Purpose

The Board recognizes its responsibility for the development, assessment and improvement of the educational program of the schools. To this end, the curriculum shall be evaluated, developed and modified on a continuing basis and in accordance with a plan for curriculum improvement.[1]

Definition

For purposes of this policy, **curriculum** shall be defined as a series of planned instruction aligned with established academic standards in each subject that is coordinated, articulated and implemented in a manner designed to result in the achievement of academic standards at the proficient level by all students.[2][3] **[4]**

Authority

The Board shall be responsible for the curriculum of the district's schools. The curriculum shall be designed to provide students the opportunity to achieve the academic standards established by the Board. Attaining the academic standards requires students to demonstrate the acquisition and application of knowledge.[1][2] **[4]**

In order to provide a quality educational program for district students, the Board shall adopt a curriculum plan that includes the requirements for courses to be taught; subjects to be taught in the English language; courses adapted to the age, development and needs of

students; and strategies for assisting those students having difficulty attaining the academic standards.[1][2][5][6][7] [8]

Special Instruction/Observances

The district's curriculum plan must also include provisions for special instruction and observances to comply with state and federal law including, but not limited to, Constitution Day and Citizenship Day, Arbor Day and the Bill of Rights Week.[9] [10][11]

Guidelines

The district's curriculum shall provide the following:

1. Continuous learning through effective collaboration among the schools of this district.
2. Continuous access for all students to sufficient programs and services of a library/media facility and classroom collection to support the educational program. [12]
3. Guidance and counseling services for all students to assist in career and academic planning. [13]
4. A continuum of educational programs and services for all students with disabilities, pursuant to law and regulation. [14]
5. Language Instruction Educational Program for English Learner students, pursuant to law, regulation and Board policy.[15] [16]
6. Compensatory education programs for students, pursuant to law and regulation.
7. Equal educational opportunity for all students, pursuant to law and regulation. [17] [18]
8. Career awareness and vocational education, pursuant to law and regulation. [19]
9. Educational opportunities for identified gifted students, pursuant to law and regulation. [20]
10. Regular and continuous instruction in required safety procedures. [21]

Delegation of Responsibility

As the educational leader of the district, the Superintendent shall be responsible to the Board for the district's curriculum. **The Superintendent** shall establish procedures for curriculum development, evaluation and modification, which ensure the utilization of available resources, and effective participation of [1] administrators, teaching staff members, and students.

A listing of all curriculum materials shall be made available for the information of parents/guardians, students, staff and Board members.[1] **[22]**

The Board encourages, where it is feasible and in the best interest of district students, participation in state-initiated pilot programs of educational research. The Board directs the Superintendent to **actively** pursue state and federal aid in support of research activities.

Title	Virtual Attendance and Wellness Checks
Revised	10/22/2026
Last Reviewed	8/20/2026
Version	v1 · 11/3/2026

Virtual Attendance and Wellness Checks

PURPOSE

This policy establishes standards for wellness checks for students who receive academic instruction exclusively through the district's virtual instruction program for the full school year. Wellness checks are conducted to verify attendance and to facilitate the safety and well-being of students.

AUTHORITY

The Board directs the maintenance of a wellness check process that complies with state law. [1]

This policy shall be posted on the district's publicly accessible website.[1]

DEFINITION

District employee/representative – a district teacher, administrator or other district representative who is subject to mandated reporter requirements for child abuse under the Child Protective Services Law.[2][3]

DELEGATION OF RESPONSIBILITY

The Superintendent or designee shall be responsible for implementing this policy.

It shall be the responsibility of the designated district employee/representative to administer wellness check procedures in accordance with applicable law and this policy.

GUIDELINES

Weekly Wellness Checks

Weekly wellness checks must be conducted for each student enrolled in the district's virtual instruction program who receives academic instruction exclusively through virtual means for the full school year.[1]

At least once during any week consisting of three (3) or more full or partial academic instructional days, a district employee/representative shall ensure that each student is visibly seen and communicated with in real time either, in person or through electronic means.[1]

Wellness Check Methods

Acceptable methods of conducting wellness checks include:[1]

1. A student turning on a webcam and the district employee/representative visibly seeing and communicating with the student during synchronous online instruction.
2. Virtual or face-to-face participation by the student in any of the following activities:
   a. Health screenings.
   b. Standardized testing.
   c. Advising sessions.
   d. Tutoring sessions.
   e. In person, school-sponsored activities chaperoned by a district employee/representative.

