Jersey Shore Area School District

LEARNING | GROWING | SUCCEEDING

504 Agreements at Jersey Shore

From the Federal Government

The Section 504 regulations require a school district to provide a "free appropriate public education" (FAPE) to each qualified student with a disability who is in the school district's jurisdiction, regardless of the nature or severity of the disability. Under Section 504, FAPE consists of the provision of regular or special education and related aids and services designed to meet the student's individual educational needs as adequately as the needs of nondisabled students are met.

From PDE

A student that does not qualify for special education services under IDEA (an educational law) still may qualify for services under Section 504 (a civil rights law) if the disability is shown to substantially limit his or her educational performance.

A child with a disability is one who has a physical or mental impairment that substantially limits major life activities, such as caring for one's self, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning and working. Accommodations often refer to building accessibility, classroom adjustments and curriculum modifications and may be updated or revised as the need changes.

34 CFR § 104.3 (j) defines a handicapped person with rights under the Rehabilitation Act as any person who:

- Has a physical or mental impairment which substantially limits one or more major life activities,
- Has a record of such an impairment, or
- Is regarded as having such an impairment.

Examples of disabilities under Section 504 include:

- Student breaks their arm in 5 places and cannot write; the district provides someone to take notes or write the homework
- Student is deaf and plays sports. The district provides an interpreter for the classroom and any school sports activities they are involved in
- Student has cancer, diabetes, epilepsy, migraines, allergies or asthma; the student is allowed to obtain treatment or medication, as needed
- Student uses a wheelchair; student is permitted to leave classes early to avoid hall traffic
- Student is under a doctor's care for depression or anxiety, frequent behavioral problems, ADHD; the student is given additional time for completing assignments and allowed to sit in the front of the classroom

At Jersey Shore

As of last week, 85 students in the district had an active 504 plan. This requires medical documentation, an eligibility determination, an initial team meeting, teacher communication to provide documentation on required supports and services, and an annual review. Meetings include the parent, student, regular education teacher, and Director of Pupil Services. 504 plans are managed entirely by the Director of Pupil Services including parent communication, meeting coordination, and teacher communication.

Policy Number 209
Title Health Examinations/Screenings
Version v3 · 8/27/2026 · DRAFT

Health Examinations/Screenings

AUTHORITY

In compliance with applicable law and regulations, and Board-approved health and safety plans, the Board shall require that district students submit to health and dental examinations, screenings and health monitoring in order to protect the school community from the spread of communicable disease and to ensure that the student's participation in health, safety and physical education courses meets the student's individual needs and that the learning potential of each student is not lessened by a remediable physical disability.[1][2][3][4]

GUIDELINES

Each student shall receive a comprehensive health examination conducted by the school physician upon original entry, in sixth grade, and in eleventh grade.[2][4][5]

Each student shall receive a comprehensive dental examination conducted by the school dentist upon original entry, in third grade, and in seventh grade.[3][4][5]

A private health and/or dental examination conducted at the parents'/guardians' request and expense shall be accepted in lieu of the school examination. The district shall accept reports of privately conducted physical and dental examinations completed within one (1) year prior to a student's entry into the grade where an exam is required.[5]

The school nurse or medical technician shall administer to each student vision tests, hearing tests, tuberculosis tests **and** other tests deemed **advisable and height and weight measurements**, at intervals established by the district. Height and weight measurements shall be used to calculate the student's weight-for-height ratio.[2][4][6]

The school nurse or other health care practitioner shall conduct measurements of height and weight for each student for the purpose of tracking growth patterns. Height and weight measurements will be conducted at intervals established by the district and in a manner that protects student confidentiality. Parents/Guardians have the right to request an exemption from height and weight measurements for their child, and the district must provide notification of the exemption request procedure.[2][25]

Parents/Guardians of students who are to receive physical and dental examinations or screenings shall be notified. The notice shall include the date and location of the examination or screening and notice that the parents/guardians may attend. The notice shall encourage the parent/guardian to have the examination or screening conducted by the student's private physician or dentist at the parent's/guardian's expense to promote continuity of care. Such statement may also include notification that the student may be exempted from such examination or screening if it is contrary to the parent's/guardian's religious beliefs.[7][8][9]

