors may bid on providing equipment and operator on an hourly basis without providing pricing for site specific snow removal services. Snow removal services for each year designated are from 7/1 – 6/30 of the years listed.

Contractors shall provide unit costs for various services. If the district does not receive bids for certain schools, CBSD reserves the right to award snow removal services at those locations did not receive bids based on the unit costs provide by the contractor in this bid.

CBSD will de-ice all sites with district staff at its discretion.

Bidders shall **total the hourly rates from their unit cost table for items 1 through 6** and enter the amount in the boxes below for the groups they are bidding on.

Snow Removal Group	26-27	27-28	28-29
Group A **East High School:** 2804 Holicong Road Doylestown, Pa 18902 **Holicong Middle School:** 2900 Holicong Road Doylestown, Pa 18902 **Buckingham Elementary School:** 2414 Durham Road Doylestown, Pa 18912			
Group B **CB West High School:** 375 West Court Street Doylestown, Pa 18901 **Lenape Middle School:** 313 West State Street Doylestown, PA 18901 **Doyle Elementary School:** 260 North West Street Doylestown, Pa 18901 **Simon Butler Elementary School:** 200 Brittany Dr Chalfont, Pa 18914			
Group C **South High School:** 1100 Folly Road Warrington, Pa 18976 **Mill Creek Elementary School:** 638 Bellflower Boulevard Warrington, Pa 18976 **Florence D. Titus Elementary School:** 2333 Lower Barness Road Warrington, Pa 18976 **John Barclay Elementary School:** 2015 Palomino Drive Warrington, Pa 18976			
Group D **Cold Springs Elementary School:**			

4150 Durham Road Doylestown, Pa 18902 **Tohickon Middle School:** 5051 Old Easton Road Doylestown, Pa 18902 **Gayman Elementary School:** 4440 Point Pleasant Pike Doylestown, Pa 18902 **Groveland Elementary School:** 1100 North Easton Road Doylestown, Pa 18902			
Group E **Tamanend Middle School:** 1492 Stuckert Road Warrington, Pa 18976 **Jamison Elementary School:** 2090 Land Road Jamison, Pa 18929 **Warwick Elementary School:** 1340 Almshouse Road Jamison, Pa 18929 **Bridge Valley Elementary School:** 2280 Sugar Bottom Road Furlong, Pa 18925

Conditions of the RFP

2026-2027 Snow Removal Services

1. Bids/proposals will remain in affect for a period of not less than ninety (90) days from the date of the opening. No bidder may withdraw their bid for a period of ninety (90) days after the date set for the opening thereof.
2. The Board of School Directors of the Central Bucks School District (referenced throughout these instructions as "the District") reserves the right to waive any formalities or irregularities, and also reserves the right to reject any and all bids/proposals, to divide a bid/proposal in the best interest of the District, to eliminate, reduce or increase items and/or quantities and to exercise judgment as to the comparative merits of the products or services offered.
3. No rights shall accrue to any person submitting a bid/proposal until such bid/proposal has been accepted, and a contract awarded, and such contract completely executed in writing by both parties.
4. The successful bidder shall not assign, transfer, or sublet the ensuing contract, or any portion thereof, to others without written consent of the District. Any intention or desire to assign, transfer, or sublet must be stated in the bid/proposal as supplementary information, along with particulars as to the arrangement contemplated.
5. All bids/proposals must comply with all laws of the Commonwealth of Pennsylvania. These laws include, but are not limited to, those relating to equal employment opportunities in contracts and certification of U.S. manufactured steel in certain products, and Act 34 and act 151 background check of personnel and Federal Criminal History Act 114 where applicable as well as Act 126 Evidence of Child Abuse Training.
6. Applicable laws and regulations shall be considered a part of these instructions and specifications, and any ensuing contract.
7. Successful bidders must comply with the "Right to Know Laws" and supply the District with, as part of any product(s) or service(s) provided, MATERIAL SAFETY DATA SHEETS, where applicable. The District will not be responsible for payment of invoices unless the successful bidder complies with this request.
8. DISCRIMINATION PROHIBITED – According to Section 755, Public School Code of Pennsylvania, 1949, as amended, the successful bidder agrees:
    1. That in the hiring of employees for the performance of work under this contract, or any subcontract hereunder, no contractor, subcontractor, or any person acting on behalf of such contractor or subcontractor, shall, by reason of race, creed or color, discriminate against any citizen of the Commonwealth of Pennsylvania who is qualified and available to perform the work to which the employment relates.
    2. No contractor, subcontractor, nor any person acting on his behalf, shall in any manner discriminate against or intimidate any employee hired for the performance of work under his/her contract on account of color, race, creed or gender.

3. That there be deducted from the amount payable to the contractor under this contract, a penalty of five dollars ($5.00) for each person for each calendar day during which such person has been discriminated against, or intimidated, in violation of the provisions of this contract.

4. This contract may be cancelled or terminated by the District, and all money due or to become due hereunder may be forfeited, for a second or any subsequent violation of the terms or conditions of this portion of the contract.

9. HUMAN RELATION ACT – The provisions of the Pennsylvania Human Relation Act 222 of October 27, 1955 (P.L. 744 (43 P.S., Section 951, et. seq.) of the Commonwealth of Pennsylvania Human Relation Contract Compliance, 16 PA. Code Chapter 49, that prohibits discrimination because of race, color, religious creed, ancestry, age, sex, national origin, handicap or disability, by employers, employment agencies, labor organizations, contractors and others. The contractor shall agree to comply with provisions of the Act, as amended, that is part of this specification. Your attention is directed to the language of the Commonwealth's non-discrimination clause in 16 PA Code 349.101.

10. Without comprising the rights stipulated in these instructions, the District encourages bidders' suggestions which will achieve reduced costs or improved value, and encourages alternate bids/proposals which, in the bidders judgment, afford the District the opportunity to achieve such objectives.

11. The bidder agrees, if awarded a contract, to furnish and deliver the specified items(s)/service(s) at such time, at such places, and in such quantities as specified, and that item(s)/service(s) shall be subject to the inspection and/or approval of the District. In the event that any item(s)/service(s) are rejected as unsuitable/unacceptable or not in conformity with the specifications, item(s)/service(s) of proper/acceptable quality, as set forth in the specifications, shall be furnished in the place thereof at the expense of the successful bidder.

12. The Central Bucks School District provides a smoke-free environment for it's students, staff and general public. NO SMOKING is permitted in any building or on the grounds of any District building.

13. In the event the successful bidder neglects or refuses to furnish and deliver the item(s)/service(s) or any part thereof as provided in the specifications, or to replace any which are rejected as stated in the preceding paragraph, the District is authorized and empowered to purchase such item(s)/service(s) from other sources in such quantities and in such a manner as it shall select, at the expense of the successful bidder, or to cancel the successful bidder's contract, reserving to itself never-the-less, all rights for any damages which may be incurred by the District.

14. All bids/proposals shall be itemized, priced, totaled and summarized per the format as stipulated or provided with these instructions. Such format will be adhered to strictly or the bid/proposal will be rejected.

15. Changes, alterations or interlineations in any preprinted or formatted bid/proposal will not be accepted. Any clarifications, comments or elaborations may be submitted as an attachment (supplement) to the bid/proposal and must be identified clearly as to the content and intent.

16. Various materials and products may be specified by brand, trade name or description to establish a standard of quality and cost for bid purposes. It is not the intent to limit the bidder, the bid or the evaluation of the bid to any one material or product specified but rather to describe the minimum standard that is desired and acceptable. A material or product of lesser quality would not be

acceptable. Where proprietary names are used, whether or not followed by the words "or District approved equal", they shall be subject to equals only as approved by the owner, engineer and/or architect. A bid containing an alternative may be accepted but, if an award is made to that bidder, the bidder will be required to replace any alternatives which do not meet the specifications. **Complete specifications, manufacturer's catalogs, etc. must be provided for any product offered as an "alternate". Failure to provide this information will result in no consideration being given to the "alternate" offered.**

17. In accordance with Act 3 of the 1978 General Assembly of the Commonwealth of Pennsylvania, if any steel or steel products are to be used or supplied in the performance of the contract, only those produced in the United States as defined therein shall be used or supplied in the performance of the contract or any subcontracts there under.
18. In the event of any discrepancy between unit prices and extension, the unit price will govern.
19. All bids/proposals must be firm prices, unless otherwise specifically provided in the bid request. Pricing which is not firm, involves any escalation, subsequent adjustment, adder, or other contingency, will be rejected as non-responsive.
20. The prices in your bid/proposal shall be NET prices and must include ALL shipping, handling and delivery cost. The District reserves the right to refuse any delivery where the shipping charges are not prepaid by the bidder, unless otherwise stipulated in the bid instructions.
21. SALES AND USE TAXES /FEDERAL EXCISE TAXES – If the item subject of this bid is subject to State Sales Tax / Federal Excise Tax, the District will provide evidence of tax exempt status.
22. Under the provisions of Act 138 of 1994, Central Bucks School District will issue payment within the prescribed time established by the Act. Payment will be made upon receipt of all goods/services being received and complete unless as otherwise stated by contract documents or other mutually agreed terms. In the event of a dispute arising over the quality or quantity of goods/services received, payment may be suspended pending resolution of the dispute.
23. Any changes, alterations or additions to this information will be detailed in the specifications that are part of this bid.

ATTACHMENT C Insurance Requirements Snow Removal Services

The contractor shall keep and maintain the insurance during the life of this agreement. The minimum limits of liability shall be as follows or greater where required by law:

Workers Compensation

Coverage A	Statutory
Employers Liability-Coverage B	$ 500,000 each accident
	$ 500,000 disease - policy limit
	$ 500,000 disease - each employee

Comprehensive General Liability including Premises Liability, Products/Completed Operations Liability, Broad Form Property Damage, Explosion, Collapse and Underground Hazard (XCU) for contractors performing excavating, trenching and backfilling, Owners and Contractor Protective, and Contractual Liability including specific provisions for the contractor's obligations under Article 3.18 Indemnification. Products and Completed Operations insurance shall be maintained for a minimum period for at least two (2) years after either ninety (90) days following substantial completion of the project or final payment. General Liability Aggregate limits to apply on a "per project" basis.

$1,000,000 per occurrence
$1,000,000 products/completed operations
$1,000,000 personal/advertising injury
$2,000,000 general aggregate

Business Automobile Liability $1,000,000 Combined Single Limit

Coverage to include owned, hired and non-owned vehicles used by contractor and sub-contractors.

Excess/Umbrella Liability $5,000,000 each occurrence/aggregate

Such coverage shall be in excess of the general liability, automobile liability, and employer's liability as required by this contract.

Additional requirements:

1. Coverage must be primary and non-contributory to any insurance coverage Central Bucks School District may carry.
2. The Certificate must indicate a firm 30-day Notice of Cancellation or Material Change in Coverage.
3. New Certificates should be furnished from the insurance agent/broker automatically upon coverage renewal and sent to Central Bucks School District.
4. The company should have a pollution / hazardous spill policy of at least $1,000,000 per occurrence.
5. The Certificate must show Central Bucks School District as an additional insured on the General Liability policy. A copy of the policy endorsement showing additional insured status and any other special policy provisions which may exclude or limit our insured position must be attached to the Certificate.
6. Coverages must be written on an occurrence basis and shall be maintained without interruption from the date of commencement of the work until the date of final payment and termination of any coverage required to be maintained after final payment and, with respect to the

Contractor's completed operations coverage, until the expiration of the period for correction of work or for such other period for maintenance of completed operations coverage as specified in the contract documents.

7. The contractor's insurance policies shall be placed with insurance companies holding an A.M. Best Rating of A-/VIII or better.

Attachment D

NON-COLLUSION AFFIDAVIT

2026-2027 Snow Removal Services

INSTRUCTIONS FOR NON-COLLUSION AFFIDAVIT

1. This Non-Collusion Affidavit is material to any contract awarded pursuant to this bid. According to the Pennsylvania Anti Bid-Rigging Act, 73 P.S. §§ 1611 et. seq., governmental agencies may require Non-Collusion Affidavits to be submitted together with bids.

2. This Non-Collusion Affidavit must be executed by the member, officer or employee of the bidder who makes the final decision on prices and the amount quoted in the bid.

3. Bid rigging and other efforts to restrain competition, and the making of false sworn statements in connection with the submission of bids are unlawful and may be subject to criminal prosecution. The person who signs the Affidavit should examine it carefully before signing and assure himself or herself that each statement is true and accurate, making diligent inquiry, as necessary, of all other persons employed by or associated with the bidder with responsibilities for the preparation, approval or submission of the bid.

4. In the case of a bid submitted by a joint venture, each party to the venture must be identified in the bid documents, and an Affidavit must be submitted separately on behalf of each party.

5. The term "complementary bid" as used in the Affidavit has the meaning commonly associated with that term in the bidding process, and includes the knowing submission of bids higher than the bid of another firm, any intentionally high or noncompetitive bid, and any other form of bid submitted for the purpose of giving a false appearance of competition.

6. Failure to file an Affidavit in compliance with these instructions may result in disqualification of the bid

Attachment D

NON-COLLUSION AFFIDAVIT

2026-2027 Snow Removal Services

_____ [Name of Firm], and that I am authorized to make this affidavit on behalf of my firm, and its owners, directors, and officers. I am the person responsible in my firm for the price(s) and the amount of this bid for the **Central Bucks School District 2023-2024 Snow Removal Services**.

I state that:

1. The price(s) and amount of this bid have been arrived at independently and without consultation, communication or agreement with any other contractor, bidder or potential bidder.

2. Neither the price(s) nor the amount of this bid, and neither the approximate price(s) nor approximate amount of this bid, have been disclosed to any other firm or person who is a bidder or potential bidder, and they will not be disclosed before bid opening.

3. No attempt has been made or will be made to induce any firm or person to refrain from bidding on this contract, or to submit a bid higher than this bid, or to submit any intentionally high or noncompetitive bid or other form of complementary bid.

4. The bid of my firm is made in good faith and not pursuant to any agreement or discussion with, or inducement from, any firm or person to submit a complementary or other noncompetitive bid.

5. _____ [Name of Firm], its affiliates, subsidiaries, officers, directors and employees are not currently under investigation by any governmental agency and have not in the last three years been convicted or found liable for any act prohibited by State or Federal law in any jurisdiction, involving conspiracy or collusion with respect to bidding on any public contract, except as follows:

Any affidavits stating that the bidder or any of its affiliates, subsidiaries, officers, directors and employees have been convicted or found liable for any act, prohibited by State or Federal law in any jurisdiction, involving conspiracy or collusion with respect to bidding on any public contract within the last three years, does not prohibit the Central Bucks School District from accepting a bid from or awarding a contract to the bidder, but may be a ground for consideration on the question whether the District should decline to award a contract to that bidder on the basis of lack of responsibility.

I state that _____ [Name of firm] understands and acknowledges that the above representations are material and important, and will be relied on by the Central Bucks School District in awarding the contracts for which this bid is submitted. I understand and my firm understands that any misstatement in this affidavit is and shall be treated as fraudulent concealment from the Central Bucks School District of the true facts relating to the submission of bids for this contract

Date _____

Business or Organization Name (Employer)_____

Address _____

City _____ State_____ Zip Code _____

Contractor Subcontractor (check one)

Contracting Public Body _____

Contract/Project No _____

Project Description _____

Project Location _____

As a contractor/subcontractor for the above referenced public works contract, I hereby affirm that as of the above date, our company is in compliance with the Public Works Employment Verification Act ('the Act') through utilization of the federal E-Verify Program (EVP) operated by the United States Department of Homeland Security. To the best of my/our knowledge, all employees hired post January 1, 2013 are authorized to work in the United States.

It is also agreed to that all public works contractors/subcontractors will utilize the federal EVP to verify the employment eligibility of each new hire within five (5) business days of the employee start date throughout the duration of the public works contract. Documentation confirming the use of the federal EVP upon each new hire shall be maintained in the event of an investigation or audit.

I, _____, authorized representative of the company above, attest that the information contained in this verification form is true and correct and understand that the submission of false or misleading information in connection with the above verification shall be subject to sanctions provided by law.

****

CENTRAL BUCKS SCHOOL DISTRICT
Course of Study
Recommendation for Adoption

Course: Community Internship 2 **Date: 11/5/2026**

Student Level: **All**

Grade Level: **11 - 12**

Characterization of Course of Study:

This course is an elective course designed for students who are interested in exploring a career and who have already completed Community Internship 1. The course builds on the professional, communication, and career-specific skills students have learned in the previous course, while providing students with new opportunities for career projects, goals, and experiences. The purpose of the course is to empower students to try on a career they're passionate about and to instruct students on the core components of effective leadership, career-understanding, and communication. To that end, the course is broken into two components: an instructional component and an experiential internship component.

Instructionally, students will meet with their CBSD instructor to set goals, complete a Career Thesis, and plan a Capstone Presentation and Portfolio that documents the interns' learning and growth. Experientially, the students find their own internship placement, work hands on in the field, and complete multiple projects for their internship supervisor. These projects will focus on career-specific skills that go beyond Community Internship 1. Students will be expected to intern more throughout their experience, to develop deeper and more ambitious goals, and to complete more rigorous and dynamic projects. This course focuses less on the classroom instruction and more on the professional internship experience; students will find their own internship location based on CBSD guidelines and requirements before the semester begins.

The scope and sequence of the course is scholarly, rigorous, and experiential. The decision to take this course should be made based on interest and passion for a possible career field, as well as based on the responsibility and professionalism that an experiential internship will demand.

Reasons for Proposed Adoption:

This is a new course offering that extends the Community Internship Program that began in the winter of 2025. The new course was developed out of a growing student interest in a second course and stage of the program. The intention of this course is to be offered for students interested in building on their professional internship experience from the first class.

CENTRAL BUCKS SCHOOL DISTRICT
Course of Study
Recommendation for Adoption

Course: English 11 (0100, 0120) **Date: 11/5/2026**

Student Level: Academic and Honors

Grade Level: 11

Characterization of Course of Study:

English 11 is an 18-week, one-credit course offered at the Academic and Honors levels. The course develops students' ability to read critically, listen carefully, evaluate arguments, discern tone, and analyze how authors use rhetorical and literary techniques to achieve a purpose. Through the study of essays, speeches, literature, and visual texts, students examine the relationship among audience, purpose, structure, and style.

The course is organized into three units: Introduction to Rhetoric, Developing Rhetorical Analysis, and Synthesis of Literary and Rhetorical Analysis. Students progress from identifying rhetorical appeals and devices to evaluating their effects and synthesizing literary and rhetorical analysis. Writing instruction emphasizes clear thesis statements, relevant textual evidence, developed commentary, logical organization, revision, and conventions. A beginning-of-course writing sample, rhetorical elements quiz, rhetorical analysis essay, and persuasive product provide evidence of student learning.

Reasons for Proposed Adoption:

Adoption of the English 11 Course of Study supports a consistent framework for Academic and Honors instruction across the district. The document identifies priority and supporting Pennsylvania Core Standards, a three-unit scope and sequence, shared assessments, reading expectations, and instructional supports. This framework supports coherent instruction and assessment while developing students' capacity to analyze complex texts, evaluate arguments, and communicate evidence-based ideas with clarity and purpose.

CENTRAL BUCKS SCHOOL DISTRICT
Course of Study
Recommendation for Adoption

Course: English 12 (0210, 0220) **Date: 11/5/2026**

Student Level: **Academic and Honors**

Grade Level: **12**

Characterization of Course of Study:

English 12 is an 18-week, one-credit course offered at the Academic and Honors levels. The course strengthens students' critical reasoning and literary analysis skills in preparation for post-secondary experiences. Through literature representing different perspectives, societies, and time periods, students examine relationships among text, self, and world and explore how literature reflects the human experience. Students demonstrate effective communication through writing, discussion, and presentations.

The course is organized into three units: Sophisticated Literary Devices, Literary Frameworks and Perspectives, and Text-to-World Connections. Students progress from analyzing authors' choices to applying literary lenses and examining shared themes across literature and other media. Writing instruction emphasizes evidence-based analysis, organization, revision, conventions, and MLA citation. Beginning- and end-of-year writing samples, a common literary devices assessment, a literary analysis scored with the CBSD Literary Analysis Rubric, and a presentation with written composition provide evidence of student learning.

Reasons for Proposed Adoption:

Adoption of the English 12 Course of Study supports a consistent framework for Academic and Honors instruction across the district. The document identifies priority and supporting Pennsylvania Core Standards, a three-unit scope and sequence, district common assessments, reading expectations, and differentiated instructional supports. This framework supports coherent instruction and assessment while preparing students to interpret complex texts, consider multiple perspectives, connect themes across texts and media, conduct responsible research, and communicate evidence-based ideas in post-secondary settings.

CENTRAL BUCKS SCHOOL DISTRICT
Course of Study
Recommendation for Adoption

Course: AP English Language and Composition (0110) Date: 11/5/2026

Student Level: Advanced Placement

Grade Level: 11

Characterization of Course of Study:

AP English Language and Composition develops college-level reading, analysis, and writing skills for Grade 11 students. Students analyze and compose evidence-based arguments, perform rhetorical analysis of nonfiction texts, and synthesize information from multiple sources, including visual and quantitative texts. Instruction emphasizes rhetorical situation, claims and evidence, reasoning and organization, and style, preparing students for the AP examination and introductory college composition.

The course includes four core units: Introduction to Rhetoric and Analysis, Argument, Synthesis, and College Essay, with an additional enrichment component based on school and student needs. Students develop clear claims, select and integrate evidence, explain their reasoning, consider opposing arguments, and strengthen writing through feedback and revision. Timed AP-style essays, processed writing, common assessments, quizzes, and AP Classroom multiple-choice practice provide evidence of learning. A summer reading requirement is developed annually by each building.

Reasons for Proposed Adoption:

Adoption of the AP English Language and Composition Course of Study supports a consistent district framework for college-level reading and composition. The document identifies priority and supporting Pennsylvania Core Standards, a shared scope and sequence, common assessment expectations, and differentiation, enrichment, and language-development supports. This framework supports coherent instruction while allowing flexibility in learning experiences. Its emphasis on rhetorical analysis, argument, synthesis, and purposeful revision develops students' ability to evaluate information, communicate evidence-based ideas, and prepare for the AP examination and college-level writing.

Summer and Fall, 2026 Revision Date

CENTRAL BUCKS SCHOOL DISTRICT
Course of Study
Recommendation for Adoption

Course: AP English Literature and Composition (0200) **Date: 11/5/2026**

Student Level: **Advanced Placement**

Grade Level: **12**

Characterization of Course of Study:

AP English Literature and Composition is a rigorous, college-level course for Grade 12 students. Students engage in close reading and critical analysis of fiction, poetry, and drama from various periods. Instruction emphasizes how authors use structure, style, themes, figurative language, imagery, and symbolism to create meaning. Students also examine varied critical approaches and the social and historical contexts of literature.

The course is organized into nine units that revisit short fiction, poetry, and longer fiction or drama with increasing complexity. Writing instruction progresses from evidence-based analytical paragraphs to developed literary arguments, emphasizing defensible thesis statements, relevant textual evidence, commentary, coherent reasoning, and revision. AP-style timed essays, multiple-choice and free-response assessments, revised essays, projects, presentations, discussions, and AP Classroom Progress Checks provide evidence of learning. A summer reading requirement is developed annually by each building.

Reasons for Proposed Adoption:

Adoption of the AP English Literature and Composition Course of Study supports a consistent district framework for college-level literary study within the district. The document incorporates College Board course skills and priority and supporting Pennsylvania Core Standards within a nine-unit scope and sequence, with assessment expectations, text-selection guidance, and differentiation and enrichment supports. This framework supports coherent instruction while allowing flexibility in literary selections and developing students' ability to interpret complex texts, construct evidence-based arguments, and prepare for the AP examination and college-level reading and writing.

SIXTH GRADE CORE SUBJECTS

Teachers and counselors have recommended a program of studies based on each student's abilities, interests, goals, and course requirements. Please review the program recommendations and course descriptions contained in this booklet.

GRADE 6 ENGLISH LANGUAGE ARTS

0620 English Language Arts 6

In the 6th grade Reading and English Language Arts course, students engage in a dynamic curriculum aligned with the Pennsylvania Core Standards, focusing on reading, writing, speaking, and listening skills essential for academic success and future readiness. This double block class provides explicit instruction, guided practice, and independent application in word study, vocabulary, comprehension, language conventions, and written composition. With additional instructional time built into the schedule, students read a wide variety of literary and informational texts and participate in shared reading, small group reading, and independent reading. Writing instruction includes narrative, argumentative, and informative modes, using texts as common content. The structure of the course allows for differentiated instruction to meet the needs of all learners.

GRADE 6 MATHEMATICS

2625 Academic Math 6

This course is designed for students who are on-track with grade-level content and material. This course will cover all 6th grade standards preparing students for Academic Math 7 in 7th grade. Topics covered will include number systems and operations, ratio and rate, expressions, equations, inequalities, geometry, and data analysis.

2600 Advanced Math 6

This course is designed for students who have shown significant mastery of fifth grade content. This course will cover sixth and seventh grade standards preparing students to take Algebra 1 in 7th grade. Topics covered will include ratios & proportional reasoning, number systems & operations, equations & inequalities, geometry, data analysis, and probability. Prerequisite: **Criteria for placement includes recommendations from the fifth-grade team based on yearly average, curriculum-based measures, universal screener, and state assessments. For more information consult our CBSD website at https://www.cbsd.org/teaching-and-learning/mathematics/overview**

GRADE 6 SCIENCE

3620 Academic Science 6

Academic Science 6 is an integrated course that covers topics in the life, physical, and environmental sciences. Students will engage in an active learning environment that requires them to ask questions, develop models, plan and carry out investigations, analyze data, solve problems, and construct explanations. Through these authentic learning experiences students will reveal new scientific insights and develop important scientific skills.

GRADE 6 SOCIAL STUDIES

1620 Academic Social Studies 6

In this course, you'll uncover the early stories of human civilization through the theme of "discoveries." You'll explore ancient societies in Mesopotamia, Egypt, India, and China, learning how geography shaped their development and how their innovations continue to influence the world today. While the course emphasizes historical thinking, you'll also use geography to better understand how people lived, governed, and interacted with their environments. Through hands-on activities, inquiry, and research, you'll begin to think like a historian and discover what defines a civilization.

GRADE 6-8 PROGRAM FOR ENRICHMENT (PEN)

Our Gifted Support Program (PEN) for grades 6-8 uses a tiered approach to provide specialized instruction. This program operates on a four-day cycle, with gifted support sessions strategically scheduled at different times for each grade level. Students receive comprehensive support from their PEN teacher through a blended model of pull-out and push-in services, complemented by dedicated Intervention & Enrichment (I&E) sessions throughout the four-day cycle.

SEVENTH GRADE CORE SUBJECTS

Teachers and counselors have recommended a program of studies based on each student's abilities, interests, goals, and course requirements. Please review the program recommendations and course descriptions contained in this booklet.

GRADE 7 ENGLISH LANGUAGE ARTS

0700 Advanced English Language Arts 7
0720 Academic English Language Arts 7
In 7th Grade English Language Arts, students engage in a dynamic and rigorous curriculum aligned with the Pennsylvania Core Standards, emphasizing the development of reading, writing, speaking, and listening skills essential for academic success and future readiness. Students explore a diverse range of literary and informational texts that reflect real-world themes and cultural perspectives, fostering critical thinking and meaningful discussion. They analyze literary elements, structure, and author's craft across genres, strengthen comprehension through close reading strategies, and develop writing skills in narrative, argumentative, and informative formats using evidence-based reasoning. Students also participate in collaborative discussions and presentations to build effective communication skills, while expanding vocabulary and grammar usage through contextual learning and targeted instruction. Students in the Advanced English Language Arts 7 course are expected to be avid readers and sophisticated writers. The course of study includes variations in materials, tasks, and assessments for the advanced level class. Students will encounter challenging texts, discussions, and writing tasks and are expected to have strong reading and writing stamina.

0745 English Language Arts Intervention 7
Assigned as needed
This course is designed to support 7th grade students who are reading below grade level by providing targeted, research-based instruction. Aligned with the Pennsylvania Core Standards for English Language Arts, the program helps students build foundational literacy skills, improve reading fluency, expand vocabulary, and strengthen comprehension through a blended learning model. Students participate in a structured daily routine that includes whole-group instruction focused on reading strategies, vocabulary, and writing, as well as small-group rotations for personalized teacher-led instruction. Students also take part in independent reading and adaptive software practice tailored to their instructional level. They engage with high-interest texts, anchor videos, and interactive activities that promote academic growth and confidence. Regular assessments help monitor progress and guide instruction. Through this intervention, students can achieve up to two years of reading growth in one academic year, preparing them to meet grade-level expectations and succeed across content areas.

GRADE 7 MATHEMATICS

Because of the sequential development of the mathematics curriculum, students must attain the prerequisites in the previous course before advancing to a more difficult level. The prerequisite for each course has been developed with the sole purpose of ensuring students have the skills they need to be successful. These prerequisites must be met before entering the course. Students who do not meet the prerequisite for the next sequential math course can elect to retake the course in summer school or during the next school year. For a complete secondary math course sequence visit https://www.cbsd.org/teaching-and-learning/mathematics/middle-school-math

2700 Advanced Algebra 1
This course is designed for students who have successfully completed Advanced Math 6 and have demonstrated excellent mathematical ability. Students in this class are typically two years above grade level in mathematics. It extends previously learned arithmetic skills to expressions involving variables. Major topics include linear equations and inequalities in one and two variables, exponents and polynomials, factoring, quadratic equations, proportions, functions, radicals, rational expressions, and data analysis. Problem solving, application, communication and reasoning are emphasized throughout the course. Students in this class will take the Algebra 1 Keystone Exams. **Criteria for placement includes recommendations from the sixth grade team based on yearly average, curriculum-based measures, universal screener, and state assessments. For more information consult our CBSD website at https://www.cbsd.org/teaching-and-learning/mathematics/middle-school-math**

2712 Accelerated Math 7
This course is designed to cover both seventh and eighth grade standards. This accelerated course will prepare students to take Accelerated Algebra 1 in eighth grade. Topics covered will include proportional relationships, number systems, equations and inequalities in one variable, similarity, slope, linear relationships, exponents, area, volume, data analysis, sampling, probability, transforming

geometric figures, and constructing geometric figures**. Criteria for placement includes a recommendation from the sixth-grade team based on yearly average, curriculum-based measures, universal screener, and state assessments. For more information consult our CBSD website at https://www.cbsd.org/teaching-and-learning/mathematics/middle-school-math**

2725 Academic Math 7
This course is designed for students who are on-track with grade-level content and material. This course will cover all 7th grade standards preparing students for Academic Math 8 in 8th grade. Topics covered will include proportional relationships, operations involving rational numbers, expressions, equations, & inequalities, geometry, data analysis, and probability.

2745 Math Intervention 7
Assigned as needed
This course is designed for students who would benefit from additional support to meet grade-level standards in mathematics. It focuses on reinforcing foundational skills and addressing learning gaps to build confidence and competence in core concepts.

GRADE 7 SCIENCE

3720 Academic Science 7
Academic Science 7 is an integrated course that covers topics in the life, physical, and environmental sciences. Students will engage in an active learning environment that requires them to ask questions, develop models, plan and carry out investigations, analyze data, solve problems, and construct explanations. Through these authentic learning experiences students will reveal new scientific insights and develop important scientific skills.

GRADE 7 SOCIAL STUDIES

1720 Academic Social Studies 7
In this course, you'll explore how civilizations across the world encountered one another and shaped human history. Building on the foundations from 6th grade, you'll focus on world civilizations such as Greece, Rome, the Middle East, Europe, and the Americas—examining how geography, government, and economics help us understand their development. The course emphasizes historical thinking. You'll also engage in hands-on and experiential learning, along with opportunities for research and inquiry. As you study the contributions and complexities of past societies, you'll strengthen your skills as a scholar and deepen your understanding of what defines a civilization.

GRADE 7 WORLD LANGUAGES

4080 Spanish 1A
Spanish 1A is an introductory course in which students begin developing skills in listening, speaking, reading, and writing in Spanish. Students will learn to greet others, introduce themselves, describe family and friends, talk about daily activities, and express likes, preferences, and future plans. Cultural explorations of Spanish-speaking countries such as Mexico, Puerto Rico, and Guatemala are integrated throughout the course to build global awareness and appreciation. By the end of Spanish 1A, students will be able to communicate about familiar topics in simple sentences and engage in novice conversations in the target language.

4070 French 1A
French 1A is an introductory course in which students begin developing skills in listening, speaking, reading, and writing in French. Students will learn to greet others, introduce themselves, describe family and friends, talk about school life and daily activities, and express likes, dislikes, and preferences. Cultural explorations of French-speaking regions such as France, Canada, Algeria, Tunisia, Morocco, and Martinique are integrated throughout the course to build global awareness and appreciation. By the end of French 1A, students will be able to communicate about familiar topics in simple sentences and engage in novice conversations in the target language.

4078 Passports & Perspectives
Assigned as needed
Passports & Perspectives is an engaging course designed to introduce middle school students to the world of languages and cultures. Students will develop strategies for acquiring vocabulary, recognizing patterns, and practicing basic communication skills. Through interactive activities and cultural comparisons, students will explore how language reflects identity and values, and how their own language and culture compare and contrast with those of others around the world. This course fosters curiosity, global awareness, and appreciation for diverse perspectives, preparing students for future language study and cultural experiences. *This course is assigned as needed and runs opposite 7th Grade Math: Math Intervention 7 and/or 7th Grade ELA: English Language Arts Intervention 7.

GRADE 6-8 PROGRAM FOR ENRICHMENT (PEN)

Our Gifted Support Program (PEN) for grades 6-8 uses a tiered approach to provide specialized instruction. This program operates on a four-day cycle, with gifted support

sessions strategically scheduled at different times for each grade level. Students receive comprehensive support from their PEN teacher through a blended model of pull-out and push-in services, complemented by dedicated Intervention & Enrichment (I&E) sessions throughout the four-day cycle.

EIGHTH GRADE CORE SUBJECTS

Teachers and counselors have recommended a program of studies based on each student's abilities, interests, goals, and course requirements. Please review the program recommendations and course descriptions contained in this booklet.

GRADE 8 ENGLISH

0800 Advanced English Language Arts
0820 Academic English Language Arts

In 8th Grade English Language Arts, students participate in a rich and engaging curriculum aligned with the Pennsylvania Core Standards, emphasizing essential skills in reading, writing, speaking, and listening to support academic achievement and future preparedness. They engage with a diverse selection of literary and informational texts that highlight real-world issues and cultural viewpoints, fostering critical thinking and thoughtful dialogue. Through close reading, students examine literary techniques and authorial choices to deepen comprehension. Writing instruction focuses on narrative, argumentative, and informative styles, encouraging evidence-based reasoning. Additionally, students enhance their communication abilities through collaborative discussions and presentations, while expanding vocabulary and grammar through meaningful, context-driven learning. The Advanced English 8 course integrates reading, literature study, writing, researching, speaking, and thinking skills. Students in this course are expected to be avid readers and sophisticated writers. In this course, students will encounter challenging texts, discussions, and writing and are expected to have strong reading and writing stamina. **Prerequisite: (0700) Advanced English 7, *A* or *B* or teacher recommendation; (0720) Academic English 7, *A* or *A-* or teacher recommendation.**

0845 English Language Arts Intervention 8

Assigned as needed

This course is designed to support 8th grade students who are reading below grade level by providing targeted, research-based instruction in the foundations of reading and writing. Aligned with the Pennsylvania Core Standards for English Language Arts, the program helps students build foundational literacy skills, improve reading fluency, expand vocabulary, and strengthen comprehension through a blended learning model. Students participate in a structured daily routine that includes whole-group instruction focused on reading strategies, vocabulary, and writing, as well as small-group rotations for personalized teacher-led instruction. Students also take part in independent reading and adaptive software practice tailored to their instructional level. They engage with high-interest texts, anchor videos, and interactive activities that promote academic growth and confidence. Regular assessments help monitor progress and guide instruction. Through this intervention, students can achieve up to two years of reading growth in one academic year, preparing them to meet grade-level expectations and succeed across content areas.

GRADE 8 MATHEMATICS

Because of the sequential development of the mathematics curriculum, students must attain the prerequisites in the previous course before advancing to a more difficult level. The prerequisite for each course has been developed with the sole purpose of ensuring students have the skills they need to be successful. These prerequisites must be met before entering the course. Students who do not meet the prerequisite for the next sequential math course can elect to retake the course in summer school or during the next school year. For a complete secondary math course sequence visit https://www.cbsd.org/teaching-and-learning/mathematics/middle-school-math

2800 Advanced Geometry

This course is designed for students who have successfully completed Algebra 1 or Algebra 1B. Geometry/Trig has three major sections: The Foundation (Units 1-2), The Heart (Units 3-5), and The Application (Units 6-8). In *The Foundation* students will learn about proper mathematical communication. Students will learn to make logical arguments and justify their rationale for problem solving steps. In *The Heart* students will focus on Triangles (Rules & Relationships, Similarity, Congruence, and Right Triangle Trigonometry). Finally, in *The Application*, students will apply concepts from throughout the course to Polygons, Quadrilaterals, and Circles. Students will conclude the course by reviewing Area & Perimeter of Plane Figures and studying Surface Area & Volume of Solids. There will be an emphasis on applying algebra to geometric figures and applying geometric concepts to real world scenarios. **Prerequisite: Advanced Algebra 1, *B-* (80%) or teacher recommendation.**

2812 Accelerated Algebra 1

This course is intended for college-bound students who have successfully completed Accelerated Math 7 and have

demonstrated excellent mathematical ability. Algebra 1 extends previously learned arithmetic skills to expressions involving variables. Major topics include linear equations and inequalities in one and two variables, exponents and polynomials, factoring, quadratic equations, proportions, functions, radicals, rational expressions, and data analysis. Problem solving applications, communication and reasoning are emphasized throughout the course. Students in this class will take the Algebra 1 Keystone Exams. **Prerequisite: Accelerated Math 7 (*B-*, 80% or higher) or teacher recommendation.**

2825 Academic Math 8
This course is designed for students who are on-track with grade-level content and material. This course will cover all 8th grade standards preparing students for Algebra 1A or Algebra 1 in 9th grade. Topics covered will include transformational geometry, linear equations and applications, relationships and functions, statistics and probability, real numbers and Pythagorean Theorem, exponents, scientific notation, and volume.

2845 Math Intervention 8
Assigned as needed
This course is designed for students who would benefit from additional support to meet grade-level standards in mathematics. It focuses on reinforcing foundational skills and addressing learning gaps to build confidence and competence in core concepts.

GRADE 8 SCIENCE

3800 Advanced Science 8
Science 8 is an integrated course that covers topics in the life, physical, and Earth/space sciences. As in Science 7, students will engage in an active learning environment that requires them to ask questions, develop models, plan and carry out investigations, analyze data, solve problems, and construct explanations. Through these authentic learning experiences students will reveal new scientific insights and develop important scientific skills.