Excused Absence Exemptions

A student may be exempt from a wellness check on the day a check is attempted if the student has an excused absence pursuant to applicable attendance requirements.[1] [4][5]

If this occurs, the district shall conduct the wellness check on the next school day or another school day during the same week. If a student has an excused absence for all school days during the same week, the student shall be exempt from the wellness check requirement for that week.[1] [4][5]

Internet or Power Outage Exemptions

A student may be exempt from a wellness check when the student's household experiences a documented Internet or power outage during the day and time of the attempted wellness check.[1]

If this occurs, the district shall conduct the wellness check on the next school day or another school day during the same week following resolution of the outage.[1]

The student’s parent/guardian shall provide documentation of the outage to the district as soon as possible.[1]

Failure to Complete a Required Wellness Check

Within one (1) school day after a student fails to complete a required wellness check, the district shall:[1]

1. Make documented and ongoing efforts to complete the required wellness check and contact the student's parent/guardian using at least two (2) different methods of communication; and
2. Provide written notice to the parent/guardian, in the parent's/guardian's preferred language, stating that the required wellness check has not been completed.

Wellness Review Conference

If the required wellness check is not completed within three (3) school days following the issuance of written notice, the district shall immediately schedule a wellness review conference to occur within one (1) school day. The wellness review conference may be conducted in person or through electronic means.[1]

The wellness review conference will be conducted to:[1]

1. Complete the required wellness check through real-time visual interaction with the student;
2. Reestablish communication with the student and the student's parent/guardian; and
3. Identify interventions to facilitate future participation in wellness checks.

The wellness review conference shall convene as scheduled regardless of whether the student or the student's parent/guardian participates.[1]

In-Person Wellness Check

If a student does not participate in the wellness review conference, the district must conduct an in-person wellness check within twenty-four (24) hours of the scheduled conference, even if this time period falls on a weekend or holiday.[1]

When the district has been unable to reach or obtain a response from the student or the student's parent/guardian, the Superintendent or designee shall consult with the district solicitor for guidance.

Wellness Check Records

The district shall maintain accurate records of all wellness checks, including the date, time, method, and outcome of each check.[1]

District administrators are prohibited from altering attendance records for wellness checks after a wellness check has been performed, except to correct an identified error.[1]

Reporting Requirements

Any district employee/representative who observes any indication of abuse, neglect or harm to a child during a wellness check, wellness review conference, or related contact, the district employee/representative is required to report the concerns in accordance with law and Board policy.[1][2][3]

The district shall maintain documentation sufficient to demonstrate compliance with this policy and applicable law.[1]

Such documentation shall be provided to the Pennsylvania Department of Education (PDE) upon request. Failure to comply with such requests may result in:[1]

1. A requirement to report to PDE the date, time and method of each wellness check for each student enrolled exclusively in the district's virtual instruction program.
2. Mandating district educators, administrators and staff to complete child abuse recognition, prevention and reporting training annually.

3. Requiring the district to meet in person with each student enrolled in a virtual instruction program at least once during the school year following the school year in which the district was found to be out of compliance.
4. Prohibiting the district from being awarded a competitive state grant by PDE until the district demonstrates compliance.

BOARD POLICY

249 Bullying/Cyberbullying

POLICY NUMBER	VERSION	DOCUMENT STATUS	WORKFLOW
249	v2	UNDER REVIEW	Pending Board Review

PRINTED
11/5/2026

Purpose

The Board is committed to providing a safe, positive learning environment for district students. The Board recognizes that bullying creates an atmosphere of fear and intimidation, detracts from the safe environment necessary for student learning and may lead to more serious violence. Therefore, the Board prohibits bullying by district students.

Definitions

Bullying means an intentional electronic, written, verbal or physical act or series of acts directed at another student or students, which occurs in a school setting that is severe, persistent or pervasive and has the effect of doing any of the following:[1]

1. Substantially interfering with a student's education.
2. Creating a threatening environment.
3. Substantially disrupting the orderly operation of the school.

Bullying, as defined in this policy, includes cyberbullying.

School setting means in the school, on school grounds, in school vehicles, at a designated bus stop or at any activity sponsored, supervised or sanctioned by the school.[1]

Authority

The Board prohibits all forms of bullying by district students.[1]

The Board encourages students who believe they or others have been bullied to promptly report such incidents to the building principal or designee.

Students are encouraged to use the district's report form, available from the building principal, or to put the complaint in writing; however, oral complaints shall be accepted and documented. The person accepting the complaint shall handle the report objectively, neutrally and professionally, setting aside personal biases that might favor or disfavor the student filing the complaint or those accused of a violation of this policy.

