Authority

To ensure consistency and continuity of instruction, the Board requires professional staff members to develop and maintain daily lesson plans.[\[1\]](#)

Delegation of Responsibility

To facilitate more effective instruction, lesson plans must be prepared in advance according to established procedures of the particular building or grade. Lesson plans shall be subject to review by the building principal.

Proposed: District and Building Administration

Teachers shall make thorough preparation for all daily lessons and shall prepare plans reflecting such preparation.

Lesson plans may be completed and submitted in the designated online platform(s) for review.

Proposed Change: Teachers shall have lesson plans readily available according to district expectations.

Teachers are to provide adequate directions for substitutes, the purpose of which shall be to continue the instructional program or provide a meaningful educational alternative that relates to the subject area.

Lesson plans must be available for immediate access by assigned substitute teachers.

Guidelines

Guidelines for implementation of this policy shall include:

1. The format for lesson plans shall be decided at the building level or grade level.

Proposed: district level

2. While teachers are required to be thoroughly prepared for each daily lesson, plans may be prepared for each lesson or on a long-term basis, i.e. unit of work, whichever is most appropriate.

Proposed: "Teachers are required to be thoroughly prepared for each daily lesson. If a teacher utilizes long-term planning, such as a unit of work, the overarching plan must be broken down to clearly outline the specific instruction for each daily lesson."

3. Material to be used in a lesson, such as printed or digital material and audiovisual resources may serve as an integral part of the plan.
4. Lesson plans for individualized programs should reflect a general overview and purpose of the instructional program; individual student plans or records may serve as an integral part of the lesson plan.