The Advanced Science 8 course of study includes variations in materials, tasks, and assessments. Advanced students will complete more demanding assignments and study additional material beyond that expected in the Academic level. Further, Advanced students will be required to complete a challenging scientific investigation focusing on the important role of the scientific method in the analysis of a problem. **Prerequisite: Academic Science 7, *A-* average or teacher recommendation.**

3820 Academic Science 8
Science 8 is an integrated course that covers topics in the life, physical, and Earth/space sciences. As in Science 7, students will engage in an active learning environment that requires them to ask questions, develop models, plan and carry out investigations, analyze data, solve problems, and construct explanations. Through these authentic learning experiences students will reveal new scientific insights and develop important scientific skills.

GRADE 8 SOCIAL STUDIES

1800 Advanced Social Studies 8
In this course, you'll explore the story of the United States from the 18th through the 19th century. You'll learn about Colonial America, the American Revolution, and the creation of our government. Then you will follow the nation's growth through the Civil War, Reconstruction, westward expansion, and the rise of industry and immigration. You'll also complete a research project where you'll build a historical argument and support it with evidence from both primary and secondary sources. Throughout the year, you'll sharpen your critical thinking and communication skills while diving into big ideas in history, geography, economics, and government. This course is designed for students who want a more challenging and in-depth study of American history. You'll complete rigorous assignments, explore additional content, and conduct an extensive research project using both primary and secondary sources. Expect to engage with complex ideas and develop strong academic habits that prepare you for future honors-level work. **Prerequisite: Academic Social Studies 7, *A* or *A-* or teacher recommendation and an enthusiasm for history.**

1820 Academic Social Studies 8
In this course, you'll explore the story of the United States from the 18th through the 19th century. You'll learn about Colonial America, the American Revolution, and the creation of our government. Then you will follow the nation's growth through the Civil War, Reconstruction, westward expansion, and the rise of industry and immigration. Along the way, you'll sharpen your critical thinking and communication skills while diving into big ideas in history, geography, economics, and government. This course helps you understand how the past shapes the world you live in today.

GRADE 8 WORLD LANGUAGES

4081 Spanish 1B

Spanish 1B builds on the foundational communication skills developed in Spanish 1A through continued study of vocabulary, grammar, and cultural perspectives. Students strengthen their proficiency in listening, speaking, reading, and writing as they communicate about topics such as food, health and wellness, hobbies, sports, travel, transportation, geography, nature, and the environment. Through the exploration of Spanish-speaking countries and cultures, students develop intercultural understanding while expanding their ability to communicate in a variety of real-world contexts using present and past time frames. The course emphasizes meaningful communication, cultural awareness, and the continued development of language-learning strategies that support increasing independence and proficiency in Spanish. **Prerequisite: *C-* or higher in Spanish 1A.**

4071 French 1B

French 1B builds on the foundational communication skills developed in French 1A through continued study of vocabulary, grammar, and cultural understanding. Students strengthen their proficiency in listening, speaking, reading, and writing as they communicate about school, hobbies, leisure activities, food, weather, clothing, celebrations, and places in the community. Students also develop the ability to describe themselves and others, make plans, and discuss past events in French. Through the exploration of the Francophone culture, including Paris, Normandy, and the Loire Valley, as well as Québec, the Maghreb, and French café culture, students gain a deeper appreciation for the diversity of the French-speaking world. By the end of the course, students will be able to understand and communicate basic information in French about familiar topics, daily experiences, and cultural perspectives using a variety of vocabulary and grammatical structures. **Prerequisite: *C-* or higher in French 1A.**

4078 Passports & Perspectives

Assigned as needed

Passports & Perspectives is an engaging course designed to introduce middle school students to the world of languages and cultures. Students will develop strategies for acquiring vocabulary, recognizing patterns, and practicing basic communication skills. Through interactive activities and cultural comparisons, students will explore how language reflects identity and values, and how their own language and culture compare and contrast with those of others around the world. This course fosters curiosity, global awareness, and appreciation for diverse perspectives, preparing students for future language study and cultural experiences.***This course runs opposite to 8th Grade Math: Math Intervention 8 and/or 8th Grade ELA: English Language Arts Intervention 8.**

GRADE 6-8 PROGRAM FOR ENRICHMENT (PEN)

Our Gifted Support Program (PEN) for grades 6-8 uses a tiered approach to provide specialized instruction. This program operates on a four-day cycle, with gifted support sessions strategically scheduled at different times for each grade level. Students receive comprehensive support from their PEN teacher through a blended model of pull-out and push-in services, complemented by dedicated Intervention & Enrichment (I&E) sessions throughout the four-day cycle.

ART

8650 Grade 6 Art

This course follows a Disciplined-Based Art Education (DBAE) approach while aligning with national standards for visual arts education. Students will engage in a dynamic, hands-on exploration of artistic techniques, concepts, and cultural connections. Through both two-dimensional and three-dimensional projects, students will investigate color, texture, and form, while exploring a variety of artistic genres and styles . They will use line, shape, and space to create depth and meaning in their work while drawing inspiration from historical and contemporary artists. By blending skill-building with creative exploration, this course allows teachers the flexibility to tailor projects to students' interests. Beyond creating art, students will explore self-expression, creativity, and the meaningful role art plays in different communities and time periods.

8750 Grade 7 Art

This course builds upon the skills emphasized in the Elementary art program. Students focus on the possible studio units of drawing, painting, printmaking, ceramics, and sculpture. Students produce a variety of two and three-dimensional art works. Art History is integrated throughout the course. Art movements, from the late 1800's to the early 1920's will be explored. Students continue to develop knowledge and skills in the disciplines of Art Criticism, Aesthetics and Philosophy, through various activities including critiques, class discussions, reflections, and writings.

8850 Grade 8 Art

This course extends concepts, skills, and prior experiences. The possible studio units focused upon include advanced intermediate skills and concepts in drawing, painting, commercial art, architecture, crafts, and animation. In Art History, students will study the artistic styles that were developed beginning in 1915 until the end of the 20th century. A variety of art movements and artists will be introduced and explored. Students will further develop knowledge and skills related to the disciplines of Aesthetics, Philosophy, and Art Criticism using critiques and discussions.

8655 Collaborative Art 6
8755 Collaborative Art 7
8855 Collaborative Art 8

Collaborative Art is an elective course that offers a unique opportunity for students of varying ability levels and backgrounds to collaborate and serve as both, a peer mentor and learner. This course is designed to provide students (with and without disabilities) the opportunity to experience art in a modified and safe environment. The focus of this course is on the academic and social growth of all participants. Engaging in art alongside peers will support and foster social relationships within the school community. This course will allow each student to gain an appreciation and understanding of the various abilities that are present in an artistic setting. This course will be offered according to the scheduling needs of the building.

BUSINESS AND INTEGRATED TECHNOLOGY

5636 Integrated Technology 6

In this course, students will build foundational technology skills by learning effective file management and using Office 365 tools for productivity and collaboration. Students will also explore careers in marketing, accounting, and management, developing communication, organization, and critical thinking skills. Through portfolio creation and mock interviews, students will connect their personal strengths to real-world career paths and gain confidence in their ability to succeed in a digital and professional environment.

5637 Integrated Technology 7

Throughout this course, students will display technology competencies through project-based learning. An instructional model will develop empowered learners by maintaining a digital portfolio of projects utilizing Microsoft Suite applications. Students will recognize feedback from digital tools, make adjustments based on feedback, and use age-appropriate technology to share. This work will prepare students for the technology skills required for high school, college, and career.

5638 Integrated Technology 8

Integrated Technology 8 introduces students to the essentials of entrepreneurship through the application of how entrepreneurs utilize technology to start and operate companies. During the progression of the course, students will collect data to create a business, based on a need within the community. After identifying the need, students will construct a business plan using the MS Office Suite, along with creating and presenting a variety of marketing elements including a commercial and/or a website. This project-based course will utilize Central Bucks Technology Standards, which builds upon the K-7 technology toolkit.

COMPASS

9600 Compass 6
Compass 6 is a course designed to equip middle school students with essential strategies that foster success both in school and beyond. Through engaging activities, students build essential competencies across three interconnected units. Academic skill building includes study strategies, strengthening executive functioning skills and emphasizing personal responsibility with a focus on Digital Citizenship. Social skill building covers collaboration, communication and problem solving. Personal skill building allows students to explore their own mindset and motivation as they prepare for future academic and career endeavors, including compiling career readiness artifacts in alignment with Pennsylvania middle school requirements**.**

9700 Compass 7
9800 Compass 8
Compass 7 and Compass 8 builds upon the foundation established in Compass 6 through deeper exploration of academic, social, and personal development. Through engaging learning experiences, collaborative projects, and real-world applications, students continue to strengthen executive functioning skills, personal responsibility, communication, and problem-solving abilities. Developmentally appropriate resources, media, and learning experiences reinforce Digital Citizenship concepts and help students navigate the opportunities and challenges commonly encountered during the middle school years. Students also continue to investigate academic and career pathways through the required Pennsylvania career readiness requirements.

FAMILY & CONSUMER SCIENCES

6650 Family and Consumer Sciences 6
This engaging course offers 6th-grade students the opportunity to develop foundational life skills through two comprehensive units: Food Science & Nutrition and Personal Finance & Consumer Skills. Students will learn about kitchen safety, basic cooking techniques, and the impact of food choices on their health. In the Personal Finance and Consumer Skills unit, students will discover how to manage money wisely by understanding the connection between work, income, saving, and spending. Whether they are preparing a recipe or a budget, students will walk away with confidence and skills they can use now and in the future.

6750 Family and Consumer Sciences 7
In 7th grade Family and Consumer Sciences, students will develop essential life skills through hands-on learning in the areas of food science, sewing, and child development. In the Food Science Unit, they'll learn how to safely prepare recipes, understand where food comes from, and make informed nutritional choices using food labels. In our Resource Management Unit, students will master the basics of clothing care, sustainability, and machine sewing through creative projects. Finally, they'll explore early childhood development and what it means to be a responsible caregiver. This course empowers students to make smart, nutritional, and responsible choices at home and in their community.

6850 Family and Consumer Sciences 8
In 8th Grade Family and Consumer Sciences students gain real-world skills through four key areas: food science, career exploration, human development, and financial literacy. They'll enhance their culinary abilities with intermediate level recipes, while learning about nutrition, energy needs, and food safety. Students will also explore workplace readiness by practicing interviewing, communication, and teamwork. Through the study of family life stages and personal goal setting, they'll build self-awareness and decision-making skills. In the finance unit, students will learn how to manage a budget, compare income types, and become informed consumers. This course empowers students to confidently navigate everyday responsibilities and plan for their future.

6655 Collaborative Family Consumer Science 6
6755 Collaborative Family Consumer Science 7
6855 Collaborative Family Consumer Science 8
Collaborative Family Consumer Science is an elective course that offers a unique opportunity for students of varying ability levels and backgrounds to collaborate and serve as both, a peer mentor and learner. This course is designed to provide students (with and without disabilities) the opportunity to learn skills from family consumer science in a modified and safe environment. The focus of this course is on the academic and social growth of all participants. Engaging in work alongside peers will support and foster social relationships within the school community. This course will allow each student to gain an appreciation and understanding of the various abilities that are present in the family consumer science setting. This course will be offered according to the scheduling needs of the building.

MUSIC

Students may elect to take a performing ensemble music class in sixth, seventh and eighth grades. Students choose from band, orchestra, or chorus. Please note: Only students enrolled in curricular music performance classes (Chorus, Band and Orchestra) are eligible to audition for the BCMEA County Music Festival, and (afterschool) select music ensembles. (Exploring Music does not qualify as a performance class.) Students who do not enroll in band, orchestra, or chorus will be enrolled in an exploring music course.

8554 Chorus 6
8754 Chorus 7
8854 Chorus 8
These courses are designed for students who desire to develop their interest in music through singing and other activities. Development of vocal skills and technique will be taught, and students will experience singing a wide variety of musical styles, including multi-part arrangements. Students will learn how to read a musical score. Additional experiences may include aspects of Theatre Arts and other performance experiences. Opportunities for public performance will help students to build confidence and a sense of accomplishment, both individually and collectively. **Prerequisite: None**

8652 Band 6
8752 Band 7
8852 Band 8
These courses are designed for students who play band instruments in the woodwind, brass, and percussion families. Students experience playing in a variety of musical styles and will continue their development of musical skills and techniques. Instruction includes learning to read and interpret musical scores. Public performances throughout the year help students build confidence, teamwork, and a sense of accomplishment. **Prerequisite for Band: Successful completion of Grade 5,6,7 band or the equivalent.**

8653 Orchestra 6
8753 Orchestra 7
8853 Orchestra 8
These courses are designed for students who play violin, viola, cello, or double bass. Students will focus on developing essential string techniques, ensemble skills, and musical expression. Through rehearsal and performance, they will explore a variety of musical styles and build confidence as string performers. Emphasis is placed on tone production, music reading, and collaborative musicianship in a supportive ensemble setting. Public performances throughout the year help students build confidence, teamwork, and a sense of accomplishment. **Prerequisite for Orchestra 6: Successful completion of Grade 5,6,7 orchestra or the equivalent.**

8651 Exploring Music 6
In this engaging and hands-on course, students will discover the many dimensions of music through active participation and creative exploration. From learning about diverse music genres to developing rhythmic skills, students will build a strong foundation in musical understanding. Whether performing, listening, or creating, students will gain a deeper appreciation for music and its role in the world around them.

8751 Exploring Music 7
In this interactive course, students will continue developing their musical abilities through expanded performance and creative opportunities. Building on prior ukulele experience, students will refine their playing skills and explore ensemble performance. Students will dive deeper into music production, using digital tools and keyboard controllers to create and manipulate sound. The course also explores the role of music in theater and film, examining how scores enhance storytelling and emotion. Through performance, technology, and listening, students will gain a deeper understanding of music's expressive power.

8851 Exploring Music 8
This course invites students to deepen their musical skills and understanding through hands-on experiences and creative exploration. Students will learn to play guitar, gaining confidence in basic chords and strumming techniques. They'll study song form and structure, analyzing how music is built and how it communicates ideas and emotions. Through music production activities, students will experiment with digital tools to create and edit their own musical projects. The course also introduces students to a variety of music-related careers, helping them discover the many paths available in the world of music.

8675 Collaborative Music 6
8775 Collaborative Music 7
8875 Collaborative Music 8
Collaborative Music is an elective course that offers a unique opportunity for students of varying ability levels and backgrounds to collaborate and serve as both, a peer mentor and learner. This course is designed to provide stu-

dents (with and without disabilities) the opportunity to experience music in a modified environment. The focus of this course is on the academic and social growth of all participants. Engaging in music alongside peers will support and foster social relationships within the school community. This course will allow each student to gain an appreciation and understanding of the various abilities that are present in a music setting. This course will be offered according to the scheduling needs of the building.

PHYSICAL EDUCATION

7650 Physical Education 6
The 6th grade Physical Education program is designed to teach students the skills, knowledge, and attitudes essential for living a healthy lifestyle. In this course, students will explore fundamental physical and social skills. They will develop personal responsibility and team-building abilities through collaborative activities. Team activities such as invasion games and ultimate games will foster strategic thinking and teamwork. The fitness concepts unit will cover the components of physical fitness and promote lifelong fitness habits. Dance and movement activities will encourage creative expression and coordination, while racquet games will enhance hand-eye coordination and agility. Each unit is intended to foster a supportive and active learning environment.

7651 Health Education 6
The 6th Grade Health Education program is designed to teach students the skills needed to stay healthy and safe. Students will practice mental and emotional health by recognizing emotions, managing stress, and using positive coping strategies. They will learn how to build strong friendships, communicate respectfully, and resolve conflicts. Safety lessons will include topics such as recognizing bullying and cyberbullying. Students will also learn about the dangers of alcohol, tobacco, and other drugs, as well as how to resist peer pressure. Finally, they will study the changes that occur during adolescence and how body systems function within the human growth and development unit. These lessons help students make informed choices for a healthy life.

7750 Physical Education 7
The 7th grade Physical Education program is a comprehensive course designed to teach students the skills, knowledge, and attitudes essential for living a healthy lifestyle. In this course, students will explore the dimensions of wellness through physical activity. Students completing this course will participate in a variety of physical education activities, including lifetime activities, team building, team games, fitness concepts, racquet sports, and personal responsibility. Skills-based instruction is integrated to ensure students develop practical abilities that can be applied in real-life situations.

7751 Health Education 7
The 7th Grade Health Education program is designed to empower students to take charge of their health and well-being through skills-based learning experiences. Students will explore key topics such as mental and emotional wellness, healthy relationships, substance use and abuse, human growth and development, violence prevention and safety, healthy eating, and personal wellness. Lessons focus on building health literacy, developing decision-making skills, and understanding how social and environmental factors influence health. Students will learn to apply these skills in real-life situations to support their own well-being and positively impact others.

7850 Physical Education 8
The 8th Grade Physical Education program is designed to teach students the skills, knowledge, and attitudes essential for living a healthy lifestyle. In this course, students will explore the many dimensions of wellness through physical activity experiences. Students completing this course will participate in a variety of physical education activities, including Personal Responsibility and Team-building, where they will develop skills in teamwork, cooperation, and personal accountability; Team Activities, which involve engaging in various team sports and cooperative games to enhance social skills and physical fitness; Fitness Concepts, understanding the components of fitness and their relationship to physical activity; Dance and Movement, exploring creative expression through dance and movement activities; Racquet Activities, learning and practicing skills in racquet sports such as tennis and badminton; and Lifetime Activities, participating in activities that promote lifelong fitness and wellness. Emphasis will be placed on fitness, its components, and their relationship to physical activity.

7851 Health Education 8
The 8th Grade Health Education program is to equip students with the knowledge and skills necessary to make informed decisions that promote lifelong health and well-being. Students will explore key topics such as mental and emotional health, human growth and development, violence prevention and safety, healthy eating, personal health and wellness, healthy relationships, and alcohol, tobacco, and other drugs. Students will engage in age-appropriate activities and discussions that foster informed decision-making, self-awareness, and responsible behaviors.

7655 Collaborative Physical Education 6
7755 Collaborative Physical Education 7
7855 Collaborative Physical Education 8
Collaborative Physical Education is an elective course that offers a unique opportunity for students of varying ability levels and backgrounds to collaborate and serve as both, a peer mentor and learner. This course is designed to provide students (with and without disabilities) the opportunity to experience all forms of sport activities in a modified, recreational, and safe environment. The focus of this course is on the physical, intellectual, and social growth of all participants. Engaging in physical activity and sport alongside peers will support and foster social relationships within the school community. This course will allow each student to gain an appreciation and understanding of the various physical and mental abilities and disabilities that can be present in a physical activity setting. This course can take the place of the required 6th, 7th or 8th grade Physical Education course. This course will be offered as either a 6th, 7th or 8th grade course according to the scheduling needs of the building.

TECHNOLOGY AND ENGINEERING EDUCATION

6651 STEM 6
Students will begin their Science, Technology, ENGINEERING and Mathematics (STEM) middle school experience by continuing their QUEST elementary education as they are reintroduced to the foundations of STEM through minds on, hands-on project-based learning. Students will interact with small woodworking machines and tools, drawing tools, basic physical coding in robotics, computer aided design (CAD), 2D subtractive manufacturing machines such as a laser engraver, vinyl cutter and 3D printing additive technology. Projects may include a technical drawing, a small woodshop project, robotics with microcontrollers and other design and prototype-based activities. Emphasis is placed on individual and teamwork by applying the engineering design and problem-solving process to fun and engaging real-world challenges. STEM 6 lays the foundation to develop technological literacy within the STEM framework.

6751 STEM 7
In STEM 7, students deepen their understanding of engineering concepts by working on more complex designs and projects. Topics will include intermediate physical coding in robotics, energy and structures, applied mathematics skills with architecture and engineering, and continued use of CAD, 3D design and printing with other digital design and cutting tools such as a laser engraver, 3D printer and vinyl cutter. Students will analyze problems, test prototypes, and refine solutions according to the engineering design and problem-solving process while building resilience and persistence in their project-based work. Projects may include CO2 dragsters, mousetrap vehicles, rockets, models and a small woodshop project. Emphasis is placed on connecting classroom learning to real-world applications as they continue their journey in developing technological literacy within STEM.

6851 STEM 8
In 8th grade STEM, students are challenged to integrate their accumulated knowledge from previous STEM courses into advanced, multi-step projects. They will use woodshop machines and tools, interact with robotic controllers, code and sensors, observe and explore 3D printing, laser engraving, and vinyl cutting with higher level CAD techniques. Students will work by themselves and in teams to tackle closed and open-ended engineering problems. Projects that may include CO2 dragsters, mousetrap vehicles, rockets, models and a woodshop project. Technological literacy is strengthened in STEM 8 as they prepare for high school-level Science, Technology, ENGINEERING, Art and Mathematics (STEAM) classes.

CENTRAL BUCKS SCHOOL DISTRICT
6th – 8th Grade Elective Courses Information and Sample Schedules

At the heart of our middle school program is a commitment to the philosophy that young adolescents thrive when given opportunities to explore a wide range of disciplines, discover their interests, and develop essential skills for lifelong learning.

In alignment with this philosophy, all students in grades 6 through 8 participate in a full rotation of elective courses. This model ensures all students are exposed to a variety of subjects—music, art, physical education, health, family and consumer science, integrated tech, STEM, and Compass (see course descriptions for more information about all electives classes). This experience allows students to begin identifying areas of passion and strength. By engaging in a variety of learning experiences from all elective areas, students build foundational knowledge across disciplines while cultivating curiosity, creativity, and confidence.

With this in mind, we are committed to providing an equitable experience for all students but recognize it is essential for our Music Ensemble students to remain in their ensemble class for the duration of the year. To ensure this happens, students follow one of two scheduling pathways throughout their middle school years:

- **Music Ensemble Pathway:** Students enrolled in band, choir, or orchestra remain in their ensemble class year-round on a four-day rotation. Within this pathway, students engage with the skills students learn during their Compass 6, Compass 7, and Compass 8 electives. Compass curriculum—Compass 6, Compass 7, and Compass 8—within their ensemble course taught by their music teacher. When possible, the skills from Compass are embedded through instruction that integrates these skills into their ensemble experience. Sometimes that may not be possible, so ensemble teachers will also deliver separate Compass lessons to be sure all students leave middle school with the same foundational knowledge.

- **Exploring Music Pathway**: Students not participating in a music ensemble receive general music instruction as part of their elective rotation. These students are scheduled for Compass 6, Compass 7, and Compass 8 as standalone elective courses, ensuring they receive the same skill development in a format tailored to their schedule.

This dual-pathway model honors student choice, while maintaining equitable access to core learning experiences.

Please note:
- If a student is interested in participating in instrumental AND vocal music, the student should register for the band or orchestra class.
- Because of music staffing schedules, there can be NO GUARANTEES that any student will be able to be involved in more than one performing music class during the school day.
- If a student is involved in more than one music performing class, the amount of participation in each class will be determined by the music teachers, based on the musical needs of the class and of the student (This does not mean a 50-50-split between classes). The student will only receive a grade in their instrumental music class.

General Information

Planning Your Program

Planning a four-year program is a serious undertaking. Although some of your courses are required, you will have many choices to make during your years of school. The courses you request will be guided largely by your plans for the future**. Whatever your plans, you should be taking the most challenging courses you can within your academic abilities.**

Some students are sure of their future plans; others are not. It is common for young people to change their minds about which career to choose. The important thing is to choose as rigorous a program as possible, so you don't limit yourself if you change your mind about college or career plans. Sometimes it seems overwhelming to have so many choices to make. Although scheduling is primarily your responsibility, you will have plenty of help from your counselor, your teachers, and your parents.

Your school counselor can provide detailed information about academic programs, graduation requirements, college admissions, technical programs, and scheduling options. Your teachers can help you decide whether you have the ability for a particular course and will recommend students for specific programs. Your parents can provide guidance about your plans for the future, and they must approve your final course request.

Scheduling decisions are important. Counselors and administrators work during the summer to provide a schedule that tries to accommodate the needs of all students. If it is impossible to schedule all course requests. **Once the schedule has been established, it may be impossible to honor a change request because classes have been fixed and teachers have been assigned—so choose carefully.**

Recommended Course Sequences

Under the English, Math, Science, Social Studies and World Language sections in Grades 9–12, you will find recommended course sequences for the Most Rigorous Program and the Academic Program. Many courses have prerequisites in place that must be fulfilled to move forward with a particular course or level. Please see the individual course descriptions for these prerequisites.

Courses in the **Academic Program** have been designed with the rigor necessary for students who are planning to attend college. Students applying to very competitive schools may also want to select some of their courses from the **Most Rigorous Program**.

High School Block Scheduling

The district's high schools use a block scheduling model. The year is divided into four nine-week terms or marking periods. Students take four courses each marking period, and each course is scheduled for 83 minutes. Block scheduling allows students to concentrate on four subjects at a time without feeling rushed from one subject to another. The longer learning period each day gives students an opportunity to practice what they have just learned; a science lab, for example, can follow the lesson in the same period instead of being scheduled for another day. Because one can take the equivalent of eight full-year courses instead of the seven under the traditional system, students have more opportunities to accelerate course sequence and take additional courses in the areas that are most important to them.

Courses are taught for nine, 18, 27 or 36 weeks. Nine-week courses, generally electives, are equivalent to a half-credit. Eighteen-week courses are equivalent to 1.0 credit. 27-week courses are equivalent to 1.5 credits and 36-week courses are equivalent to 2 credits. There are a few instances where courses are run every other day such as music classes, special ed classes, and select courses to run opposite these alternating classes.

Many Advanced Placement courses are 18 weeks in length; however, some AP courses in Social Studies, Calculus, and English Literature are 27 weeks long. AP courses in Biology and Chemistry are 36 weeks long.

Here are some sample schedules to give you an idea how block scheduling works. The courses listed are only examples—your schedule may look very different.

	Grade 9			
	1st MP	**2nd MP**	**3rd MP**	**4th MP**
1	English 9		Environmental Science	
2	Algebra 1		Academic US History	
3	Navigate 9	Health/PE	Spanish 2	
4	Introduction to Business		Creative Writing	American Cuisine
	Grade 10			
	1st MP	**2nd MP**	**3rd MP**	**4th MP**
1	Draw/Paint 1	American Cuisine	Personal Finance	PE/Health
2	Spanish 3		Academic Biology	
3	Accelerated Algebra 2		English 10	
4	Modern World History		Accounting 1	
	Grade 11			
	1st MP	**2nd MP**	**3rd MP**	**4th MP**
1	Psychology	Marketing	Astronomy	SAT/ACT Prep
2	Spanish 4		Academic Chemistry	
3	Precalculus/Trig		English 11	
4	American Government		Ceramics 1	
	Grade 12			
	1st MP	**2nd MP**	**3rd MP**	**4th MP**
1	Academic Physics		English 12	
2	Choir/Study Hall	Choir/Study Hall	Choir/Music Theory	Choir/Music Theory
3	Global Relations		Spanish 5	
4	Calculus 1		Art 1	

Here is a sample of a schedule for a student who attends Middle Bucks Institute of Technology in Grade 10. The MBIT program may be scheduled in the morning or afternoon. This example shows MBIT in the morning.

	Grade 10			
	1st MP	2nd MP	3rd MP	4th MP
1	MBIT Program		MBIT Program	
2	MBIT Program		MBIT Program	
3	Modern World History		Academic Biology	
4	English 10		Academic Geometry	

Minimum Course Requirements
Students in senior year may have no more than one block each marking period as study hall (early release or late-arrival). Central Bucks recommends that students take a rigorous course load based on their post-secondary career goals and plans.

Course Requests
All course requests will be reviewed with you, your teachers, and your parents. When you and your parents approve the courses listed on your Verification Report at the end of your Program Planning, consider that to be your final course request. **Courses must have a sufficient enrollment in order to be offered. If a course you requested will not be offered, another course will be selected from your alternate courses.**

Course Change Policy
Changes in course requests will only be honored for the following two reasons: (1) failure to meet the required prerequisite; or (2) a level change that must be approved by the principal.

Course Withdrawal
In the rare case that a course change is necessary (see policy guidelines above), the following procedures shall apply:

- If the withdrawal occurs after the midpoint and is passing, the final course grade will be *W*+; if the student is failing, then the final course grade posted to the transcript will be an *F*.
- If a student withdraws after the allowable period for adding another course (see bullet point 1), the student will be assigned to and must attend Study Hall.

Graduation Requirements
(1) Course Credits. All students are required to earn a minimum number of credits by successfully completing the performance assessments and the course work in the assigned curriculum areas as specified on the Required Graduation Credit Distribution chart on the following page. **Students have the ultimate responsibility of meeting all graduation requirements. You should periodically check your credit status and consult with your school counselor if you have any questions. Credit status can be checked on the Portal.**

(2) Success Plan: All students are required to successfully complete all required components of Success Plan 9-12. Students will receive .25 credit upon successful completion of SP9 and then will receive .25 credit upon completion of SP11.

(3) Keystone Exams. The Keystone Exams are end-of-course assessments designed to assess proficiency in the subject areas of Algebra I, Literature, and Biology. Students must demonstrate proficiency on these exams. Students who are not proficient on an exam may retake the exam until they demonstrate proficiency. Proficiency on these exams is a graduation requirement in the state of Pennsylvania.

PA Act 158 of 2018 requires students graduating from any Pennsylvania High School to be able to meet the PA statewide high school graduation requirements through one of five pathways. These pathways are designed to ensure students are prepared for success in college, career, and the community. The Statewide requirements for high school graduation require students to demonstrate proficiency on the Algebra I, Biology, and Literature Keystone Exams. The Keystone Exams are designed to measure end-of-course achievement in Algebra 1, Literature, and Biology. These three exams have been developed to provide information about student achievement and also meet federal requirements.

Students who do not demonstrate proficiency on all three exams (known as the Keystone Proficiency Pathway) must demonstrate their college, career, and community readiness by meeting the requirements within one of the other four pathways; the Keystone Composite Pathway, the Career and Technical Education Pathway, the Alternative Assessment Pathway, or the Evidence-Based Pathway. More information on each of the pathways can be found at the following https://pdesas.org/Frameworks/DCEToolKit/Act158PathwaysToGraduationToolkit

Passing all three Keystone Exams (Literature, Algebra 1, and Biology) is the first pathway and the pathway all students should be focused on achieving. Passing the Keystone Exam for each of these courses demonstrates a student has met the expected understanding of the course content taught during each of these core academic classes. If a student is unable to pass one or more Keystone Exam or does not take a Keystone Exam for any reason, they must graduate by an alternative pathway.

One of the components of the Evidence-Based Pathway is the completion of a preapproved Service-Learning Project which must identify a community need, define a student's volunteer commitment to address the need, and describe the positive benefit to the community. The proposed activity must meet regularly and span the length of a semester or year. Approved projects will require a minimum of 10 hours of fieldwork **and must be** approved by school personnel in advance. This opportunity meets the requirements of Pennsylvania Act 158 Graduation Pathways.

Senior Flexibility
Eligible seniors who have fulfilled required coursework and remain on track for graduation may request a senior flex period/block or have more than one block of late arrival/early release (senior flexibility) in a marking period, subject to administrative approval and continued compliance with graduation requirements.

Course Remediation
If a student fails a course or does not meet the prerequisite to move forward in sequence, they may be required to repeat that course to

meet graduation requirements. The original course will remain on the student's transcript in addition to the course taken for remediation. Students should only register for remediation coursework if they have failed a course or have not earned the grade necessary to move forward in sequence.

In instances when the course cannot be repeated in a subsequent semester, course remediation can occur through online summer school. There is a fee associated with courses taken for online remediation.

Credit by Alternative Methods
Students may apply for consideration to earn credit by alternative methods. Details are specified in School Board Policies 217.1, 217.2.

Credit by alternative methods requires the application to be submitted and signed by parents **by May 1st.** Final approval will be needed by specified school and district-level staff members. See your school counselor for details.

Discounted Tuition Bucks County Community College
At the present time, Central Bucks School District has an agreement with Bucks County Community College, allowing high school students, in good standing, to take college courses through an online or in person format, depending on the student's choice of courses. The courses are offered at a discounted tuition rate and must occur outside of the student's school day and high school schedule. All courses must be approved by district coordinators prior to registration for the course. See your School Counselor for more information.

Act 1 of Pennsylvania and Graduation
As per Act 1 of Pennsylvania, Students Experiencing Educational Instability, the Central Bucks School District will award full or partial credits based on documentation provided by the previous school district for any student who meets the following Act 1 criteria: One or more school changes during a single year because of homelessness under the McKinney-Vento Act, students adjudicated under child protective services or those who are detained, and students who are in foster care placements.

School points of contact will work with a student's previous school to determine full or partial credits that should be awarded, as well as credits that should be waived and/or the student's demonstration of competence in the content area to award/waive the credit.

After all options have been exhausted including waiving appropriate credit requirements, modifying courses, and demonstration of competence in the content area, the school may work with the Pennsylvania Department of Education to determine eligibility for a Keystone Diploma.

Seal of Biliteracy
The Seal of Biliteracy is a distinction that a district may award students who prove intermediate-high proficiency in BOTH English and another language at the time of high school graduation.
The purpose of the PA Seal of Biliteracy awarded by CBSD is to:

- Recognize and reward the diverse linguistic talents of our students
- Provide employers and higher educational institutions with a method of identifying candidates with biliteracy skills
- Encourage students to acquire proficiency in English AND another world language
- Promote civic and global engagement

Who is eligible for the Seal of Biliteracy? All students are eligible to apply but only those who prove intermediate-high proficiency in English and other language(s) with approved assessments/evidence and completed application may earn the Seal. Visit our website for more information and to apply**.** **World Languages / Seal of Biliteracy (cbsd.org)**

English Language Development (ELD Program)
Multilingual learners are identified upon registration through the Home Language Survey, WIDA Screener, and transcript review. Once the students' needs are established, they are placed in our ELD course(s) or provided the appropriate support. These credited classes meet daily to provide rigorous academic content to promote an equitable education as well as English literacy to prepare students for college or career readiness. The primary focus of each course is working towards proficiency in the four domains: reading, writing, speaking, and listening. When students are not in their ELD classroom environment, they are enrolled in content area classes and will receive language support as needed.

Required Graduation Credit Distribution Graduating Class of 2030 and 2031

Subject/Course	Diploma	MBIT/Diploma
English	4.00	4.00
Mathematics	4.00	4.00
Environmental Science	1.00	1.00
Life Science	1.00	1.00
Physical Science	1.00	1.00
Social Studies	4.00	4.00
Navigate 9	0.5	0.5
Electives	9.25	10.25
PE/Health	1.5	.50
Personal Finance	0.5	0.5
Success Plan	0.5	0.5
Total Credits	27.25	27.25

A minimum of one credit per year is required in English and Social Studies. Please refer to the graph in the subject section of this guide for the courses that will meet these yearly requirements.

In Central Bucks School District, we follow state guidelines that allow up to one credit from Computer Science courses to be used to fill your graduation requirements for mathematics. The Computer Science courses that may be used for one of the math credits include Code & Create, (0.5 credit), Introduction to Java (0.5 Credit), Introduction to Python (.5 Credit), AP Computer Science A (1 credit), AP Computer Science Principles (1 credit), or AP Cybersecurity (1 credit).

Electives include all subject areas. When a requirement in a specific area has been satisfied, any additional courses taken in that subject area will apply toward the Elective credit requirement. For example, if a student completed 4 credits in science the last course taken applies to the Elective requirement.

In accordance with state regulations for high school graduation requirements, students must demonstrate proficiency on the Keystone Exams in Literature, Algebra 1, and Biology, or demonstrate proficiency through one of five pathways. Pennsylvania Act 35 mandates that all students graduating in 2030 or later must complete a 0.5 credit course in personal financial literacy. In Central Bucks School District, this course is 5062, Personal Finance and is open to all students in 10th through 12th grade. AP Business with Personal Finance is a projected course offering beginning in the 2028-2029 school year and if offered, would be a second option for fulfilling this 0.5 credit requirement.

All students take Navigate 9: Civic Engagement and High School Success in their 9th grade year. This course is designed to support freshmen as they transition into high school. Students will learn to navigate high school life, manage schedules, and access school resources.

Required Graduation Credit Distribution Graduating Classes of 2028 and 2029

Subject	Diploma	MBIT/Diploma
English	4.00	4.00
Mathematics	4.00	4.00
Science	2.00	2.00
Biology	1.00	1.00
Social Studies	4.00	4.00
Electives	10.75	11.25
PE/Health	1.00	.50
Success Plan	.50	.50
Total Credits	27.25	27.25

A minimum of one credit per year is required in English and Social Studies. Please refer to the graph in the subject section of this guide for the courses that will meet these requirements.

In Central Bucks School District, we follow state guidelines that allow up to one credit from Computer Science courses to be used to fill your graduation requirements for mathematics. The Computer Science courses that may be used for one of the math credits include Code & Create, (0.5 credit), Introduction to Java (0.5 Credit), Introduction to Python (.5 Credit), AP Computer Science A (1 credit), AP Computer Science Principles (1 credit), or AP Cybersecurity (1 credit).

Electives include all subject areas. When a requirement in a specific area has been satisfied, any additional courses taken in that subject area will apply toward the Elective credit requirement. For example, if a student completed 4 credits in science the last course taken applies to the Elective requirement.

In accordance with state regulations for high school graduation requirements, students must demonstrate proficiency on the Keystone Exams in Literature, Algebra 1, and Biology, or demonstrate proficiency through one of five pathways.

Special Education
The Individual Education Plan (IEP) developed by parents and school personnel outlines the program for students in special education. The IEP describes both the regular education and special education courses in which students should enroll. Case managers work with students to ensure they are scheduled for the classes that meet their needs. A transition plan is also part of each student's IEP. The purpose of this plan is to outline the steps being taken to assist in student preparation for life after graduation.

Students involved in special education may also attend Middle Bucks Institute of Technology. Students interested in a Middle Bucks program should talk to their counselor and special education case manger (if applicable). Upon completion of the senior high special education program, students will be recommended for graduation with a Central Bucks diploma.

Gifted Education (PEN)
PEN, or Program for Enrichment, is an elective class for students who have been identified as gifted. The PEN class is described in detail under course descriptions.

