PA Pre-K Counts Partnership Agreement 2026-2027
Derry Area School District

1. Purpose

The purpose of this document is to describe the terms under which partner organizations will work together in the delivery of the PA Pre-K Counts Program. This partnership agreement is made by and between Ligonier Valley Learning Center, Inc. (Lead Agency) and Derry Area School District.

2. Agreement for Service Delivery

LVLC contracts with Derry Area School District as they identify them to act as liaisons based upon the needs of the program to provide all services and program activities as described by the program requirements contained within this Partnership Agreement for 40 full day children for 180 days for agreed upon services listed in this agreement. The instructional services will be delivered to a total of 40 children at Derry Area School District.

Ligonier Valley Learning Center agrees to pay Derry Area School District the amount of \$408,500 for the provision of the tuition-free pre-kindergarten opportunities for eligible children.

Under the terms of this agreement, if the PA Pre-K Counts Partner Agency has additional PA Pre-K Counts slots funded under a separate agreement with OCDEL or another lead agency, the Partner Agency must enroll and fill the funded slots under this agreement before enrolling children under any other PA Pre-K Counts agreement.

Funds will not be available for payment until after the Commonwealth of Pennsylvania releases monthly payments to Ligonier Valley Learning Center.

3. Program and Classroom Requirements

The partner agency will abide by the PA Pre-K Counts Program and classroom requirements specified within the program assurances found in the PA Pre-K Counts e-Grant agreement ELS/PKC Announcements and other official communications issued by the Office of Child Development and Early Learning (OCDEL).

- a. Length of Day and Program Year: The Pre-K Counts instructional program will ensure a minimum of 5 hours of instructional time per day for full-time children. Standard Based Curriculum: The partner agency will use a standard-based curriculum which has been approved by OCDEL. Any change of curriculum and/or additional curriculum supplements must be approved by the LVLC Director of Operations.

- b. Class Size and Student/Teacher Ratios: The partner agency agrees to maintain the required adult-child ratio of a qualified lead teacher and assistant teacher in the classroom. The ratios of 2:20 may be reduced during the daily rest time. The site will not exceed 20 children in the classroom.
- c. Staffing Qualifications: The partner agency will employ staff in the PA Pre-K Counts classroom who meet the requirements established by OCDEL. The site director will notify LVLC Program Coordinator of any changes in the classroom staffing within 48 hours.
- d. Professional Development: The partner agency agrees to meet the annual professional development requirements of 36 hours for Pre-K Counts Lead Teachers and 24 hours for all other teaching staff by June 30, 2027. The teachers and assistants will participate in OCDEL Core Series of Professional Development Required Trainings. The partner will pay for costs associated with PA Pre-K Counts staff attending required training.
- e. Meals and Snacks: The partner agency will follow US Department of Agriculture and PA Department of Human Services guidelines in serving lunch and snacks to the PA Pre-K Counts children. PA Pre-K Counts requires a snack and one or more meals for a full-day program. Meals and snacks are provided at no expense to the families.
- f. Transitioning Activities: The partner agency will provide activities to smooth the incoming children's transition to the PA Pre-K Counts. This may include open-house events, classroom visitation, and meetings with families. The partner will also participate in a variety of kindergarten transition activities with local school districts. These may include, but are not limited to, joint professional development with kindergarten teachers, transition activities with designated elementary schools to strengthen connections between educational setting, activities for families, and collaboration with other agencies, including transition and readiness teams in Westmoreland County, who focus on the readiness and transition of students to kindergarten.
- g. Parental Involvement: The partner agency will provide each family with a parent handbook that explains attendance requirements, program calendar, family involvement, curriculum, child assessment, and other information regarding the Pre-K Counts Program guidelines. The partner agency will submit a copy of the parent handbook to LVLC. The agency will communicate regularly with families through a variety of means such as newsletters, parent information boards, informal conferences, and family involvement activities. The agency will provide a minimum of two parent-teacher conferences for each child during the program year to discuss the child's progress.
- h. Comprehensive Emergency Response Plan: The partner agency agrees to develop a comprehensive emergency response plan in cooperation with the local emergency management agency that is consistent with guidelines developed by the PA Emergency Management Agency and other pertinent State requirements.