A student who presents a statement signed by the parent/guardian that a health examination is contrary to the student's or parent's/guardian's religious beliefs shall be examined only when the Secretary of Health determines that facts exist indicating that certain conditions would present a substantial menace

to the health of others in contact with the student if the student is not examined for those conditions.
[10] [11]

Where it appears to school health officials or teachers that a student deviates from normal growth and development, or where school examinations reveal conditions requiring health or dental care, the parent/guardian shall be notified of the apparent need for a special examination by the student's private physician or dentist. The parent/guardian shall report to the school whether a special examination occurred. If the parent/guardian fails to report whether the examination occurred within a reasonable time after being notified of the apparent need and the abnormal condition persists, appropriate school health personnel shall arrange a special health examination for the student. [2] [4] [12]

In the event that the parent/guardian objects to or refuses to obtain a regular or special health or dental examination or refuses to permit the child to be examined as arranged by the school nurse or school physician, the school nurse, in consultation with the school physician, shall determine whether the student appears to have unaddressed health conditions such that under the circumstances the refusal should be reported to the PA Department of Health or other appropriate authorities.

Where school health officials or staff have reasonable cause to suspect that a student may be the victim of child abuse, the school employee shall make a report of suspected child abuse in accordance with law and Board policy. [13] [14]

Health Monitoring

The Board directs district staff to monitor student health in accordance with applicable Board policy and the Board-approved health and safety plan. [15]

A student may request an alternative method of monitoring as a religious accommodation, and designated district staff shall assess and respond to such request in accordance with applicable law, regulations and Board policy. A request for an accommodation that would unreasonably impair safety or cause undue hardship will not be granted. [16]

A student with a health condition that may render a monitoring method ineffective should notify designated staff so that alternative or supplemental methods may be considered. [16] [17]

Students who may be exhibiting symptoms that indicate health concerns shall be referred to the school nurse or designated staff for further assessment and response, in accordance with Board policy. [15]

Health Records

The district shall maintain for each student a comprehensive health record which includes a record of immunizations and the results of tests, measurements, regularly scheduled examinations and special examinations. [2]

All health records shall be confidential and shall be disclosed only when necessary for the health of the student or when requested by the parent/guardian, in accordance with law and Board policy. [18] [19] [20]

The district may disclose information from health records to appropriate parties in connection with an emergency when necessary to protect the health or safety of the student or other individuals, in accordance with applicable law and Board policy. [15] [18] [19] [20] [21] [22] [23]

Designated district staff shall request from the transferring school the health records of students transferring into district schools. Staff shall respond to such requests for the health records of students transferring from district schools to other schools. [18]

The district shall destroy student health records only after the student has not been enrolled in district schools for at least two (2) years. [18] [24]

DELEGATION OF RESPONSIBILITY

The Superintendent or designee shall instruct all staff members to continually observe students for

conditions that indicate health concerns or disability and to promptly report such conditions to the school nurse or designated staff.^[2]

The Superintendent or designee shall ensure that educational information and materials regarding eating disorder awareness and education are made available to students in grades six through twelve. Eating disorder awareness and educational materials must also be posted on the district’s website.^{[26][27]}

The Superintendent or designee shall ensure that notice is provided to all parents/guardians regarding the existence of and eligibility for the Children's Health Insurance Program (CHIP).^[12]

Title School Calendar
Version v3 · 8/26/2026 · DRAFT

School Calendar

PURPOSE

The Board recognizes that preparation of an annual school calendar is necessary for the efficient operation of the district and communication with students, staff, parents/guardians and the school community.

AUTHORITY

The Board shall determine annually the days and the hours when the schools will be in session for instructional purposes, in accordance with state law and regulations. This may include, as appropriate, activities qualifying as instructional days or hours under the direction of certified school employees for fulfilling the minimum required days or hours of instruction under law, regulations and state guidance.[1][2][3][4][5][6][7][8][9]

The school calendar shall normally consist of a minimum of [1][2][8][10]

{ x } 180 student days.