Transfer Students
When a student transfers to Central Bucks, the student's transcript will be evaluated to determine which course credits apply to the district's graduation requirements. Grades of the transfer courses will be listed according to the grading scale of the transferring school. **The district will weight grades from another school system only for courses that are also weighted-grade courses in Central Bucks or any Advanced Placement course.**

Grades and Quality Points
Report Cards are posted four times each year and are available on the Parent/Student Portal. Letter grades are assigned the following quality points for computing grade point average:

A	= 4.0	B-	= 2.6	D+	= 1.4
A-	= 3.6	C+	= 2.4	D	= 1.0
B+	= 3.4	C	= 2.0	D-	= .6
B	= 3.0	C-	= 1.6	F	= 0

Honor Roll Criteria
Honor Roll: 3.0 Grade Point Average
High Honor Roll: 3.6 Grade Point Average
Distinguished Honor Roll: 4.0 Grade Point Average

Grading Scale

Letter Grade	Min. %	Letter Grade	Min. %	Letter Grade	Min. %
A	92.5	B-	79.5	D+	66.5
A-	89.5	C+	76.5	D	62.5
B+	86.5	C	72.5	D-	59.5
B	82.5	C-	69.5	F	0

Weighted Grades
Weighted grades are designed to encourage motivated students to select the most rigorous courses. Students may earn additional quality points in AP and Honors level courses.

The student who earns a grade of A in an AP course will receive 5 quality points instead of 4, a B grade earns 4 points instead of 3, a C earns 3 points instead of 2, and a D earns 2 points instead of 1. No credit will be given for a failing grade.

All honors courses in grades 9-12 are weighted by .25. The student who earns a grade of A in an Honors course will receive 4.25 quality points instead of 4, a B grade earns 3.25 quality points instead of 3, a C earns 2.25 instead of 2, and a D earns 1.25 quality points instead of 1. No credit will be given for a failing grade.

Student Recognition for Graduates
Only students who have been actively enrolled in an approved secondary school for the four years prior to graduation and have met the academic requirements established by Central Bucks School District will be eligible for consideration for valedictorian and salutatorian. Valedictorians are recognized for earning the highest weighted GPA in their graduating class. Salutatorians are recognized for earning the second-highest weighted GPA in their graduating class. The valedictorian and salutatorian shall be recognized at the graduation ceremonies at their respective high schools.

It shall be the responsibility of each high school principal to select student speakers for the graduation ceremony through an audition process. Each high school shall establish a graduation speaker selection panel comprised of professional staff for the express purpose of selecting two student speakers for graduation. Prospective student speakers must submit written speeches and audition before the graduation speaker selection panel. The high school panels will develop a common rubric to be used for the selection of the speakers. Recommendation for speakers made by the panel shall be final.

Upon the completion of the academic school year, honor recognitions for graduating seniors are determined as follows:

Cum Laude — 3.70 cumulative G.P.A.
Magna Cum Laude — 3.90 cumulative G.P.A.
Summa Cum Laude — 4.10 cumulative G.P.A.

A student earning a weighted cumulative grade point average according to the above categories will receive a diploma seal indicating a graduating status of Cum Laude, Magna Cum Laude, or Summa Cum Laude.

Advanced Placement Courses (AP Courses) and *Calculus 3 (*Calculus 3 for students who already completed AP Calculus AB and AP Calculus BC):

- Encompass all the points listed in the Honors level statements
- Cover the breadth of information, skills and assignments found in corresponding college courses
- Align with the expectations of leading institutions
- Provide motivated and academically prepared students with the opportunity to study and learn at the college level
- Available to all students who have met the prerequisites of the course and are motivated to complete the work required to be successful in a college course while still in high school
- Engage students in challenging problem solving and critical thinking activities on a regular basis

- Are awarded an additional 1.0 weight in recognition of the fact that they are more demanding and have requirements that go beyond those of standard courses

Note specific to AP Courses:

- AP courses follow a curriculum that is approved by the College Board
- Students who take Advanced Placement courses should plan to take the appropriate AP examination. Please read the information about AP Tests in Planning for College.

Dual Enrollment Courses

Students enrolled in dual enrollment courses will receive Central Bucks credit on their high school transcript and the corresponding college course credits on the Delaware Valley University or Bucks County Community College transcript.

- **Rigorous Curriculum:** Courses will be challenging and will align with the Delaware Valley University or Bucks County Community College curriculum.
- **Dual Credit Opportunity:** These courses offer motivated and academically prepared students the chance to study at the college level, earning both high school and college credits simultaneously.
- **Eligibility:** Available to students at CB East, CB South, or CB West who are taking one of the approved dual enrollment courses listed below.
- **Application Process**: Courses must be requested during program planning and will require completion of an application signifying student and parent consent. Applications will be submitted to Delaware Valley University or Bucks County Community College and the college will bill the family directly.
- **Credit and Grading:** Students will receive the standard quality points for computing grade point average (see Page 6) and the letter grade assigned by the Central Bucks teacher. A copy of the college transcript can be requested, upon the completion of the course, from DVU or BCCC directly.
- **Cost:** Each course costs $100/$130 per credit depending on the college, payable directly to Delaware Valley University or Bucks County Community College upon receipt of the invoice.
- **Course Availability:** Our scheduling process is not changing, and no class is guaranteed. Course placement depends on fulfilling graduation requirements, scheduling parameters, and teacher availability. Therefore, requesting and applying for a dual enrollment course does not guarantee enrollment.

Approved Dual Enrollment Courses:

Delaware Valley University

- Statistics and Data Analysis
- Calculus 1
- Environmental Sustainability
- Sociology

Bucks County Community College

- Principles of Teaching
- Honors Human Anatomy and Physiology

College Athletic Eligibility

Students planning to participate in Division 1 or 2 college athletics should be aware of NCAA academic requirements. **It is the student's responsibility to determine if his/her course work meets NCAA requirements. You may access NCAA approved courses online through the NCAA Eligibility Center Online at www.eligibilitycenter.org.** If you have questions about how high school coursework aligns with NCAA Eligibility, please contact your school's Athletic Director or School Counselor.

Foreign Exchange Programs

Details regarding credit and graduation requirements must be carefully arranged with your school counselor if foreign study is being considered.

Students cannot assume that credits will be obtained through foreign study. Because of the difficulty of earning enough credits for graduation through foreign study, it is recommended that students participate in a foreign exchange program **after** graduation from high school.

Early Completion of Graduation Requirements

Students are permitted to complete all graduation requirements by the end of the second marking period of their senior year with parent permission. This includes all Success Plan and Act 158 requirements. These students will receive their diplomas with the rest of the senior class at commencement in June.

Careful planning with your school counselor is essential. Students must have their plans reviewed by their counselor and principal and students must request the early graduation option by May of their junior year. Students requesting such approval must maintain full-time student status during their first semester. **Students are not permitted to leave at the end of the third marking period.**

Parent Portal

Parents can use the Absence Request option on the Portal to submit attendance events for their children to notify the school of their absence. Additionally, parents are required to complete their annual school information update through the Parent Portal to notify the district of any updated communication information for the family or changes in health records for their children. Parents and students can log into the Parent Portal feature of our Infinite Campus student system to see the current information regarding their students. Parents and students can view their schedule, email teachers, and view the current progress of their grades within a particular course-section based on the latest grades entered by their teacher for their assignments/test/projects. Information about students' attendance records, immunizations, assessment scores from standardized tests, family address, and phone information are available through the portal. Parents and students can print out copies of the class schedule, unofficial transcript, and report cards. Graduating Seniors are encouraged to print out a copy of their final unofficial transcript of their final senior year report card immediately after graduation, as they will not have access to their portal after July 1 of the of their graduation year. High school students should track their credits completed towards their high school graduation requirements through the Graduation Planner. Students in grades 9-11 use the Infinite Campus Portal to select their requested courses for the upcoming school year.

Middle Bucks Institute of Technology (Grades 10-12)

Middle Bucks Institute of Technology (MBIT) offers a complete array of career, technical, and preprofessional courses to enhance the academic program of all students. The Middle Bucks campus is located on York Road in Jamison, Warwick Township. The school is operated jointly by four participating school districts: Centennial, Central Bucks, Council Rock, and New Hope-Solebury. The school provides both a morning and afternoon program, with students spending the other half of the day at their high school, where they continue to play an integral role, studying their required subjects and participating in co-curricular and interscholastic activities. Students entering 10th, 11th, or 12th grades are eligible to apply for admission. Transportation to MBIT is provided by the school district.

Students who attend MBIT will fulfill their physical education requirements for graduation in 9th grade year (.5 credit). Students who discontinue the MBIT program and return to their home school full time must complete the required PE credits for a Standard Diploma. Students will complete their Success Plan (Graduation Project) through their home schools.

Variety of Career Development Experiences
Students whose career plans include college will find any of the career programs to be meaningful and appropriate enhancements to a college prep curriculum. MBIT also offers many technical programs ideal for the employment-bound student. Typically, students enroll for three years in a highly rigorous technical program related to their chosen career pathway. Over those three years in the program, students will have the opportunity to earn industry certifications and college credits, offering more post-secondary options.

All programs provide opportunities to participate in internship, clinical, or other work-based experiences in business and industry. Partnership agreements are in place for advanced credit in associate and/or baccalaureate programs at Bucks County Community College, Delaware Valley University, and Pennsylvania College of Technology, a Penn State affiliate.

Upon the successful completion of the required academics and technical competencies earned at MBIT, students may qualify for several free credits in their major at participating colleges across Pennsylvania. SOAR programs offer qualifying students advanced credit(s) with partnering postsecondary institutions in aligned CTE programs. To learn more about advanced college credit opportunities articulated with postsecondary institutions, go to the equivalency search results at www.CollegeTransfer.net.

Admission
Students must complete an MBIT application to be considered for admission. Selection is based on completion of selected prerequisites, aptitude and achievement scores, interest inventories, attendance records, behavior patterns, emotional readiness, and staff recommendations. Selected programs require prerequisites. Applications can be found online at www.mbit.org.

Assessment
Assessment services are intended to help students make career decisions by identifying their technical aptitudes and interests, and will be offered to students in each of the four sending districts. For more information or to have your child tested, please contact either your child's school counselor or MBIT's school counselor.

The Educational Program
The educational program at MBIT is organized into five career pathways and twenty-one career programs (i.e., major courses of study). The career pathway model is recognized as one of the most effective educational initiatives for preparing young people for the new economy.

For complete course descriptions and information please visit the MBIT website for the MBIT Program of Studies book at www.mbit.org.

MBIT Career Pathways and Programs

Arts & Communication Career Pathways
- Commercial Art & Advertising Design
- Multimedia Technology

Business, Finance & Information Technology Career Cluster Pathways
- Networking & Operating Systems Security
- Web Design & Interactive Media

Engineering & Industrial Career Cluster Pathway
- Architecture & Construction Engineering
- Automotive Technology
- Building Trades Occupations
- Collision Repair Technology
- Construction Carpentry
- Electrical Technology
- Engineering Related Technology
- Horticulture, Landscape & Design
- Plumbing & Heating Technology
- Welding Technology

Human Services Career Cluster Pathways
- Culinary Arts & Science
- Cosmetology
- Early Childhood Education
- Public Safety

Science & Health Career Cluster Pathways
- Dental Occupations
- Medical and Health Professions
- Sports Therapy & Exercise Management

Planning for College

Please refer to your building's Student Services/School Counseling website for information about the college admission process.

Students often want to know how they can improve their chances of being accepted to the college of their choice and how they can prepare for college work. Although there is no guarantee that a student will be accepted by a particular college, the next few pages offer proven ways to find colleges which are the best fit for you, along with sound advice on how to give yourself the best possible preparation for the rigors of college work.

Go for the Challenge

Selecting appropriate courses and a challenging academic program is the first step in planning for college. Consult the Recommended Course Sequences charts for appropriate English, Math, Science, Social Studies and World Language courses, and read the section on course selection under General Information. Plan as rigorous a program as you can within your abilities.

Naviance

Naviance is a tool that is very helpful in post-secondary planning. This tool enables students to access college and career information, build a resume, complete on-line surveys, and register for college visits.

PSAT

The PSAT will give you valuable experience in preparing for the SAT exam. PSAT is available to students in Grade 10 and Grade 11 only. **Scores on the PSAT taken by juniors are used to determine National Merit Scholarship semifinalists and commended students for the following school year.**

SAT

Colleges may consider your scores on the SAT for college admissions. Colleges may also look at results of Advanced Placement Tests which are also provided through College Board, where applicable. Visit www.collegeboard.org for online registration, test preparation, and further information.

ACT

Some students may choose to take the ACT. All colleges accept ACT scores for consideration in addition to (or in place of) the SAT. Visit www.actstudent.org for online registration test preparation, and further information.

ePrep

Central Bucks students in grades 9 through 12 are automatically enrolled at https://www.eprep.com, and have FREE access to PSAT, SAT and ACT prep programs. At eprep.com, students will find practice tests, test-taking tips, and videos that explain how to correct problems answered incorrectly during practice sessions.

Testing Information for PSAT/SAT/ACT/AP. While all tests are available to students at all three high schools, some take place at a regional location.

	PSAT	SAT	ACT	AP
Site	All 3 High Schools	CB East & CB South	CB West	All 3 high schools
Site Code	None needed	East 39-162 South 39-718	South 218270	None needed
Dates	October only	Multiple times every year	Oct., Feb. & April	First 2 weeks of May
Suggested Grade	10th & 11th	11th & 12th	11th & 12th	10th, 11th & 12th

CEEB Code Codes for SAT/ACT Registration

East 390488 West 391045 South 394992

CEEB codes must be entered whenever a student registers for the SAT or ACT so the student's scores will be reported to their high school.

Test Preparation is Key

Students should not take the PSAT, SAT, or ACT without careful preparation. It is strongly recommended that students complete Algebra 1, Geometry and Algebra 2, before taking the SAT or ACT, as these skills are required for the math portion of the test. Central Bucks offers several opportunities for (free) test preparation: Students may request one or both of our test prep courses: SAT/ACT Test Preparation—English and SAT/ACT Test Preparation—Math.

Advanced Placement (AP) Courses and Tests

Students who take Advanced Placement courses should plan to take the appropriate Advanced Placement Exam. (Exams are given at all three high schools.) AP test scores are not placed on the high school transcript.

Colleges may award college credit or allow you to skip the beginning level of a course sequence. Students should check colleges' websites to determine each college's policy on AP credits.

Class Rank and GPA

Class rank is not reported to colleges for admission purposes, but the district does report the student's weighted cumulative grade-point average (GPA). The weighted GPA is based on grades from all classes taken in grades 9–12.

Understand Factors for Admissions

College admission officers also look at the degree to which a student has contributed to the life of the school or community. If you are planning to apply to highly selective schools, it is essential to have something that will set you apart from the thousands of other applicants who also have similar grades and standardized scores. Other factors, such as an interview, essay, meaningful activities, and leadership may be considered in the admissions process.

Gather Information
Visit college websites for applications and information, including financial aid and early-decision requests. Find out all you can about colleges and the application process. School counselors are your best source of information about college selections, admissions procedures, and testing schedules. Students should talk to counselors regularly and keep them informed of plans. Students and parents should plan to attend college information programs provided by the Student Services Department, along with the district College & Career Fair.

College Sessions with High Schools
Each fall, college admission representatives provide informal information sessions for students. Juniors and Seniors are encouraged to attend these sessions. Students should sign up for these visits through Naviance.

Visiting College Campuses
Visiting college campuses can be a helpful part of the college decision process. We understand that missing school for a planned college visit may be unavoidable. Families may request absences for up to three college visits in a school year and must complete the absence request forms in advance for administrative approval.

College Application Process
Please refer to your high school's Student Services/School Counseling website for detailed, step-by-step instructions regarding the College Application process.

Complete the Application
Be sure to give yourself plenty of time to fill out applications. Know all your deadlines – **students are ultimately responsible for meeting all their college admission deadlines.** Some colleges use their own electronic application (found on their website), and many use the Common Application (www.commonapp.org) or Coalition App (www.mycoalition.org), which can be filled out once and sent to many participating colleges. Many applications require at least one essay, and some schools require several essays.

Send Transcripts
Official transcripts must come from the Student Services Department, not from the student. **Please note** that transcripts will contain grades for all courses taken in grades 9-12. The student's GPA is based on grades in courses taken in grades 9-12. Students and parents must sign a Records Release Form, and then students can use Naviance to submit electronic requests to send their transcripts to colleges. It takes time for office staff to prepare your transcripts, especially when hundreds of students are applying to college at the same time. **Please allow at least fifteen SCHOOL days for your transcript and recommendation request to be processed**.

Send Test Scores
Many colleges require that you send "Official Test Scores," which means that you must have your scores sent to your colleges directly from the testing agency (College Board for SAT's; ACTStudent.org for ACT's). Students should check the college's policy on whether standardized tests are a required part of the application.

Letters of Recommendation
Many colleges require one or more letters of recommendation from teachers, and often one from a School Counselor. Follow your high school's procedure for requesting letters. Requests may be made electronically through Naviance; however, you must first discuss your request with your teacher. There are also certain requirements for obtaining a school counselor letter of recommendation – please see your high school's Student Services/School Counseling website for details.

Financial Aid
Choose the best college you and your family can afford. For many students this means exploring all options for financial aid. Financial aid packages include grants, which are based on student need; scholarships, work-study programs; and low-interest student loans, which must be repaid after graduation. Contact the financial aid office of any college to which you are applying for specific policies.

Students seeking financial aid need to complete the Free Application for Federal Student Aid (FAFSA) online at www.fafsa.gov. Seniors can access the FAFSA in the fall, and should submit their completed application as soon as possible. Some colleges may *also* require applicants to fill out the CSS Profile at https://cssprofile.collegeboard.org. More information about Financial Aid is available through your high school's Student Services/School Counseling website and through FAFSA Information Workshops

Scholarship Information
Scholarship announcements and college information are provided throughout the year through the Student Services Department. Students should check Naviance for a list of scholarships.

HIGH SCHOOL COURSES

9000 Navigate 9
Civic Engagement and High School Success
(9 weeks, .5 credit)
Grade 9
Navigate 9 is a required course for all 9th grade students designed to empower students as they transition into high school by fostering civic engagement and responsible citizenship. This problem-based course emphasizes the skills and knowledge needed to be productive, ethical, and informed members of the school community. Students will develop teamwork, leadership, and executive functioning skills such as organization and planning. The course equips you with a strong academic foundation by emphasizing critical thinking, respectful communication, and digital citizenship, with a focus on the ethical use of technology. Students will set personal and academic goals, reflect on their strengths, and cultivate a growth mindset and resilience.

ART

All courses in Art are only offered if there is sufficient enrollment.

8551 Art 1 – Introduction to Studio Art
(18 weeks, 1 credit)
Grades 9-12
This course is open to all students in grades 9-12 who are interested in beginning an exploratory study of art. Prior knowledge, skills, and techniques serve as a starting point and foundation for students to develop and refine their ability to control various two- and three-dimensional media. Students will have introductory and developmental experiences in drawing, acrylic painting, printmaking, and sculpture. Students will also be involved in an active study of Art History, with a focus on American Art. Processes and skills associated with Art Criticism, Aesthetics, and Philosophy will also be explored.

8552 Art 2 – Intermediate Studio Art
(18 weeks, 1 credit)
Grades 9-12
Students who elect to take this course will explore a variety of media and techniques used to create artworks. The development of specific skills that emphasize the direct observation of objects in order to develop control over values, form, proportions, perspective and color within artworks will be emphasized. Students will learn how to create strong compositions in a variety of 2- and 3-dimensional media. In addition, students will be involved in a study of Art History, Aesthetics, and Art Criticism. The development of these abilities is necessary for the next level of art courses including AP Studio art. **Prerequisites: (8551) Art 1, *C* or better or both (8251) Drawing & Painting 1 and (8252) Drawing & Painting 2, *C* or better.**

8553 Art 3 – Comprehensive Studio Art
(18 weeks, 1 credit)
Grades 11-12
In this course, there will be further development and refinement of skills and knowledge in life drawing, landscape drawing, watercolor and acrylic painting, additive and subtractive sculpture, advanced printmaking processes, three-dimensional design, along with art-related careers, Art History, Criticism, and Philosophy. Students considering post-high school study and/or work in any related art field are encouraged to take this course. **Prerequisite: (8552) Art 2-Imtermediate Studio Art, *C* or better.**

8554 Art 4 – Personal Directions in Studio Art and Portfolio
(18 weeks, 1 credit)
Grades 11-12
This course is intended for students seeking to develop a more sophisticated and personalized style for their artwork or for those who wish to prepare portfolios for college, employment interviews, or the College Board AP Art and Design course. Emphasis will be placed on developing creative solutions and expression in choice of media. Art History, Criticism, and Philosophy will be integrated into all units. **Prerequisite: (8553) Art 3-Comprehensive Studio Art, *C* or better or (8500) AP Art and Design. **Students who complete (8500) AP Art and Design in the fall are highly recommended to take this Art 4 course in the spring to finalize their portfolios for AP portfolio exam submission.**

8500 Advanced Placement Art and Design
(18 weeks, 1 credit) *Fall Only course
Grades 11-12
The AP Art and Design course is designed for students who are seriously interested in the practical experience of art and wish to develop mastery in the concept, composition, and execution of their ideas. In building the portfolio, students experience a variety of concepts, techniques and approaches designed to help them demonstrate their abilities as well as their versatility with techniques, problem-solving, and ideation. AP Art and Design is not based on a written exam; instead, students will develop a body of work that culminates in a portfolio. The portfolio requirements are divided up into two segments: The Sustained Investigation section of the portfolio includes 15 digital images of works of art that demonstrate process, experimentation, practice, and revision while investigating an idea or theme that has personal interest to the student. The Selected Works section of the portfolio is comprised of five artworks that demonstrate a clear understanding of concept, composition, and execution, whether they are simple or complex. **Prerequisites for AP Studio Art, 2D, Drawing and 3D (non-clay) portfolio = Art 1 and Art 2, 3D (clay only) Ceramics 1 and 2. Per the College Board, there are three portfolio options. Students may take this class more than once with different portfolios. Students who complete (8500) AP Art and Design in the fall are highly recommended to take the (8554) Art 4-Personal Directions in Studio Art and Portfolio course in the spring to finalize their portfolios for AP exam submission in May.**

8365 Sculpture
(9 weeks, .5 credit)
Grades 9-12
This course immerses students in the world of three-dimensional art by exploring foundational concepts and skills across sculpture, crafts, and industrial design. Students will engage with a wide array of media, techniques, and creative approaches, while also studying the evolution and current trends of 3D design in art history. Through hands-on, exploratory projects, students will work with materials such as metal, clay, wax, wood, wire, glass, plastic, papier-mâché, plaster, fabrics, fibers, and found objects. Each unit will incorporate aspects of art history, criticism, and aesthetics to deepen understanding and appreciation of three-dimensional art. **This course requires no prerequisites and has no fee.**

8360 Introduction to Ceramics
(9 weeks, .5 credit)
Grades 9-12
This course is open to students in grades 9-12 who have an interest in learning basic hand-building techniques used to create ceramic works of art. Students will have the opportunity to learn the following techniques: pinch, coil, and slab construction, along with various sculptural techniques. Students will learn a variety of decorative and glaze techniques as they work with both low-fire and high-fire clay bodies and glazes. All work is fired in an oxidation environment with an electric kiln. In this introductory course, students apply art history, practice artistic criticism, and develop a personal aesthetic in the ceramic arts. Students will focus on expanding their creative abilities and problem-solving skills as they learn about the historical and cultural significance of both functional and nonfunctional ceramic works of art. **This course is not required in order to take (8361) Ceramics 1, nor does it replace Ceramics 1 as the prerequisite for (8362) Ceramics 2. A fee of $10.50 through My Payments Plus will be charged for instructional materials used in projects kept by the student.**

8361 Ceramics 1
(18 weeks, 1 credit)
Grades 9-12
This course is open to students in grades 9-12 who have an interest in learning basic hand-building techniques used to create ceramic works of art. Students will have the opportunity to learn the following techniques: pinch pots, coil construction, slab construction, and various sculptural techniques. Students will learn a variety of decorative and glaze techniques as they work with both low-fire and/or high-fire clay bodies and glazes. All work is fired in an oxidation environment with an electric kiln.

Art history, criticism and developing a personal aesthetic in the ceramic arts are introduced in the course. Students will focus on expanding their creative abilities and problem-solving skills as they learn about the historical and cultural significance of both functional and non-functional ceramic works of art. The historical focus of this course is based on Meso-America. Students will learn about the culture, customs and artwork of these cultures. These cultures may include but are not limited to the Incans, Mayans, Peruvians and Aztecs. **A fee of $21.00 through My Payments Plus will be charged for instructional materials used in projects kept by the student.**

8362 Ceramics 2
(18 weeks, 1 credit)
Grades 9-12
Students will continue their study of ceramic media and design problems. Individuals will plan and analyze units of study with the instructor to develop skills in specific areas and knowledge. Technique is integrated with student ideas, aesthetics, and personal expression. **A fee of $21.00 through My Payments Plus will be charged for instructional materials used in projects kept by the student. Prerequisite: (8361) Ceramics 1, *C* or better.**

8363 Ceramics 3
(18 weeks, 1 credit)
Grades 11-12
Students will continue their study of ceramic media and design problems. Individuals will plan and analyze units of study with the instructor in order to develop skills in specific areas and knowledge. Technique is integrated with student ideas, aesthetics and personal expression. **A fee of $21.00 through My Payments Plus will be charged for instructional materials used in projects kept by the student. Prerequisite: (8362) Ceramics 2, *C* or better. Note: This course may be taken more than once for elective credit with teacher approval.**

8364 Ceramics 4
(18 weeks, 1.0 credits)
Grades 11-12
Ceramics 4 offers advanced students in grades 11-12 the opportunity to refine their ceramic techniques and strengthen their artistic voice through complex, self-directed projects. Building on skills from Ceramics 1-3, students will engage in advanced wheel-throwing, sculptural design, and experimental forms. Students will develop a unique portfolio of functional and non-functional works that explore contemporary and historical influences. An emphasis is placed on pushing boundaries in surface treatments, glaze layering, and mixed media. Through critiques, students will articulate their creative processes, explore aesthetic decision-making, and respond to feedback. **Prerequisite: (8363) Ceramics 3, *B* or better, or teacher recommendation.**

8251 Drawing and Painting 1
(9 weeks, .5 credit)
Grades 9-12
This course is open to all students who enjoy two-dimensional work. Emphasis is placed on developing basic drawing and painting skills and techniques. A variety of media will be explored. The fundamentals of composition as found in the elements and principles of design will be used when drawing and painting from life and imagination, using realistic and abstract themes.

8252 Drawing and Painting 2
(9 weeks, .5 credit)
Grades 9-12
This course is open to students in grades 9-12 who want to advance their skills and techniques in various drawing and painting topics

and media. Students may work with a variety of advanced media while being encouraged to develop their own expression and style. This course is of special interest to students who want more time for portfolio presentation work. **Prerequisite: (8251) Drawing and Painting 1 or (8551) Art 1, *C* or better.**

8461 The Art of Photography
(9 weeks. .5 Credit)
Grades 9-12
Discover the world through the lens of a camera in this exciting photography course! You'll dive into the essentials of capturing great photos with both DSLR cameras and your phone. Learn how to frame your shots with strong composition, enhance your images with the basics of digital editing, and experiment with creative photo shoots right in class. Whether you're snapping pics for fun or aiming to level up your photography skills, this course is designed to help you explore the latest techniques and bring your vision to life! **This does not count as a prerequisite for the photography classes.**

8462 Beginning Photography: Photo 1
(18 weeks, 1.0 credits)
Grades 9-12
This comprehensive course is suitable for enthusiastic photographers and explores both digital and film photography. The focus will be on the manual functions of the digital and film camera and their effects on the outcome of the image. For optimal outcomes, students are expected to engage in photo shoots both within and outside the school premises. Digital editing, darkroom printing, studio lighting, motion, depth of field, and night photography will be explored. Studies of techniques and concepts used by historical and professional photographers will be used to enhance photographic compositions. No prerequisites for this course. Materials: **It is highly recommended that each student have access to a 35 mm SLR film camera or DSLR with manually adjustable controls for focus, aperture, and shutter speed.** Students will purchase their own film, photographic paper, and various other photographic supplies at an approximate cost of $45. This is the prerequisite course for **(8463) Intermediate Photography: Photo 2**

8463 Intermediate Photography: Photo 2
(9 weeks, .5 credit)
Grades 10-12
Students will experiment with advanced techniques using the camera and darkroom. Further study of the artist/photographer's role in society, career exploration, and portfolio development will be pursued. Digital photography and Adobe Photoshop will be explored. Previous analog techniques and digital tools will be joined to synthesize modern photography skills. Students will purchase their own film, photographic papers, and various other photographic supplies at an approximate cost of $45. **It is highly recommended that each student have access to a 35 mm SLR film camera or DSLR with manually adjustable controls for focus, aperture, and shutter speed. Prerequisite: *C* or better is required in (8462) Beginning Photography : Photo 1**

8464 Advanced Photography: Photo 3
(9 weeks, .5 credit)
Grades 11-12
Students will continue to experiment with advanced techniques using the camera and darkroom and build on the expressive side of photography. Emphasis will be on advanced techniques in both analog and digital photography, as well as portfolio development. Further study of the artist/photographer's role in society, career exploration, and portfolio development will be pursued. Digital photography and Adobe Photoshop will be explored. Previous analog techniques and digital tools will be joined to synthesize modern photography skills. Students will purchase their own film, photographic papers, and various other photographic supplies at an approximate cost of $45. **It is highly recommended that each student have access to a 35 mm SLR film camera or DSLR with manually adjustable controls for focus, aperture, and shutter speed.** Phones/devices for capturing digital photos are strongly encouraged but not a requirement. **Prerequisite: (8463) Intermediate Photography: Photo 2 *C* or better.**

8562 Graphic Design & Illustration
(9 weeks, .5 credit)
Grades 9-12
This introductory course is designed to introduce the student to the use of the computer as a design tool in the field of Graphic Design. Students will learn how to use vector drawing tools in Adobe Illustrator while working with specific graphic design and illustration problems. The learned skills and knowledge foster creative thinking, problem-solving, and innovation for artistic expression, commercial art, fine art, and everyday use. The course applies the Elements and Principles of Design throughout all projects. Assignments will focus on the development of computer graphics skills necessary for success in the fields of advertising, animation, graphic design, illustration, typography, app creation, video game design, and industrial design. **No Prerequisite.**

8564 Digital Art 1: Photoshop
(9 weeks, .5 credit)
8564S Digital Art 1: Photoshop
(18 weeks, A/B, .5 credit)
Grades 9-12
This course is designed to introduce the student to the use of Adobe Photoshop as a foundation for creating digital art. Students will learn basic to intermediate software tools to create, alter, manipulate, and format digital images. This course is accessible to students of all artistic abilities and career pathways, regardless of their traditional art skills. The learned skills and knowledge foster creative thinking, problem solving, and innovation for personal expression, commercial art, fine art, and everyday use. The course applies the Elements and Principles of Design throughout all projects. Assignments will focus on the development of computer graphics skills that can be used in the fields of graphic design, web design, video game design, digital photography, and multimedia through a series of specific visual design problems.

8565 Digital Art 2: Photoshop
(9 weeks, .5 credit)
Grades 9-12
This course is designed to build on the foundations of creating digital art from the prerequisite course Digital Imaging 1. This course will expand student learning through more advanced techniques, projects, and tools using Adobe Photoshop and other Adobe Creative Cloud programs. Students will learn advanced editing of digital images, digital painting, and work on higher level Graphic/Commercial Design projects. As the culminating activity, students will work on a mastery project of their choosing through preapproved options or an independent proposal. Assignments will focus on the development of higher-level computer graphics skills that can be used in the fields of graphic design, web design, video game design, social media, digital photography, and multimedia through a series of specific visual design problems. Digital Imaging 2 will be a 9-week course which meets one block daily for .5 credit. Potentially, it may also become an A/B Day course. **Prerequisite: (8564) Digital Art 1: Photoshop, grade *C* or better.**

8567 Introduction to 3D Modeling and Animation
(9 weeks, .5 credit)
Grades 9-12
This introductory course is designed to teach the student the basics of three-dimensional modeling and animation with the computer. Studies of Three-dimensional modeling techniques using a computerized environment will be explored through various assignments and sequential demonstrations. Lighting, camera angles, atmospheric effects, and texture effects within the computer program will also be taught and discussed. Using the principles of 3D animation, students will create computer objects and set them to specific motion. Students will practice and develop observational skills that aid in understanding motion. Story boarding, sketchbook assignments, and critiques will assist in developing effective creative solutions for projects. All computer work is to be completed with Computer Lab PCs. Software to be used includes The Autodesk Creative Suite and various other supplemental software. Integration of other software for special effects includes Adobe Photoshop and Adobe Illustrator. **No Prerequisite**

8262 Collaborative Art
(9 weeks, every day. 5 credit)-CB East, CB South, CB West
8262S Collaborative Art
(18 weeks A/B, .5 credit) CB East
Grades 9-12
Collaborative Art is an inclusive elective that brings together students of all abilities and backgrounds to create, learn, and lead as both mentors and learners. The course provides a safe, supportive environment where students engage in a wide range of art activities that promote artistic, intellectual, and social growth. This course is all about creating together, taking risks, and learning through the artistic process. You'll experiment with diverse materials while exploring how art can express ideas, tell stories, and build connections. Working alongside peers, you'll collaborate on projects that value exploration over perfection. From group challenges to shared studio time, this class encourages teamwork, creative problem-solving, and open communication. The focus isn't on making a "perfect" final piece, but on what you discover along the way—how you solve problems, support your peers, and express your ideas. Whether you're collaborating on a big project or navigating group work, this class is about connection, creativity, and community in the studio. Whether you're new to art or bringing years of experience, this class offers a space where everyone contributes, supports one another, and helps shape a strong, inclusive studio culture. **Students interested in taking this elective must submit an online peer mentor application. Click here to submit an application.**

BUSINESS AND INTEGRATED TECHNOLOGY

All courses in Business and Integrated Technology are only offered if there is sufficient enrollment.

5160 Accounting 1
(18 weeks, 1 credit)
Grades 10-12
This first-level course will provide students considering careers in the fields of Marketing, Business Administration, Finance, and Accounting with a firm foundation in accounting concepts. Students will learn the language of business, how to record, analyze, interpret, and report financial transactions for various business ownerships structures. Course content will be combined with technology to provide real life experience through the use of Excel and business simulations.

5260 Accounting 2
(18 weeks, 1 credit)
Grades 10-12
This course is designed to strengthen the skills necessary for students seeking a college degree in business. Students learn about payroll, including commissions, depreciation of plant assets, and other transactions. Students will also learn how to interpret reports and records of a business. The course includes advanced principles of computerized accounting and a business simulation incorporating the use of QuickBooks. **Prerequisite: Accounting 1, *C* or better.**

5161 Business Administration
(9 weeks, .5 credit)
Grades 10-12
This course is designed for students interested in exploring potential careers in business ownership or management. Course topics include the business environment, types of business ownership, human resource management, the legal environment of business, and management functions and responsibilities. Course topics and activities focus on the development of key leadership skills that can be applied across a wide range of industries.

5061 Introduction to Business
(18 weeks, 1 credit)
Grades 9-11
Introduction to Business is an entry-level course designed for students who are interested in learning more about their roles as consumers, workers, and citizens. This course is strongly recommended for students exploring business-related career opportunities, as it provides a broad overview of the major areas of business,

including management, marketing, career exploration, economics, accounting, entrepreneurship, and more.

5660 Consumer Law & Business Ethics
(9 weeks, .5 credit)
Grades 10-12
This course presents the principles of law that govern the activities of individuals and business. Students will learn the legal rights of consumers, as well as the legal obligations of businesses. Topics include constitutional, civil, criminal and business law, business ethics, contract law, employment rights and duties, and consumer protection. This course is valuable to both business and non-business students.

5661 Marketing & Advertising Fundamentals
(9 weeks, .5 credit)
Grades 9-12
This highly interactive, hands-on course provides an overview of marketing in modern organizations. Students will learn basic concepts such as advertising, brand recognition, pricing, and competitive selling techniques. Students will be exposed to the terms, concepts, and frameworks used by practicing marketing managers and will have an opportunity to use newly acquired skills in developing and marketing an innovative product. This course provides an awareness of career opportunities and improves personal consumer knowledge.

5667 Sports Management
(Formerly called Sports & Entertainment Marketing)
(9 weeks, .5 credit)
Grades 9 -12
Explore the dynamic world of sports business, from amateur athletics to professional sports organizations. This course introduces students to key aspects of the sports industry, including sports marketing, sponsorships and corporate partnerships, event planning, and facility and venue management. Students will gain insight into the strategies and operations that drive successful sports organizations and events.

5062 Personal Finance
(9 weeks, .5 credit)
Grades 10-12
This practical course allows students the opportunity to evaluate how current decisions impact our long range financial success. Topics covered include strategies for money management, how to properly budget and save money, preparing income taxes and the necessary skills needed to invest successfully. Students learn about employee benefits, credit card debt, funding a college education, their first car, and home ownership all while maintaining a quality credit standing. This course provides 10th – 12th grade students with a solid foundation for making well informed, personal financial decisions leading them towards the goal of financial independence. This course is a required course for the Class of 2030 and beyond.

5163 Microsoft Office Applications in Business
(9 weeks, .5 credit)
Grades 9-12
This class is strongly recommended for all college-bound students as it will provide skill building in vital Microsoft Office skills. Students begin by learning advanced word processing skills using MS Word. They will then learn to use higher-level spreadsheet and database design techniques using MS Excel in order to solve problems, organize and calculate data, and make fact-based decisions. Principal PowerPoint features will also be explored, allowing students to enhance key presentation skills. Students enrolled in this course will be offered an opportunity to participate in optional MS Office certification testing. Success on this paid examination will result in Microsoft Office Specialist Excel Associate Certification.

5561 Digital Marketing
(9 weeks, .5 credit)
Grades 10-12
This course introduces students to the growing world of digital media and commerce. Students will integrate marketing and media design elements in a variety of software and online applications. Students will gain a fundamental understanding of the desktop publishing field using industry standard software. Course activities include designing print media, multimedia communications and applying digital marketing concepts to social media platforms including Snapchat, Instagram and other online applications. **Prerequisite: Marketing and Advertising Fundamentals, *C* or better.**

5525 Web Design
(9 weeks, .5 credit)
Grades 9-12
This course centers on creating professional, interactive websites for a variety of purposes. Students will learn a broad range of skills and techniques necessary to design and build a creative and appealing site. Design principles will be discussed and applied through the use of CSS formats and html coding. Effective web page layout and navigation techniques will be explored and applied while using current industry standard tools.

5527 Gaming Design
(9 weeks, .5 credit)
Grades 9-12
This course introduces students to the essentials of designing a game using game development software. The intent of this course is to acquaint students with the business and history of the gaming industry and careers, while understanding and using the applications to plan and develop a game.

5170 Entrepreneurship
(9 weeks, .5 credit)
Grades 10-12
Entrepreneurship is designed for students interested in exploring business opportunities or starting a business of their own. Students will develop the entrepreneurial mindset and skills needed to spot opportunities, identify unmet needs, and turn ideas into viable business ventures. Through innovative content, interactive simulations, and collaborative activities, students explore entrepreneur-

ship using personalized learning and 21st-century skills. Topics include business modeling, market research, business plans, and financial management.