- i. Immunization Requirements: The partner agency agrees to ensure that all children enrolled in Pre-K Counts meet the requirements as outlined by the Department of Human Services.
 - j. Comprehensive Screenings: The partner agency will complete or obtain hearing, vision, dental, mental health, and health on all children within 60 days of their first day in the classroom setting. The partner agency will complete developmental screenings of all children within 45 days of the child's first day in the classroom setting. Screenings that occur 90 days prior to entry in the classroom fulfill that requirement.
 - k. Waivers: The partner agency must work through the lead agency and the Pre-K Program Specialist for advance approval for waivers. Waivers must be submitted by the lead agency on behalf of the partner agency and facilitated through the Pre-K Program Specialist.
 - l. Participation in Development and Implementation of Enrollment Plan: The partner agency will collaborate with the lead agency in the development and implementation of a recruitment plan to reach eligible children within Westmoreland County. The plan will include media, flyers, community events, and collaboration with other agencies. Referrals are to be reviewed and ranked according to the established criteria that include eligibility requirements set forth by OCDEL and gives highest priority to children with the greatest risk factors. If determined eligible, the child's application will be completed for enrollment. Enrollment will begin with the highest-ranked children, and all others will be placed on a waiting list according to their rank. The partner agency agrees to maintain full enrollment and any vacancy must be filled within 20 instructional days. Full enrollment must be maintained until 20 days prior to the end of the program/school year, and if there is a vacancy within those 20 days, we are not required to fill it. Once program/school term is over, enrollment for the following program year may begin on June 1 for the upcoming program year to ensure full enrollment by September 1st, LVLC must be notified within 48 hours when a vacancy occurs. The partner agency understands that funding may be affected if slots remain unfilled. The partner agency must send a copy of the enrollment lists and waiting lists to LVLC at least one month prior to the start of the school year. Updated enrollment lists and waiting lists must be sent to LVLC in a timely manner (within 5 days of any change).
- The partner agency further agrees that it shall not discriminate against a child, parent, or any other person because of race, color, religious creed, ancestry, national origin, age, or sex.

EDUCATIONAL SERVICES AGREEMENT

This Educational Services Agreement ("Agreement") dated this 28th day of April, 2026, between **Derry Area School District**, located at 982 N. Chestnut Street Ext., Derry, PA 15627, (hereinafter referred to as the "District") and New Story Schools, located at 486 Cornell Road, Blairsville, PA 15717, (hereinafter referred to ("Provider")). District and Provider may be individually referred to as "Party" or collectively referred to as the "Parties."

WHEREAS, it is the desire and intent of the District to contract with Provider to receive certain educational and related services for certain identified students of the District; and

WHEREAS, it is the desire and intent of Provider to render and perform certain educational and related services for the aforementioned students under the terms and conditions set forth herein.

NOW, THEREFORE, in consideration of the consideration set forth in the attached Addendum "A," attached hereto, and the mutual promises contained herein, and intending to be legally bound, the District and Provider hereby agree as follows:

1. **Term.** This Agreement shall be in effect from August 1, 2026 through July 31, 2027, unless terminated earlier pursuant to the terms of this Agreement.
2. **Services.** The District agrees to purchase from Provider educational and related service as described in the individualized educational plan ("IEP"), and any revisions thereto of certain identified resident student(s) of the District. Provider shall provide the educational and related services described in the IEP of the student(s), and any revisions thereto, in accordance with all applicable federal and state laws, including, but not limited to, the Individuals with Disabilities Education Act ("IDEA") and Section 504 of the Rehabilitation Act of 1973. Provider agrees to participate in IEP and multi-disciplinary team ("MDT") meetings and to cooperate in the development of evaluations. The District will translate the IEP in the Parent's native language, as required by law. Additionally, all services provided pursuant to this Agreement shall include research-based methodologies. The parties agree that Provider has made no representations or other commitments regarding Student achieving any specific goals specified within the IEP.
3. **Transportation.** The District will be solely responsible for the transportation of students to Provider under this Agreement in accordance with applicable law, including, but not limited to, 24 P.S. 13-1361 and 67 Pa. Code Chapter 171. Once District transportation vehicles have departed from Provider property, they are not permitted to return with students. In the event of an off-site safety concern, District transportation personnel are expected to follow the District, or the District contractor's, established emergency procedures. These procedures should not include returning to Provider's location. Provider is unable to provide transportation support after school hours or off-site once students have been released to the care of the District and the District's transportation contractor. To maintain clear and consistent communication, Provider does not directly coordinate with transportation contractors. All communication should be routed through the appropriate District or designated transportation contractor. While Provider does not have a direct contractual relationship with

transportation contractors, we remain committed to working closely with our District partners to support student needs within the scope of our agreements.

