Description

NOTICE OF PROJECT CHANGES

The following changes are to be made:

The provided specifications for the asphalt restoration along new curbs showed a detail for 18" wide trench with a 4" keyway, for a total of 22" width. Due to the elevation of the existing pavement, a 36" wide restoration was required to achieve positive drainage and give a uniform look to the project. There were also 4 catch basins that had to be patched around to correct drainage, so that water would flow into them. We are requesting the following compensation for the additional work.

4 – Catch basins @ 5' x 10' for a total of 22 SY - \$1,600.00
2,000 LF @ 6" additional width (we actually did 1' additional and are asking for half in additional compensation). - \$8,400.00

We are seeking a total of \$10,000 additional compensation for work completed beyond scope.

SLIPPERY ROCK UNIVERSITY

SCHOOL DISTRICT AFFILIATION AGREEMENT

THIS AGREEMENT, effective, date of last signature (Effective Date) is between **SLIPPERY ROCK UNIVERSITY OF PENNSYLVANIA**, (herein after referred to as "University"), an educational institution of the State System of Higher Education, Commonwealth of Pennsylvania and the Trinity Area **School District** (hereinafter "School District"). The parties intend to be legally bound to the following terms:

I. DUTIES AND RESPONSIBILITIES OF THE UNIVERSITY

- a. Selection of Students.* The University shall be responsible for the selection of qualified students to participate in the experiential learning activity (ELA), including but not limited to field experiences, practicums, student teaching, and internships. Selected students must have the appropriate educational background and skills consistent with the contemplated educational experience offered by the School District.
- b. Education of Students.* The University shall assume full responsibility for the classroom and classroom education of its students. The University shall be responsible for the administration of the program, the curriculum content, the requirements of matriculation, grading and graduation.
- c. Submission of Candidates.* The University shall submit the names of the students to the School District or a designated representative at least eight (8) weeks prior for student teachers.
- d. Advising Students of Rights and Responsibilities.* The University will be responsible for advising the student of their own responsibilities under this Agreement. The student shall be advised of their obligations to abide by the policies and procedures of the School District and should any student fail to abide by any policy and/or procedure, he or she may be expelled from the program.
- e. Professional Liability Insurance.* If applicable, students shall be responsible for procuring professional liability insurance at their own expense. The limits of the policy shall be a minimum of \$1,000,000.00 per claim and an aggregate of \$3,000,000.00 per occurrence. This policy must remain in full force and effect for the duration of the ELA.
- f. Compensation for Supervising Student Teachers.* For and in consideration of the placement of student teachers with district cooperating teachers, the University agrees to pay to each cooperating teacher selected to guide the student's experience a stipend as outlined by the Pennsylvania State System of Higher Education's Board of Governors Policy 1988-04. This stipend is in addition to the regular salary paid by the School District or Agency.
- g. Clearances.* The student completing an ELA will provide all currently required background clearances (Act 114, Act 34, Act 151, Act 24, Act 126 and TB test) to their ELA supervisor, who is responsible for maintaining a copy of all clearances. The candidate will retain the original of all clearances.
- h.* The School District understands that as an Agency of the Commonwealth, the University is prohibited from purchasing insurance. As a public university and state instrumentality there is no statutory authority to purchase insurance and it does not possess insurance documentation. Instead, it participates in the Commonwealth's Tort Claims Self-Insurance program administered by the Bureau of Finance and Risk Management of the Pennsylvania Department of General Services. This program covers Commonwealth/University-owned property, employees and officials acting within the scope of their employment, and claims arising out of the University's performance under this Agreement, subject to the provisions of the Tort Claims Act, 42 Pa.C.S.A. §§8521, et seq.

II. DUTIES AND RESPONSIBILITIES OF SCHOOL DISTRICT

- a. *Establishment of ELA.* The School District authorizes the use of its facilities as may be agreed upon by the School District and the University as an experiential learning center. Student teachers are enrolled in the University's B.S./M.S. in Ed, Teacher Education Program. These ELA are required and authorized by law.
- b. *Policies of School District.* The School District has a responsibility to maintain a positive, respectful, and adequately resourced learning environment so that sound educational experiences can occur. Therefore, the School District will provide students and faculty with access to appropriate resources for Experiential Learning Activities including:
 - a) access to students at School District facilities in an appropriately supervised environment, in which the students can complete the University's curriculum;
 - b) student security badges or other means of secure access to classrooms and care areas;
 - c) computer access;
 - d) secure storage area for students' personal items when on School District property.
 - i) The University will provide each student, prior to their assignment, any and all applicable policies, procedures, codes or confidentiality issues related to the experience. The School District will provide the University all the applicable information at least eight (8) weeks in advance of the Student's participation.
- c. *Administration.* The School District will have sole authority and control over all aspects of student services. The School District will be responsible for and retain control over the organization, and operation of its programs.
- d. *Removal of Noncompliant Student.* The School District shall have the authority to immediately remove a student who fails to comply with its policies and procedures. If such a removal occurs, the School District should immediately contact the responsible University Faculty.
- e. *Designation of Representative(s).* The School District shall designate a person to serve as a liaison between the parties who will meet periodically with representatives of the University in order to discuss, plan and evaluate the experience of the student(s).
- f. *Supervision of Students.* The School District shall provide either a site supervisor or a cooperating teacher who will supervise student activities during ELA.
- g. *Reporting of Student Progress.* The cooperating teachers and or site supervisors from the School District shall provide all reasonable information requested by the University on a student's work performance. If there are any student evaluations, they will be completed and returned according to any reasonable schedule agreed to by the University and the School District.