ENGLISH

Students are required to take four credits of English during grades 9-12, one English course per year. The required sequence of courses provides students with instruction in each area of language arts: reading, writing, speaking, and listening. All freshmen must take a one-credit course, English 9. Following that, English 10, English 11, and English 12 must be taken in that sequence. Advanced Placement courses may be taken in place of English 11 and/or English 12. Advanced Placement Language can only be taken in the junior year, and Advanced Placement Literature can only be selected for senior year. For students with special interest in English and communication, enrichment electives are recommended rather than the acceleration of course sequence. English elective courses are only offered if there is sufficient enrollment.

REQUIRED ENGLISH SEQUENCES			
Grade 9	**Grade 10**	**Grade 11**	**Grade 12**
MOST RIGOROUS PROGRAM For college-bound students applying to colleges designated as most competitive. Students in the most rigorous program should also consider electives such as SAT/ACT Preparation and Debate.			
English 9: Honors Level	**English 10: Honors Level**	**AP English Language and Composition**	**AP English Literature and Composition**
ACADEMIC PROGRAM For the majority of college-bound students. Students in the academic program should also consider electives such as SAT/ACT Preparation and Becoming a Better Writer.			
English 9: Academic Level	**English 10: Honors Level** **OR** **English 10: Academic Level**	**English 11: Honors Level** **OR** **English 11: Academic Level**	**English 12: Honors Level** **OR** **English 12: Academic Level**

Grade 9 English

0920Academic English 9
0900 Honors English 9
(18 weeks, 1 credit)
Grade 9

The English 9 course integrates reading, writing, researching, speaking, and thinking skills. Students will focus on close reading strategies in various genres to understand what tools authors use to achieve their purposes and how different genres can fulfill the same purpose through varying techniques. Students will analyze text for evidence of specific literary elements and the use of various literary devices across literary genres. Students will also begin introductory literary analysis and experiment more deeply with narrative writing techniques. A core of classic literature is balanced with contemporary and culturally diverse fiction and nonfiction selections in order to better understand how social, historical, political, cultural, and/or geographical contexts influence writing. The Honors English 9 course integrates reading, writing, researching, speaking, and thinking skills at an accelerated pace. Students will seek and encounter challenging texts, discussions, and assignments that require deeper research and analytical skills as well as advanced reading and writing stamina. **Prerequisite for 0900 Honors English 9: Advanced English 8, *A or B* or teacher recommendation; Academic English 8, *A or A-* or teacher recommendation. Honors weighted-grade course for 0900.**

Grade 10 English

0000 Honors English 10
0020 Academic English 10
(18 weeks, 1 credit)
Grade 10

The English 10 course focuses on close reading strategies, literary genres, and analysis of text, encouraging students to examine how authors develop their craft through genre conventions, devices, and stylistic elements. Students will analyze how writers use style, tone, and voice to communicate an idea. Students will understand the conventions of reading various genres, the differences between genres, and the characteristics of different genres. They will be introduced to nonfiction reading strategies and literary analysis with particular attention to tone and theme. The Honors course includes variations in literature, materials, tasks, and assessments for honors level classes. Students in this course are expected to be avid readers and sophisticated writers able to move at an accelerated pace. Students will seek and encounter challenging texts, discussions, and assignments that require deeper research and analytical skills as well as advanced reading and writing stamina. **Honors weighted-grade course for 0000.**

Grade 11 English

0110 Advanced Placement English Language & Composition
(18-weeks for a semester or 36-weeks (A/B schedule-all year), 1 credit)
Grade 11
Students will become skilled readers of prose written in a variety of periods, disciplines, and rhetorical contexts. They will produce expository, analytical, and argumentative essays that introduce a complex central idea and develop that idea with appropriate evidence drawn from primary and secondary sources, cogent explanations, and clear transitions. **A summer reading/writing assignment is required and must be completed before the start of the course. Students taking this course should plan to take the Advanced Placement English Language Test given in May. AP weighted-grade course. Prerequisites: *B* grade or better in English 10 or recommendation of 10th grade English teacher.**

0100 Honors English 11
0120 Academic English 11
(18 weeks, 1 credit)
Grade 11
The English 11 course is designed to equip students with the knowledge and skills to listen carefully, to evaluate arguments, to discern tone, and to analyze and implement rhetorical strategies in writing. They will read text that is selected to showcase the techniques that lead to an author's overall purpose. Students will understand that authors make stylistic choices and employ rhetorical and literary techniques based on their intentions, their subject, and their audience. Students will also craft their own writing to analyze rhetoric and to synthesize information into a cogent argument. Students will develop a unique writing voice, create sound and logical arguments, and be able to justify their stylistic and rhetorical choices. The Honors course includes variations in literature, materials, tasks, and assessments for honors level classes. Students in this course are expected to be avid readers and sophisticated writers able to move at an accelerated pace. Students will seek and encounter challenging texts, discussions, and assignments that require deeper research and analytical skills as well as advanced reading and writing stamina. **Honors weighted-grade course for 0100.**

Grade 12 English

0200 Advanced Placement English Literature & Composition
(27 weeks, 1.5 credits)
Grade 12
Students will learn how to read literature perceptively and how to express responses to it. Students will study a representative sampling of works from several genres and literary periods. Students will learn to respond to language with increasing sophistication and sensitivity. **A summer reading/writing assignment is required and must be completed before the start of the course. Students taking this course should plan to take the Advanced Placement English Literature Test given in May. AP weighted-grade course. Prerequisites: *B* grade or better in English 11 or AP English Language or recommendation of 11th grade English teacher.**

0210 Honors English 12
0220 Academic English 12
(18 weeks, 1 credit)
Grade 12
Students will use critical reasoning skills to prepare them for post-secondary experiences. They will learn the value of literary analysis skills and examine how literature mimics the human experience across different perspectives, societies, and time periods. Students will examine the interrelationships that exist between text, self, and world through a variety of critical lenses. Students will gain a deep understanding of the connection between text and the human experience that justifies literature as a unique and important tool for examining and understanding humanity. They will demonstrate effective communication skills through a variety of mediums. The Honors course of study includes variations in literature, materials, tasks, and assessments for honors level classes. Students in this course are expected to be avid readers and sophisticated writers able to move at an accelerated pace. In this course, students will seek and encounter challenging texts, discussions, and writing requirements that require deeper research and analytical skills. **Honors weighted-grade course for 0210.**

Electives

These courses provide graduation credits in Electives only. English elective courses are only offered if there is sufficient enrollment.

9900 Advanced Placement Seminar
(18 weeks, 1 credit) – Spring semester only
Grades 10-12
AP Seminar is an engaging, interdisciplinary course that challenges students to explore complex real-world issues and questions from multiple perspectives. Through collaborative discussions, research, essays, presentations, and team projects, students learn to evaluate information, analyze diverse viewpoints, and develop evidence-based arguments. A prominent public speaking component gives students regular opportunities to present, communicate, and defend their ideas before an audience. Students build the critical thinking, communication, and academic research skills needed for success in college and beyond while exploring topics that connect across disciplines. **Students will be provided with a list of required assignments that will prepare students for AP Seminar. These assignments must be completed prior to the first day of class. Students taking this course should plan to take the Advanced Placement Seminar Test given in May. For students interested in pursuing AP Capstone diploma, AP Seminar prepares students for AP Research and advanced independent inquiry. The district plans to offer AP Research in the 2028-2029 school year.**

Advanced Placement Capstone Program
The Advanced Placement Capstone Program is an innovative program from the College Board that equips students with the independent research, collaborative teamwork, and communication skills that are increasingly valued by colleges. Advanced Placement Capstone is built on the foundation of two Advanced Placement courses - Advanced Placement Seminar and Research - and is designed to complement and enhance the in-depth, discipline-specific study experienced in other Advanced Placement courses. Students

who earn scores of 3 or higher in both Advanced Placement Seminar and Advanced Placement Research, and on four additional Advanced Placement Exams of their choosing will receive the Advanced Placement Capstone Diploma, signifying outstanding academic achievement and attainment of college-level academic and research skills. Students who earn scores of 3 or higher in both Advanced Placement Seminar and Advanced Placement Research, but not on four additional Advanced Placement Exams, will receive the Advanced Placement Seminar and Research Certificate signifying attainment of college-level academic and research skills. **The district plans to offer AP Research in the 2028-2029 school year.**

0660 Becoming a Better Writer
(9 weeks, .5 credit)
Grades 9-12
In this course, students will examine real-world models and writing purposes and use those mentor texts to help create their own writing in various modes. They will understand that writing purposes vary and may include objectives such as: express and reflect, inform and explain, evaluate and judge, inquire and explore, analyze and interpret, and take a stand/propose a solution. Students will practice honing their writing skills to fit each purpose and audience. Students will also develop a writing portfolio, which will focus on growth and revision, over the course of nine weeks. Students should leave the course keener observers of real-world writing that they encounter every day and have a better understanding of how to continue to become a successful writer. This class is open to students in grades 9-12. **Note: Becoming a Better Writer may be taken more than once for elective credit with teacher approval.**

0601 Debate
(9 weeks, .5 credit)
Grades 9-12
Debate is more than just arguing— it's about mastering the art of persuasion, sharpening critical thinking, and confidently navigating complex issues. In this course, students will learn to identify logical fallacies, construct sound arguments, and engage in spirited discussions on controversial topics. Through formal debates and collaborative preparation, students will develop skills in research, rhetoric, public speaking, and strategic reasoning. Whether attempting to change policies or shift mindsets, debate empowers students to become articulate advocates and thoughtful leaders. This course is especially valuable for those considering careers in law, government, education, or business. This class is open to students in grades 9-12. **Note: Debate may be taken more than once for elective credit with teacher approval.**

0661 SAT/ACT Test Preparation—English
(9 weeks, .5 credit)
Grades 10-12
This course is designed to strengthen students' performance on the redesigned SAT and ACT English sections by targeting the core skills assessed on both exams. Through focused instruction and practice, students will sharpen their reading and writing abilities—essential for success on standardized tests and in college-level coursework. In addition to academic skill-building, the course emphasizes strategic test-taking techniques to help students approach each exam with confidence and precision. This class is open to students in grades 10-12.

0662 Journalism
(9 weeks, .5 credit)
Grades 9-12
Journalism is designed to teach techniques of journalistic writing as found in the news story, the editorial, the feature story, the interview, the review, and the sports story. Students will write these types of articles and will study examples found in various news media. The course also addresses career opportunities, the history of journalism, and the ethics and legal responsibilities of journalists. Independent effort is demanded of journalism students. Interviews often must be conducted and articles researched and written outside of class time. This class is open to students grades 9-12. **Note: Journalism may be taken more than once for elective credit with teacher approval.**

0665 Creative Writing
(9 weeks, .5 credit)
Grades 9-12
Creative writing is designed to provide students with an opportunity to work with a variety of creative forms, including short stories, poems, essays, and plays. To stimulate personal awareness and creative potential, the use of a writer's notebook will be established. Students are expected to produce a collection of original works. This class is open to students in grades 9-12. **Note: Creative Writing may be taken more than once for elective credit with teacher approval.**

0668 Theater: Acting Workshop
(9 weeks, .5 credit)
Grades 9-12
Theater: Acting Workshop introduces students to the art of acting in a workshop environment. Students will participate in various body, voice, movement, and improvisation exercises during class time. Reading, memorizing, critiquing, and reflecting are all required components of the course. Various readings will introduce students to different methods of acting, which students will then apply as they rehearse and present scenes to the class. These scenes will be critiqued by the instructor as well as by students in the class. This class is open to students in grades 9-12. **Note: Theater may be taken more than once for elective credit with teacher approval.**

0602 The Language of Food
(9 weeks, .5 credit)
Grades 10-12
An innovative reading- and writing-intensive course drawing on a vast array of food-focused texts by recognized experts in the genres of poetry, essay, memoir, fiction, journalism, expose, blog, and critical review, The Language of Food is a rigorous exploration of this undiscovered wealth of celebrated and authentic writing. This course begins with the felt experience of students, connecting them to mentor texts to guide their own writing about their own memories and perceptions of food. Through a multi-sensory, multi-genre deep dive into reading and writing, students will have increased opportunities to master informative, evocative, persuasive, critical, and creative writing. Culminating assignments involve a variety of presentational skills, including but not limited to podcast, video,

presentation software, illustrated text, blogging, and many other options. This class is open to students in grades 10-12.

0603 Sports Literature
(9 weeks, .5 credit)
Grades 10-12
This course will examine what intrigues people to be involved with sports in their everyday lives and why sports are as popular as they are with all age groups today. Students will be given a chance to analyze all types of contemporary sports literature, including novels, magazine/newspaper articles, radio/TV broadcasts, and movies to see the connection that sports have in society today. Through the study of sports in various forms of media, students will analyze why sports are so captivating. The course will allow students of all abilities the opportunity to discuss and analyze sports and their effects on our culture today. Students will look at pieces across a multitude of sports, and topics will deal with gender, controversy, race, sportsmanship, heroes/role models, hobbies, psychology, and mindset. This class is open to students in grades 10-12.

0673 Introduction to Film Studies
(9 weeks, .5 credit)
Grades 10-12
Introduction to Film Studies offers students the opportunity to develop visual literacy and analytical skills through the close examination of significant filmic texts. Students will learn the language and essential techniques of film (shot composition, camera angles, editing, etc.) in order to appreciate and explore the form's unique expressive abilities. Central concerns of the course include the translation of literature to cinema, the exploration of various filmic genres, the analysis and evaluation of films based on similar styles, themes and contexts, as well as the study of individuals who have made substantial contributions to cinema. This class is open to students in grades 10-12.

MEDIA PRODUCTION ELECTIVES

0674 Media Production 1
(9 weeks, .5 credit)
Grades 9-12
Students will learn the basics of video production and how to effectively communicate a message via video. These fundamentals include *pre-production skills,* which include researching, writing scripts, and storyboarding; *production skills,* which include operating video and audio equipment, single and multi-camera production, lighting, and various crew positions; and *post-production skills,* which include editing and audio mixing. Students will display their knowledge both in written papers and by completing several hands-on group video projects. Whether you are interested in making videos as a hobby or pursuing journalism, broadcasting, or videography as a career, this introductory course will provide the necessary basics. This class is open to students in grades 9-12.

0675 Media Production 2
(9 weeks, .5 credit)
Grades 10-12
This intermediate course further explores digital video production, concentrating on the role of the producer, writer, and director, and on advanced production and post-production techniques. Students will plan, research, write, produce, and edit informational video productions for distribution to audiences in school and in the community. Students may learn the journalistic skills of broadcast news, do investigative reporting, practice on-camera talent techniques, produce and direct interview shows, or create video features. Informative and persuasive writing will be required. Study hall and/or out-of-school time may be required. This course may be taken more than once for elective credit. **Prerequisite: *C* or better in Media Production 1 or instructor permission.**

0676 Media Production 3
(9 weeks, .5 credit—East & West)
Grades 10-12
0677 Media Production 3
(18 weeks, 1.0 credit—CB South)
Grades 10-12
Students demonstrating high levels of communication and production skills, motivation, and ability to work independently will produce real-world products: videos made for community partners like the hospital, museums, and businesses; videos made for nonprofit community groups like teen organizations; and videos made to explain and promote district educational programs and extra-curricular activities. Projects will demand high levels of production and post-production skills. Students will engage in informational interviewing and other forms of research, organization of information, and development of creative solutions based on the information. Outlining, scripting, and storyboarding will be necessary. Informative and persuasive writing will be required. Producers will create production schedules and timelines, organize and deploy production resources, and meet deadlines. Out-of-school time will be required for some productions. This course may be taken more than once for elective credit. **Prerequisite: *B* or better in Media Production 2 or approval of instructor.**

0678 Media Production Practicum
(9 weeks A/B, .25 credit)
Grades 10-12
This course is designated for juniors and seniors interested in pursuing a career in communications, advertising, television, or film. Students will be responsible for recording school and district events. Class hours can be accrued by filming outside of class time and after school. Out-of-school filming time may be required. Students will produce real world products: videos made for school, district, and/or community partners. Each selected student will be scheduled into one of the communications courses, where he/she will plan and conduct practical instructional applications of their media production knowledge and skills. This course may be taken more than once for elective credit. **Note: This course may be taken more than once for elective credit. At the beginning of the course, students may choose to take this course for a grade as pass/fail. Prerequisite: Students must have completed Media Production 1 and Media Production 2. *B* or better in Media Production 2 or approval of instructor.**

FAMILY AND CONSUMER SCIENCES

All courses in Family and Consumer Sciences are only offered if there is sufficient enrollment.

6262 Study Abroad: Culinary and Cultural Roots 

(Summer 2027, Southern Italy)
(.25 elective credit to be awarded on transcript for the school year after travel.)
Grades 9-12
Culinary and Cultural Roots is a unique Family and Consumer Sciences course that provides students with an immersive exploration of global cuisine, culture, and culinary traditions through international travel experiences. Students will investigate the relationship between food, geography, history, and cultural identity while developing culinary knowledge and cross-cultural understanding. Coursework includes required pre-travel preparation sessions, destination research, cultural investigations, hands-on culinary experiences, and reflective learning activities. Through these experiences, students strengthen skills in communication, cultural competency, nutrition, resource management, and responsible decision-making. This course is offered periodically based on program availability. Participation is limited and requires a formal application, recommendations, and acceptance into the program. Students must successfully complete the required pre-course activities and meet all program expectations prior to travel. Program costs are the responsibility of the student and family. Prerequisite: Successful completion of, or concurrent enrollment in, Global Gourmet, American Cuisine, or Food for Life, and acceptance into the Culinary and Cultural Roots program.

6263 Food for Life
(9 weeks, .5 credit)
Grades 9-12
Discover your inner chef in this dynamic, hands-on introduction to the world of cooking. Whether you're a beginner or looking to build confidence in the kitchen, this course offers the perfect blend of creativity, technique, and real-world application. Students will learn proper safety and sanitation practices, develop knife and measuring techniques, and apply a variety of cooking methods. Emphasis is placed on planning and preparing everyday meals, while also fostering teamwork, time management, and problem-solving. The course culminates in a creative cooking challenge that allows students to showcase their skills and personal growth in the kitchen.

6159 The Young Child
(9 weeks, .5 credit)
Grades 9-12
This course provides a study of child development from birth through age five. It offers a balanced selection of topics concerning growth and stages of development, including pregnancy and delivery, the care of children from infancy through preschool, and the importance of play. Students will have the opportunity to practice parenting skills with a computerized baby. Students also extend their understanding through a service-learning partnership at a local childcare facility. There are no prerequisites for this course.

6161 The School-Age Child
(9 weeks, .5 credit)
Grades 9-12
This course is designed for the student whose interests involve working with children, such as teaching, occupational therapy, physical therapy, speech therapy and medical field. It provides a study of human development from elementary through adolescence. This program offers a selection of topics including the stages of growth and development (physical, intellectual, social/emotional), knowledge of self and the social issues affecting children, teenagers and their families. Students extend their understanding through a service-learning partnership at a local elementary school. There are no prerequisites for this course.

6162 Adult Living
(9 weeks, .5 credit)
Grades 9-12
This course is designed to provide students with the skills necessary for living on their own. It will explore human development from late adolescence through adulthood. A selection of topics, such as interpersonal relationships, communication issues, money management, preparing healthy foods, personal wellness, family relationships, automotive basics, and consumer issues. Students will extend their learning through a service-learning partnership at a local senior center. There are no prerequisites for this course.

6264 American Cuisine
(9 weeks, .5 credit)
Grades 9-12
Regional American fare will be prepared as students explore the amazing variety of foods found throughout our country. Food labs include main dishes, side dishes, soups, baked goods, and desserts with an emphasis on food preparation, safety and sanitation. Current topics related to nutrition and the food industry are discussed. Cooking competitions are offered throughout this course for students to demonstrate their learning. There are no prerequisites for this course.

6265 Global Gourmet
(9 weeks, .5 credit)
Grades 9-12
This class is designed for the student who is interested in learning about food customs and cooking practices around the world. Each selected country's geography, history, and culture will be explored and connected to the food habits of its people by participating in a wide variety of multicultural food labs. Students will also study safety and sanitation practices, nutrition and participate in cooking competitions. There are no prerequisites for this course.

6667 Collaborative Family Consumer Science
(9 weeks every day, .5 credit)-CB East, CB South, CB West
Grades 9-12
6667S Collaborative Family Consumer Science
(18 weeks A/B, .5 credit)-CB East
Grades 9-12
Collaborative Family Consumer Science is an elective course that offers a unique opportunity for students of varying ability levels and backgrounds to collaborate and serve as both, a peer mentor and

learner. This course is designed to provide students (with and without disabilities) the opportunity to learn skills from family consumer science in a modified and safe environment. The focus of this course is on the academic and social growth of all participants. Engaging in work alongside peers will support and foster social relationships within the school community. This course will allow each student to gain an appreciation and understanding of the various abilities that are present in the family consumer science setting. **Students interested in taking this elective must submit an online peer mentor application which can be found on the district FCS webpage. https://www.cbsd.org/Page/1548**

HEALTH AND PHYSICAL EDUCATION

Students in 9th and 10th grade will be required to complete 1.5 credits in Health and Physical education over the course of their high school years to meet the graduation requirement. This requirement includes:

- **7051/7052 HPE 1**
- **7061/7062 HPE 2, and 0.5 Health and Physical education elective credits.**

Students entering 11th and 12th grade will continue under the previous graduation requirement, which mandates 1.0 Health and Physical education credits for graduation.

7051 Health and Physical Education 1
(9 weeks, every day .5 credit)
Grade 9
7052 Health and Physical Education 1
(18 weeks A/B, .5 credit)
Grade 9
This required course is designed to promote lifelong wellness by integrating physical activity with essential health education. Students completing this course will participate in a variety of activities in physical education such as lifetime activities, team sports, fitness, and aquatics. The health education program will instruct units on mental health, personal health and wellness, alcohol, tobacco, and other drugs, HIV/AIDS, human growth and development, and healthy relationships. Health lessons will focus on health literacy and an emphasis of developing intrapersonal and informed decision-making skills. Throughout the course, students will engage in a variety of physical and health-related units that foster personal growth in a variety of areas. Through a blend of physical activity and health education, students will develop the knowledge, skills, and attitudes necessary to lead healthy, active lives both now and in the future.

7061 Health and Physical Education 2
(9 weeks, every day .5 credit)
Grades 10-12
7062 Health and Physical Education 2
(18 weeks A/B, .5 credit)
Grades 10-12
This required course builds on foundational wellness concepts and physical skills to support students in developing lifelong habits for health and fitness. Through a combination of physical activity and health education, students will enhance their physical abilities, deepen their understanding of personal well-being, and strengthen their decision-making skills. Physical Education will include fitness, team sports, lifetime activities, and aquatics. Students will acquire health literacy skills by exploring mental health, substance abuse, human growth and development, first aid, and healthy relationships. By integrating physical education with health literacy, this course empowers students to make thoughtful choices, build healthy relationships, and maintain active lifestyles. **Prerequisite: Health and Physical Education 1 (Formally known as PE/Health 7950)**

7069Q Stress Management and Healthy Living
(9 weeks A/B, .25 credit)
Grades 9-12
7069 Stress Management and Healthy Living
(9 weeks, every day .5 credit)
Grades 9-12
This course is centered around developing a comprehensive understanding of stress, its pervasive effects on various aspects of an individual's life, and effective stress management techniques for coping. Encompassing a wide range of topics this course will include an understanding of what stress is, the impact stress has on all elements of a person's life, and stress management reduction techniques for coping. By the end of the course, students will not only have a profound understanding of stress but also possess a set of practical skills to effectively manage and reduce stress in their lives. This knowledge and these tools will empower them to lead healthier, more balanced lives and develop resilience in the face of life's challenges. **This course can be taken more than once.**

7562 Advanced Health
(9 weeks, .5 credit)
Grades 10-12
This nine-week course is designed for students with an interest in health or medicine. Course content includes the study of basic anatomy (structure) and physiology (function) of the human body. The focus of the course will analyze the impact of a disease or a life/health problem on the physical, psychological, and social well-being of the individual. Various techniques will be practiced throughout the course and appropriate clothing is required to participate. Career explorations are intertwined throughout this course to support future goals and career planning. **NOTE: CB West students will participate in a speaker series with Doylestown Hospital. The speaker series will include meeting periodically throughout the course at Doylestown Hospital. Prerequisite: Health and Physical Education 2 (formally known as PE/Health, *C*- or better, or teacher recommendation.**

7064Q Team Sports
(9 weeks, A/B, .25 credit)
Grades 9-12
7064 Team Sports
(9 weeks, every day, .5 credit)
Grades 9-12
This course is tailored for high school students with a passion for team sports and those who thrive on the thrill of competition. The curriculum encompasses a variety of team-based activities such as team handball, floor hockey, volleyball, lacrosse, soccer, ultimate

frisbee, and other collaborative sports that demand teamwork, leadership, and critical decision-making abilities. Throughout the course, students will focus on active team involvement and strategic gameplay within each sport. It is worth noting that this course can be taken more than once, allowing students to deepen their skills with multiple enrollments. **This course can be taken more than once.**

7065Q Lifetime Activities
(9 weeks, A/B, .25 credit)
Grades 9-12
7065 Lifetime Activities
(9 weeks, every day .5 credit)
Grades 9-12
This course is tailored to meet the needs of students who have a passion for learning and engaging in sports and physical activities that promote lifelong participation. The course encompasses a wide range of activities, fostering a love for sports and physical fitness that students can carry with them throughout their lives. Some of the activities included in this course are tennis, ping-pong, badminton, archery, golf, dance, pickleball, walking, and various backyard games. The primary goals of this course are twofold: individual skill development and the cultivation of collaborative teamwork skills. Students will have the opportunity to hone their skills in the chosen activities, ensuring they acquire proficiency and confidence in each one. Simultaneously, the course emphasizes the importance of working together as a team, teaching students how to collaborate effectively with their peers. Throughout the duration of the course, students will not only acquire practical skills in sports and physical activities but also gain a deep understanding of their significance in promoting a healthy lifestyle. The knowledge and insights gained from this course will extend beyond the classroom and sports field, as they can be applied in the real world for years to come. **This course may be taken more than once.**

7066Q Personal Fitness
(9 weeks, A/B, .25 credit)
Grades 9-12
7066 Personal Fitness
(9 weeks, every day, .5 credit)
Grades 9-12
This dynamic and engaging course is designed to empower students with the knowledge and skills needed to lead a healthy and active lifestyle. This course will equip students with the tools to make informed decisions about health and fitness. Topics instructed throughout this course will include the components of fitness, safety and injury prevention, principles of training, muscle anatomy, goal setting, and nutritional wellness. The goal of this course is to instill a lifelong commitment to fitness and well-being. Students will learn how to adapt and maintain their fitness routines as they progress through different stages of life. **This course may be taken more than once.**

7063Q Fitness Trends
(9 weeks, A/B, .25 credit)
Grades 9-12
7063 Fitness Trends
(9 weeks, every day .5 credit)
Grades 9-12
This elective course will explore the exciting world of fitness and physical activity. Fitness Trends goes beyond traditional gym workouts and dives into the latest trends, research, and practices that promote lifelong health and well-being. Students will be empowered to make informed choices that can be implemented throughout their lifetime. **This course may be taken more than once.**

7068Q Aquatics
CB-East and CB-South only
(9 weeks, A/B, .25 credit)
Grades 9-12
7068 Aquatics
(9 weeks, every day .5 credit)
Grades 9-12
Aquatics is an elective course designed to enhance students' cardiovascular and muscular fitness through a variety of aquatic based workouts. Through a combination of pool-based activities and classroom discussions, students will develop water safety skills, stroke techniques, and overall aquatic competence. **This course may be taken more than once.**

7060 Collaborative Physical Education
(9 weeks every day, .5 credit-CB South and CB East)
Grades 9-12
7060S Collaborative Physical Education
(18 weeks A/B, .5 credit-CB East and CB West)
Grades 9-12
Unified Physical Education is an elective course that offers a unique opportunity for students of varying ability levels and backgrounds to collaborate and serve as both peer mentor and learner. This course is designed to provide students (with and without disabilities) with the opportunity to experience all forms of sport activities in a modified, recreational, and safe environment. The focus of this course is on the physical, intellectual, and social growth of all participants. Engaging in physical activity and sport alongside peers will support and foster social relationships within the school community. This course will allow each student to gain an appreciation and understanding of the various physical and mental abilities and disabilities that can be present in a physical activity setting. **Students interested in taking this elective must submit an online peer mentor application which can be found on the district Health & PE website. https://www.cbsd.org/Page/1499**

INTERNSHIP PROGRAMS

9999 Principles of Teaching 1
(18 weeks – 1 credit)
Dual Enrollment Eligible- Bucks County Community College (See Page 7)
This course is an elective course designed for students who are interested in becoming educators. The course has two components. The instructional component of the class is designed to be collegiate and scholarly where students will be exposed to the foundational principles of teaching and learning. Students will participate in classroom instruction on learning theory, instructional strategies, and the role teachers play in a community, as well as learning the ins and outs of planning and preparation, classroom culture and management, and formative and summative assessment design. This instructional content will also include reading, writing, and speaking skills that are meant to function at a university level. The experiential internship of the course makes up the second half of the course, and students will be placed with a CBSD mentor teacher. These mentor teachers will be in the field where the students want to teach and will act as a resource and guide for the application of the instructional component of the course. Students will learn from CBSD teacher mentors by observing their mentor teacher, leading and facilitating small groups of students in the classroom, and teaching lessons alongside their mentor teacher. **Prerequisite: This course is reserved for juniors and seniors only and includes an application and interview process.**

9999B Principles of Teaching 2 NEW
(18 weeks, 1 credit)
This course is an elective course designed for students who are interested in becoming educators and who have already completed Principles of Teaching 1. The course has two components. The instructional component of the class is designed to be collegiate and scholarly where students will be exposed to the science and art of teaching and learning. Students will participate in classroom instruction on the science of learning, direct instruction and feedback, differentiation, and active engagement, as well as participating in several sustained educational research projects. This instructional content will also include reading, writing, and speaking skills that are meant to function at a university level.

The experiential internship of the course makes up the second half of the course, and students will be placed with a CBSD mentor teacher. These mentor teachers will be in the field where the students want to teach and will act as a resource and guide for the application of the instructional component of the course. Students will set goals that build on their previous internship experience and will practice their instructional skills with more regularity. Students will be evaluated on their instructional skills several times throughout the semester.

9998 Community Internship 1
(18 weeks – 1 credit)
This course is an elective course designed for students who are interested in exploring a career and in learning how to be an effective young leader in a career. The course has two components. The instructional component of the class is designed to be rigorous and scholarly where students will be exposed to fundamental career skills like research, communication, and professionalism. Students will participate in classroom instruction on how to effectively communicate, how to research and synthesize important career information, and how to lead, have emotional intelligence, and understand the roles team members play in an organization. Students will also learn the ins and outs of cover letters, resumes, and interviews for their specific career. The experiential internship of the course makes up the majority of the semester; students will find their own internship location based on CBSD guidelines and requirements before the semester begins. Students will work inside the internship location and work with an internship supervisor at their location. They will job shadow, work hands on in the field, and document their experience and their learning. **Prerequisite: This course is reserved for juniors and seniors only and includes an application and interview process.**

9998B Community Internship 2 NEW
(18 weeks, 1 credit)
This course is an elective course designed for students who are interested in exploring a career and who have already completed Community Internship 1. The course builds on the professional, communication, and career-specific skills students have learned in the previous course, while providing students with new opportunities for career projects, goals, and experiences. The course has two components. Instructionally, students will meet with their CBSD instructor to set goals, complete a Career Thesis, and plan a Capstone Presentation and Portfolio that documents the interns' learning and growth. Experientially, the students find their own internship placement, work hands on in the field, and complete multiple projects for their internship supervisor. These projects will focus on career-specific skills that go beyond Community Internship 1. Students will be expected to intern more throughout their experience, to develop deeper and more ambitious goals, and to complete more rigorous and dynamic projects. This course focuses less on the classroom instruction and more on the professional internship experience; students will find their own internship location based on CBSD guidelines and requirements before the semester begins. **Prerequisite: This course is reserved for juniors and seniors who have completed Community Internship 1; it includes an application and interview process.**

MATHEMATICS

Because of the sequential development of the mathematics curriculum, students must attain the prerequisites in the previous course before advancing to a more difficult level. Students with low grades are encouraged to repeat courses in order to master concepts required for sequential classes. The Mathematics Department recognizes the use of calculators as a valuable tool for learning in the classroom, and calculators will be used extensively for class work and homework in all courses. The district uses TI-83 and TI-84 graphing calculators in the classroom. Students are encouraged to purchase their own graphing calculator, whether this brand or one with similar functions. In certain advanced courses, graphing calculators with specific capabilities are important for daily classroom performance and are required for Advanced Placement Examinations. While no specific brands are endorsed, there are restrictions on the type of calculators allowed on classroom tests and final exams. Calculators with Computer Algebra Systems (CAS) will NOT be permitted on district common exams, even though they may be used on some national tests. Teachers have discretion as to whether these types may be used for particular classroom-related purposes.