4. **Payment.** Payment for tuition shall, as part of this Agreement, be made in accordance with the attached "Schedule A." If this Agreement includes Extended School Year ("ESY") services, those tuition charges are included on Schedule A. Provider shall invoice the District on a monthly basis within ten (10) days of the beginning of the month for which services are scheduled to be provided. Payment shall be remitted within 30 days' receipt of such invoices. Payments not paid within thirty (30) days of invoice date shall bear interest at the rate of 1.5% per month. If payments are not made within forty- five (45) days of the invoice date, any discounts identified in Schedule A shall not apply until the District's account is current. If Provider pursues collection of any unpaid amounts, the District will be responsible for any costs of collection, including attorney's fees.

5. **Attendance.** Provider agrees to record the student's attendance and to notify the District in writing if the student is truant as defined by the compulsory attendance law so that the District may investigate the enrollment status of the student. Provider agrees to attend, if asked by the District, a school attendance improvement conference, and to assist the District in preparing, subsequently, a written school attendance improvement plan, to the extent required under Pennsylvania's truancy law. Provider operates on a school year schedule in accordance with the Provider's calendar. The parties agree that the Provider may be closed by Provider due to inclement weather or for other safety reasons without prior notice to the District. In the event of an extended closure, Provider agrees to make a good faith effort to provide continuity of education for the student using alternative means during the period of closure, including provision of services virtually. Provider's plan to reopen after an extended closure will comply with State and Federal Law, and with Pennsylvania Department of Education guidelines and any other applicable law, regulation or governmental agency recommendations.

6. **Progress Reports.** Provider agrees to send progress monitoring reports to the District within fourteen (14) days after the end of each quarter as outlined by the school calendar, or more often if so required by the student's IEP.

7. **Termination.**
 - a. This Agreement may be terminated by either Party upon twenty-one (21) calendar days written notification to the other Party.
 - b. District shall remain obligated to pay all amounts due to Provider through the enrollment termination and such obligation shall survive any termination of this Agreement.
 - c. If a student becomes hospitalized, after ten (10) consecutive days, District can dis-enroll or choose to pay the Tier 1 rate to hold the seat.
 - d. Provider reserves the right to terminate a Student's enrollment at the Provider whenever Provider determines, in its sole discretion, that Student is not benefiting from the program being offered, Provider is unable to effectively deliver services to Student, Student presents a serious risk to the safety of others, and/or Student is in need of services which Provider is

unable to provide. Serious disciplinary infractions shall be defined at the sole discretion of Provider. However, the parties acknowledge that the Provider is designed and intended to educate students with behavioral challenges and that serious disciplinary infractions as defined by Provider must present exceptional challenges to be so defined.

- e. If enrollment continues beyond either party's twenty-one (21) calendar day notice for any reason, then Provider shall continue providing services until the District is able to find a new placement for a student for a total period up to sixty (60) days, provided the District is making a good faith effort to find a new placement. If the student's continued placement beyond the twenty-one (21) day notice would create a risk to the health, safety, or welfare of the student, other students, or Provider's staff, Provider reserves the right to provide virtual instruction to the student in its sole discretion. The rate for enrollment for any day following the twenty-one (21) calendar days' notice may be twice the rate of otherwise applicable under this Agreement.
 - f. If Provider gives twenty-one (21) calendar days' notice of termination due to the District's failure to pay amounts due and owing, Provider shall have the right to disenroll the student on the twenty-second (22nd) day following such notice.
 - g. If the student is no longer a resident of the District, this Agreement shall terminate upon the District's **written** notification to Provider. District shall be responsible for payment through the date of notification to Provider. To the extent the student's school district of residence may change during the term of this Agreement, it is the District's responsibility to immediately notify Provider in writing and take affirmative action to terminate this Agreement. To the extent the student's residency status is uncertain, and/or the District is disputing residency with other districts or parties, the District remains responsible for payment through the date it notifies the Provider in writing to terminate this Agreement.
8. **Dispute Resolution.** In the event that any disputes arise out of this Agreement, the parties shall seek to resolve the dispute as expeditiously as possible. The interests of the students shall be the foremost concern in resolving such disputes. Nothing in this section shall be construed, by either party, as a waiver of any right to legal or equitable relief consistent with section 21 of this Agreement.
9. **Discontinuance of Approval Status.** In the event that the approval status of Provider is discontinued by the Pennsylvania Department of Education, Provider must immediately provide written notice to the District and this Agreement shall be terminated. The District shall be responsible for tuition for the days the students are enrolled prior to the Department of Education's discontinuance notice. The Provider assures that it is not under suspension or debarment by the Commonwealth, any other state, or the federal government.
10. **Assignment.** Provider shall not assign this Agreement or any portion thereof to any other entity; however, Provider, may use employees and/or independent contractors to perform services under this Agreement.
11. **Licenses and Certifications.** Provider shall maintain, at its own expense, any required licenses and certifications to provide the aforementioned services. Provider employs