~~{ } 900 hours of instruction at the elementary level and 990 hours of instruction at the secondary level.~~

~~{ } 450 hours of instruction for half-day kindergarten programs.~~

~~{ } and prekindergarten programs.~~

The Board reserves the right to alter the school calendar when it is in the best interests of the district, including in cases of emergency, in accordance with applicable law and regulations. The Board shall take action to establish temporary provisions in cases of emergency, in accordance with law, and shall document such actions with the PA Department of Education when required.[2][5][6][7][9][11][12][13][14]

When an emergency arises, which the Board could not anticipate or foresee, and such emergency results in the district being unable to provide for the in-person attendance of all students during the established length of school days, number of days per week or hours of classes, the Board may establish temporary provisions during the period of emergency. During an open regular or special Board meeting, the Board shall take action to identify the emergency and establish the temporary provisions. Such action shall be recorded in the Board minutes for the open meeting and certified with the Secretary of Education in the form prescribed by the PA Department of Education for review or approval. The Board shall enact the temporary provisions in response to the emergency, which may remain in effect for a period of no more than four (4) years.

Temporary provisions established in accordance with law may include but are not limited to:[1][2][5][6][7][8][9][12][13] [15]

1. Keeping schools in session such days and hours as the Board deems necessary, which shall include maintaining the requirement for a minimum of 180 student days or 900 hours of instruction at the elementary level and 990 hours of instruction at the secondary level.
~~{ } 450 hours of instruction for half-day kindergarten programs.~~
~~{ } and prekindergarten programs.~~
2. Reducing the length of time of daily instruction for courses and classes.
3. Implementing remote and other alternative methods of delivering instruction under the direction of certified school employees.

Each year, prior to finalizing the school calendar, the Board must discuss the use or potential use of flexible instructional days and remote or virtual instructional days at a public Board meeting.^[7]^[14]

DELEGATION OF RESPONSIBILITY

The Superintendent shall annually prepare a school calendar for Board consideration.

The Superintendent or designee shall document alterations to the school calendar and any temporary provisions in accordance with law, regulations, guidance from the PA Department of Education and Board policy.^[7]^[14]^[15]

Integrated Pest Management - Vol II 2026

PURPOSE

The district shall utilize integrated pest management procedures to manage structural and landscape pests and the toxic chemicals used for their control in order to alleviate pest problems with the least possible hazard to people, property and the environment.

~~The district shall integrate IPM education into the curriculum in accordance with relevant academic standards.~~

DEFINITIONS

Integrated Pest Management (IPM) is the ~~coordinated use of pest and environmental information to design and implement pest control methods that are economically, environmentally and socially sound. IPM promotes prevention over remediation and advocates integration of at least two (2) or more strategies to achieve long-term solutions.~~ **managed use of combined pest control alternatives, including cultural, mechanical, biological and chemical to most effectively prevent or reduce to acceptable levels damage caused by pests.**

[1]

Integrated Pest Management Plan is a plan that establishes a sustainable approach to managing pests by combining biological, cultural, physical and chemical tools in a way that minimizes economic, health and environmental risks.**[2]**

AUTHORITY

The Board establishes that the district shall use pesticides only after consideration of the full range of alternatives, based on analysis of environmental effects, safety, effectiveness and costs.[3][4]

The Board shall adopt an **IPM Integrated Pest Management** Plan for district buildings and grounds that complies with policies and regulations promulgated by the Department of Agriculture.[2][4]

The Board shall designate an employee to ~~serve as IPM Coordinator for the district.~~ **facilitate IPM for the district. The designated employee will be referred to as the district's IPM Coordinator or as otherwise specified at the district.**

DELEGATION OF RESPONSIBILITY

The IPM Coordinator shall be responsible to implement the ~~Integrated Pest Management~~ **IPM** Plan and to coordinate communications between the district and the approved contractor.

The IPM Coordinator shall be responsible to annually notify parents/guardians of the procedures for requesting notification of planned and emergency applications of pesticides in school buildings and on school grounds.[5]

The IPM Coordinator shall maintain detailed records of all chemical pest control treatments for at least three (3) years. Information regarding pest management activities shall be available to the public at the district's administrative office.[5]

Appropriate personnel involved in making decisions relative to pest management shall participate in **periodic training, as needed.**

GUIDELINES

Pest management strategies may include education, exclusion, sanitation,

maintenance, biological and mechanical controls, and site appropriate pesticides.