Honors level mathematics courses:	AP level mathematics courses:
• are more challenging than standard courses • require students to take a greater responsibility for their learning • require students to move at a faster pace than the equivalent standard level course • are different from the equivalent standard level courses in both the quality of the work expected and the quantity of the work required inside and outside of the classroom • expand on the goals and objectives that are also taught in our standard version of the same courses • are created for students who have demonstrated an advanced level of both interest and achievement in prior mathematics classes • offer challenging and higher-level courses for students who aspire to an advanced level of learning and will likely participate in our AP program • are awarded a .25 weight in recognition of the fact that they are more demanding and have requirements that go beyond those of the standard mathematics courses	• encompass all of the points listed in the Honors level statements • cover the breadth of information, skills and assignments found in corresponding college courses • align with the standards and expectations of leading institutions • provide motivated and academically prepared students with the opportunity to study and learn at the college level • are open and available to all students who have met the prerequisites of the course and are motivated to complete the work required to be successful in a college course while still in high school • follows a curriculum that is approved by the College-Board • engage students in challenging problem solving and critical thinking activities on a regular basis • prepare students to take the AP exam for the course given annually in May • are awarded a 1.0 weight in recognition of the fact that they are more demanding and have requirements that go beyond those of the standard mathematics courses

Credit 1	Credit 2	Credit 3	Credit 4
Advanced Placement Sequence College-bound students planning a career in medicine, engineering, science, or mathematics should consider this sequence, especially if they are applying to colleges designated as most competitive. Recommended electives for this level include AP Statistics and standard and AP Computer Programming courses in Grades 10-12.			
Honors Algebra 2	**Honors Precalculus/Trig** **Optional courses for students who wish to take more than one course:** **AP Computer Sci Principles, AP Statistics, AP Cybersecurity**	**AP Calc AB** **Optional courses for students who wish to take more than one course:** **AP Comp Sci Principles, AP Comp Sci A, AP Statistics, AP Cybersecurity**	**AP Calc BC** **Optional courses for students who wish to take more than one course:** **AP Comp Sci Principles, AP Comp Sci A, AP Statistics, AP Cybersecurity**
Academic Sequence College and non-college bound students seeking a complete study of high school mathematics. Students planning a career in medicine, engineering, science, or mathematics should consider additional mathematics courses including Statistics and Data Analysis, AP Statistics, or Computer Programming courses in Grades 11 and 12.			
Accelerated Geometry	**Accelerated Algebra 2** **Optional courses for students who wish to take more than one course:** **Precalculus/Trig (standard or honors), AP Comp Sci Principles, AP Cybersecurity**	**Precalculus/Trig (or Honors Precalculus) or Algebra 3/Trig** **Optional courses for students who wish to take more than one course:** **AP Comp Sci Principles, AP Comp Sci A, AP Statistics, AP Cybersecurity**	**Calculus 1 (or AP Calc AB) or Stat/Data Analysis** **Optional courses for students who wish to take more than one course:** **AP Comp Sci Principles, AP Comp Sci A, AP Statistics, AP Cybersecurity**
Accelerated Algebra 1	**Accelerated Geometry**	**Accelerated Algebra 2**	**Precalculus/Trig (or Honors Precalculus) or Algebra 3/Trig** **Optional courses for students who wish to take more than one course:** **AP Comp Sci Principles, AP Comp Sci A, AP Statistics, AP Cybersecurity**
Academic Algebra 1A	**Academic Algebra 1B** **Optional courses for students who wish to take more than one course:** **Code and Create**	**Academic Geometry** **Optional courses for students who wish to take more than one course:** **Code and Create Intro to Java Intro to Python**	**Academic Algebra 2** **Optional courses for students who wish to take more than one course:** **Applied Math Code and Create Intro to Java Intro to Python**

2915 Accelerated Algebra 1
(18 weeks, 1 credit)
Grades 9-12
This course is intended for ninth grade students who have successfully completed Academic Math 8 and have demonstrated excellent mathematical ability. Algebra 1 extends previously learned arithmetic skills to expressions involving variables. Major topics include linear equations and inequalities in one and two variables, exponents and polynomials, factoring, quadratic equations, proportions, functions, radicals, rational expressions, and data analysis. Problem solving, application, communication and reasoning are emphasized throughout the course. Students in this class will take the Algebra 1 Keystone Exams. **Prerequisite: (2825) Academic Math 8 grade of *A*- (90% or better) and teacher recommendation.**

2540 Academic Algebra 1A
(18 weeks, 1 credit)
Grades 9-12
This course is intended for college bound students who have successfully completed Academic Math 8 and who have demonstrated an understanding of all concepts of the course. It extends previously learned arithmetic skills to expressions involving variables. This course is a formal study of Algebra I concepts including integers, rational numbers, expressions, solving linear equations, graphing linear functions, writing linear equations, and exponents. **Prerequisite: (2825) Academic Math 8, *D*- (60% or better), or approval of the Math Transition Committee.**

2640 Academic Algebra 1B
(18 weeks, 1 credit)
Grades 9-12
Academic Algebra 1B builds on the concepts studied in Academic Algebra 1A. This is the second course in an in-depth two-year study of formal Algebra. The fundamental operations and their properties are studied. Topics include linear inequalities, systems of equations, systems of inequalities, exponents and polynomials, factoring polynomials, rational expressions, statistics, probability, and quadratic equations and functions. Problem solving, application, communication and reasoning are emphasized throughout the course. Students in this class will take the Algebra 1 Keystone Exam. **Prerequisite: (2540) Algebra 1A, grade of *D*- (60% or better), or approval of the Math Transition Committee.**

2661 Foundations of Algebra A
(18 weeks, 1 credit)
Grades 9-12
Foundation of Algebra A provides a foundational skillset for algebra. Students in this course will develop number sense, mathematical terminology, and arithmetic skills for future math classes. Primary topics of focus for this course include Major topics fractions, decimals, integers, orders of operation, equations, ratios, proportions, percent. **Prerequisite: For students enrolled in English Language Development upon approval of the Math Transition Committee. Please contact your school counselor.**

2662 Foundations of Algebra B
(18 weeks, 1 credit)
Grades 9-12
Foundation of Algebra B extends the concepts and skills of Foundations of Algebra A. This is the second course in a two-semester sequence to build a foundational skillset to prepare students for Algebra 1A. Primary topics of focus for this course include rational and irrational numbers, linear equations, functions, equations in two variables, geometry, and applications. **Prerequisite: (2661) Foundations of Algebra A grade of *D*- (60% or better).**

2645 Academic Geometry
(18 weeks, 1 credit)
Grades 9-12
This course is designed for students who have successfully completed Algebra 1 or Algebra 1B. The curriculum in this course includes a comprehensive study of Plane Geometry. The emphasis of this course is the application of congruency, similarity, parallelism, perpendicularity, introduction to trigonometry, circles, and area/volume of common geometric figures. **Prerequisite: (2640) Algebra 1B, grade of *D*- (60% or better) or teacher recommendation.**

2141 Academic Algebra 2
(18 weeks, 1 credit)
Grades 9-12
This course is designed for the student who has successfully completed Academic Geometry (course # 2645) and includes a review of algebra. Students will study polynomials and factoring, exponents, radicals, and rational expressions. Students will graph linear and quadratic functions. and concepts of probability and statistics. **Prerequisite: (2645) Geometry *D*- (60% or better), or teacher recommendation.**

2541 Applied Mathematics
(18 weeks, 1 credit)
Grades 9-12
This course is designed for students who have already completed both Algebra 2 and Geometry. Students will apply mathematics, algebra, and geometry to real-life situations. Typical workshop situations might include designing a landscape or home, tracking stocks, surviving a financial crisis, and planning for your financial future. **Prerequisite: (2141) Academic Algebra 2 or teacher recommendation.**

2122 Accelerated Geometry
Formerly Geometry/Trig
(18 weeks, 1 credit)
Grades 9-12
This course is designed for students who have successfully completed Algebra 1 or Academic Algebra 1B. Geometry/Trig has three major sections: The Foundation (Units 1-2), The Heart (Units 3-5), and The Application (Units 6-8). In *The Foundation* students will learn about proper mathematical communication. Students will learn to make logical arguments and justify their rationale for problem solving steps. In *The Heart* students will focus on Triangles (Rules & Relationships, Similarity, Congruence, and Right Triangle Trigonometry). Finally, in *The Application*, students will apply concepts from throughout the course to Polygons, Quadrilaterals, and Circles. Students will conclude the course by reviewing Area & Perimeter of Plane Figures and studying Surface Area & Volume of Solids. There will be an emphasis on applying algebra to geometric figures and applying geometric concepts to real world scenarios. **Prerequisite: (2812) Accelerated Algebra 1, *C*- (70% or better) or (2640) Academic Algebra 1B, *A*- (90% or better) and teacher recommendation.**

2415 Honors Geometry
(1 credit)
Grades 9-12
This course is designed for ninth grade students who have successfully completed Accelerated Algebra 1 in middle school. Honors Geometry covers topics including but not limited to deductive reasoning and proofs, parallel lines and planes, congruence, similarity, quadrilaterals and polygons, triangles, right triangle trigonometry, circles, areas, volumes, and coordinate geometry. There will be an

emphasis on applying algebra to geometric figures and applying geometric concepts to real world scenarios. This course is weighted at .25 as a recognition of the fact that it is more demanding and has more requirements that go beyond those of the standard mathematics course. **Prerequisite: (2812) Accelerated Algebra 1, *A*- (90% or better) or teacher recommendation.**

2520 Accelerated Algebra 2
Formerly Algebra 2/Trig
(18 weeks, 1 credit)
Grades 9-12
This course is designed for students with good mathematical ability and interest. Students will simplify a variety of expressions (radical, exponents, quadratic, polynomial, rational). Students will solve linear, quadratic, and polynomial equations and will graph and analyze linear, quadratic, and polynomial functions. Students will graph and analyze parent functions and polynomial functions. Other topics include inverses and data analysis. **Prerequisite: (2122) Accelerated Geometry *C*- (70% or better) or teacher recommendation.**

2530 Honors Algebra 2
(1 credit)
Grades 9-12
This course is an honors course designed for students with outstanding mathematical ability and interest who have mastered the concepts and skills of Algebra 1 and Geometry. Honors mathematics courses require students to move at a faster pace than the equivalent standard level course and they are different from the equivalent standard level course in both the quality of the work expected and the quantity of the work required inside and outside of the classroom. Students taking Honors Algebra 2 will have a more rigorous study of the concepts in preparation for future AP courses in mathematics. Students will simplify a variety of expressions (radical, exponential, quadratic, polynomial, logarithmic, and rational). Students will solve linear, quadratic, and polynomial equations and will graph and analyze linear, quadratic, and polynomial functions. Other topics will include parent graphs, data analysis, and trigonometry of the right triangle. This course is weighted at .25 as a recognition of the fact that it is more demanding and has more requirements that go beyond those of the standard mathematics course. **Prerequisite: (2801) Advanced Geometry, *B*- (80% or better) or teacher recommendation; (2415) Honors Geometry, *B*- (80% or better) or teacher recommendation; (2122) Accelerated Geometry, *A*- (90% or better) and teacher recommendation only.**

2221 Algebra 3/Trig
(18 weeks, 1 credit)
Grades 9-12
This course is intended for college bound students who have successfully completed Geometry AND Algebra 2. This course is an extension of algebra with topics including linear equations, ~~inequalities~~, exponential and logarithmic equations, domain and range graphically and algebraically, solving and graphing quadratic and higher order polynomial equations as well as rational functions. This course also includes trigonometric topics including right triangle trigonometry and the unit circle, law of sines and cosines and finding exact trigonometric values. **Prerequisite: (2520) Accelerated Algebra 2 *C*- (70% or better) or teacher recommendation.**

2110 Precalculus/Trig
(18 weeks, 1 credit)
Grades 9-12
Designed for students who have successfully completed both Geometry and Algebra 2, Precalculus is an extension of the concepts covered in the two prerequisite courses with an emphasis on the functional aspects necessary for preparation for the study of calculus. Polynomial, exponential, logarithmic, conics and trigonometric functions are addressed in this course. Trigonometric topics include the solution of trigonometric equations, identity manipulations, and transformation graphing, including work with amplitude, period, and phase shift. **Prerequisite: (2520) Accelerated Algebra 2, *B*- (80% or better) or teacher recommendation, or (2530) Honors Algebra 2, *C*- (70% or better) or teacher recommendation, or (2221) Algebra 3/Trig, *B*- (80% or better) or teacher recommendation.**

2111 Honors Precalculus/Trig
(18 weeks, 1 credit)
Grades 9-12
This course is an honors course designed for students with outstanding mathematical ability and interest who have mastered the concepts and skills of Algebra 2/Trig. Honors Precalculus/Trig is an extension of the concepts covered in the two prerequisite courses with an emphasis on the functional aspects necessary for preparation for the study of calculus. Polynomial, exponential, logarithmic, and trigonometric functions are addressed in this course. Trigonometric topics include the solution of trigonometric equations, identity manipulations, and transforming graphs, including work with amplitude, period, and phase shift. Matrices, conic sections, polar and parametric equations will be introduced and studied. **Incoming 9th and 10th graders who intend to take AP Calculus AB should take Honors Precalculus to more fully prepare for the pace and rigor of an AP course. The decision to take Honors Precalculus should not be taken lightly, and this decision should be discussed with your Algebra 2 teacher so there is no question regarding the expectation for the course.** This course is weighted at .25 as a recognition of the fact that it is more demanding and has more requirements that go beyond those of the standard Precalculus course. **Prerequisite: (2530 Honors Algebra 2, *B*- (80% or better) or teacher recommendation; (2520) Accelerated Algebra 2 *A*-, (90% or better) and teacher recommendation only.**

2625 Statistics and Data Analysis
(18 weeks, 1 credit)
Grades 9-12
Dual Enrollment Eligible- Delaware Valley University (See Page 7)
Delaware Valley University – Statistics for Science – 3 credits
Statistics is the study of the fundamentals of descriptive and inferential statistics. Topics include data descriptions using graphs, bivariate data, regression lines, probability and probability distributions, measures of center and variability, confidence intervals, and significance testing. The T-84 graphing calculator is used extensively in this course and is necessary for students to successfully complete the course. Any graphing calculator will suffice provided it has statistical menus. The statistical menus should include mean, median, standard deviation, quartiles, lists and list commands, and distributions (binomial, geometric, normal, and Poisson). **Prerequisite: (2520) Accelerated Algebra 2, *C*- (70% or better).**

2101 Calculus 1

(18 weeks, 1 credit)
Grades 11-12
Dual Enrollment Eligible- Delaware Valley University (See Page 7)
Delaware Valley University – Calculus 1 – 4 credits
Calculus 1 is the study of limits and change with respect to time. Differential calculus and some integral calculus will be covered in the course. Topics include functions, derivatives and their applications, and integral calculus and its applications. Calculus 1 parallels the first semester of most college calculus courses. Students must have an excellent command of algebraic processes to successfully complete this course. **Note: Students requiring a complete study of calculus for college preparation should follow Calculus 1 with Calculus 2. Students electing these two courses are not expected to take the Advanced Placement Examination; consequently, no weighted grade credit is awarded for Calculus 1 and 2. Prerequisite: (2111) Honors Precalculus, *C*- (70% or better), (2110) Precalculus, *B*- (80% or better).**

2103 Calculus 2

(18 weeks, 1 credit)
Grades 11-12
Calculus 2 will continue the Calculus 1 course. Topics will include, techniques of integration, indeterminate limits, improper integrals, and numerical approximations. Infinite series and polar coordinates will also be studied. This course parallels the second semester of most college calculus courses. **Note: Students requiring a complete study of calculus for college preparation should follow Calculus 1 with Calculus 2. Students electing these two courses are not expected to take the Advanced Placement Examination; consequently, no weighted grade credit is awarded for Calculus 1 and 2. Prerequisite: (2101) Calculus 1, *C*- (70% or better) or teacher recommendation.**

Advanced Placement Courses (AP Courses) and *Calculus 3 (*Calculus 3 for students who have already completed AP Calculus AB and AP Calculus BC) *see pages 6 and 7 for more information

2005 Advanced Placement Computer Science A

(18 weeks, 1 math or elective credit)
Grades 10-12
This course is equivalent to a first-semester college course in Computer Science using the Java language. Students will learn problem solving by learning and applying a programming technique known as Object-Oriented Programming (OOP). The major points of emphasis are programming design and methodology, algorithm development, classes and methods, and one- and two-dimensional arrays, and. Students who take this course should plan to take the Advanced Placement Computer Science A Test given in May. AP weighted grade course. Up to one credit from Computer Science courses may be used to fill your graduation requirements for mathematics. **Prerequisite: (2004) Introduction to Java, *A*- (90% or better) OR (2007) AP Comp Sci Principles, *B* (83% or better) AND (2110) Precalculus, *B*- (80 or better) OR teacher recommendation.**

2007 Advanced Placement Computer Science Principles

(18 weeks, 1 math or elective credit)
Grades 9-12
AP Computer Science Principles introduces students to the central ideas of computer science, instilling the ideas and practices of computational thinking and inviting students to understand how computing changes the world. The rigorous course promotes deep learning of computational content, develops computational thinking skills, and engages students in the creative aspects of the field. Students who take this course should plan to take the Advanced Placement Computer Science Principles Test given in May. AP weighted-grade course. Up to one credit from Computer Science courses may be used to fill your graduation requirements for mathematic. **Prerequisite: (2520) Accelerated Algebra 2, *B*- (80% or better) or teacher recommendation.**

2009 Advanced Placement Cybersecurity

(18 weeks, 1 math or elective credit)
Grades 10-12
AP Cybersecurity introduces students to the principles, practices, and tools used to secure digital systems. Through a combination of hands-on labs, real-world scenarios, and project-based learning, students explore foundational topics such as network security, cryptography, risk assessment, system vulnerabilities, and ethical hacking. The course emphasizes both the technical and human aspects of cybersecurity and prepares students for further study or careers in the field. Up to one credit from Computer Science courses may be used to fill your graduation requirements for mathematics. **Prerequisite: (2800) Advanced Geometry *C*- (70% or better); (2122) Accelerated Geometry, *B*- (80% or better) or teacher recommendation.**

2102 Advanced Placement Calculus AB

(27 weeks, 1.5 credits)
Grades 10-12
This course provides a complete study of differential and integral calculus. It is designed to prepare students for the Advanced Placement Calculus AB Examination. The course outline completes the recommended topics described by the College Board **at a fast and intense pace** to guarantee time for practice testing exercises. **Students selecting this course should plan to take the Advanced Placement Calculus AB Examination in May. AP weighted-grade course. Prerequisite: (2111) Honors Precalculus/Trig, *B* (83% or better), or (2110) Precalculus, *A*- (90% or better) and teacher recommendation.**

2200 Advanced Placement Calculus BC

(27 weeks, 1.5 credits)
Grades 11-12
This advanced course reviews the concepts of calculus, emphasizing and extending introductory topics in differentiation, and integration. It is designed to prepare students for the Advanced Placement Calculus BC Examination. The course outlines the recommended topics described by the College Board **at a fast and intense pace** to guarantee time for practice testing exercises. **Students selecting this course should plan to take the Advanced Placement Calculus BC Test in May. AP weighted-grade course. Prerequisite: (2102) AP Calculus AB, *B* (83% or better) or teacher recommendation.**

2105 *Calculus 3

(18 weeks, 1 credit)

Grade 12

*Calculus 3 will extend the concepts learned in single-variable calculus to functions of several variables and three-dimensional space. Topics will include vectors and the geometry of space, vector-valued functions, partial derivatives, and multiple integrals. Students will study vector calculus, including line and surface integrals, as well as the fundamental theorems of vector calculus such as Green's, Stokes', and the Divergence Theorem. Additional topics include the use of different coordinate systems (polar, cylindrical, spherical), applications of multiple integrals, and second-order differential equations. This course parallels the third semester of most college calculus sequences and emphasizes real-world applications, mathematical reasoning, and the use of technology for visualization and problem-solving. **AP weighted-grade course**. **Prerequisite: (2200) AP Calculus BC *B*- (80% or better) or teacher recommendation.**

2601 Advanced Placement Statistics

(18 weeks, 1 credit)

Grades 9-12

The purpose of this course is to introduce students to the major concepts and tools for collecting, analyzing, and drawing conclusions from data. The course will expose students to four broad conceptual themes: (1) exploring data – observing patterns and departures from patterns, (2) planning a study – deciding what and how to measure, (3) anticipating patterns – producing probability and simulation, and (4) statistical inference – confirming models. The course outline covers the topics recommended by the College Board. The **pace is fast and intense** in order to assure time for practice testing exercises. **Students who take this course should plan to take the Advanced Placement Statistics Test given in May. AP weighted-grade course. Prerequisite: (2110) Precalculus/Trig, *B* (83% or better) or teacher recommendation, or (2111) Honors Precalculus/Trig, *B*- (80% or better) or teacher recommendation.**

Mathematics Elective Courses

MATH elective courses are only offered if there is sufficient enrollment.

2003 Code and Create

(9 weeks, .5 math or elective credit)

Grades 9-12

Unlock your creativity with Code and Create, a dynamic course designed for high school students interested in block-based coding. Using an object-oriented programming language, students will learn to program virtual worlds in a digital environment. This course emphasizes algorithmic thinking, abstraction, and problem-solving skills. Students will create movie-style animations, interactive games, and simulations, bringing their ideas to life. Up to one credit from Computer Science courses may be used to fulfill graduation requirements for mathematics. **Prerequisite: none.**

2004 Introduction to Java

(9 weeks, .5 math or elective credit)

Grades 9-12

This course in an introduction to the programming language Java. Emphasis is placed on language syntax and program design and structure. Topics include computer history and architecture, software development life cycle, computer ethics, fundamentals of Java, and object-oriented programming, data types, control statements, and strings. Students planning to take the Advanced Placement Computer Science A Course in the future should select this course. Up to one credit from Computer Science courses may be used to fill your graduation requirements for mathematics. **Prerequisite: Completion of (2640) Academic Algebra 1B or (2915) Accelerated Algebra 1.**

2000 Introduction to Python

(9 weeks, .5 math or elective credit)

Grade 9-12

Introduction to Python introduces students to the fundamentals of computer programming, with an emphasis on helping students develop logical thinking and problem-solving skills. Students begin by learning to design, code, and test their Python programs while applying mathematical concepts. Students then move to more advanced programming concepts and learn to create more powerful programs using functions, strings, data structures, file I/O operations, and objects, as time permits. Students planning to take the Advanced Placement Computer Science A Course in the future should select this course. Up to one credit from Computer Science courses may be used to fill your graduation requirements for mathematics. **Prerequisite: Completion of (2640) Academic Algebra 1B or (2915) Accelerated Algebra 1.**

2623 SAT/ACT Test Preparation—Math

(9 weeks, .5 elective credit)

Grades 10-12

This course is designed as a review of previously learned mathematics to prepare students for the mathematics portion of the SAT. Students planning to take the ACT will also find this course beneficial since the course will teach problem-solving skills and effective test-taking strategies. Technology will be integrated throughout the course. An instructional fee will be charged to students who wish to use the SAT review book as a consumable workbook**. This course may NOT be used for Math credit. Prerequisite: Students taking this course must have COMPLETED courses in Algebra 2 and Geometry.**

MUSIC

All high school music courses are offered on an elective basis. Performance classes meet for one block on alternate days for the entire year. Students must be enrolled in music performance classes to be eligible to audition for the PMEA District and BCMEA County Music Festival, or to participate in connected co-curricular music activities, including marching band and instrumental or vocal ensembles. Many of these groups also participate in exhibitions and competitions. MBIT students who have an interest in co-curricular music activities should speak to their school counselor. All courses in music are only offered if there is sufficient enrollment.

9-12th Grade

	Semester 1	Semester 2
1	English	Science
2	Social Studies	Math
3	World Lang/Elective	Elective
4	Performance Ensemble	
	A/B Elective	A/B Elective

8600Y Advanced Placement Music Theory
(36 weeks, A/B, 1 credit)
Grades 9-12
AP Music Theory provides an in-depth study of the processes of music performance, composition, and analysis by focusing on the development of (1) complex aural skills, (2) skills in written analysis of functional harmony, (3) sight singing techniques, (4) musical composition skills, (5) keyboard skills, and (6) understanding of musical form and history. Students who take this course should have acquired basic skills in vocal or instrumental performance**. Prerequisite: Successful completion of Music Theory of *B*- or better or teacher recommendation. Students taking this course should plan to take the Advanced Placement Music Theory Test given in May. AP Weighted-Grade Course. Prerequisite: Successful completion of Music Theory OR a passing score on the Elective Placement Test.**

8667 Music Theory
(18 weeks, A/B schedule .5 credit)
Grades 9-12
Music Theory develops the basic vocabulary of music, emphasizes ear-training and notation, and harmonic fundamentals found in popular and traditional music. The course is designed for performers and musical beginners. This course is also intended to prepare students for Advanced Placement Music Theory. Music Theory is recommended as a foundation for other music electives.

8630 Rock Band
(18 weeks, A/B schedule .5 credit)
Grades 9-12
This course is designed for students who would like to create and study music in a rock band setting. Students will be grouped into bands and will learn how to use music gear/equipment, practice and perform songs, and incorporate elements of music promotion and marketing. Students will also learn about song structure and music theory as it relates to songwriting and arranging. Students will have access to instruments like guitar, piano, synths, bass, drums, and other forms of digital media/software. Students do not need to know how to play an instrument to join this course. NEW! This course may be repeated for credit.

8640 Music Technical Theater
(18 weeks, A/B schedule, .5 credit)
Grades 9-12
This hands-on course will focus on all aspects of musical theater production, including stage tech, set design, sound, lighting, and performing. In addition, students will get a brief overview of the history of musical theater and learn the important trends and ideas in the world of musical theater today. The course will culminate in projects and performances that show an understanding of all aspects of musical theater and will provide a foundation for a future in musical theater production.

8620 Music Production
(18 weeks, A/B schedule .5 credit)
Grades 9-12
This course allows students to explore computer applications used for both home and professional music studios in the field of audio engineering. Each music production space is equipped with iMAC computers and the Pro Logic apps suite. Students will learn in a hands-on environment using software to experiment with music production techniques. Students will learn practical skills related to audio mixing/mastering, music notation, recording techniques, and synthesized sound.

ENSEMBLES

8663 Concert Band
(36 weeks, A/B schedule, 1 credit)
Grades 9-12
Concert Band is designed for students in grades 9-12 who choose to continue their educational interest in band music. Students gain experience playing a variety of musical styles and continue their development of musical skills and techniques. Public performances are scheduled throughout the year. Individual instruction on specific instruments may take place within the larger group rehearsal. However, ensemble experience and the individual's performance as a responsibility to the group's overall success are emphasized. Students who are enrolled in Band are eligible to audition for County and District Band, as well as for select instrumental ensembles. Participation in the band program includes required after-school and evening rehearsals and performances as determined by the director. All band members are encouraged to participate in the Marching Band. Marching Band is one of the most visible co-curricular activities in the high school and provides the opportunity for motivated musicians to attain higher levels of performance. **Prerequisite: Participation in the middle school band program or the equivalent, by audition, and/or approval of the high school band director.**

8660 Honors Wind Ensemble
(36 weeks, A/B schedule, 1 credit)
Grades 9-12
Honors Wind Ensemble is an honors level course that is offered to students in grades 9-12 who play woodwind, brass, or percussion

instruments. Public performances including concert and marching settings are scheduled throughout the year. Individual instruction on specific instruments may take place within the larger group rehearsal. However, emphasis is on the ensemble experience and on the individual's performance as a responsibility to the group's overall success. Students who are enrolled in Wind Ensemble are eligible to audition for County and District Band, as well as for select instrumental ensembles. Participation in the band program includes required after-school and evening rehearsals and performances as determined by the director. All band members are encouraged to participate in the Marching Band. **Prerequisite: Participation in the Concert Band is preferred but not required. Admission is by audition or approval of the high school band director. This course is weighted at an additional .25 as a recognition of the fact that it is more demanding and has more requirements that go beyond those of the standard music ensemble courses.**

8665 Honors Jazz Ensemble

(36 weeks, A/B schedule, 1 credit)

Grades 9-12

Honors Jazz Ensemble is an honors level course that is offered as an opposite day companion course to Wind Ensemble. Students enrolled in this course must also be enrolled in Wind Ensemble. The course is open by audition to students who play the saxophone, trumpet, trombone, piano, guitar, bass, or drums. Classes are devoted to a study of a wide variety of jazz music and styles. Emphasis is placed on the development of the style, interpretation, and the technical skills needed for jazz performance, as well as the historical aspects of this American art form. Participation in the Jazz Ensemble includes required after-school and evening rehearsals and performances as determined by the director. This ensemble will be involved in several jazz competitions and festivals in the spring that generally occur on Friday evenings and some Saturdays. **Prerequisite: Audition and/or approval by high school jazz ensemble director. This course is weighted at an additional .25 as a recognition of the fact that it is more demanding and has more requirements that go beyond those of the standard music ensemble courses.**

8661 Concert Choir

(36 weeks, A/B schedule, 1 credit)

Grades 9-12

Choir is offered to students who enjoy singing in a vocal ensemble. Active participation and pursuit of individual musical growth are essential for the successful performance of choral music. Students will learn to develop proper vocal technique and performance discipline. Emphasis will be placed on training the singers to become better musicians through the use of choral repertoire. The chorus will perform both classical and contemporary works at the appropriate developmental level. A repertoire will be chosen that reflects a variety of styles, forms, and cultures and includes both sacred and secular texts. School and community performances will be scheduled throughout the year. Students who are enrolled in choir are eligible to audition for County and District Chorus as well as for select vocal ensembles. Participation in the choral program includes required afterschool and evening rehearsals and performances as determined by the director. Participation in the spring trip is optional but encouraged. **Prerequisite: Participation in the middle school choral program is preferred but not required.**

8662 Honors Chamber Choir

(36 weeks, A/B schedule, 1 credit)

Grades 9-12

Honors Chamber Choir is an honors level course offered to students who wish to sing in an advanced vocal ensemble. Active participation and pursuit of individual growth are essential for the successful performance of choral music. Students will continue to develop high-level vocal techniques. The choir performs both classical and contemporary works at the highest standard. A repertoire will be chosen that reflects a variety of styles, forms, and cultures and includes both sacred and secular texts. School and community performances will be scheduled frequently throughout the year. Students who are enrolled in choir are eligible to audition for County and District Chorus as well as for select vocal ensembles. Participation in the choral program includes required afterschool and evening rehearsals and performances as determined by the director. Participation in the spring trip is optional but encouraged. **Prerequisite: Audition and/or approval by the high school choir director. This course is weighted at an additional .25 as a recognition of the fact that it is more demanding and has more requirements that go beyond those of the standard music ensemble courses**.

8664 String Orchestra

(36 weeks, A/B schedule, 1 credit)

Grades 9-12

Students participating in string orchestra will actively engage in the creation and performance of orchestral music literature, which will expose students to a variety of musical genres and periods. Students will advance their musical development through rehearsal and performance in small and large ensemble settings. Orchestra is offered to students who play violin, viola, cello, or double bass. Students playing other instruments may only join orchestra with the approval of the high school orchestra director. Performances in the school and community will be scheduled throughout the year. Students who are enrolled in Orchestra are eligible to audition for BCMEA and PMEA festivals, as well as other select ensembles. Participation in the orchestra includes occasional required rehearsals and/or performances outside of normal school hours. **Prerequisite: Participation in the middle school orchestra program or the equivalent, and/or approval of the high school orchestra director.**

8668 Honors Chamber Orchestra

(36 weeks, A/B schedule, 1 credit)

Grades 9-12

Chamber Orchestra is an advanced string orchestra. Students participating in Chamber Orchestra will actively engage in the creation and performance of rigorous orchestral music literature. Chamber Orchestra is offered to students who play violin, viola, cello, or double bass. Students playing other instruments may only join orchestra with the approval of the high school orchestra director. Participation in the Chamber Orchestra includes occasional required rehearsals and/or performances outside of normal school hours. Students enrolled in Chamber Orchestra are eligible to audition for BCMEA and PMEA festivals, as well as other select ensembles. **Prerequisite: Admission is by audition or the approval of the high school orchestra director. This course is weighted at an additional .25 as a recognition of the fact that it is more demanding and has**

more requirements that go beyond those of the standard music ensemble courses.

8671S Collaborative Music
(18 weeks A/B, .5 credit)
Grades 9-12
Collaborative Music is an elective course that offers a unique opportunity for students of varying ability levels and backgrounds to collaborate and serve as both, a peer mentor and learner. This course is designed to provide students (with and without disabilities) the opportunity to experience music in a modified environment. The focus of this course is on the academic and social growth of all participants. Engaging in music alongside peers will support and foster social relationships within the school community. This course will allow each student to gain an appreciation and understanding of the various abilities that are present in a music setting. **Students interested in taking this elective must submit an online peer mentor application. To submit an application please visit https://forms.office.com/r/ivgvHrHdBL**

PEN (Gifted Program)

9600C Gifted Independent Study
(36 weeks, asynchronous, .25)
This independent study will be asynchronous and run year long. It will be in addition to the student's school-day course load. The goal of this course is to provide students with the time to explore topics of interests, career opportunities, or creative pursuits. The expectations for this course would include meeting with their teacher throughout the project, self-monitoring and planning, implementing their project. The purpose of gifted programming in Central Bucks School District is to support the academic needs of gifted students by providing learning opportunities which are more in-depth and may be presented at a faster pace. In keeping with the Pennsylvania Department of Education's Chapter 16 regulations, a Gifted Individual Education Plan (GIEP) will be developed annually for students who are identified mentally gifted. Specially Designed Instruction for students with a GIEP primarily takes place in regular education classrooms.

SCIENCE

SCIENCE SEQUENCE These sequences represent typical pathways through high school science classes, but additional pathways are possible. If you have any questions, your current science teacher or school counselor will be able to answer them for you.			
Grade 9	**Grade 10**	**Grade 11**	**Grade 12**
Most Rigorous Sequence Students planning careers in science, medicine, engineering, or environmental studies should follow this sequence, especially if applying to highly competitive colleges, and are encouraged to add science options aligned with their interests.			
Honors Environmental Science	**Biology (Honors or AP)**	**Chemistry (Honors or AP) and/or Physics (Honors or AP)**	
Honors and Academic Sequence College and non-college bound students seeking a complete study of high school science are encouraged to follow this sequence. Students planning a career in the sciences should consider additional science options that match their interests.			
Environmental Science (Honors or Academic)	**Biology (Honors, Academic or Practical)**	**Chemistry (Honors, Academic, or Conceptual) and/or Physics (Honors or Academic)**	

Science Options:

Grades 9-12
Astronomy (9 weeks, .5 credit)
Oceanography (9 weeks, .5 credit)

Grade 10 – 12
AP Biology (36 weeks, 2 credits)*
AP Environmental Science (18 weeks, 1 credit)*
Environmental Sustainability (18 weeks, 1 credit)
Human Anatomy and Physiology (18 weeks, 1 credit)*
Applied Human Anatomy & Physiology (18 weeks, 1 credit) * (CB West Only)
***Denotes the class has a prerequisite.**

Grade 11 - 12
AP Chemistry (36 weeks, 2 credits)*
AP Physics: Newtonian Mechanics (18 weeks, 1 credit)*
AP Physics: Electricity and Magnetism (18 weeks, 1 credit)*
Forensic Science (18 weeks, 1 credit)*

3920 Academic Environmental Science
(18 weeks, 1 credit)
Grade 9
Satisfies Environmental Science Requirement
Environmental Science introduces students to the complex and interconnected systems that shape our planet. Students begin by exploring the geosphere, hydrosphere, atmosphere, and biosphere, developing an understanding of Earth's systems and how they interact. Students investigate relationships between organisms and their environments, focusing on energy flow, biodiversity, population dynamics, and environmental literacy. The course then examines the importance of sustaining these systems, emphasizing natural resources, human impact, and conservation strategies. Throughout the course, students engage in hands-on investigations and real-world problem solving, developing critical thinking skills and a deeper understanding of Earth's systems and their environment.

3910 Honors Environmental Science
(18 weeks, 1 credit)
Grade 9
In Honors Environmental Science, students are introduced to the complex and interconnected systems that shape our planet. Students begin by exploring the geosphere, hydrosphere, atmosphere, and biosphere, developing an understanding of Earth's systems and how they interact. Students investigate relationships between organisms and their environments, focusing on energy flow, biodiversity, population dynamics, and environmental literacy. The course emphasizes sustaining Earth's systems, with an advanced focus on natural resources, human impact, and conservation strategies Students will engage in rigorous hands-on investigations, simulations, and real-world problem solving, while developing high-level critical thinking and scientific communication skills. Honors students will examine a variety of nonfiction texts that deepen their understanding of environmental challenges. Honors Environmental Science is intended for students who have distinguished themselves in mathematics and science and are interested in the most rigorous science sequence. **Prerequisites: (3800) Advanced Science 8, *A*- or better or teacher recommendation or (3820) Academic Science 8, *A* or better or teacher recommendation. Honors weighted grade.**

Life Science Courses

3010 Honors Biology
(18 weeks, 1 credit)
Grade 9-10
Satisfies Life Science Requirement
Honors Biology provides students with the principles that explain how life functions, grows, and evolves. This course covers the same core concepts as Academic Biology but is designed for students seek-

ing a more rigorous and fast-paced experience. In addition to exploring how life functions, grows, and evolves, students engage in deeper analysis of biological systems and processes. The course places greater emphasis on critical thinking, data interpretation, and the application of scientific knowledge. Students are expected to work more independently, demonstrate higher-level reasoning, and apply scientific practices to complex problems. This course prepares students for future advanced science coursework by fostering analytical skills and scientific inquiry beyond the scope of the academic level. The Biology Keystone Exam will be administered at the conclusion of this course. **Honors weighted grade. Prerequisite: (3920) Honors Environmental Science, *A*- or better, or (3910) Academic Environmental Science, *A*, or teacher recommendation.**

3020 Academic Biology
(18 weeks, 1 credit)
Grade 9-10
Satisfies Life Science Requirement
Academic Biology introduces students to the fundamental principles that explain how life functions, grows, and evolves. The course begins with an exploration of how cells work together to form complex organisms, focusing on characteristics of life, cell specialization, and homeostasis. Students then examine how energy flows through living systems by studying photosynthesis, cellular respiration, and the role of key biological molecules. The course continues with an exploration of genetics, evolution, natural selection, and biodiversity. Inquiry-based labs, activities, and discussions help students build a strong foundation in life science and develop essential scientific thinking skills. The Biology Keystone Exam will be administered at the conclusion of this course. **Prerequisite: Academic (3910) or Honors (3920) Environmental Science.**

3040 Practical Biology
(18 weeks, 1 credit)
Grade 9-10
Satisfies Life Science Requirement
Practical Biology uses a problem-based approach to the biological sciences. The course content aligns with Academic Biology and covers the same core concepts while incorporating additional instructional supports and intervention strategies. Students explore how cells function within organisms, how energy moves through living systems, how traits are inherited, and how evolution shapes biodiversity. Through hands-on investigations, real-world applications, and structured learning experiences, students develop an understanding of fundamental biological concepts. The Biology Keystone Exam will be administered at the conclusion of this course. **Prerequisite: Academic (3910) or Honors (3920) Environmental Science.**

3100 Advanced Placement Biology
(36 weeks, 2 credits)
Grades 10-12
Satisfies Life Science Requirement
Advanced Placement Biology is a one year, two-credit course designed in accordance with the PA standards for high school biology and the College Board curriculum for AP Biology. This is a rigorous course utilizing Advanced Placement approved college texts and laboratory experiences that mirrors the freshman Biology 101 and 102 experience at most colleges. Success in this level of biology requires a high level of motivation and interest in biology, excellent study skills, sophisticated problem-solving skills, and a commitment to working outside of the classroom. Statistical analysis is a key part of the course, so a strong math background is recommended. College credit or advanced standing may be obtained from many institutions for students who score 3 or higher on the Advanced Placement Test. Advanced Placement Biology meets the College Board requirements for AP Biology. **Students taking this course should plan to take the Advanced Placement Biology Test given in May and the PA Keystone Exam if they have not already earned a proficient score. AP weighted-grade. Honors/Academic Biology is not a prerequisite, although most students will benefit from its completion prior to Advanced Placement Biology. Prerequisite: (3920) Honors Environmental Science, *A*- or better. Recommended Prerequisites (3010) Honors Biology, *B* or better or (3020) Academic Biology *A*- or better.**

Physical Science Courses

3110 Honors Chemistry
(18 weeks, 1 credit)
Grades 9-12
Satisfies Physical Science Requirement
Honors Chemistry offers a study of the relationship between matter and energy and the role that each play in physical and chemical change. Students will learn the scientific methods of problem solving and will be expected to apply them in laboratory work. Students will learn to use laboratory equipment safely and correctly and will learn to record and interpret data from experiments. Laboratory work and assessments will challenge students to be creative and to give evidence of individual study. Honors Chemistry is intended for students who have distinguished themselves in mathematics and science. The course prepares students to meet course expectations for advanced-level courses such as AP Biology, AP Chemistry, or AP Physics. For this reason, students are expected to be working above grade level in mathematics. Students planning to pursue careers in medicine, engineering, or other science fields should consider taking this course. **Honors weighted grade. Prerequisite: (2520 or 2530) Accelerated or Honors Algebra 2, *B* or better or teacher recommendation. (Note: Accelerated/Honors Algebra 2 course may be taken concurrently with Honors Chemistry.)**

3120 Academic Chemistry
(18 weeks, 1 credit)
Grades 9-12
Satisfies Physical Science Requirement
Academic Chemistry offers a study of the relationship between matter and energy and the role that each play in physical and chemical change. Students will learn the scientific methods of problem solving and will be expected to apply them in laboratory work. Students will learn to use laboratory equipment safely and correctly and will learn to record and interpret data from experiments. To be successful in Academic Chemistry, students must exhibit strong study skills and daily commitment to course activities.. This course meets college entrance requirements. **Prerequisite: Completion of Algebra 1 or equivalent.**

3140 Conceptual Chemistry
(18 weeks, 1 credit)
Grades 9-12
Satisfies Physical Science Requirement
Conceptual Chemistry offers students the opportunity to study topics related to the general structure and behavior of matter. Essential chemistry content is presented within the context of realistic situations and is related to the student's practical experiences. All units will involve laboratory investigations. The course will help students understand industrial applications of chemistry and how chemistry is used to solve societal problems. Success in the course requires daily, active participation. Although this course meets college entrance requirements, it is recommended that the college-bound student takes Academic Chemistry.