certified personnel as defined by the Pennsylvania Department of Education, including Private School certification, and otherwise meets regulatory requirements for a private licensed school. Provider shall be responsible for obtaining any and all necessary permits and licenses and for ensuring that each of its employees and/or independent contractors comply with all applicable laws, rules and regulations, whether federal, state or local, and the policies of Provider.

12. **Clearances.** Provider agrees that any individual who will be in direct contact with the District's students shall possess the following valid clearances and certifications as required by Section 1-111 of the Public School Code (24 P.S. § 1-111):

- d) Employment History Review (Act 168);
- e) Mandated reporter training and all other training required by law;
- f) Tuberculin testing (28 Pa Code 23.44).

Provider agrees to bear any costs or fees associated with obtaining these clearances, training and certifications. Provider agrees to provide proof of the aforementioned clearances upon request by the District. Provider will notify the District in writing within seventy-two (72) hours if it learns that a Provider Employee is arrested for or convicted of any crime. Provider will also notify the District in writing within seventy-two (72) hours of notification that a Provider employee has been named a perpetrator in an indicated or founded report pursuant to the Child Protective Services Law. Notwithstanding any other provision for termination in this Agreement, Provider's failure to comply with the requirements of this section shall be grounds for the District to immediately terminate this Agreement.

13. **Non-Solicitation.** The District shall not, directly or indirectly: (i) recruit, solicit or otherwise induce or attempt to induce any employee or independent contractor of Provider or any subsidiary or affiliate of Provider including, but not limited to, the Provider Representatives, to leave the employ or service of Provider or such subsidiary or affiliate, or in any way interfere with the relationship between Provider, its subsidiaries or its affiliates and their respective employees or independent contractors; or (ii) employ, hire or otherwise retain any person listed above while such person has such employment or contractual relationship with Provider, its subsidiaries or its affiliates including the Provider Representatives and for one year thereafter.

14. **Insurance.** Provider shall maintain the following insurance coverages in the following limits for the term of this Agreement:

The insurance company(ies) issuing the policies for such insurance coverage must have

at least an A- rating from AM Best. The Provider agrees to provide the District with certificates of insurance, naming the District as additional insured. Such certificates should indicate any deductible and/or self-insured retention and stipulate that the insurance will not be cancelled while this Agreement is in effect without 30 days' prior written notice to the District. The Provider further agrees to ensure that all subcontractors it retains in connection with the services provided maintain adequate insurance coverage with respect to the services performed under this Agreement.

15. **Privacy and Confidentiality.** All information of any kind regarding the students, including (without limitation) confidential Student data, shall be kept strictly confidential by District and Provider, and shall not be used or disclosed for any purpose except as provided in this Agreement, or as otherwise required by law. This obligation of confidentiality shall survive the expiration or termination of this Agreement. As used herein, the term "confidential student data" shall include, without limitation, any personal or identifying student information, names, addresses, date of birth, social security or other identification numbers, attendance records, grades, test results, assessments, work product, disciplinary records, and any information deemed to be a "education record" under the Family Educational Rights and Privacy Act (FERPA), 20 U.S.C. § 1232g.