An **IPM** Plan shall include the education of staff, students and the public about IPM policies and procedures.

When pesticide applications are scheduled ~~in school~~ **for district** buildings and ~~on school~~ grounds, the district shall provide notification **at least seventy-two (72) hours in advance** in accordance with law, including:[5]

1. Posting a pest control sign in an appropriate area, **at the place to be treated. The sign shall remain in place for at least two (2) days following each planned treatment.**
2. Providing the pest control information sheet to all individuals working in the **affected** school building.
3. Providing required notice to all parents/guardians of students or to a list of parents/guardians who have requested notification of individual applications of pesticides.

Where pests pose an immediate threat to the health and safety of students or employees, the district may authorize an emergency pesticide application and shall notify by telephone any parent/guardian who has requested such notification.[5]

ADDENDUM TO CONTRACT FOR ADDITIONAL PURCHASE OF 2 ELEMENTARY STUDENT SLOTS WITH RIVER ROCK ACADEMY 2026-2027 SCHOOL YEAR

This Addendum ("Addendum") is dated this 31st day of August 2026, between Jersey Shore School District (hereafter referred to as the "District") and River Rock Academy (hereafter referred to as the "Provider").

This Addendum will be in addition to the "Jersey Shore SD Secondary Services 26-27 Contract" (hereafter referred to as the "Contract") between District and Provider, the terms of which are incorporated herein by reference.

1. District agrees to reserve **2** elementary student slots at the Williamsport Campus at a reduced per diem rate of \$200.00 for a prorated annual cost of **\$58,800.00**. Prorated annual cost based on a program start date of October 26th, 2026 (147 days remaining of school year).
2. District agrees to pay \$58,800.00 over a seven (7) month period: **\$8,400.00** on a monthly basis for seven months. First installment will be invoiced on October 15th, 2026.
3. Provider agrees to send District a monthly invoice on the 15th of each month for the monthly installment rate of \$8,400.00. District shall pay the invoice within thirty (30) days of the invoice receipt. Any amounts due Provider under the terms of this Contract which are not paid within thirty (30) days of the invoice receipt shall accrue interest at the rate of 0.5% per month, or such portion thereof from the due date, until payment is received by Provider. In the event that Provider has to pursue collection to recover any unpaid amounts, the District will be responsible for any costs of collection, including reasonable attorney's fees.
4. Provider agrees to hold 2 elementary student slot exclusively for District for the 2026 - 2027 school year. Any additional students above the 2 elementary reserved slot will incur a per diem cost of \$200.00 up to an additional 2 elementary students (4 total enrolled). Students enrolled over the total number of 4 will incur a per diem cost of \$275.00.
5. All other terms of the Contract remain in full force and effect.
6. This agreement has been drafted with a mutual understanding between Provider and the District, that the District has an intention to pre-purchase 2 reserved elementary student slots for the 2026-2027 school year. If this contract is not signed and returned to Provider by October 1, 2026, or by a date mutually agreed upon by both parties, then the request to reserve pre-purchased slots will be considered forfeited and the slot reservation is void.

After October 1, 2026, unless another date was agreed upon, if this slot agreement remains unsigned, it will convert to a services only agreement for the District to receive elementary services at the standard per diem rate of \$275.00.

7. No change, amendment or modification to this Addendum shall be effective unless it is in writing and signed by both the District's and Provider's authorized personnel.
8. This Addendum may be executed in counterparts, each of which shall be deemed an original, but all of which together shall be deemed to be one and the same Addendum. Electronic signatures are acceptable. A signed copy of this Addendum delivered by facsimile, e-mail, or other means of electronic transmission shall be deemed to have the same legal effect as delivery of an original signed copy of this Addendum.
9. District represents and warrants that the individual executing this Addendum is duly authorized to execute and deliver this Addendum on its behalf and this Addendum is a valid and binding obligation of District.
10. This Addendum contains the entire understanding between the Parties with respect to their subject matter and superseded all prior or contemporaneous Contracts or understandings between the Parties with respect to subject matter contained herein.

Thank you for this opportunity to serve the Jersey Shore School District.