3101 Advanced Placement Chemistry
(36 weeks, 2 credits)
Grade 11-12
Satisfies Physical Science Requirement
Advanced Placement Chemistry is a one year, two-credit course designed in accordance with the PA standards for high school chemistry and the College Board curriculum for AP Chemistry. This is a rigorous course utilizing Advanced Placement approved college texts and laboratory experiences that mirrors the freshman Chemistry 101 and 102 experience at most colleges. Success in this level of chemistry requires a high level of motivation and interest in chemistry, excellent study skills, sophisticated problem-solving skills, and a commitment to working outside of the classroom. Further, AP Chemistry is suited for students who have distinguished themselves in mathematics, including satisfactory completion of Accelerated Algebra 2, and science. College credit or advanced standing may be obtained from many institutions for students who score 3 or higher on the Advanced Placement Test. Advanced Placement Chemistry meets the College Board requirements for AP Chemistry. Students planning to pursue careers in medicine, engineering, or other science fields should consider taking this course. **Students taking this course should plan to take the Advanced Placement Chemistry Test given in May. AP weighted grade. Honors/Academic Chemistry is not a prerequisite, although most students will benefit from its completion prior to Advanced Placement Chemistry. Prerequisite: (2530) Honors Algebra 2, *B* or better or (2520) Accelerated Algebra 2, *A-* or better, and (3010) Honors Biology, *A-* or better. Recommended prerequisite: (3110) Honors Chemistry with a *B* or better, or Academic (3120) Chemistry with an *A-* or better.**

3101B Advanced Placement Chemistry Partnership Program
(36 weeks, 2 credits)
Grades 11-12
Satisfies Physical Science Requirement
The Advanced Placement Chemistry Partnership Program is a full year program that combines the Advanced Placement Chemistry curriculum with an after-school internship and independent research project at the Pennsylvania Biotechnology Center. Students electing to apply for the program are expected to exhibit a professional work ethic, have the capacity to work independently in a lab setting, and provide their own transportation home from the center. Further, if selected for this program students may complete assignments in laboratories operated by the *Hepatitis B Foundation* and *Baruch S. Blumberg Institute*. Therefore, this program is open to students who meet the following criteria based on the institutions' applicable rules and regulations: are 16 years of age on or before the first day of class, provide proof of completing the Hepatitis B vaccine series or begin the vaccination before starting in the laboratory, and complete the Pennsylvania Biotechnology Center's Good Laboratory Practices training protocol. This is an application only course. Interested students should register for **3101 Advanced Placement Chemistry** and complete the application process. **Students taking this course should plan to take the Advanced Placement Chemistry Test given in May. AP weighted grade. Prerequisite: Honors/Academic Chemistry is not a prerequisite, although most students will benefit from its completion prior to Advanced Placement Chemistry. (2530) Honors Algebra 2, *B* or better or (2520) Accelerated Algebra 2, *A-* or better, and (3010) Honors Biology, *A-* or better. Application Only.**

3201 Biotechnology Research Practicum
(36 weeks, 2 credits)
Grade 12
The Biotechnology Research Practicum is a full year program offered to students who have completed the Advanced Placement Chemistry Partnership Program. Students will continue their internship and independent research while mentoring Central Bucks students through their first year of research. This is an application only course. Interested students should complete the application process. **Prerequisite: Successful completion of the Advanced Placement Chemistry Partnership Program. Pass / Fail course**. **Invitation Only.**

3224 Academic Physics
(18 weeks, 1 credit)
Grades 9-12
Satisfies Physical Science Requirement
In Academic Physics, students will explore core concepts of physics, including motion, forces, energy, electricity and magnetism, wave motion, and the behavior of light. Classroom instruction will emphasize hands-on learning. Students will have the opportunity to apply basic mathematical techniques to real-world situations. Students will learn the scientific method of problem-solving and learn to apply it successfully through laboratory experimentation. It is recommended that all college-bound Central Bucks students participate in a physics course. **Prerequisite: Completion of Algebra 1 or equivalent.**

3225 Honors Physics
(18 weeks, 1 credit)
Grades 9-12
Satisfies Physical Science Requirement
Honors Physics is the study of motion, forces, energy, electricity and magnetism, & momentum. Experimentation, demonstrations, problem-solving and associated readings are all part of the course. Students will learn the scientific method of problem-solving and learn to apply it successfully in the laboratory. Honors Physics is intended for students who have distinguished themselves in mathematics and science. It is a particularly math-intensive course; and consequently,

students are expected to be working above grade-level in mathematics. Students planning to pursue careers in medicine, engineering, or other science fields should take this course. **Honors weighted grade. Prerequisite: (2530) Honors Algebra 2, *C* or better or (2520) Accelerated Algebra 2, *B*- or better.**

3102 Advanced Placement Physics: Newtonian Mechanics
(18 weeks, 1 credit)
Grades 11-12
Satisfies Physical Science Requirement
This AP course is designed to address the areas of kinematics, Newton's laws of motion, energy and power, systems of particles, circular motion and rotation, oscillations, and gravitation. This is a typical first-semester college physics course taken by students majoring in science, math, or engineering. High motivation and an above-average ability in math are important because the course will move at a fast pace and is calculus based. **Students taking this course should plan to take the Advanced Placement Physics: Newtonian Mechanics Test given in May. AP weighted grade. Prerequisite: (2110 or 2111) Pre-Calculus, *A*- or better, or Honors Precalculus, *B*- or better.**

3103 Advanced Placement Physics: Electricity & Magnetism
(18 weeks, 1 credit)
Grade 11-12
Satisfies Physical Science Requirement
This AP course addresses the following content areas: electrostatics, electric circuits, magnetostatics, electromagnetism, conductors, capacitors, and dielectrics. Use of calculus in problem solving and in derivations will increase as the course progresses. This is a typical second-semester college physics course. **Students taking this course should plan to take the Advanced Placement Physics: Electricity and Magnetism Test given in May. AP weighted grade. Prerequisite: (3102) AP Newtonian Mechanics, *B*- or better, or (3225) Honors Physics, *A*- or better and (2102) AP Calculus AB, *B*- or better.**

Additional Science Electives

3108 Advanced Placement Environmental Science
(18 weeks, 1 credit)
Grades 10-12
The goal of AP Environmental Science is to provide students with the scientific principles, concepts, and methodologies required to understand the interrelationships of the natural world, to identify and analyze both natural and human-made environmental problems, to evaluate the relative risks associated with these problems, and to examine alternative solutions for resolving and/or preventing them. The course focuses on the science behind environmental problems and issues. Laboratory and field study are important elements of the course. Topics include scientific analysis, interdependence of the Earth's systems, human population dynamics, renewable and nonrenewable resources, environmental quality, and the environment and society. Because of the quantitative analysis that is required in the course, students should also have taken at least one year of Algebra. **Students taking this course should plan to take the Advanced Placement Environmental Science Test given in May. AP weighted grade. Prerequisite: AP weighted-grade course. Prerequisite: Completion of (3020 or 3010) Academic or Honors Biology.**

3118 Environmental Sustainability
(18 weeks, 1 credit)
Grades 10-12
Dual Enrollment Eligible- Delaware Valley University (See Page 7)
Delaware Valley University – Sustainability: Saving the Earth and Feeding the People – 3 credits
Environmental Sustainability is a project-based course that provides students with opportunities to investigate real world environmental issues. The course will examine an array of ecological, biological, agricultural, technological, economic, social, and political issues associated with our environment today. Students will describe environmental issues in view of their complex and dynamic nature, identify their role in and responsibility to the issue, and explore reasonable solutions to diminish or resolve the issue, both locally and globally. In the end, students will understand the ways social, economic and environmental systems interact, appreciate and respect the diversity of views and values that influence sustainable ways of living, and participate critically and act creatively in determining more sustainable ways of living. This course is designed for a broad range of students with a high interest in making informed choices about their life, family, and community, and being better stewards of Earth's resources.

3130 Honors Human Anatomy and Physiology
(18 weeks, 1 credit)
Grades 10-12
Dual Enrollment Eligible- Bucks County Community College (See Page 7) **– BIOL 115 Basic Human Anatomy – 3 credits**
The course explores the structure and function of the human body and the interactions among body systems that maintain homeostasis. Students examine the organization of the body from cells and tissues to organ systems, emphasizing the relationship between structure and function. The course provides a comprehensive study of all major body systems, with an in-depth focus on the skeletal, muscular, nervous, and cardiovascular systems. Students participate in laboratory investigations, including anatomical models and specimen dissections, to deepen their understanding of human anatomy and physiology. Offered at the honors level and as a dual enrollment opportunity through Bucks County Community College, this course reflects the rigor and expectations of an introductory college anatomy and physiology course. **Honors weighted grade. Prerequisite: (3020 or 3010) Academic or Honors Biology, B or better.**

3122 Applied Human Anatomy and Physiology
CB-West only
(18 weeks, 1 credit)
Grades 10-12
This course provides students with the opportunity to learn about human anatomy and physiology and how it applies to health and disease. It includes classwork, labs and hands on activities, weekly data collection including blood pressure and heart rate, and trips to the YMCA for hands on application of content learned in the classroom. Key topics include the nervous, skeletal, muscular, cardiovascular, respiratory, and digestive systems. **Prerequisite: (3040, 3020, or 3010) Practical, Academic, or Honors Biology, *C* or better.**

3213 Forensic Science
(18 weeks, 1 credit)
Grades 11-12
The course will involve the application of chemical, physical, and biological principles for the investigation of physical evidence in criminal cases. It will entail analytical reasoning, laboratory testing, possible field trips, and provide technical expertise (qualified speakers who will present and help us to analyze evidence from criminal cases). Students will be taught the fundamentals of a criminal investigation and how they apply in a court of law. The students will learn by doing — they will isolate and process crime scenes, analyze and interpret lab data, and problem solve. Each student's experience will culminate with the solving of a crime scene scenario. **Grade Level: 11, 12. Prerequisites: (3020 or 3010) Academic or Honors Biology, *C* or better.**

3640 Astronomy/Space Exploration
(9 weeks, .5 credit)
Grades 9-12
The astronomy course provides a descriptive study of the universe and the place that our solar system occupies within the universe. The motion of our solar system and the instruments used to study our galaxy are explored, along with travel, work, and exploration in space**.**

3643 Oceanography
(9 weeks, .5 credit)
Grades 9-12
Oceanography is for students interested in the ocean and its effects on man and nature. Recent concern about ocean pollution has increased the need for basic understanding of the sea environment. Students will learn about the physical features of the oceans, chemical makeup, tides, currents, topography of the sea floor, and shorelines. The biological requirements of the ocean community will also be studied.

SOCIAL STUDIES, INCLUDING HISTORY AND THE SOCIAL SCIENCES

The National Council for the Social Studies defines our field as "the study of individuals, communities, systems, and their interactions across time and place." Our fields prepare "students for a lifelong practice of civil discourse and civil engagement in their communities." Our program seeks to make you ready for a life of engaged and informed citizenship.

Social Studies teachers take pride in helping you make sense of the past and the present in ways that are relevant to your classmates. Students are required to take four credits of Social Studies during grades 9-12, no less than one Social Studies course per year. Each course offers the opportunity to master themes and knowledge that will help you thrive as a citizen and member of your community. The sequence of courses equips you with skills for conducting research and understanding events in the news. Also, our courses offer you the chance to develop your ability to read and write effectively.

SOCIAL STUDIES SEQUENCES			
Grade 9	Grade 10	Grade 11	Grade 12
Advanced Placement Sequence / Most Rigorous This sequence is designed for college-bound students who are applying to colleges designated as most competitive and/or planning to major in history, business, law, social sciences, or humanities.			
U.S. History – Honors prepares grade 9 students for Advanced Placement coursework in grades 10-12.	AP European History	AP U.S. History AP U.S. Gov't & Politics AP Macroeconomics*	AP Comparative Gov't AP Microeconomics AP Psychology
Honors Sequence This sequence is designed for students who intend on immediately continuing their education in college after graduation from Central Bucks.			
U.S. History – Honors	Modern World History – Honors	American Government and Economic Systems – Honors	Global Relations – Honors
Academic Sequence A well-rounded understanding of history and the social sciences invites our students to an active and engaging life as citizens in their communities and country. This sequence prepares students for success in college, a career in the Armed Forces, or employment in the labor force.			
U.S. History – Academic	Modern World History – Academic	American Government and Economic Systems – Academic	Global Relations –Academic
*AP Macroeconomics can satisfy either the Grade 11 required social studies credit when taken in 11th grade OR the Grade 12 required social studies credit if taken in 12th Grade.			

Required Courses (Core Courses)

The required sequence of courses provides you with exposure to a variety of topics in history and the social sciences. These courses will build your toolbox for reading, describing, analyzing, and applying understanding from those disciplines. Our core courses are offered at both the academic and honors level.

Academic and Honors Courses Characteristics
• Academic and honors courses prepare students for meaningful engagement as citizens. • Academic courses allow you the opportunity to build knowledge and skills necessary for success after graduation. You will be ready to meet your goals in post-secondary education, the workforce, or participation in public and military service. • Honors courses deliberately prepare you for success in post-secondary educational coursework. They are more challenging than academic courses and require you to take greater responsibility for your learning. • The +0.25 weight added to grades earned in honors courses recognizes the demanding nature of those courses. • The recommendation of your teacher in the preceding year's core Social Studies course is required for enrollment in an honors course.

1910 Honors United States History
1920 Academic United States History
(18 weeks, 1 credit)
Grade 9

Explore the major events and turning points in American history from 1890 to the present. Analyze how the United States emerged as a world power, navigated the Great Depression, fought in global conflicts, and transformed through social and political change. Engage in critical reading, persuasive writing, and research to deepen your understanding of the nation's past and its impact on today's society. Honors students tackle more advanced readings and projects at a faster pace. **Honors weighted grade for 1910 Honors.**

1111 Honors Modern World History
1120 Academic Modern World History
(18 weeks, 1 credit)
Grade 10

Investigate the shared and diverse experiences of people around the world from 1750 to the present. Trace the rise of modern nation-states, the effects of globalization, and the patterns that have shaped today's world. Develop historical thinking and reasoning skills as you connect themes across time and place. Honors students dive deeper into topics with higher-level readings and assessments. **Honors weighted grade for 1111.**

1012 Honors American Government and Economic Systems
1022 Academic American Government and Economic Systems
(18 weeks, 1 credit)
Grade 11

Examine how the U.S. government operates and influences policies, economies, and social issues. Study the three branches of government, political parties, elections, and the role of interest groups. Learn key economic concepts such as scarcity, supply and demand, fiscal policy, and the business cycle. Honors students engage in more in-depth analysis, readings, and projects. **Honors weighted grade for 1012.**

1210 Honors Global Relations
1220 Academic Global Relations
(18 weeks, 1 credit)
Grade 12

Analyze how nations interact, cooperate, and sometimes clash in the modern world. Focus on the impact of international issues on American foreign policy and explore comparative economic systems and global trade. Build decision-making skills by tackling current economic challenges like inflation, unemployment, and national debt. Honors students pursue deeper inquiry through advanced readings and assignments. The honors course addresses the same topics but in more depth with added readings, writing assignments, and projects. **Honors weighted grade for 1210.**

Advanced Placement Courses

AP courses prepare students for meaningful engagement as citizens while pursuing a specialized and rigorous body of content. The expectations for these courses align with the standards of the College Board as well as leading four-year colleges and universities.

AP Social Studies Courses Student Expectations
• Students in our AP courses will embrace the challenges of mastering themes, topics, and skills commensurate with a college-level course. • Students in our AP courses plan to complete the National exam administered in May. • Students in our AP courses will keep up with pacing and complexity that is significantly greater than in our honors courses. Students take significant responsibility for their learning in the AP program. • Success in preceding years' Social Studies coursework is preparation for and an indicator of one's readiness for an AP course. **Therefore, the prerequisite for all AP courses is a B (or better) in the preceding year's honors or AP Social Studies course OR an A in the preceding year's academic Social Studies course.** • AP courses, when they address the standards of a given on-level course, may satisfy the required social studies credit for a given grade level. Students must plan carefully and know what credits a given AP course satisfies. • Students understand that the +1.0 weight for AP courses recognizes the demanding nature of the course. Also, students acknowledge that AP courses have requirements that go beyond those of academic and honors courses.

1100 Advanced Placement European History
(27 weeks, 1.5 credits) – MP2-4 at CB East
1101 Advanced Placement European History
(27 weeks, 1.5 credits) – MP1-3 at CB South & CB West
Grade 10

This course investigates the development of Western European society between 1450 and the present. The students will become familiar with the principal themes in modern European history and the methods for the analysis of historical evidence. **Satisfies the required social studies credit for 10th grade when taken during the 10th grade year. AP weighted-grade course.**

1000 Advanced Placement U.S. History
(27 weeks, 1.5 credits)
Grade 11
This course examines the history of the United States in a chronological manner from the Colonial Period through the 1990s. Students complete readings in both factual and interpretive textbooks. Class participants will address more historical material, study history in greater depth, and complete projects and writing assignments other than those assigned in Recent America, Honors or Academic. **Satisfies the required social studies credit for 11th grade when taken during the 11th grade year. AP weighted-grade course.**

1202 Advanced Placement Macroeconomics
(18 weeks, 1 credit)
Grade 11, 12
AP Macroeconomics introduces you to the principles that shape entire economic systems. You will investigate how national income, price levels, and economic growth are determined, and analyze the roles of the financial sector, government stabilization policies, and international trade. The course emphasizes interpreting economic performance measures and understanding how economies respond to real-world challenges like inflation and unemployment. You will use graphs, charts, and data to explain and predict economic trends on a national and global scale. **Satisfies the required social studies credit for 11th or 12th grade when taken during the 11th or 12th grade year, respectively. AP weighted-grade course.**

1001 Advanced Placement U.S. Government and Politics NEW
(18 weeks, 1 credit)
Grade 11
AP U.S. Government and Politics provides a college-level, nonpartisan introduction to key political concepts, ideas, institutions, policies, interactions, roles, and behaviors that characterize the constitutional system and political culture of the United States. Students will study U.S. foundational documents, Supreme Court decisions, and other texts and visuals to gain an understanding of the relationships and interactions among political institutions, processes, and behaviors. Students engage in skill development that requires them to read and interpret data, make comparisons and applications, and develop evidence-based arguments. In addition, they will complete a political science research or applied civics project. **Satisfies the required social studies credit for 11th grade when taken during the 11th grade year. AP weighted-grade course.**

1201 Advanced Placement Microeconomics
(18 weeks, 1 credit)
Grades 12
Grade 11—Elective Credit Only
AP Microeconomics focuses on the economic decisions made by individuals, households, and businesses. You will explore how markets operate, how prices are set, and how resources are allocated, while examining concepts like market failure, government intervention, and income distribution. The course challenges you to analyze the efficiency and equity of different market structures and to consider the impact of policy decisions on everyday economic choices. Throughout, you will apply graphs, charts, and data to real-world scenarios, building a strong foundation in economic reasoning. **Satisfies the required social studies credit for 12th grade when taken during the 12th grade year. AP weighted-grade course.**

1203 Advanced Placement Comparative Government
(18 weeks, 1 credit)
Grade 12
Grade 11—Elective Credit Only
AP Comparative Government introduces students to the fundamentals of comparative politics at the college level. Using a comparative approach, students examine the political structures, policies, and challenges of six countries: China, Iran, Mexico, Nigeria, Russia, and the United Kingdom. The course emphasizes analysis of data and text-based sources to explore topics such as power and authority, legitimacy and stability, democratization, and the forces that shape political systems. Students build skills in comparing how different nations address political, economic, and social issues. **Satisfies the required social studies credit for 12th grade when taken during the 12th grade year. AP weighted-grade course.**

1300 Advanced Placement Psychology
(18 for a semester or 36 weeks (A/B schedule-all year), 1 credit)
Grade 12
Grade 11-Elective Credit Only
AP Psychology introduces you to the scientific study of behavior and mental processes in humans and other animals. You will investigate key psychological facts, principles, and phenomena across major subfields, while learning the ethics and research methods psychologists use in their work. Throughout the course, you'll explore landmark discoveries, compare different psychological approaches—including biological, behavioral, cognitive, evolutionary, humanistic, psychodynamic, and sociocultural perspectives—and practice core research and critical thinking skills. A background in biology and statistics will help you succeed in this rigorous, college-level course. ***Parents and students should know that some required course content in AP Psychology may address controversial topics. We expect students to approach such material in a mature manner. Satisfies the required social studies credit for 12th grade when taken during the 12th grade year. AP weighted-grade course.**

Social Studies Elective Courses

These courses provide graduation credits in electives. Social Studies elective courses are only offered if there is sufficient enrollment.

1160 Introduction to Psychology
(9 weeks, .5 credit)
Grades 9-12
Discover the factors that shape human behavior by exploring major psychological theories and concepts. Examine topics such as development, learning, perception, and personality through readings, discussions, and hands-on activities. Analyze real-world examples and participate in experiments to better understand yourself and others. This course encourages mature, thoughtful discussion of sometimes controversial topics.

1161 Sociology
(9 weeks, .5 credit)
Grades 9-12
Dual Enrollment Eligible- Delaware Valley University (See Page 7)
Delaware Valley University – Intro to Sociology – 3 credits
Explore how social groups influence individuals and society as a whole. Analyze key topics like socialization, social stratification, deviance, institutions, and cultural change using a variety of sociological perspectives. Engage in projects and discussions that help you make sense of social behavior and current issues. Be prepared to thoughtfully examine and discuss complex or controversial topics.

1162 Introduction to the Law
(9 weeks, .5 credit)
Grades 9-12
Investigate your legal rights and responsibilities as a citizen, juvenile, and adult in the United States. Study the structures and procedures that govern and protect individuals in society. Examine political and legal ideals through real-world scenarios and case studies. This course builds your understanding of the American legal system and its impact on daily life.

1163 Geography
(9 weeks, .5 credit)
Grades 9-12
Gain a broad understanding of physical, human, and cultural geography. Study the earth's features, tools of geographers, and the ways humans interact with their environment. Use case studies and projects to explore how geography shapes societies and connects or divides regions. Develop skills to analyze global issues and understand your place in the world.

TECHNOLOGY & ENGINEERING EDUCATION

All courses in Technology and Engineering Education are offered only if there is sufficient enrollment. All courses are offered 9th through 12th grade except STEAM Fabrication 3 and STEAM Design 3 which are available in 10th, 11th or 12th grade.

6400 STEAM Fabrication 1 Exploring
(9 Weeks, .5 Credit)
Grades 9-12
This introductory, 9 weeks Science, Technology, ENGINEERING, Art and Mathematics (STEAM) Fabrication course gives students hands-on experience in vector designing and machining, fabricating, and industrial output through a combination of traditional and modern tools. Students will explore safe and effective use of a woodshop, small and industrial robotics with the CNC router and laser cutter, additive manufacturing with 3D printers, vinyl cutter and hand tools to create functional and artistic projects that may include a wooden inlay logo sign, folding stool or clock. Emphasizing the engineering design and problem-solving process, creativity, and developing technical skills, students will establish a foundation of practical knowledge in manual and digital fabrication, material selection, and workshop safety while furthering their technological literacy from middle school within the expanded STEAM framework. Students who complete STEAM Fabrication 1 Exploring 9 weeks with a *C* or better can take **STEAM Fabrication 2**.

6410 STEAM Fabrication 1
(18 Weeks, 1.0 Credit)
Grades 9-12
This lengthened, introductory, 18 Weeks Science, Technology, ENGINEERING, Art and Mathematics (STEAM) Fabrication course gives students hands-on experience in vector designing and machining, fabricating and industrial output through a combination of traditional and modern tools. Students will experience safe and effective use of a woodshop, toolpath generation using small and industrial robotics with the CNC router and laser cutter, additive manufacturing with 3D printers, vinyl cutter and hand tools to create functional and artistic projects that may include an inlay logo sign, folding stool or clock along with other small projects. Emphasizing the engineering design and problem-solving process, creativity, and developing technical skills, the course provides a foundation in manual and digital fabrication, material selection, and workshop safety while furthering their technological literacy from middle school within the expanded STEAM framework. The course provides a longer time for additional fabrication experiences. Students who complete STEAM Fabrication 1, 18 weeks with a *C* or better can take **STEAM Fabrication 2**.

6420 STEAM Fabrication 2
(18 Weeks, 1.0 Credit)
Grades 10-12
Building on the foundations of STEAM Fabrication 1 Exploring, 9 Weeks OR STEAM Fabrication 1, 18 Weeks, this course challenges students to take their fabrication and engineering skills to the next level. Students will engage in more complex projects that integrate advanced fabrication shop techniques in materials, higher level vector design and toolpath generation with small/ industrial robotics CNC machining, advanced slicing and 3D printing and more complex laser cutting/engraving while continuing to refine their use of hand tools and machines. Emphasis is placed on problem-solving, precision, and creative innovation as students move from guided activities to more independent, project-based work. The course encourages students to design, prototype, and produce original project solutions while preparing them for advanced study in engineering, design, and fabrication to become higher level technologically literate citizens. Students who complete STEAM Fabrication 2, 18 weeks with a *C* or better can take STEAM Fabrication 3.

6430 STEAM Fabrication 3
(18 Weeks, 1.0 Credit)
Grades 10-12
STEAM Fabrication 3 is the highest-level class students can take to conclude their high school project-based learning experience in fabrication and engineering knowledge. Opportunities include more independent and collaborative design, challenges and projects. Utilizing machines, tools and equipment in STEAM Fabrication 2, students will focus on advanced techniques, precision crafting, and application of creative engineering design and problem-solving processes. Emphasis is placed on designing and producing original, high-quality projects from concept through completion, with expec-

tations to incorporate digital design, prototyping, small and industrial robotics and iterative improvement. STEAM Fabrication 3 encourages innovation, leadership, and portfolio-ready project development to prepare students for after school real world experiences in STEAM career and higher education pathways. **Please note: STEAM Fabrication 3 is available for students in grades 10, 11, and 12. With prior approval from their Tech and Engineering teacher, students who completed STEAM Fabrication 1, 2, and 3 are able to take STEAM Fabrication 3 a second time for credit with an understanding they will complete more complex projects.**

6500 STEAM Design 1 Exploring
(9 Weeks, .5 Credit)
Grades 9-12
This introductory Science, Technology, ENGINEERING, Art and Mathematics (STEAM) Design, 9 Weeks course invites students to explore design and engineering in a project-based setting. Traditional drafting tables and tools will complement modern computerized technology like CAD software, laser cutter, vinyl cutter and advanced 3D printers, giving students experience in both manual and digital design methods and outputs. Project examples include scale model building through the application of residential architectural and engineering design principles as well as smaller design and digitally fabricated projects. Emphasizing the engineering design process, problem-solving, creativity and developing technical skills, the course provides a foundation in manual design, digital design, building information management (BIM), and model building while furthering their technological literacy from middle school within the expanded STEAM framework. Students who complete STEAM Design 1 Exploring 9 weeks with a *C* or better can take STEAM Design 2.

6510 STEAM Design 1
(18 Weeks, 1.0 Credit)
Grades 9-12
This expanded, introductory Science, Technology, ENGINEERING, Art and Mathematics (STEAM) Design, 18 Weeks course invites students to experience design and engineering in a project-based setting. Traditional drafting tables and tools will complement modern computerized technology like CAD software, laser cutter, vinyl cutter and advanced 3D printers, giving students experience in both manual and digital design methods and outputs. Project examples include scale model building through the application of residential architectural and engineering design principles as well as smaller design and digitally fabricated projects. Emphasizing engineering design and problem-solving process, creativity, and developing technical skills, this longer course provides a foundation in manual design, digital design, building information management (BIM), and model building while furthering their technological literacy from middle school within the expanded STEAM framework. Students who complete STEAM Design 1, 18 weeks with a *C* or better can take STEAM Design 2.

6520 STEAM Design 2
(18 Weeks, 1.0 Credit)
Grades 10-12
Building on the foundations of STEAM Design 1 Exploring, 9 Weeks OR STEAM Design 1, 18 Weeks, this course challenges students to apply and expand their design skills through more advanced projects. Students will deepen their proficiency with CAD and BIM software with precision drafting, slicing, vector generation, and technical drawing, while integrating advanced methods and use of the vinyl cutter, laser cutter, and 3D printer to create innovative designs and models. Emphasis is placed on design thinking, collaboration, and problem-solving as students move from guided assignments to more independent design challenges with scale model building through application of commercial architectural and engineering design principles. This course encourages students to produce original project solutions, preparing them for advanced study in engineering and design as they reach a higher understanding of technological literacy. Students who complete STEAM Design 2, 18 weeks with a *C* or better can take STEAM Design 3.

6530 STEAM Design 3
(18 Weeks 1.0 Credit)
Grades 10-12
In this advanced course, students take greater ownership of the design process, moving from concept development to fully realized prototypes. Using CAD software, drafting tools, and equipment from STEAM Design 2, students will complete independent and collaborative projects that emphasize innovation, precision, and real-world application. Projects are more open-ended to encourage students to apply creativity, problem-solving, and technical expertise to design solutions. STEAM Design 3 encourages innovation, leadership, and portfolio-ready project development to prepare students for after school real world experiences in STEAM career and education pathways. **Please note: STEAM Design 3 is available for students in grades 10, 11, and 12. With prior approval from their Tech and Engineering teacher, students who completed STEAM Design 1, 2, and 3 are able to take STEAM Design 3 a second time for credit with an understanding they will complete more complex projects.**

6310 STEAM Robotics 1
(9 Weeks, .5 Credit)
Grades 9-12
This introductory Science, Technology, ENGINEERING, Art and Mathematics (STEAM) Robotics, 9 Weeks course invites students to experience the foundations of Robotics. Students will explore mechanical design, basic electronics, and programming concepts while learning how to build, wire, and operate robots to complete tasks and challenges. Emphasis is placed on creativity, problem-solving, and teamwork as students apply STEAM principles to design innovative solutions using VEX and other smaller microcontrollers. This course provides a foundation in physical coding techniques and wiring while furthering students' technological literacy from robotics and coding in middle school within the expanded STEAM framework. Students who complete STEAM Robotics 1, 9 weeks with a *C* or better can take STEAM Robotics 2.

6320 STEAM Robotics 2
(9 Weeks, .5 Credit)
Grades 9-12
Building on the foundations of STEAM Robotics 1, this course challenges students to design, program, and optimize more advanced VEX and other microcontroller robotics systems. Students will ex-

plore topics such as sensor integration, autonomous control, and iterative design to solve complex engineering challenges. STEAM Robotics 2 encourages innovation, leadership, and portfolio-ready project development to prepare students for after school real world experiences in STEAM career and education pathways.

WORLD LANGUAGES

All students are encouraged to take more than one language if their schedule allows for this opportunity. If schedule allows, it is recommended that students 'double up' each year. Ex: Spanish 3 semester 1 and Spanish 4 semester 2. This will help maintain proficiency and allow the student to take more than one language if interested. Please visit our website to see suggestions and FAQs Course Sequences and FAQs. At any point in high school, students may add Chinese, French, Latin, or Spanish.

World Language Quick Guide to Suggested Course Sequences					
Grade 7	**Grade 8**	**Grade 9**	**Grade 10**	**Grade 11**	**Grade 12**
French 1A	French 1B	French 2	French 3 Honors	French 4 Honors	AP French or French 5
French 1A	French 1B	French 2	French 3	French 4	French 5
		French 1	French 2	French 3/4 in 1 year	French 5/AP in 1 year
			French 1	French 2	French 3
		Latin 1	Latin 2	Latin 3 or Latin 3 Honors	
			Latin 1	Latin 2	Latin 3 or Latin 3 Honors
			Chinese 1	Chinese 2	Chinese 3 or Chinese 3 Honors

Spanish 1A	Spanish 1B	Spanish 2	Spanish 3 Honors	Spanish 4 Honors	AP Spanish

4101 Chinese 1
(18 weeks, 1 credit)
Grades 9-12
The goal of this first-year Mandarin course is to enable students to use fundamental expressions and vocabulary in oral and written context while integrating cultural elements. This course will focus on tones, rules of phonetic spelling, and pronunciation. Students will also learn Chinese characters: stroke order, structure, the writing systems, and calligraphic techniques (simplified characters will be taught). Students will learn basic sentence pattern analysis, and development of language skills in listening, speaking, reading, and writing. Integrated performance assessments will be used to assess language skills.

4102 Chinese 2
(18 weeks, 1 credit)
Grades 9-12
The goal of the Chinese 2 Mandarin course is to enable students to communicate effectively in the target language, to read, write, interpret and speak basic Chinese. Students will continue to use fundamental expressions and vocabulary in oral and written context while integrating cultural elements. This course will also continue the focus on tones, rules of phonetic spelling, and pronunciation. Upon completion of this course, students will be able to express their basic thoughts and ideas in writing and speaking. Students registering for this course must have a solid foundation in tones and pronunciation, as well as a working knowledge of basic vocabulary (i.e. greetings, simple sentences). Integrated performance assessments are used to assess proficiency in all four skills. **Prerequisite: Chinese 1, *C*- or better.**

4103 Chinese 3
4113 Chinese 3 Honors
(18 weeks, 1 credit)
Grades 9-12
Students enrolled in Level 3 will begin the course proficient in basic Mandarin. The same text series and supplemental materials are used and the students continue practicing reading, writing, speaking and listening as they become more proficient in the language. Integrated performance assessments are used to assess proficiency in all four skills. **Prerequisite: Level 2, *C*- or better.** Students who opt for Chinese 3 Honors (weighted course) must meet the following **prerequisite: Level 2, *B*+ average and the recommendation of the Chinese 2 teacher.**

4201 French 1
4501 Spanish 1
(18 weeks, 1 credit)
Grades 9-12
The goal of first-year language is to enable students to use fundamental expressions and vocabulary in verbal and written context while integrating cultural elements. This course emphasizes communicative skills, relevant grammar concepts, reading and listening comprehension and cultural concepts. The target language will be the language of the classroom and integrated performance assessments are used to assess proficiency in all four skills. Online resources, and a variety of supplementary materials are used to help achieve this goal. **Any student who only completed one language course in middle school (1A OR 1B, not both) should be placed into this level 1 course**.

4202 French 2
4502 Spanish 2
(18 weeks, 1 credit)
Grades 9-12
Level 2 continues language study in the same patterns as Level 1. Students experience opportunities for more advanced verbal and written self-expression and related cultural elements. This course emphasizes communicative skills, more advanced grammar concepts, reading and listening comprehension and cultural concepts. The target language will be the language of the classroom and integrated performance assessments are used to assess proficiency in all four skills**.** Online resources and supplementary materials are essential elements of these courses. **Prerequisite: Level 1 or Level 1A *and* Level 1B, grade *C*- or better. If a student completes two language courses in middle school (1A AND 1B), they may be placed into this course.**

4203 French 3
4503 Spanish 3
(18 weeks, 1 credit)
Grades 9-12
These courses continue with earlier study with an increasing emphasis on speaking, reading and writing. Students will review all previously studied concepts and be introduced to more advanced grammatical points. Culture is integrated throughout the curriculum. Online resources and supplementary materials are essential parts of these courses. Integrated performance assessments are used to assess proficiency in all four skills. **Prerequisite: Level 2, *C*- or better.**

4213 French 3 Honors
4513 Spanish 3 Honors
(18 weeks, 1 credit)
Grades 9-12
This is a rigorous course designed to accelerate the student's proficiency and achievement in the skills of listening, speaking, reading, and writing. In-depth writing, advanced reading, speaking and listening will prepare students for the AP course. Reading will include literary works by well-known authors with literary analysis. Detailed grammatical concepts, an increased amount of detailed vocabulary and the use of AP style rubrics will be key components of the course. Integrated performance assessments are used to assess proficiency in all four skills The students recommended for this course should strongly consider taking level 4, Honors, followed by AP Language. **French 3 Honors & Spanish 3 Honors are weighted-grade courses. Prerequisite: Completion of level 2 with minimum *B*+ average and the recommendation of the level 2 teacher.**

4204 French 4
4504 Spanish 4
(18 weeks, 1 credit)
Grades 9-12
These courses continue emphasis on listening, speaking, reading, culture and writing. Students will review previously studied grammatical points and be introduced to more advanced grammatical concepts. Selected readings and culture are infused throughout the curriculum. Online resources, workbooks, and supplementary materials are an essential part of these courses. Integrated performance assessments are used to assess proficiency in all four skills. **Prerequisite: Level 3, *C*- or better.**

4514 Spanish 4 Honors
(18 weeks, 1 credit)
Grades 9-12
This course, which is a continuation of the Honors 3 sequence, is designed to accelerate the student's proficiency and achievement in the skills of listening, speaking, reading, and writing. Continued emphasis will be placed on reading and writing skills. Reading will include literary works by well-known authors with literary analysis. Students will complete the study of grammatical concepts and their applications. Integrated performance assessments are used to assess proficiency in all four skills. The students recommended for this course should strongly consider taking AP Spanish Language as the culmination of the sequence. **Honors weighted-grade course. Prerequisite: Level 3 Honors with minimum *B*+ average or better. Level 3 students may only take Spanish 4 Honors with a minimum grade of an *A*- and with a completed teacher recommendation checklist.**

4214 French 4 Honors
(18 weeks, 1 credit)
Grades 9-12
This rigorous course is designed to accelerate the student's proficiency and achievement in the skills of listening, speaking, reading, and writing. Emphasis will be placed on reading and writing skills. Readings will include literary works by well-known authors with literary analysis. Students will complete the study of grammatical concepts and their applications. Increased emphasis will be placed on verbal and aural discrimination. The student electing this course should strongly consider taking the AP Language course the following year as the culmination of the sequence. Integrated performance assessments are used to assess proficiency in all four skills**. Honors weighted-grade course. Prerequisite: Level 3 Honors with minimum *B*+ average or better. Level 3 students may only take French 4 Honors with a minimum grade of an *A*- and with a completed teacher recommendation checklist.**

4205 French 5
4505 Spanish 5
(18 weeks, 1 credit)
Grades 9-12
This course allows students to apply all the skills they have learned in their previous years of study. The practical aspects of using the language will be emphasized and expanded. Student involvement in class activities plays a major role in the course. Students will learn historical and cultural information; they will also read and analyze authentic literature. Compositions, conversations, projects, and debates in the target language are integral elements of this course. Integrated performance assessments are used to assess proficiency in all four skills. Fifth year world languages courses do not explicitly prepare students for Advanced Placement examinations. Academic-level students may take AP Language courses after completing level 5 with an *A*⁻ average or better. **Prerequisite: Level 4, *C*- or better.**

4500 Advanced Placement Spanish
4200 Advanced Placement French
(18 weeks, 1 credit)
Grades 9-12
Advanced Placement Language is designed to prepare students for the AP Examination. Acceptable scores on this annual exam can result in college credit and/or advanced placement status at many of the nation's colleges. In AP Language, students will continue to strengthen their proficiency in all four language skills: listening, speaking, reading, and writing. Students will integrate these skills and concepts using authentic resources, as well as literary works. Advanced grammatical concepts continue to be introduced and refined. Students will become proficient in audio recording. **Students selecting this course should plan to take the Advanced Placement Language Examination given in May. AP weighted-grade course. Prerequisite: AP weighted-grade course. Prerequisite: Level 4 Honors with a *B*+ average or better. Level 5 students may only take AP with a minimum grade of an *A*- and with a completed teacher recommendation checklist.**

4401 Latin 1
(18 weeks, 1 credit)
Grades 9-12
Latin 1 emphasizes the skills needed to read, comprehend, and translate the language while practicing grammar usage, vocabulary, with written and verbal work. In addition, emphasis is placed on Latin-English word derivations, mythology, Roman life and cultural influences, with special attention given to the city of Pompeii and its subsequent destruction.