Upon any suspected unauthorized access or acquisition of Personal Information, Provider will provide District access to all data or information requested by District as necessary to comply with any requirements to notify impacted individuals. Notwithstanding any other provision of this Agreement, Provider agrees to indemnify, defend, and hold harmless the District, its directors, officers, employees, agents and representatives, from and against any and all claims, demands, liabilities, suits, actions, damages, losses and any amounts payable whatsoever including, without limitation, court costs, investigative fees and expenses, and reasonable attorney's fees, arising out of or caused by the gross negligence, malfeasance or intentional recklessness of Provider and/or its partners, principals, agents, employees, subcontractors, and representatives or by their failure to perform pursuant to this Section 15 of this Agreement.

16. **Indemnification.** District agrees to indemnify, defend, and hold Provider harmless from any claims, losses, suits or damages caused by or arising from the negligence or willful misconduct of District, its agents and its employees, District's obligation to indemnify shall survive the termination of this Agreement.

Dear District Partner,

We are excited to begin another school year and continue working collaboratively with you to best meet the needs of our shared students. Thank you for your continued partnership and for the trust you place in New Story Schools to support your learners.

As we prepare for the 2026–2027 school year, New Story Schools in **Blairsville** will be implementing updates to our rate structure. In response to the increasing acuity and needs reflected in student referrals, we are transitioning from our current rate model to a streamlined tiered pricing structure. Enclosed with this letter is a *Tiered Program Support and Tuition Overview* that outlines the services provided at each tier, offering transparency and clarity regarding service levels for students. Additionally, we have included our *Intensive Staffing Rubric*, which is intended to support thoughtful collaboration among New Story staff, families, and district partners when considering the need for 1:1 staffing services. Together, these tools, along with student data, are designed to foster a shared understanding of services and supports being provided.

Over the past year, our solicitor has worked to update the New Story Schools district agreement to reflect feedback and requested changes shared by districts. As a result, the agreement accompanying this communication represents a standardized agreement used for all districts across the state and will not be revised on an individual district basis.

Like many organizations, New Story Schools continues to experience the effects of inflation and workforce shortages. To ensure we can maintain high-quality programming and retain skilled, dedicated staff, tuition rates have been adjusted accordingly. These updated rates will be reflected in tuition agreements for the 2026–2027 school year and are outlined below:

Tier 1 Rate – \$375 per day

Tier 2 Rate – \$415 per day

1:1 Staffing – Tier Rate + \$150 per day

Thank you for your understanding and for your continued collaboration and confidence in New Story Schools. We value our partnership and remain committed to providing high-quality, individualized services that support the needs of students with more complex learning profiles. We look forward to another successful school year and to continuing our shared work toward helping students develop the skills needed for successful reintegration into their district school settings.

Respectfully,

Tiered Tuition & Support Overview

Tier 1: Foundational to Moderate Support

Tier 1 serves students who require structured supports but can function successfully without intensive staffing ratios. The daily tuition rate for Tier 1 includes:

- Standard to moderately enhanced classroom staffing ratios.
- Academic instruction aligned to general education standards with some individualized supports and accommodations.
- Related services delivered per IEP, typically at low frequency or consultative levels.
- Behavioral supports focused on prevention and skill building, with minimal behavior team involvement.
- Regular monitoring of academic, behavioral, and social emotional progress
- Classroom wide instruction for social, emotional and regulation programming.
- Predictable classroom routines supporting engagement and learning
- Access to program wide de-escalation protocols for unexpected situations. Behaviors requiring de-escalation are infrequent and situational and are not part of the student's routine or daily programming.

Tier 2: Intensive Support

Tier 2 is designed for students who require higher levels of structure, individualized intervention, and regular behavioral support to access learning. The daily tuition rate for Tier 2 includes:

- Enhanced staffing ratios allowing consistent adult support and supervision.
- Individualized and small group academic instruction with ongoing adjustments.
- Related services provided per IEP, typically at moderate frequency.
- Regular behavior team involvement to support behavior plans, deescalation strategies, and progress monitoring
- Small group social, emotional and regulation programming
- Planned and anticipated access to crisis intervention. Students may require periodic to frequent de-escalation support provided by classroom staff in coordination with the behavior team. -- is regularly available but not continuously assigned to one staff member.

1:1 Staffing

1:1 Staffing is for students whose needs require continuous, individualized assistance to ensure safety, regulation, and access to instruction throughout the school day. The daily tuition rate for Tier 3 includes:

- Dedicated 1:1 staffing across all school settings to support behavioral, academic, and safety needs.