4402 Latin 2
(18 weeks, 1 credit)
Latin 2 builds upon the foundation of Latin 1. Advanced grammatical concepts and vocabulary allow the student to continue reading, comprehending, and translating Latin passages. These passages, filled with cultural content, begin with Roman Britain and the city of Alexandria, and explore the arts and sciences of the regions, including travel and communication. Special focus continues to be given to Latin-English word derivations. **Prerequisite: Latin 1, *C*- or better.**

4403 Latin 3
4413 Latin 3 Honors
(18 weeks, 1 credit)
Grades 9-12
Latin 3 continues the work of Latin 2, by using new and advanced grammatical concepts, more subject-specific vocabulary, and figures of speech. Roman life and culture will be emphasized while exploring Roman religion, entertainment, architecture, and military camps of various Roman colonies. Special emphasis continues to be given to Latin-English word derivation. **Prerequisite: Level 2, *C*- or better.** Students who opt for Latin 3 Honors (weighted course) must meet the following P**rerequisite: Level 2, *B*+ average and the recommendation of the Latin 2 teacher.**

4522 Study Abroad: Spanish Speaking Destination
4521 Study Abroad: French Speaking Destination
(.25 elective credit to be awarded on transcript for the school year after travel.)
Study Abroad courses are designed to provide the student with an immersion experience and the opportunity to use a world language in an authentic culture where the target language is spoken. Participants will experience the art, music, history, and customs of the country as well as participate in tasks that improve and enhance their language ability. Each study abroad course contains five elements; pre-travel sessions (attendance at these sessions is mandatory for students), project, classwork abroad, travel, and reflection. While abroad and leading up to trip, students must adhere to all school board policies, including those regarding drugs, alcohol, and weapons. Students will comply with all requirements as required by the host country. Online applications will be available at the informational meeting, the date for this meeting will be provided by World Languages Department teachers. The cost of the course will vary from year to year and is the sole financial responsibility of parents or guardians. Enrollment is limited. Students must travel to and from the destination with the group and will not deviate from the group travel plan. Travel for these courses will rotate between countries/languages if possible. Travel is dependent upon world conditions, travel alerts, student enrollment and chaperone availability. **Prerequisites: Teacher recommendations, essay, application. Students must have completed Level 2 of the target language with a grade of *C* or better prior to departure; they must also be enrolled in the next level of the sequence. Upper classmen get preference due to enrollment limits.**

Seal of Biliteracy
The Seal of Biliteracy is a distinction that a district may award students who prove intermediate-high proficiency in BOTH English and another language at the time of high school graduation.

The purpose of the PA Seal of Biliteracy awarded by CBSD is to:
- Recognize and reward the diverse linguistic talents of our students.
- Provide employers and higher educational institutions with a method of identifying candidates with biliteracy skills.
- Encourage students to acquire proficiency in English AND another world language.
- Promote civic and global engagement.

Who is eligible for the Seal of Biliteracy? All students are eligible to apply but only those who prove intermediate-high proficiency in English and other language(s) with approved assessments/evidence and completed application may earn the Seal. Visit our website for more information and to apply**.** **World Languages / Seal of Biliteracy (cbsd.org)**

YEARBOOK

9568 Yearbook Production—CB South/CB West
(18 weeks, 1.0 elective credit)—CB South/CB West
Grades 9-12
9569 Yearbook Production—CB East/West
(9 weeks, .5 elective credit)—CB East/West
Grades 9-12
This course is designed to provide yearbook staff with instruction in the various phases of yearbook production: yearbook journalism, layout and design, digital imaging, business management, advertising, and public relations. Students in this course design and produce the school's yearbook. **Note: A student may be on the yearbook staff without being enrolled in this course. Students may enroll in this course more than once only with prior permission from the teacher. Prerequisites: Grade *B* or better in English, and experience in at least one of these areas: photography, digital imaging, or business, or recommendation of the teacher/yearbook advisor.**

POLICY

829.1 Personal Electronic Communication Devices - Students

POLICY NUMBER	ADOPTED	VERSION	DOCUMENT STATUS
829.1	1/12/2021	v1.2	DRAFT

PRINTED
11/13/2026

Purpose

The Board recognizes that mobile phones and electronic devices are now an integral part of the daily lives and culture of many of the district's students. Nonetheless, the Board believes that students should have an educational environment free from unnecessary disruptions and distractions. The Board has determined that the presence of mobile phones, META glasses, and electronic devices has the potential to distract students from their educational mission and to otherwise disrupt the educational environment.

Authority

Therefore, the Board adopts this policy to maintain an educational environment that is safe and secure from distractions for its students, while aiming to permit students to reasonably and responsibly utilize mobile technology.

Definition

Electronic devices shall include any personal communication device that is not district authorized, including mobile telephones and smartphones; any device that can capture still images or movies; any device that can record, store, display, transmit, or receive audio or video; any device that can provide a connection to the Internet (whether wireless or wired); laptops and tablet computers; electronic gaming systems; pagers; e-readers; laser pointers; and META glasses.

Guidelines

The Board prohibits the possession of laser pointers and telephone paging devices/beeper by any student in district buildings and on district property, including on district buses and vehicles; and at activities, sponsored, supervised, or sanctioned by the district. A school administrator may grant an exception to this specific prohibition when a student is a member of a volunteer ambulance, fire, or rescue squad or where the student has a medical condition that necessitates the use of a paging device/beeper.[1]

The Board prohibits all students from any use of electronic devices in locker rooms, bathrooms, and other changing areas.

The Board prohibits the use of electronic devices to take photographs, or to record or livestream audio or video at any time during the school day or at any school-sponsored event that is not open to the general public, unless the building administrator has authorized the photograph/video/livestream or recording by giving written consent, or unless the use is authorized for educational purposes as outlined below. **During the school day** includes the time while students are engaged in remote instruction, even if students are not physically in a school district building.

ELEMENTARY SCHOOL

The Board prohibits the use of any electronic device by any elementary school student while in district buildings, on district property and grounds including on district buses, and at school-sponsored activities. An electronic device that is possessed by any student in school buildings or on district property must remain powered off and kept out of sight at all times except as follows below.

Nothing in this policy shall affect the ability of the building administrator or his/her designee to grant approval for the use of an electronic device by a student because of a student's urgent health or safety needs, or in the event of an emergency.

Nothing in this policy shall affect the provision or use of an electronic device as stated in an Individualized Education Program or Section 504 Service Agreement. [2] [3]

Students may use electronic devices in the classroom during the school day for educational purposes if, and only if, they have the prior permission of the teacher or building administrator to do so.

MIDDLE SCHOOL

The Board prohibits the use of any electronic devices by any middle school student while in district buildings, on district property and grounds, and at school-sponsored activities except as follows below.

Exception -

1. Students participating in after-school activities may use mobile phones under the following conditions:

    a. The mobile phone must remain off during the after-school activity.

    b. The mobile phone may be turned on and used when authorized by the activity advisor, coach, or building administrator to make brief telephone calls to a parent/guardian, or other person providing transportation to the student.

2. Students may use electronic devices in the classroom during the school day for instructional purposes if, and only if, they have the prior permission of the teacher or building administrator to do so.

Nothing in this policy shall affect the ability of the building administrator or his/her designee to grant approval for the use of an electronic device by a student because of a student's urgent health or safety needs, or in the event of an emergency.

Nothing in this policy shall affect the provision or use of an electronic device as stated in an Individualized Educational Program or Section 504 Service Agreement. [2] [3]

HIGH SCHOOL

The Board prohibits the use of any electronic devices by any high school student during instructional times during the school day (from the beginning of 1st period until the end of last period), which includes homeroom and study halls, except that students may use electronic devices during instructional times for instructional purposes if, and only if, they have the prior permission of the teacher or building administrator to do so.

Students in the high school are permitted to use electronic devices during noninstructional times including lunch periods, before school hours, after school hours, and between classes, so long as such use does not:

1. Disrupt school activities or instruction.
2. Violate any other Board or school policies.
3. Violate state or federal law.
4. Violate any of the prohibitions set forth elsewhere in this policy.

If an electronic device utilizes the district's Internet connection, the school district's Acceptable Use Policy applies and is incorporated herein by reference. [4]

Advisors and coaches of extracurricular activities shall have discretion to regulate and limit the use of electronic devices by high school students while participating in sports or extracurricular activities and school-sponsored trips.

Nothing in this policy shall affect the ability of the building administrator or his/her designee to grant approval for the use of an electronic device by a student because of a student's urgent health or safety needs, or in the event of an emergency.

Nothing in this policy shall affect the provision or use of an electronic device as stated in an Individualized Educational Program or Section 504 Service Agreement. [2] [3]

Loss or Damage to Electronic Devices

Students are solely responsible for the safe storage of any personal electronic devices that they choose to bring to school. The district shall not be liable or responsible for the loss or damage to any electronic devices that a student brings to school, extracurricular activities, to school-sponsored events or trips, or from the confiscation of an electronic device as the result of a policy violation.

Student Responsibility for Data Charges

No student shall be required to provide a personal electronic device as a condition of receiving educational instruction. If any student chooses to utilize such a device pursuant to this policy, the student and parents/guardians assume full responsibility for any phone or data charges that may result from such use.

Limitation of Technical Support

District information technology staff may not provide technical assistance to students for their personal devices. However, this policy shall not prohibit district information technology staff from providing general instructions for the configuration of such devices to access or connect to district-owned technology resources.

Penalties for Violations

The Board authorizes building administrators, teachers, and security personnel to confiscate a student's electronic devices when used in violation of this policy. All confiscated electronic devices shall be delivered promptly to the building administrator's office. Confiscated devices shall be returned to the student at the end of the school day for a first offense, and only to a parent/guardian for a second or subsequent offense.

Building administrators may impose additional disciplinary sanctions against students for violations of this policy, including suspensions from school or recommendations for expulsion from school as warranted by the specific facts and circumstances in a particular case. [5] [6]

Development of Administrative Guidelines

The Superintendent or his/her designee may develop administrative guidelines to implement this policy. The Superintendent shall ensure that students are made aware of this policy and any administrative guidelines by means of each student handbook, the district website, or other reasonable means of written communication.

DRAFT	11/13/2026		

Purpose

The Board adopts this policy in order to maintain an educational environment that is safe and secure for district students and employees.

The possession and use of Personal Electronic Communication Devices by students and employees **may be** permitted when in compliance with this policy, other district policies, regulations, rules and procedures, local, state and federal laws, and **when use of the device is** supportive of the district's educational program.
Possession and use of Personal
Electronic Communication Devices by students and employees that are found to be disruptive to the educational process and/or environment **shall be** prohibited in accordance with this policy, other district policies, regulations, rules and procedures, and local, state and federal laws.

Definitions

Electronic Communication Devices - are communication devices with voice, data, text, and/or navigation capabilities that are able to access the Internet, transmit telephone calls,
text messages, email messages, instant messages, video communications (such as iChat and Skype), perform word processing and other computer and online applications (apps), and provide location information. The devices are capable of electronically communicating, sending, receiving, storing, recording, reproducing, and/or displaying information and data.

Examples of Electronic Communication Devices include smartphones (iPhone, Android, Blackberry), cellular phones, mobile phones (with recording and/or camera/video and other capabilities and configurations); traditional telephones; pagers; global positional system (GPS) instruments; computers; portable game units; graphic calculators; MP3, music, and media players or recorders; PDAs; traditional cameras, video cameras, and digital still cameras; META glasses; tablet and laptop computers; and other
similar devices. Electronic Communication Devices may also be referred to as electronic devices in other publications and district policies.

Electronic Communication Devices **may also include** devices that are not capable of transmitting telephone communications (such as iPads, Android tablets, radios), may or may not have Internet access (such as Kindles, Nooks, or other eReaders), are lasers, are capable of recording still and video images, are capable of recording audio, and/or are radar communication devices.

Personal Electronic Communication Devices - are Electronic Communication Devices that are owned by the student or employee.

Authority

The Board permits the use of Personal Electronic Communication Devices by district students and employees during the school day in district buildings, on district property, and while students are attending district-sponsored activities during regular school hours when they are in compliance with this policy, other district policies, regulations, rules, and procedures, and so long as such use does not interfere with the students' educational requirements, students' or employees' responsibilities/duties and performance, the rights and education of others, and the operation and services of the district.

Building level administrators, in consultation with the Superintendent and in compliance with this policy, other district policies, regulations, rules, and procedures, are authorized to determine the extent of the use of Personal Electronic Communication Devices within their schools, on the school's property, and while students are attending that school's sponsored activities during regular school hours. For example, use of Personal Electronic Communication Devices at the elementary grade level may be different than that at the middle school and/or high school grade levels.

Unless a teacher determines otherwise, Personal Electronic Communication Devices must be turned off upon entering any instructional area and remain off until the student leaves the instructional area. **Instructional areas** include, but are not limited to, classrooms, gymnasiums, practice fields, field trip locations, auditoriums, band rooms, and chorus rooms.

The district shall have the right to restrict Personal Electronic Communication Devices during school evacuations as necessary, for the safety and security of all individuals.

The district shall not be liable for the theft, loss, damage, misuse, or unauthorized use of any Personal Electronic Communication Device brought to school by a student or employee.

Students and employees are personally and solely responsible for the security of Personal Electronic Communication Devices brought to school, school events, or district property. The district will not be responsible for restricting, monitoring, or controlling the personal electronic communications of students or employees; however, it reserves the right to do so if the communications traverse the district network.

If Personal Electronic Communication Devices are loaned to or borrowed and/or misused by nonowners, the owners of the Personal Electronic Communication Devices are jointly responsible with the nonowner for the misuse and/or violation of district policy, regulations, rules, or procedures.

The Board strictly prohibits possession by students on school grounds, at district-sponsored activities, and on buses or other vehicles provided by the district any nondistrict-owned laser pointers, or laser pointer attachments, and any Personal Electronic Communication Devices that are hazardous or harmful to students, employees, and the district. These include, but are not limited to, devices that control/interfere with the

operation of the buildings' systems,
facilities and infrastructure, or network. No exception or permission may be authorized by the principal or designee, or anyone, for students to possess or use such devices.

Off-Campus Activities

This policy shall also apply to student conduct that occurs off school property and would otherwise violate the Code of Student Conduct if any of the following circumstances exist: [1]

1. The conduct occurs during the time the student is traveling to and from school or traveling to and from school-sponsored activities, whether or not via school district furnished transportation.
2. The student is a member of an extracurricular activity and has been notified that particular off-campus conduct could result in exclusion from such activities. [2] [3]
3. Student expression or conduct materially and substantially disrupts the operations of the school, or the administration reasonably anticipates that the expression or conduct is likely to materially and substantially disrupt the operations of the school.
4. The conduct has a direct nexus to attendance at school or a school-sponsored activity, for example, a transaction conducted outside of school pursuant to an agreement made in school, that would violate the Code of Student Conduct if conducted in school.
5. The conduct involves the theft or vandalism of school property.
6. There is otherwise a nexus between the proximity or timing of the conduct in relation to the student's attendance at school or school-sponsored activities.

Delegation of Responsibility

The Superintendent **shall be responsible for** creating and enforcing regulations, rules, procedures, and forms to accompany this policy.

Students and employees must comply with this policy, other relevant district policies, regulations, rules and procedures. Students must comply with the guidelines set by the classroom teacher and/or district and building officials for the use of Personal Electronic
Communication Devices. Students and employees will be held responsible for their conduct in the use of the devices.

Guidelines

Violations of this policy **shall** be reported to a school district administrator.

Personal Electronic Communication Devices **used or possessed in violation of** this policy, other relevant district policies, regulations, rules, and procedures **may** be confiscated.

If school officials have reasonable suspicion that this policy, other relevant district policies, regulations, rules, procedures, and laws are violated by the student's use of Personal Electronic Communication Devices and that the use of these devices materially and
substantially disrupts the **educational environment**, the devices may be lawfully searched in accordance with **applicable** law **and Board policy**. [4] [5]

Students and employees **shall** have no expectation of privacy when using Personal Electronic Communication Devices on the district's wireless network or other service(s).

Employees may not use Personal Electronic Communication Devices in such a way that would detract from the performance of their normal work duties.

Staff members may not store any education records related to students, as defined in Board Policy 216 Student Records, on their Personally Owned Electronic Devices. [6]

Disciplinary consequences shall be in accordance with **relevant** district policies, regulations, rules, and procedures. Students may be prohibited from bringing their Personal Electronic Devices to school as a result of violations of this policy.[7][8][9][10]

Exceptions

The school district administrator may grant approval for possession and use of an electronic device by a student for the following reasons:

1. Health, safety or emergency reasons.
2. An individualized education program (IEP). [11]
3. Classroom or instructional-related activities.
4. Other reasons determined appropriate by the building principal.

The school district administrator may grant approval for possession and use of a telephone paging device/beeper by a student for the following reasons:[12]

1. Student is a member of a volunteer fire company, ambulance or rescue squad.
2. Student has a need due to the medical condition of an immediate family member.
3. Other reasons determined appropriate by the building principal.

250 Student Recruitment

POLICY NUMBER	ADOPTED	LAST REVIEWED	VERSION
250	8/28/2018	6/27/2018	v1.2
DOCUMENT STATUS	**PRINTED**		
DRAFT	11/13/2026		

Authority

In accordance with law, the Board shall permit disclosure of required student information about secondary students to representatives of postsecondary institutions and to representatives of the armed forces of the United States.

Equitable access to secondary students shall be granted to postsecondary education representatives and military recruiters.

Guidelines

Postsecondary institutions and military recruiters shall have access to secondary students' names, addresses and telephone numbers, unless the parent/guardian or eligible student requests that such information not be released without prior written consent.

The district shall notify parents/guardians and eligible students annually of the right of the secondary student or parent/guardian to request that student information not be released to representatives of postsecondary institutions and/or military recruiters without prior written consent.

The district shall provide a list of graduating seniors, which shall be available to military recruiters by the first day of the academic year of graduation, subject to valid opt-out requests.

Military Personnel

The building principal shall determine under what conditions and when access to secondary students will be provided to representatives of postsecondary institutions, military recruiters and prospective employers.

Delegation of Responsibility

The building principal reserves the right to deny access to students when such access will materially and substantially interfere with the proper and orderly operation of the school.

The Superintendent or designee shall notify parents/guardians and eligible students annually about the provisions of this policy. The notice shall include:

Notice that the school routinely discloses names, addresses and telephone numbers of junior and senior students to postsecondary institutions and military recruiters, subject to a parent's/guardian's or secondary student's request not to disclose such information without prior written consent.

Explanation of the parent's/guardian's or secondary student's right to request that information not be disclosed without prior written consent.

Procedures for how the parent/guardian or secondary student can opt out of the public, nonconsensual disclosure of such information, and the method and timeline for doing so.

POLICY PORTAL™ PSBA

POLICY

218 Student Discipline

POLICY NUMBER	ADOPTED	REVISED	VERSION
218	7/23/2002	7/26/2022	v1.2
DOCUMENT STATUS	**PRINTED**		
DRAFT	11/13/2026		

Purpose

The Board recognizes that student conduct is closely related to learning. An effective educational program requires a safe and orderly school environment.

Authority

The Board shall establish fair, reasonable and nondiscriminatory rules and regulations regarding the conduct of all students in the district.[1][2][3][4] [5]

The Board shall adopt a Code of Student Conduct to govern student discipline, and students shall not be subject to disciplinary action because of race, sex, color, religion, sexual orientation, national origin or handicap/disability. Each student must adhere to Board policies and the Code of Student Conduct governing student discipline.[1][2][4] [5] [6] [7] [8]

The Board shall approve the inclusion of restorative practices in the Code of Student Conduct to address violations where applicable. [9]

The Board prohibits the use of corporal punishment by district staff to discipline students for violations of Board policies, the Code of Student Conduct and district rules and regulations. [10]

Any student disciplined by a district employee shall have the right to be informed of the nature of the infraction and the applicable rule or rules violated. [11]

When suspensions and expulsions are imposed, they shall be carried out in accordance with Board policy. [7][11]

In the case of a student with a disability, including a student for whom an evaluation is pending, the district shall take all steps required to comply with state and federal laws and regulations, the procedures set forth in the memorandum of understanding with law enforcement and Board policies. [5][7] [12][13][14][15]

On and Off-Campus Activities

This policy and the Code of Student Conduct apply to the behavior of students at all times during the time they are under the supervision of the school or at any time while on school property, while present at school-sponsored activities and while traveling to or from school and school-sponsored activities or at other times while riding in school-provided means of transportation ("on-campus"). This policy and the Code of Student Conduct also apply to student behavior that occurs at other times and places ("off-campus") when:[3]

1. The conduct involves, threatens or makes more likely violence, use of force or other serious harm directed at students, staff or the school environment;

2. The conduct materially and substantially disrupts or interferes with the school environment or the educational process, such as school activities, school work, discipline, safety and order on school property or at school functions;

3. The conduct interferes with or threatens to interfere with the rights of students or school staff or the safe and orderly operation of the schools and their programs;

4. The conduct involves the theft or vandalism of school property; or

5. The proximity, timing or motive for the conduct in question or other factors pertaining to the conduct otherwise establish a direct connection to attendance at school, to the school community or to a school-sponsored activity. This would include, for example, but not be limited to, conduct that would violate the Code of Student Conduct if it occurred in school that is committed in furtherance of a plan made or agreed to in school, or acts of vandalism directed at the property of school staff because of their status as school staff.

Delegation of Responsibility

The Superintendent or designee shall ensure that reasonable and necessary rules and regulations are developed to implement Board policy governing student conduct.

The Superintendent or designee shall publish and disseminate to all staff, students and parents/guardians the rules and regulations for student behavior contained in the Code of Student Conduct, the sanctions that may be imposed for violations of those rules and a listing of students' rights and responsibilities. Electronic copies of the Code of Student Conduct shall be available online through the district website and shall be referenced in staff and student handbooks. A copy shall also be available in each school library and school office.[1] [8]

The building principal or designee shall have the authority to assign discipline to students, subject to Board policies, administrative regulations, the Code of Student Conduct and school rules, and to the student's due process right to notice, hearing and appeal. [7][11][16][17]

Teaching staff and other district employees responsible for students shall have the authority to take reasonable actions necessary to control the conduct of students in all situations and in all places where students are within the jurisdiction of this Board, and when such conduct interferes with the educational program of the schools or threatens the health and safety of others, in accordance with Board policy, administrative regulations, the Code of Student Conduct and school rules.[16]

Reasonable force may be used by teachers and school authorities under any of the following circumstances: to quell a disturbance, obtain possession of weapons or other dangerous objects, for the purpose of self-defense, and/or for the protection of persons or property. [10]

Referral to Law Enforcement and Reporting Requirements

For reporting purposes, the term incident shall mean an instance involving an act of violence; the possession of a weapon; the possession, use or sale of a controlled substance or drug paraphernalia as defined in the Pennsylvania Controlled Substance, Drug, Device and Cosmetic Act; the possession, use or sale of alcohol or tobacco products; or conduct that constitutes an offense listed in the school safety and security provisions of School Code. [18][19][20]

The Superintendent or designee shall immediately report required incidents and may report discretionary incidents committed by students on school property, at any school-sponsored activity or on a conveyance providing transportation to or from a school or school-sponsored activity to the law enforcement agency that has jurisdiction over the school's property, in accordance with state law and regulations, the procedures set forth in the memorandum of understanding with law enforcement and Board policies. [15][18][20][21][22][23]

The Superintendent or designee shall notify the parent/guardian of any student directly involved in an incident as a victim or suspect immediately, as soon as practicable. The Superintendent or designee shall inform the parent/guardian whether or not the law enforcement agency that has jurisdiction over the school property has been or may be notified of the incident. The Superintendent or designee shall document attempts made to reach the parent/guardian. [15] [18][24]

In accordance with state law, the Superintendent shall annually, by July 31, report all new incidents to the PA Department of Education on the required form. [15] [20][23][25][26][27][28]

When a student's behavior indicates a threat to the safety of the student, other students, school employees, school facilities, the community or others, district staff shall report the student to the threat assessment team, in accordance with applicable law and Board policy. [29][30]

The Superintendent shall report to the Board the methods of discipline imposed by administrators and incidences of student misconduct, in the degree of specificity required by the Board.

CENTRAL BUCKS SCHOOL DISTRICT

CODE OF STUDENT CONDUCT

Proposed for AR 218: Code of Student Conduct

Students are required to follow applicable laws, District policies, and school and classroom rules. Students are expected to refrain from interfering with learning and school operations.

Level	Reference Description	Representative Examples*	Required Procedures	Response Range*
Level I Minor Misbehavior	Minor misbehavior that impedes orderly classroom procedures or school operations. Usually handled by the supervising staff member, with support personnel involved when needed.	• Tardiness; inappropriate attire • Disrespectful/disruptive behavior; abusive language • Unprepared; non-defiant failure to follow directions • Inappropriate technology use • Hallway, cafeteria, playground, bus, or school-property disturbance • Failure to submit excuse notes	• Immediate intervention by the staff member supervising or observing the behavior. • Repeated behavior requires parent/teacher conference and consultation with counselor and/or administrator. • Staff member maintains an accurate record of the offense and response.	• Verbal warning/reprimand • Student or parent conference • Teacher detention or special assignment • Behavior contract/counseling/peer mediation • Withdrawal of privileges or temporary technology restriction
Level II Repeated or Disruptive Behavior	Frequent or serious misbehavior that disrupts the learning climate, often continuing after Level I responses have not corrected the situation. Requires administrative intervention and corrective action.	• Continuation of Level I behavior • Repeated tardiness/truancy; class cutting • Bullying/Cyberbullying; insubordination • Forgery; cheating/plagiarism, -Violation of AI policy • Inappropriate materials;	• Student is referred to the administrator. • Administrator meets with the student and/or teacher and selects the appropriate response. • Teacher is informed of the administrative action. • Administrator maintains an accurate record; parent conference is held when suspension is imposed.	• Administrative detention • After/Before School and/or Saturday Detention • Behavior improvement plan • Restriction from activities/field trips/events • In-school suspension • Out-of-school suspension up to 5 days • Academic/cocurricular probation • Counseling/outside referral; schedule modification
Level III Serious Misconduct	Acts directed against persons or property that may be criminal or illegal but do not ordinarily create the immediate, severe danger associated with Level IV. Administrative investigation and substantial corrective action are required.	• Continuation of Level II behavior * Fighting/physical aggression • Vandalism; theft or stolen property • Gambling; • Tobacco, nicotine, or vaping violations • Unsafe motor-vehicle use • Threats and/or intimidation communicated verbally, electronically, or in writing	• Administrator investigates, confers with involved staff, and determines consequences. • Administrator meets with the student and confers with the parent/guardian regarding the misconduct and action. • Administrator maintains an accurate record. • Law enforcement is contacted when required or appropriate.	• Out-of-school suspension up to 10 days • Alternative educational program or modified day • Law-enforcement referral • Temporary/permanent loss of privileges • Restitution for property damage • Parent conference and/or informal hearing
Level IV Severe Offenses	Acts involving violence, serious property damage, or a direct threat to safety. These offenses require immediate administrative action, removal from the school environment, and may require law-enforcement and Board action.	• Assault/battery; hazing; major vandalism; arson -Impeding a lawful search • Bomb threat or false alarm; --extortion • Controlled substances possession, use, distribution, or sale • Weapons violations; terroristic threats • Firecrackers, smoke bombs, or incendiary devices • Repeated or unmodified Level III misconduct	• Administrator verifies the offense, confers with staff, and meets with the student. • Student is immediately removed from the school environment; parent/guardian is notified. • School officials contact law enforcement and cooperate as required. • A complete and accurate report is submitted to the Superintendent; Board process is initiated when required.	• Out of school suspension up to 10 days • Informal hearing • Expulsion or other Board action • Superintendent exclusion • Alternative education placement • Law-enforcement referral • Drug/alcohol assessment or treatment referral; restitution

Suspension and due process: Level II offenses may result in suspension of up to five (5) school days. Level III and Level IV offenses may result in suspension of up to ten (10) school days. Suspensions approaching ten (10) days require parent/guardian notification, due process protections, and an opportunity for an informal hearing. Expulsions require a formal hearing and Board action. Students may make up missed work during suspensions.

*** Implementation note:** Examples and responses are illustrative and not exhaustive. Responses may vary based on age, developmental level, disciplinary history, disability-related considerations, severity, impact on others, and applicable law and Board policy. Restorative, instructional, and corrective responses may be used at all levels when appropriate.

Administrative safeguard: Nothing in this matrix limits mandatory reporting, threat-assessment, special education, due process, or law-enforcement referral requirements.

POLICY

216.1 Supplemental Discipline Records

POLICY NUMBER	ADOPTED	VERSION	DOCUMENT STATUS
216.1	7/23/2002	v1.2	DRAFT

PRINTED
11/13/2026

Authority

In accordance with law, the school district shall maintain required records concerning adjudicated students and transfer students disciplined for offenses involving weapons, alcohol, drugs and violence on school property, with access limited to personnel authorized by law and having a legitimate educational or safety interest.

Guidelines

Adjudicated Students

Through the juvenile probation department, the court shall report to school principals information concerning the adjudication of an enrolled student. Such reports shall include a description of delinquent acts committed by the student, disposition of the case, probation or treatment reports, prior delinquent history, the supervision plan, and any other information deemed necessary.

The building principal must share this information with the student's teachers and the principal of another school to which the student may transfer only as authorized by law and to the extent necessary for safety, supervision, services or educational planning.

Required reports concerning an adjudicated student shall be maintained separately from the student's official school record, secured against unauthorized access and retained or destroyed in accordance with district procedures.

Transfer Students

Upon registration and prior to admission to the school district, the parent, guardian or person having control or charge of the student shall provide a sworn statement or affirmation stating whether the student previously was or presently is suspended or expelled from any public or private school of the Commonwealth or any other state

for an offense involving weapons, alcohol or drugs; for the willful infliction of injury to another person; or for any act of violence committed on school property.

The statement shall include the dates of suspension or expulsion and the name of the school from which the student was suspended or expelled for these reasons.

Parents and guardians shall be informed that any willful false statements concerning this registration shall be a misdemeanor of the third degree. This registration statement shall be maintained as part of the student's disciplinary record.

When a student transfers to this district, a certified copy of the student's disciplinary record shall be obtained from the school from which the student is transferring. This record shall be maintained as part of the student's disciplinary record and shall be available for inspection as required by law and secured against unauthorized access.

POLICY

215 Promotion and Retention

POLICY NUMBER	ADOPTED	REVISED	VERSION
215	7/23/2002	4/24/2018	v1.3
DOCUMENT STATUS	**PRINTED**		
DRAFT	11/13/2026		

Purpose

The Board recognizes that the emotional, social, physical and educational growth of students will vary and that students should be placed in the educational setting most appropriate to their needs at the various stages of their growth.

Authority

It is the policy of the Board that each student shall be moved forward in a continuous pattern of achievement and growth that corresponds with his/her own development, the system of grade levels, and the academic standards established for each grade.

A student shall be promoted when s/he has successfully achieved the academic standards established for the present level, based on the professional judgment of his/her teachers and the results of assessment, using multiple relevant measures.

Delegation of Responsibility

The Superintendent or designee shall make efforts to remediate the student's difficulties before s/he is retained and shall establish procedures for documenting interventions and parent/guardian communication.

Parents/Guardians shall be informed of the possibility of retention of a student in writing before the end of April for elementary students and no later than the close of the third marking period for middle and high school students.

Guidelines

Retention – Elementary

If, in the judgment of the teacher, the child will best be served by retention, the teacher will meet with other directly concerned teacher(s), the student support counselor, and the principal. The school shall notify the parents/guardians before the end of April. A personal contact with parents/guardians should be sought to confer and counsel with them.

During the final grading period, the child and his/her work should be carefully observed and evaluated and all factors should be considered. A final summary and recommendation will be made in a joint conference among the teacher, principal, counselor and parents/guardians. The summary should be presented to the assistant superintendent.

The parents'/guardians' understanding and cooperation will be sought in this conference so that the child will benefit most.

If a child is considered for retention, a decision will be made jointly by the teacher, who should initiate action, the principal and supportive staff. A final decision is the responsibility of the principal.

Timing - Communication among those involved should begin by the close of the second grading period, so that parents/guardians will know the possibility of retention before the end of April. A second year of retention should be rare and considered only in extreme cases.

Middle School

Middle school promotion shall be based on successful completion of required coursework and readiness for the next grade level. A student who does not meet established requirements shall complete an approved remediation, recovery or repeat-course plan. Potential retention shall be reviewed through the building multi-tiered system of support (MTSS) process.

Parents/Guardians of students at risk of failing a course shall receive written notice, including notice of possible retention, no later than the close of the third marking period. The concern, interventions and remediation plan shall be documented in the student's educational record.

High School

Beginning in grade nine, students accumulate credits toward graduation. A student who does not earn credit in a required course shall complete an approved credit-recovery, remediation or course-repetition plan consistent with the current Program of Studies and Policy 217.

Parents/Guardians of students at risk of failing a required course shall receive written notice, including notice of possible retention, no later than the close of the third marking period. The concern, interventions and recovery plan shall be documented in the student's educational record.

In senior high schools, students are promoted by subjects, rather than by grade level.

Promotion and retention in the senior high school is governed by credits as delineated in Board Policy #217. Grade-level status and graduation progress shall be determined in accordance with Policy 217, the Program of Studies and district procedures.

Graduation requirements, described in Board Policy #217.

CENTRAL BUCKS SCHOOL DISTRICT

ADMINISTRATIVE REGULATION

COMMENCED:

REVISED:

ADMINISTRATIVE REGULATION

FOR SCHOOL BOARD POLICY 215

PROMOTION, RETENTION, AND REMEDIATION PROCEDURES

Early Identification and Intervention
Schools shall use multiple measures to identify students who are not making expected progress. Interventions shall be matched to documented needs and may include differentiated instruction, additional time, targeted support, tutoring, summer programming, credit recovery, or other approved supports.

Parent/Guardian Communication
Parents/guardians shall receive timely notice when retention, course repetition, loss of credit, or required remediation is being considered. The parent/guardian shall have an opportunity to participate in a conference before a final retention decision.

Elementary and Middle School Review
Elementary promotion and retention decisions shall focus on progress in reading, writing, and mathematics in relation to grade-level norms and shall be made in coordination with parents/guardians through the Multi-Tiered System of Supports (MTSS) process. Elementary retention recommendations shall include a multidisciplinary review of academic progress, developmental factors, intervention response, student needs, and parent/guardian input. Retention shall be considered only after all remedies available through the MTSS process have been exhausted. Middle school students who fail two or more core subject areas shall be referred to an approved remediation program through credit recovery processes outside regular school hours, typically during the summer months, only after all remedies available through the MTSS process have been exhausted. Middle school students who do not meet promotion requirements shall receive an approved remediation, recovery, or repeat-course plan.

High School and Student Protections
High school grade-level status and graduation progress shall be determined under Policy 217 and the Program of Studies. Retention shall not substitute for required evaluation, specially designed instruction, accommodations, services, or protections for students with disabilities and other legally protected students. The school shall maintain a written summary of evidence, interventions, family communication, and the decision.

POLICY

214.1 Student Recognition – Cum Laude

POLICY NUMBER	ADOPTED	LAST REVIEWED	VERSION
214.1	8/22/2006	4/10/2018	v1.2
DOCUMENT STATUS	**PRINTED**		
DRAFT	11/13/2026		

Authority

In an effort to recognize students for high academic performance, the Board directs each of the high schools to recognize students at graduation according to the following system.

Guidelines

Cum Laude – 3.7 cumulative G.P.A.

Magna Cum Laude – 3.9 cumulative G.P.A.

Summa Cum Laude – 4.1 cumulative G.P.A.

A student earning a cumulative grade point average according to the above categories will receive a diploma indicating a graduating status of Cum Laude, Magna Cum Laude or Summa Cum Laude. Cumulative grade point averages are calculated using weighted and non-weighted grades.

The Superintendent or designee shall establish procedures for calculation, rounding, timing, transfer credits, repeated courses and correction of records.

The Board no longer acknowledges the usefulness of a system of computing class rank for secondary school students.

Authority

However, for institutions of higher education requiring class rank, the Board authorizes that it shall be computed by the final grade in all subjects for which credit is awarded. For purposes of determining class rank, grade point averages will be computed using weighted and non-weighted grades. Class rank shall not be published but will be shared only when required by an authorized recipient and requested in accordance with district procedures.

Guidelines

Any two or more students whose computed grade point averages are identical shall be given the same rank. The rank of the student who immediately follows a tied position will be determined by the number of students preceding and not by the rank of the person preceding him/her.

The first position student in the class shall be recognized as the valedictorian and the second position student in the class as salutatorian. Students with identical grade point averages may share the first and second positions being recognized as co-valedictorian or co-salutatorian, as appropriate. The valedictorian and salutatorian shall be recognized at the graduation ceremonies at their respective high schools.

It shall be the responsibility of each high school principal to select student speakers for the graduation ceremony through an audition process. Each high school shall establish a graduation speaker selection panel comprised of professional staff and students for the express purpose of selecting two student speakers for graduation. Students wishing to speak are to submit written speeches and audition before the graduation speaker selection panel.

The high school panels will develop a common rubric to be used for the selection of the speakers. Recommendation for speakers made by the panel shall be final, subject to principal review for compliance with Board policy, law and graduation procedures.

POLICY PORTAL™ PSBA

POLICY

212 Reporting Student Progress

POLICY NUMBER	ADOPTED	REVISED	VERSION
212	7/23/2002	4/24/2018	v1.2
DOCUMENT STATUS	**PRINTED**		
DRAFT	11/13/2026		

Purpose

The Board believes that the cooperation of school and home is a vital ingredient in the growth and education of each student. The Board acknowledges its responsibility to keep parents informed of student welfare and academic progress in school and also recognizes the effects of State Board and federal regulations governing school records.

Authority

The Board directs establishment of a system of reporting student progress that requires all appropriate staff members to comply with such a system as part of their teaching responsibility, which shall include academic progress reports, report cards, and parent conferences with teachers, including district-approved electronic reporting systems.

Elementary

Parents or guardians of all students shall receive a report of student progress following each grading period of the school year. This report will take the form of a progress report through the format or platform approved by the district. In addition, an oral report may be utilized at a conference scheduled for this purpose.

Secondary

Parents or guardians of all students shall receive a report of student progress in subject areas under study after each grading period of the year. In addition, behavior characteristics related to a student's progress will be indicated on the report. Reports will be provided through the format or platform approved by the district and may periodically be supplemented by a conference with the parent or guardian.

Delegation of Responsibility

The Superintendent, in conjunction with appropriate staff members, shall develop procedures for reporting student progress to parents and guardians.

Guidelines

Various methods of reporting appropriate to grade level and curriculum content shall be utilized.

Both student and parent shall receive timely notice when the student is at risk of failure or another adverse academic consequence.

Scheduling of parent-teacher conferences should occur at times that ensure the greatest degree of participation by parents.

Redline working draft | November 2026 | Policy 212

No. 212- AR

CENTRAL BUCKS SCHOOL DISTRICT

ADMINISTRATIVE REGULATION

COMMENCED:

REVISED:

ADMINISTRATIVE REGULATION

FOR SCHOOL BOARD POLICY 212

REPORTING STUDENT PROGRESS

Purpose

- Establish consistent procedures for reporting student progress, communicating academic risk, and maintaining accessible, accurate, and confidential records.

Approved Reporting Systems

- The Superintendent or designee shall identify district-approved student information systems, learning platforms, and report formats.
- Staff shall use approved systems for official grades and progress reporting and follow district timelines for entry, verification, and publication.

Reporting and Notice

- Schools shall publish grading periods, reporting dates, and conference opportunities annually.
- Student progress shall be reported in a timely manner through the district's student information system and through communication during screening protocols and other Multi-Tiered System of Supports (MTSS) procedures. Students and parents/guardians shall receive timely notice when performance indicates risk of failure, loss of credit, or another adverse academic consequence.
- Notice should identify the concern, available supports, opportunities for improvement, and a school contact. Material contacts shall be documented.

Accessibility, Confidentiality, and Review

- Communications shall be accessible and include language assistance when required.
- Student information shall be shared only through approved methods and with authorized recipients.
- A parent/guardian or eligible student may request review of a reported grade or clerical error through the teacher and building administrator.

POLICY PORTAL™ PSBA

POLICY

228 Student Government

POLICY NUMBER	ADOPTED	LAST REVIEWED	VERSION
228	7/23/2002	6/12/2018	v1.2

DOCUMENT STATUS	PRINTED
DRAFT (to 2nd read)	10/12/2026

Purpose

The Board recognizes the value of providing students meaningful opportunities to participate in student government (or **student council,** which is interchangeable) and contribute to the life of their schools. Student government supports leadership development, civic learning, responsible decision-making and constructive student voice.

Student government shall:

Develop student leadership and responsible participation in school communities.

Provide an age-appropriate learning experience in representative and democratic decision-making.

Provide a structured avenue for students to identify concerns, propose ideas, support school improvement and advance district goals.

Authority

Students may organize student government, conduct meetings, elect officers and representatives, communicate recommendations to school administration and petition the Board, subject to applicable law, Board policy and reasonable district procedures governing time, place, manner, safety and the orderly operation of schools.

The Board recognizes the authorized student government/council organization in each school as a representative voice of the student body. Student government does not displace the right of individual students or student groups to express views or petition the Board in accordance with Board policy and law.

The building principal shall appoint a qualified district employee to serve as advisor to each authorized student government organization. The advisor shall provide guidance and supervision without directing student viewpoints or decisions, except as necessary to ensure compliance with law, Board policy, school rules and fiscal requirements.

Guidelines

Student government organizations should be guided by a written constitution or bylaws developed with student participation and reviewed with the building principal or designee. The governing document may address matters such as membership, elections, officer responsibilities, meetings, vacancies, committees, financial procedures and amendments, while allowing reasonable flexibility based on the needs and traditions of the school.

Student government participation, voting, and eligibility for office shall be available without unlawful discrimination. Any eligibility requirements shall be written, educationally related, applied consistently and communicated before nominations or elections.

Student government recommendations are advisory unless authority is expressly delegated by the Board or administration. Final authority over district operations, curriculum, personnel, student discipline, safety, budget and policy remains with the Board and district administration.

Student government meetings and activities shall be conducted under appropriate district supervision and in a manner that does not materially disrupt instruction or school operations.

All funds raised, received or expended by student government shall be administered in accordance with Board policy, district procedures and applicable law. Student government may not enter contracts, open financial accounts or obligate the district without prior authorization.

Delegation of Responsibility

The Superintendent or designee shall develop administrative regulations to implement this policy that:

Invite meaningful student participation in the development and periodic review of student government procedures.

Promote equitable access to participation, voting, and candidacy, consistent with lawful and uniformly applied eligibility requirements.

Require fiscal accountability, administrative approval, and adherence to Board policy for all financial aspects of student government activity.

Establish procedures for elections, meetings, advisor responsibilities, student proposals, records, communications, complaints and appeals, with appropriate reference to any constitution or bylaws used to guide student government operations.

CENTRAL BUCKS SCHOOL DISTRICT

ADMINISTRATIVE REGULATION

COMMENCED:

REVISED:

ADMINISTRATIVE REGULATION FOR POLICY 228
STUDENT GOVERNMENT

Purpose

This administrative regulation establishes consistent expectations for student government organization, elections, meetings, representation, advising, finances and communication with school and district leadership.

Authorization and Governing Documents

1. Each secondary school may maintain an authorized student government organization representing the student body, consistent with school needs and established practices.
2. A written constitution or bylaws may be used to guide the organization's operations. The document should reflect the organization's structure and practices while allowing reasonable flexibility for the school.
3. When used, the constitution or bylaws may be reviewed periodically with student participation and shared with the building principal or designee to support general consistency with Board policy, district procedures and school operations.
4. Revisions to a constitution or bylaws should follow the process identified in the document, when applicable, and be shared with the building principal or designee before implementation.

Membership, Voting and Candidacy

- Students within the grades represented by the organization should have reasonable opportunities to participate and vote, consistent with the organization's structure, school practices and any applicable constitution or bylaws.
- Eligibility expectations for office or representation should be communicated in advance and applied in a fair and consistent manner.
- Eligibility considerations may include enrollment, attendance, conduct, academic standing or fulfillment of office responsibilities when educationally related and appropriate for the school. Such considerations may be reflected in the constitution, bylaws or other established student government procedures.
- Participation, voting and candidacy shall be administered in a manner consistent with applicable law and Board policy and without unlawful discrimination.
- Reasonable accommodations shall be provided as required by law and Board policy to support access for students with disabilities.

Elections

1. Publish offices, eligibility requirements, nomination procedures, campaign rules and the election timeline before nominations open.
2. Provide candidates an equal opportunity to communicate with voters through approved methods.
3. Require campaign materials and activities to comply with Policy 220, school rules and reasonable time, place and manner restrictions.
4. Use a voting method that supports ballot integrity, student privacy and accurate results.
5. Separate vote administration and counting from candidate control and document certified results.
6. Establish a prompt process for reporting and reviewing alleged election irregularities.

Officers, Vacancies and Removal

The constitution or bylaws shall define officer duties, terms, succession and procedures for vacancies. Removal from office may occur only for stated grounds and through a fair process that provides notice of the concern and an opportunity for the student to respond. Any disciplinary consequence shall be handled separately under applicable Board policy and the Code of Student Conduct.

Meetings and Records

- Meetings shall occur at approved times and locations under advisor supervision.
- The organization shall use an agenda and maintain concise minutes recording attendance, motions, votes and assigned actions.
- Records shall be retained in a location designated by the principal and transferred to incoming officers and advisors.
- Student government records are district records and shall be handled in accordance with applicable confidentiality and retention requirements.

Advisor Responsibilities

- Support student planning, leadership development and compliance with governing documents.
- Ensure appropriate supervision and student safety.
- Review proposed activities, communications and expenditures for compliance with policy and procedure.
- Avoid directing student viewpoints or controlling decisions solely because a viewpoint is unpopular or critical of school administration.
- Refer unresolved legal, fiscal, safety or policy questions to the principal or designee.

Student Proposals and Administrative Response

Student government may submit recommendations to the building principal or designee regarding school climate, student activities, facilities, procedures and other matters affecting students. The administration shall acknowledge significant written proposals and provide a response within a reasonable period. A response may approve, deny, modify or refer the proposal and should explain material legal, safety, fiscal or operational considerations.

Student government may request an opportunity to present a matter to district administration or petition the Board in accordance with Board policy and established meeting procedures. Student government does not independently direct district employees or commit district resources.

Finances – In coordination with the Faculty Advisor:

1. Prepare an annual budget or spending plan for administrative approval.

2. Deposit, safeguard and disburse funds through district-approved student activity accounts.
3. Obtain required approvals before purchases, fundraising, contracts or commitments.
4. Maintain invoices, receipts, approvals and other supporting records.
5. Provide periodic financial reports to members and the advisor.
6. Comply with Policy 618 and all district purchasing, fundraising and audit procedures.

Communications and Digital Platforms

Student government communications using district systems, school publications, websites or social media shall comply with Board policy, district procedures and advisor oversight. Students may not create an account or represent that they speak for the district without authorization. Access credentials for approved accounts shall be maintained through district procedures and may not be controlled solely by an individual student.

Complaints and Appeals

A student may raise a concern regarding access, eligibility, elections, officer removal or application of the governing document with the advisor or principal. The principal or designee shall review the concern and provide a timely response. An appeal may be submitted to the Superintendent or designee within ten (10) school days of the building-level decision. The Superintendent or designee's decision shall be final.

Annual Review and Transition

At the conclusion of each school year, the advisor and student officers shall review the organization's activities, finances, records and recommendations for the next year. Outgoing officers shall transfer records, account information and pending matters through the advisor to incoming officers.

POLICY

224 Care of School Property

POLICY NUMBER	ADOPTED	REVISED	VERSION
224	7/23/2002	5/22/2018	v1.2

DOCUMENT STATUS	PRINTED
DRAFT (to 2nd read)	10/12/2026

Purpose

The Board believes that students should learn to respect public property and properly care for school buildings, grounds, technology, instructional materials, supplies and equipment. The district will promote responsible use of school property while applying fair and consistent procedures when property is lost, damaged, destroyed or defaced.

Definitions

For purposes of this policy, school property includes district-owned, leased or controlled buildings, grounds, vehicles, technology, instructional materials, supplies, equipment and other tangible or digital resources entrusted to a student or made available for student use.

Damage includes destruction, defacement, alteration, misuse or other impairment of school property beyond ordinary wear resulting from authorized use.

Authority

The Board charges each student with responsibility for the proper care and authorized use of school property entrusted to the student or made available for the student's use.

A student who intentionally, recklessly or through prohibited misuse damages, destroys, defaces, loses or fails to return school property may be subject to disciplinary action, restitution and other consequences authorized by law and Board policy. The district may seek reimbursement from a student or parent/guardian to the extent permitted by law. Ordinary wear resulting from authorized use shall not be treated as damage under this policy.

The district may report serious, repeated or potentially criminal damage to appropriate law enforcement or juvenile authorities in accordance with applicable law, the district memorandum of understanding with law enforcement and Board policy. The student's parent/guardian shall be notified before a referral is made, unless notification is prohibited by law or would compromise an immediate safety or law-enforcement response.

Before restitution, discipline or referral is imposed, the student shall be informed of the concern and given an opportunity to provide relevant information. The district shall consider the available evidence, the nature of the conduct, the condition and age of the property, and whether the loss or damage resulted from ordinary wear,

accident, negligence, intentional conduct or prohibited misuse.

In determining appropriate corrective action or restitution, the district shall consider the student's age, developmental level, prior history, intent, and ability to understand and follow expectations related to the use of school property.

In the case of a student with a disability, including a student for whom an evaluation is pending, the district shall comply with applicable state and federal laws, regulations and Board policies.

Delegation of Responsibility

The Superintendent or designee shall develop administrative regulations to implement this policy, including:

1. Procedures for issuing, inventorying, safeguarding, returning and accounting for textbooks, technology, supplies and equipment.

2. A schedule or method for determining charges for lost, destroyed or damaged property, including consideration of age, condition, repair cost, replacement cost and ordinary wear.

3. Notice, review and appeal procedures for disputed charges.

4. Procedures for documenting significant incidents, restitution, referrals and disposition of recovered property.

The Superintendent or designee shall report significant incidents of vandalism to the Board in a manner and frequency determined appropriate based on the seriousness, cost, operational impact or public-safety implications of the incident. Reports shall protect confidential student information and may include the nature of the incident, estimated cost, operational impact and corrective action.

CENTRAL BUCKS SCHOOL DISTRICT

ADMINISTRATIVE REGULATION

COMMENCED:

REVISED:

ADMINISTRATIVE REGULATION FOR POLICY 224
CARE OF SCHOOL PROPERTY

Purpose

This administrative regulation establishes consistent procedures for issuing, safeguarding, reporting, reviewing, charging for and returning school property entrusted to students.

Student and Family Responsibilities

- Use school property only for authorized educational or school-related purposes.
- Exercise reasonable care and follow staff directions, manufacturer guidance and applicable district rules.
- Keep assigned property secure and not lend, transfer, alter or permit another person to use it unless authorized.
- Promptly report loss, theft, malfunction or damage to a teacher, administrator or other designated employee.
- Return assigned property by the established deadline and in substantially the same condition in which it was issued, except for ordinary wear.

Issuance and Inventory

- Schools shall maintain reasonable records of property assigned to individual students when accountability is necessary.
- At issuance, the district may document identifying information, condition and included accessories.
- Students and parents/guardians shall receive notice of applicable care expectations, return deadlines and potential financial responsibility.
- When practicable, a student should report accurately documented pre-existing damage promptly after issuance.

Reporting Loss, Theft or Damage

1. The student or parent/guardian shall notify the school promptly after discovering loss, theft or damage.
2. The employee receiving the report shall document the date, item, circumstances and known condition.
3. The building administrator or designee may request relevant information and inspect the item.
4. Suspected theft, intentional damage or a safety hazard shall be referred promptly to the building principal or designee.

Administrative Review

The administrator or designee shall review reasonably available information before determining responsibility. The student shall be informed of the concern and given an opportunity to explain the circumstances. The review should distinguish ordinary wear, manufacturing defect or accidental damage from negligence, prohibited misuse, intentional damage, theft or failure to return property.

When technology is involved, the administrator may consult Information Technology staff regarding device condition, repair feasibility, usage records and warranty coverage, consistent with applicable privacy requirements and Board policy.

Determining Charges

- No charge shall be assessed for ordinary wear resulting from authorized use.
- Charges should reflect the district's actual and reasonable loss and may consider repair cost, replacement cost, age, condition, depreciation, warranty or insurance coverage, and missing accessories.
- A standard fee schedule may be used when it reasonably reflects district cost and is reviewed periodically.
- The district shall not impose duplicate recovery for the same loss.
- Financial hardship shall not eliminate accountability but may be addressed through payment arrangements, approved alternatives or other measures authorized by the Superintendent or designee.

Notice and Review of Charges

1. The parent/guardian shall receive written notice identifying the property, basis for responsibility, amount charged and return or payment instructions.
2. A parent/guardian may request administrative review within ten (10) school days of the notice unless additional time is approved for good cause.
3. The building principal or designee shall review the available information and provide a written determination.
4. A further appeal may be submitted to the Superintendent or designee within ten (10) school days of the building-level determination. The Superintendent or designee's decision shall be final.

Restitution and School Participation

The district may pursue restitution or other lawful collection measures. Students shall not be excluded from required instruction or denied access to educational records in a manner inconsistent with law. Any restriction involving optional privileges, activities or future property issuance must be authorized by Board policy, applied consistently and account for student access to required educational programming.

Discipline and Referral

Consistent with Policy 218 and the Code of Student Conduct, restitution may be imposed in addition to appropriate disciplinary consequences.
Serious, repeated or potentially criminal conduct may be referred to law enforcement or juvenile authorities in accordance with applicable law, Policy 805.1 and the district memorandum of understanding with law enforcement. Parent/guardian notification shall occur as required by Policy 224.

For a student with a disability, including a student for whom an evaluation is pending, all applicable procedural protections shall be observed.

Recovered Property and Refunds

If property is recovered after payment, the district shall determine whether a refund or adjustment is appropriate based on the condition of the recovered item and the district's actual remaining loss. Any refund shall follow district financial procedures.

Documentation and Board Reporting

The school or appropriate district facilities administrator shall maintain records sufficient to support inventory control, disputed charges, restitution and required reporting. Significant vandalism incidents shall be reported to the Superintendent or designee for determination of appropriate Board notification. Student-identifying information shall remain confidential except as permitted by law.

POLICY

222 Tobacco and Vaping Products

POLICY NUMBER	ADOPTED	REVISED	VERSION
222	7/23/2002	8/31/2021	v1.8

DOCUMENT STATUS	PRINTED
DRAFT (to 2nd read)	10/12/2026

The Board recognizes that tobacco and vaping products, including electronic cigarettes, present a health and safety hazard that can have serious consequences for users, nonusers and the school environment. The purpose of this policy is to prohibit student possession, use, purchase and sale of tobacco and vaping products.

Definitions

For purposes of this policy, tobacco product encompasses not only tobacco but also vaping products, including electronic cigarettes (e-cigarettes).

Tobacco products, for purposes of this policy and in accordance with state law, shall include:

1. Any product containing, made or derived from tobacco or nicotine that is intended for human consumption, whether smoked, heated, chewed, absorbed, dissolved, inhaled, snorted, sniffed or ingested by any other means, including, but not limited to, a cigarette, cigar, little cigar, chewing tobacco, pipe tobacco, snuff and snus.

2. Any electronic device that delivers nicotine or another substance to a person inhaling from the device, including, but not limited to, electronic nicotine delivery systems, an electronic cigarette, a cigar, a pipe and a hookah.

3. Any product containing, made or derived from tobacco, whether in its natural or synthetic form, or nicotine, whether in its natural or synthetic form, that is regulated by the United States Food and Drug Administration as a deemed tobacco product.

4. Any component, part or accessory of a product or electronic device included in this definition, whether or not sold separately.

Authority

The Board prohibits possession, use, purchase or sale of tobacco products, regardless of whether such products contain tobacco or nicotine, by or to students at any time in a school building; on school buses or other vehicles owned, leased or controlled by the district; on property owned, leased or controlled by the district; or at school-sponsored activities held off school property.

The Board prohibits student possession or use of products marketed and sold as tobacco cessation products or for other therapeutic purposes, except as authorized under Policy 210, Use of Medications.

The Board prohibits student possession of any form of medical marijuana at any time in a school building; on school buses or other vehicles owned, leased or controlled by the district; on property owned, leased or controlled by the district; or at school-sponsored activities held off school property.

The Board authorizes the confiscation and disposal of tobacco products prohibited by this policy.

In the case of a student with a disability, including a student for whom an evaluation is pending, the district shall take all steps required by state and federal laws and regulations, applicable Board policies and the district memorandum of understanding with law enforcement.

Delegation of Responsibility

The Superintendent or designee shall develop administrative regulations to implement this policy.

The Superintendent or designee shall notify students, parents/guardians and staff about this policy through student handbooks, district communications, posted notices, signs, the district website and other effective methods.

Reporting

The Superintendent or designee shall notify the parent/guardian of a student directly involved in an incident involving possession, use, purchase or sale of a tobacco product immediately, as soon as practicable. The parent/guardian shall be informed whether the law enforcement agency having jurisdiction over the school property has been or may be notified. Attempts to reach the parent/guardian shall be documented.

The Superintendent shall annually, by July 31, report incidents of student possession, use or sale of tobacco products to the Pennsylvania Department of Education on the required form.

The Superintendent or designee may report incidents involving student possession, use or sale of tobacco products to the law enforcement agency having jurisdiction in accordance with state law and regulations, the district memorandum of understanding with law enforcement and applicable Board policies.

Guidelines

A student who violates this policy may be subject to prosecution initiated by the district and, if convicted, may be required to pay a fine for the benefit of the district, plus court costs. In lieu of a fine, the court may admit the student to an adjudication alternative.

School counselors or other designated staff shall provide students who violate this policy with information regarding available tobacco and nicotine cessation programs.

Tampering with a device installed to detect the use of tobacco products constitutes a violation of this policy and may result in disciplinary action.

CENTRAL BUCKS SCHOOL DISTRICT

ADMINISTRATIVE REGULATION

COMMENCED:

REVISED:

ADMINISTRATIVE REGULATION FOR POLICY 222
TOBACCO AND VAPING PRODUCTS

Purpose

This administrative regulation establishes a consistent process for responding to suspected or confirmed student possession, use, purchase or sale of tobacco and vaping products prohibited by Policy 222.

Immediate Response

1. Address any immediate health or safety concern and contact the school nurse or emergency services when warranted.
2. Direct the student to surrender the suspected tobacco or vaping product and related components. Staff shall not direct a student to activate, inhale from or otherwise manipulate a suspected device.
3. Secure confiscated items in accordance with building procedures and limit handling to the extent practicable.
4. Notify the building principal or designee and document the circumstances of the incident.
5. Apply reasonable precautions when an item appears damaged, overheated, leaking or otherwise hazardous, and contact appropriate district personnel.

Administrative Review

- The administrator shall provide the student an opportunity to explain the circumstances and shall review reasonably available information.
- The administrator shall determine whether the item falls within Policy 222 and whether other policies may apply, including Policy 227 when a device or substance may involve controlled substances or paraphernalia.
- Searches of students or belongings shall be conducted only in accordance with applicable law, Board policy and district procedures.
- For a student with a disability, including a student for whom an evaluation is pending, the administrator shall consult appropriate student services personnel and comply with applicable procedural protections.

Parent/Guardian Notification

The parent/guardian of a student directly involved shall be notified immediately, as soon as practicable. The administrator shall explain the known circumstances, the item confiscated, the

anticipated school response and whether law enforcement has been or may be notified. Attempts to reach the parent/guardian shall be documented.

Law Enforcement and Required Reporting

Referral to law enforcement shall be determined in accordance with applicable law and regulations, the district memorandum of understanding with law enforcement and Policy 805.1. The administrator shall not represent that referral or prosecution is automatic when the governing authority provides discretion.

Incidents shall be recorded using district reporting procedures so the Superintendent or designee can complete the annual school safety and security incidents report required by law.

Discipline and Support

Consequences shall be assigned in accordance with Policy 218, the Code of Student Conduct and applicable protections for students with disabilities. The response should account for the nature of the conduct, available evidence, prior related violations and safety considerations.

The student shall be provided information about available tobacco or nicotine cessation resources. When appropriate, the administrator may coordinate support through the school counselor, nurse, student assistance program or other designated staff.

Confiscation, Storage and Disposal

- Confiscated products shall be labeled and secured in a location designated by the building principal.
- Access shall be limited to authorized personnel, and transfer or disposal shall be documented.
- Products shall not be returned to the student. Disposition shall follow applicable law, district procedures and any direction from law enforcement.
- If a device may contain evidence of another violation or offense, it shall be preserved and handled in accordance with applicable procedures.

Tampering With Detection Devices

A student who disables, obstructs, damages, or otherwise tampers with a device installed to detect tobacco or vaping product use may be subject to disciplinary action under Policy 222, Policy 218 and the Code of Student Conduct. Staff shall document the conduct and any resulting damage or disruption.

Communication and Prevention

Building administrators shall ensure that students and families receive notice of Policy 222 and applicable consequences through handbooks, district communications or other established methods. Prevention and cessation information should be shared periodically in an age-appropriate manner.

Field Trip and Bus Approval Request

(for overnight and out-of-state trips, please refer to district overnight or major city form)

Instructions: *Please complete and submit the form electronically by typing in the information in the text boxes, saving it, and submitting it to administration 4 weeks prior to the trip. Once approved, the trip will be placed on the school calendar and you will receive an electronic or hardcopy of the approved form for your files.*

Teacher Requesting Trip: Michela Risolo

Cell Phone of Teacher: 516-376-0443

Date of request: Friday, October 23, 2026

Date of trip: Thursday, February 4, 2027

Destination (Name and Address): 1:00 PM Matinee of "The Outsiders" musical at Jacobs Theater, 242 West 45th Street NYC

Departure time: 10:30 AM

Return time: 6:00 PM

Cost per student: Approx. $115 (based on last year's cost) (Tickets are $59 each + cost of buses_

Source of funding: Student funded

Approximate # of students attending: 94 students
(Once student list is finalized, submit list and bus assignments to front office)

Teacher Chaperones (and cell phone #): 8th grade Team teachers, additional teacher volunteers TBD

Approximate # of Parent Chaperones: 0
(Once chaperone list is finalized, please provide to front office)

Transportation (district bus, commercial bus, other): Perkiomen Tours

Explanation for purpose of trip/how it ties into curriculum: The Outsiders is an English whole-class read for ALL 8th graders. We frequently listen to songs from the musical and identify how it compares to events in the novel. This our third enrichment trip to Broadway since 2026 and due to limited seating, we are only able to bring two buses of students.

Transportation (district bus, commercial bus, other): District Bus

Explanation for purpose of trip/how it ties into curriculum: This trip is an end of year celebration for our graduating 8th grade students. . The purpose of this class trip is to provide students with an opportunity to extend their classroom learning into a real-world setting. By engaging with authentic experiences beyond school walls, students can see the connections between scientific concepts, history, culture, and the world around them. Trips like this bring abstract ideas to life, deepen student understanding, and spark curiosity through hands-on exploration and observation. The trip also supports cross-curricular goals. Students will practice critical thinking by asking and answering questions, analyzing their environment, and applying classroom knowledge in new contexts. They will strengthen communication skills by collaborating with peers, sharing observations, and reflecting on their learning. This experience allows students to embody the skills and dispositions outlined in our district's *Portrait of a Graduate*. It provides a memorable experience that connects academic content to life beyond school, while helping students grow into adaptable, thoughtful, and responsible young citizens.

CENTRAL BUCKS SCHOOL DISTRICT
Position Description

Position Title: District Facility Manager
Department: Operations
Reports to: Director of Operations

Summary: Responsible for the operation, maintenance, repair of real property facilities across the district's 3.2 million sf of buildings and 28 different properties (buildings, utilities systems, structures, grounds and other real property improvements); assist with development of facility related components of the annual and five year plan for operating budget, equipment purchases and replacement, in—house maintenance and grounds projects; assisting in preparation of department budget, coordination with engineering and technical consultants, annual inspections for life safety systems, elevators, fire systems, and overall general facility maintenance for our building systems; conducts personnel administration (interviewing candidates, approving selections, performance appraisals, time management/approvals, etc.) for Operations maintenance and grounds personnel.

Essential Duties and Responsibilities:

- Oversee and Direct the Planning and Scheduling of all Facility Maintenance and Grounds Activities performed by District Personnel; receives work requests and manages the district work order system; identifies needed maintenance and repair work; directs the scheduling of work and supplies to ensure the work is accomplished in proper priorities, within established budget, and on schedule. Accomplishes the review and analysis of completed work to ensure efficient operation and recommends corrective action.
- Directly oversee the operation and monitoring of the district building automation systems, notifications, and reports to distribute work to the appropriate Operations staff. Serves as a key Operations staff member to oversee facility related emergencies related to power, water, or fire including coordination with insurance carriers related to eligible claims.
- Manages Contracted Services: evaluate and determines the need for contractor supplied versus district supplied services, develops plans and specifications for construction repair and maintenance projects undertaken by the district with the use of consultants and architects; obtains required approvals for the projects, ensures contracted work is completed in accordance with the project documents; reviews and makes recommendations regarding change orders, approves applications for payment.
- Performs personnel administration: administers procedures governing the selection, evaluation, promotion and dismissal of maintenance and grounds personnel; serves as a mentor and team lead across our maintenance and grounds staff to lead district staff toward established department and district goals; performs review, modifications, and approval of personnel timesheets; performs studies to determine recommended staffing levels of department personnel and provides recommendations to the Director of Operations regarding potential changes in staffing.
- Follows established procedures governing the requisitioning, purchase, receipt, storage, stock control, issue, shipment and disposal of facilities supplies and equipment.
- Assist the Director of Operations with development of an Annual and Five-Year Plan related to all work the department will accomplish with available resources, places the work in priority, identifies how the work will be accomplished (i.e. district personnel or contract) and assist the Director in prioritizing work that may need to be deferred due to lack of funds.
- Maintain communications with Internal and External customers, maintains regular communications with building principals regarding maintenance, assist with meetings with

the Director of Operations and building principals; maintains liaison with local, state and federal agencies regarding scheduled projects, required approvals and other mutual concerns; develops and maintains rapport with peers in neighboring school districts and municipalities, maintains good public relations with administrators, faculty, staff and district residents.

- Manage and operate the district public water systems and well-water monitoring; manage and operate two public pools and perform necessary chemical treatment and analytical testing. Coordinate necessary testing of Act 39 lead in drinking water sampling for schools.
- Maintain Records and Reports: Work closely with the Operations office staff to follow established purchasing protocols regarding the soliciting of quotes, receipt and review of invoices; maintains project folders to provide a complete historical record of projects from inception to completion, maintains record drawings and specifications, maintains equipment inventories and historical records, establishes review procedures for periodic screening of records and files.
- Responsible for managing indoor air quality investigations and testing/remediation work.

- On occasion and as directed by the Director of Operations, attend Finance and Operations Committee meeting as needed to assist with presentation of contracts and project updates.
- Serve in an on-call status on a rotating basis with other Operations managers related to building alarms for fire and security.
- Perform special projects as assigned by the Director of Operations

Supervisory Responsibilities:
Supervise and evaluate Operations Supervisor, Maintenance, and Grounds staff

Education/Experience:
To successfully perform this position, a person must be able to perform each principle duty satisfactorily

The Qualification requirements listed below represent minimum levels of educational achievement, training, skill and/or ability necessary.

- Bachelor's Degree in a related field and/or 10 years' experience in facilities management/construction; preferably in a K-12 school district.
- Minimum 10 years of progressive responsibilities in the construction, renovation and maintenance of facilities including experience in planning, design, construction management, estimating, personnel administration, budgeting and financial management.
- Certified Pool Operator License and Water Operator license. Willingness to obtain within 6 months of hire if candidate does not possess at hire.

Knowledge, Skills, Abilities:

- Detailed knowledge of preventative maintenance, repair, and construction for all areas including electrical, mechanical, HVAC, grounds, carpentry and plumbing.
- Detailed knowledge of building systems, building automation systems (Johnson Controls/Siemens/etc.), and work order management systems (FMX)
- Detailed knowledge of maintenance and preparation of athletic fields both natural and synthetic turf.
- Ability to prepare estimated costs for repairs and to develop bid proposals for renovation, repair and small construction projects.
- Ability to collect data and apply recommendations for action.
- Ability to prioritize, schedule and ensure completion of numerous projects on time and with available resources.
- Ability to motivate and provide ongoing training to facility staff members.

- Ability to work as a team member.
- Must be courteous and able to interact effectively with people.
- Must be cooperative and able to work in an environment with frequent interruptions.
- Ability to follow written and verbal directions.
- Ability to complete assigned tasks with minimal supervision.
- Ability to read, write and do simple computations.
- Ability to exercise good judgement in prioritizing tasks.
- Able to communicate effectively.

Physical Demands: The physical demands described are representative of those that must be met by an employee to successfully perform the essential functions of this job. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

- Must be able to walk, talk, hear, stoop, crawl, climb stairs and lift up to 50 lbs.
- Must be able to work indoors or outdoors and be able to evaluate and report on work.
- Have specific vision abilities, to include close vision, color vision and the ability to adjust focus.
- Use hands to finger, handle or feel objects, tools or controls, and to talk and hear.
- Occasionally the position requires the employee to work extended or irregular hours.
- Possess effective communication, judgmental, planning and human relations skills and will be required to work under periods of stress due to the level of the position responsibility.

Terms of Employment:

- 12 months, 261 days

- Salary and benefits as described in the Central Bucks School District Act 93 Compensation Program.

I certify that I have read and understand the essential duties and requirements of my position description.

Central Bucks School District
Position Description

Position Title: District Operations Manager
Department: Operations
Reports to: Director of Operations

Summary: Responsible for the District logistics, warehouse and inventory management, building management operations, and assisting in preparation of department budget. Conducts personnel administration (interviewing candidates, approving selections, performance appraisals, time management/approvals, etc.) for Operations department employees. Assist administrators in the Operations Department to include facility use processing, financial requirements, custodial & maintenance support, emergency issues and administrative support coordination.

Essential Duties and Responsibilities:

- Manages all building custodial operations and directly supervise daytime building operations and warehouse staff; receives work requests; approves and orders needed supplies and inventory; directs the scheduling of work and supplies to ensure the work is accomplished in proper priorities.
- Manages and supervises the Warehouse, Logistic, & Inventory Services for the District: determines the use of contractor supplied versus district supplied service, develops plans and specifications for custodial products and equipment used by the district; ensures inventory management is completed in accordance with the procurement guidelines; reviews and makes recommendations regarding supplies and equipment, and approves invoices for payment.
- Manages and directs custodial inventory supply operations, establishes procedures governing the requisitioning, purchase, receipt, storage, stock control, issues, shipment and disposal of custodial supplies and equipment. Maintains database of SDS sheets for all chemicals and products in buildings and warehouse.
- Manage vendor to facilitate annual solid waste and recycling program. Oversee hazardous chemical collection and disposal through qualified vendors.
- Performs personnel administration to ensure procedures governing the selection, evaluation, promotion and dismissal of building personnel; performs employee performance evaluations, modifications, and approval of personnel timesheets; performs studies to determine recommended staffing levels of department personnel.
- Manages and approves direct report staffing and overtime. Completes review and analysis of completed work to ensure efficient operation and recommends corrective action.
- Manages and supervises all office functions to include administrative support, distribute work assignments, monitor progress and deadlines, assist as needed and maintain office supplies and office equipment.
- Manage all Facility Use processing including approval/denial of requests, compliance with Board Policy, scheduling and billing.
- Manage and monitor district work order system including maintenance requests, preventative maintenance scheduling, schedule requests, and inventory control.
- Monitor and approve payroll and personnel functions for direct reports within Operations.

- Coordinate with the Business Office, Human Resources, Technology & Innovation, Administration Center, and Education Services Center on issues related to the Operations Department.
- Manage financial functions including purchase orders, blanket purchase orders, vendor information, payment processing, RFP's, bidding and contracts.
- Attend meetings as directed by the Director of Operations.
- Available for 24/7 response to building emergencies and weekend on-call coverage.
- Perform special projects as assigned by the Director of Operations

Supervisory Responsibilities: Supervise Facility Specialist, Building Utility, Warehouse Mechanic and Utility, and Operations Administrative Assistant.

Education and/or Experience: To successfully perform in this position a person must be able to complete each duty satisfactorily. The qualification requirements listed below represent the minimum levels of education, training, sill and/or ability necessary.

- Education-High school diploma or equivalent plus 10 years of office management experience, preferably in an operations, construction, or maintenance department.
- Office Management and supervisory experience is required.
- Construction or maintenance experience is preferred.

Knowledge, Skills and Abilities:

- Extensive computer experience to include MS Excel, and Word. Experience with work order and inventory management programs such as FMX.
- Strong organizational skills, time management and the ability to prioritize tasks.
- Ability to work as part of a team.
- Must be cooperative and able to work in an environment with frequent interruptions.
- Ability to follow written and verbal directions.

Physical Demands:

- Must be able to bend, stoop, twist, reach, grasp and lift up to 20 lbs.
- Have specific vision acuity to read correspondence and operate computer systems.
- Sitting at desk for extended periods of time.
- Standing for limited periods of time.
- Manual dexterity to use office equipment.
- Repetitive movement of hands/fingers for keyboarding.

The physical demands described here are representative of those that must be met by an employee to successfully perform the essential functions of this job. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

Terms of Employment:

- 12 months, 261 days

- Salary and benefits as described in the Central Bucks School District Act 93 Compensation Program.

I certify that I have read and understand the essential duties and requirements of my position description.

Updated November, 2026

CENTRAL BUCKS SCHOOL DISTRICT
Position Description

Position Title: District Safety & Security Manager
Department: Operations
Reports to: Director of Operations

Summary: The **District Safety & Security Manager** is responsible for development and management of district safety and security programs and protocols to ensure compliance with all municipal, state, and federal legislation and guidelines.

Essential Duties and Responsibilities:

The **District Safety & Security Manager** is responsible for development and management of district safety and security programs and protocols to ensure compliance with all municipal, state, and federal legislation and guidelines.

Essential Duties and Responsibilities (include but are not limited to):

- Serve as the District ACT 44 School Safety Coordinator to comply with all requirements of ACT 44 of 2018, ACT 67 of 2019, & ACT 55 of 2022 including risk & vulnerability assessments.
- Coordinate, Implement, and Track all district wide training for safety and security in compliance with PA Department of Education (PDE) and PA Commission on Crime and Delinquency (PCCD).
- Evaluate strengths and challenges of current safety plans, policies, and procedures.
- Develop, coordinate, and maintain the District Emergency Operations Plan as required by the State Emergency Management Services (EMS) Code.
- Oversee and coordinate emergency response for all building alarm notifications for fire, burglar, and access systems. Maintain availability, coordinating with Director of Operations, to ensure that Safety and Security Staff always have a 24/7 level of availability.
- Serve on the Bucks County Schools Safety and Security (S3) Advisory Council.
- Serve as the District liaison between local municipal police departments, Intermediate Unit, county emergency management, and/or federal agencies for all incidents at Central Bucks School District (CBSD) facilities.
- Strategic planning for emergency responses at CBSD facilities.
- Perform periodic walk-through inspections of CBSD locations including visual inspection of doors, landings, and drop off zones, emergency systems, AEDs, Bleeding Control Kits, and signage. Coordinate with Operations on corrective action and facility upgrade recommendations.
- Serve as the District Security Camera, Access Card, and Fire Alarm and Suppression Systems Coordinator. Manage, maintain databases, and upgrade all cameras and access points at district facilities. Maintain the Access Card Management and Fire Alarm & Suppression Systems.

- Establish and promote a safe environment and accident prevention by performing safety audits, employee training, and inspections and by maintaining open channels of communication.
- Management and oversight of district security personnel and coordination with School Resource Officers (SROs) assigned through local municipal police departments.
- Assist in collection and reporting of annual Safe Schools data.
- Attend community, parent, staff, and administrative meetings as needed.
- Communicate effectively in oral and written form, maintaining clear and organized files and records.
- All other duties as assigned.
- Serve in an on-call status on a rotating basis with other Operations managers related to building alarms for fire and security.
- Perform special projects as assigned by the Director of Operations

Supervisory Responsibilities:
Supervise and evaluate Safety & Security Personnel and Maintenance staff related to safety and security systems.

Education/Experience:
To successfully perform this position, a person must be able to perform each principal duty satisfactorily

The Qualification requirements listed below represent minimum levels of educational achievement, training, skill and/or ability necessary.

- Bachelor's Degree Required or at least seven years related experience in emergency services, planning, law enforcement, or emergency medical services; or equivalent combination of education and experience.

- Knowledgeable in PA Act 44, 67, and 55 School Safety legislation and procedures.

- Experience with FEMA (Federal Emergency Management Agency) National Incident Management System (NIMS) and Incident Command Systems (ICS)

- NASRO Certified within first 3 months of hire.

Knowledge, Skills, Abilities:

- Detailed knowledge of safety and security concepts and practices.
- Operational knowledge of emergency response and logistics.
- Ability to perform vulnerability assessments on school properties following PCCD standards.
- Knowledge of the threat assessment process and analysis of results to evaluate trends.
- Ability to collect data and apply recommendations for action.
- Ability to prioritize, schedule and ensure completion of numerous projects and initiatives on time and with available resources.
- Ability to motivate and provide ongoing training to security staff members.
- Ability to work as a team member.
- Must be courteous and able to interact effectively with people.

- Must be cooperative and able to work in an environment with frequent interruptions.
- Ability to follow written and verbal directions.
- Ability to complete assigned tasks with minimal supervision.
- Ability to read, write and do simple computations.
- Ability to exercise good judgement in prioritizing tasks.
- Able to communicate effectively.

Physical Demands: The physical demands described are representative of those that must be met by an employee to successfully perform the essential functions of this job. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

- Must be able to walk, talk, hear, stoop, crawl, climb stairs and lift up to 50 lbs.
- Must be able to work indoors or outdoors and be able to evaluate and report on work.
- Have specific vision abilities, to include close vision, color vision and the ability to adjust focus.
- Use hands to finger, handle or feel objects, tools or controls, and to talk and hear.
- Occasionally the position requires the employee to work extended or irregular hours.
- Possess effective communication, judgmental, planning and human relations skills and will be required to work under periods of stress due to the level of the position responsibility.

Terms of Employment:

- 12 months, 261 days

- Salary and benefits as described in the Central Bucks School District Act 93 Compensation Program.