- Fully individualized academic programming with real-time instructional adjustments.
- Frequent and proactive behavior team involvement, including ongoing data review and modification of individualized behavior support plans.
- Full access to related services as outlined in the IEP, often at higher frequency.
- Environmental modifications, specialized materials, sensory support, and individualized safety planning.
- Highly structured routines with continuous adult facilitation to support regulation, engagement, and independence-building.
- Immediate and continuous crisis prevention, response, and recovery embedded throughout the day. The assigned 1:1 staff member works in coordination with the behavior team to provide real-time deescalation and safety support as needed.

1:1 Staffing Decision-Making Rubric

Purpose

To determine whether a student requires **dedicated 1:1 support** for safety, regulation, learning access, or independence-building. Decisions should be:

- Data-driven
- Environment-specific
- Based on documented needs rather than diagnosis or behavior history alone
- Focused on the least restrictive environment

Domains Assessed

Each domain is rated **0–3**.

A total score of **11 or above** typically triggers an IEP team discussion for 1:1 staffing consideration.

Domain 1: Safety, Behavior & Supervision Needs (0–3)

This domain assesses the student's ability to remain safe, regulate behavior, and function within the school environment with appropriate levels of adult supervision. Ratings reflect the frequency, intensity, and duration of behaviors that impact safety for the student and others, as well as the level of staff intervention required. Consideration is given to the student's ability to follow routines, respond to redirection, remain with their assigned group or area, and recover following behavioral incidents. Higher scores indicate increased safety risks, more significant behavioral challenges, greater disruption to instruction, and a need for intensive or continuous adult support.

Higher scores indicate increased reliance on continuous, individualized adult support to prevent harm to the student or others, maintain behavioral stability, and sustain access to instruction.

Score	Indicators
0 – Low	No safety concerns; follows routines; can remain with group without close supervision; behavior stable; minimal intervention; utilizes universal supports
1 – Mild	Occasional reminders needed to maintain safety; occasional impulsivity but easily redirected; minimal challenging behaviors managed by 1-2 staff members for safety when needed
2 – Moderate	Frequent reminders needed to maintain safety; frequent elopement attempts (1-2 per day) from the classroom or once per week to leave the building; physical impulsivity; challenging behavior episodes lasting several minutes such as aggression and self-injury that require frequent intervention from the behavior team (minimum 2 people); Disruption to classroom peers interfering with instruction
3 – High	Severe, frequent safety risk requiring continuous adult presence within arm length to prevent injury to self or others; 3-5 episodes per hour lasting 5 or more minutes per episode; recovery time of at least 10 minutes; behaviors resulting in tissue damage to student, staff, or peers

Domain 2: Academic & Instructional Access (0-3)

This domain evaluates the student's ability to access and engage in academic instruction with varying levels of instructional support. Ratings reflect the level of adult prompting, group size, and instructional scaffolding required for the student to participate meaningfully in learning activities, as well as the student's stamina for sustained engagement. Consideration is given to the student's independence, responsiveness to prompts, ability to work within whole-group or small-group settings, and need for individualized, continuous support to access curriculum and instruction. Higher scores indicate increased dependence on adult support to maintain engagement and complete academic tasks.

Students scoring at the highest level in this domain demonstrate an inability to access instruction without continuous, individualized adult support, which may necessitate IEP team discussion regarding 1:1 staffing to support academic engagement and instructional access.

Score	Indicators
0 – Low	Independently accesses instruction with minimal support; engages in instruction at least 20 minutes independently; Does not require related services
1 – Mild	Needs occasional small-group support (3-4 peers); can complete tasks with minimal prompts; engages in instruction at least 10 minutes consecutively; Minimal access to related services at 30 minutes or less per week
2 – Moderate	Requires prompting and frequent small-group support (1-2 peers) during academic instruction times; engages in instruction at least 5 minutes consecutively; Regular access to related services at 45 minutes or less per week
3 – High	Cannot access learning without continuous, individualized, moment-to-moment instructional support; Frequency access to related services at 60 minutes or less per week

Domain 3: Communication Skills (0-3)

This domain evaluates the student's ability to effectively communicate wants, needs, and understanding within the school environment, using verbal language and/or augmentative and alternative communication (AAC) systems. Ratings reflect the level of adult facilitation required to support expressive and receptive communication and the extent to which communication challenges impact learning, behavior regulation, and participation in school routines. Consideration is given to the student's independence in using communication systems, responsiveness to prompts, and whether breakdowns in communication contribute to challenging behaviors.

Students demonstrating significant communication barriers that require continuous facilitation to prevent challenging behavior may be unable to safely or effectively participate in instruction without dedicated adult support.

Score	Indicators
0 – Low	Communicates independently (verbal or AAC)
1 – Mild	Some communication deficits; occasional prompting needed
2 – Moderate	Significant expressive or receptive challenges that contribute to behaviors or learning barriers.
3 – High	Requires continuous facilitation of a communication system to prevent challenging behavior

Domain 4: Independence & Self-Management Skills (0-3)

This domain assesses the student's ability to independently manage daily school routines, transitions, self-care, and engagement in work and leisure activities. Ratings reflect the degree of adult prompting, supervision, and support required for the student to function throughout the school day, as well as the student's stamina, regulation, and need for breaks. Consideration is given to how cognitive, behavioral, or physical needs impact the student's capacity to initiate, sustain, and complete tasks without adult assistance.

Students demonstrating limited independence across routines, transitions, self-care, and work engagement, coupled with frequent break requirements, may be unable to safely and effectively participate in the school day without continuous adult support.

Score	Indicators
0 – Low	Independent with routines, transitions, and self-care for age; can independently engage in leisure skills for at least 15 minutes; requires minimal breaks throughout the day from work tasks
1 – Mild	Requires occasional supervision during routines, transitions, and self-care; can independently engage in leisure skills for at least 10 minutes; requires at least 1 break every 30-60 minutes throughout the day from work tasks
2 – Moderate	Requires visual supervision at all times during the school day; requires structured prompting for routines, transitions, and self-care; can independently engage in leisure skills for at least 5 minutes; requires at least 1 break every 15-30 minutes throughout the day from work tasks; requires health-related monitoring due to medical needs (i.e., diabetes, seizures)
3 – High	Requires direct adult support within arm's reach for all transitions, routines, and self-care tasks due to cognitive, behavioral, or physical needs; requires at least 1 break every 5-15 minutes throughout the day from work tasks; requires intensive health-related monitoring by a contracted medical professional during the school day

Decision Guidelines Based on Total Score

Total Score	Recommendation
0-3	1:1 not indicated; classroom and Tier 1/2 supports sufficient.
4-7	Review existing supports; consider Tier 2/3 staffing adjustments; not supported for 1:1.
8-10	Strong indication for Tier 3 and possible 1:1 during specific parts of the day; Collect additional data to determine if 1:1 support is needed for full day (See below under trial period)
11-12	Student likely requires full-time 1:1 support, pending team review and data verification.

Additional Criteria That MUST Be Considered:

A student should not receive 1:1 solely because of:

- Disability label
- Parent requests without supporting data
- Past placement where 1:1 was provided
- Staffing convenience
- Academic delays without safety or behavioral barriers

A 1:1 is indicated when:

- Without support, the student or others are unsafe or unable to access education
- Data shows classroom staff cannot safely or effectively meet needs
- The support will promote—not hinder—independence

Required Data Before Assigning a 1:1

Teams should review:

- Incident reports (frequency, intensity, duration)
- Behavioral data (ABC data, progress monitoring, reinforcement schedules)
- Related service assessments
- If applicable, VBMAP Barriers assessment or EFL Essential 8 assessment
- Functional Behavior Assessment (if available)
- Observations in class, transitions, and unstructured settings
- Evidence of attempted interventions (group support, visual schedules, behavior plan, sensory plan)

Trial Period Requirement

If the rubric suggests potential need for a 1:1:

- Collect structured data daily
- Implement a 15-day trial
- Review: increased independence? improved safety? access to learning?
- Determine if support should remain full-time, be modified, or be faded

Example Documentation Statement (for IEP)

“Over the last 15 instructional days, the student has averaged 27 aggression incidents per day, including hitting, biting, and throwing objects. Self-injurious behaviors occurred 12–18 times per day, including head banging requiring protective blocking. The student attempted to elope 19 times over 15 days, including two building exit attempts. Instructional engagement averaged 14% without 1:1 prompting and required continuous AAC modeling. Due to the frequency, intensity, and unpredictability of these behaviors—as well as the student’s inability to access instruction without individualized support—a 1:1 staff member is required for safety, regulation, learning access, and implementation of the IEP and PBSP.”