The Board directs that verbal and written complaints of bullying shall be investigated promptly, and appropriate corrective or preventative action be taken when allegations are substantiated. The Board directs that any complaint of bullying brought pursuant to this policy shall also be reviewed for conduct which may not be proven to be bullying under this policy but merits review and possible action under other Board policies.

When a student's behavior indicates a threat to the safety of the student, other students, school employees, school facilities, the community or others, district staff shall report the student to the threat assessment team, in accordance with applicable law and Board policy. [2] **[3]**

Discrimination/**Harassment**

Every report of alleged bullying that can be interpreted at the outset to fall within the provisions of policies addressing potential violations of laws against discrimination **or harassment** shall be handled as a joint, concurrent investigation into all allegations and coordinated with the full participation of the Compliance Officer and Title IX Coordinator. If, in the course of a bullying investigation, potential issues of discrimination **or harassment** are identified, the Title IX Coordinator shall be promptly notified, and the investigation shall be conducted jointly and concurrently to address the issues of alleged discrimination **or harassment** as well as the incidents of alleged bullying. **[4]** **[5]**

Confidentiality

Confidentiality of all parties, witnesses, the allegations, the filing of a complaint and the investigation shall be handled in accordance with applicable law, regulations, this policy and the district's legal and investigative obligations.

Retaliation

Reprisal or retaliation relating to reports of bullying or participation in an investigation of allegations of bullying is prohibited and shall be subject to disciplinary action.

Delegation of Responsibility

Each student shall be responsible to respect the rights of others and to ensure an atmosphere free from bullying.

The Superintendent or designee shall develop administrative regulations to implement this policy.

The Superintendent or designee shall ensure that this policy and administrative regulations are reviewed annually with students.[1]

The Superintendent or designee, in cooperation with other appropriate administrators, shall review this policy every three (3) years and recommend necessary revisions to the Board.[1]

District administration shall annually provide the following information with the **school safety and security incident report**:[1][6]

1. Board's Bullying Policy.
2. Report of bullying incidents.
3. Information on the development and implementation of any bullying prevention, intervention or education programs.

Guidelines

The Code of Student Conduct, which shall contain this policy, shall be disseminated annually to students.[1] [7] [8]

This policy shall be accessible in every classroom. The policy shall be posted in a prominent location within each school building and on the district website.[1]

Education

The district may develop, implement and evaluate bullying prevention and intervention programs and activities. Programs and activities shall provide district staff and students with appropriate training for effectively responding to, intervening in and reporting incidents of bullying.[1][9][10] [11]

Consequences for Violations

A student who violates this policy shall be subject to appropriate disciplinary action consistent with the Code of Student Conduct, which may include:[1] [7] [12]

1. Counseling within the school.
2. Parental conference.
3. Loss of school privileges.
4. Exclusion from school-sponsored activities.
5. Detention.
6. Suspension.
7. Expulsion.
8. Counseling/Therapy outside of school.
9. Referral to law enforcement officials.

Policy Number	716
Title	Integrated Pest Management
Adopted	7/11/2012
Version	v2 · 11/3/2026 · DRAFT

Integrated Pest Management

Purpose

The district shall utilize integrated pest management procedures to manage structural and landscape pests and the toxic chemicals used for their control in order to alleviate pest problems with the least possible hazard to people, property and the environment.

The district shall integrate IPM education into the curriculum in accordance with relevant academic standards.[1] [2]

Definitions

Integrated Pest Management (IPM) is the coordinated use of pest and environmental information to design and implement pest control methods that are economically, environmentally and socially sound. IPM promotes prevention over remediation and advocates integration of at least two (2) or more strategies to achieve long-term solutions.

Integrated Pest Management Plan is a plan that establishes a sustainable approach to managing pests by combining biological, cultural, physical and chemical tools in a way that minimizes economic, health and environmental risks.[3]

Authority

The Board establishes that the district shall use pesticides only after consideration of the full range of alternatives, based on analysis of environmental effects, safety, effectiveness and costs.[4][5]

The Board shall adopt an Integrated Pest Management Plan for district buildings and grounds that complies with policies and regulations promulgated by the Department of Agriculture.[3][5]

Delegation of Responsibility

The Director of Physical Plant shall be responsible to implement integrated pest management plan and to coordinate communications between the district and the approved contractor.

The Director of Physical Plant shall be responsible to notify parents/guardians of planned and emergency applications of pesticides in school buildings and on school grounds.[6]

Appropriate personnel involved in making decisions relative to pest management shall participate in update training.

Guidelines

Pest management strategies may include education, exclusion, sanitation, maintenance, biological and mechanical controls, and site appropriate pesticides.

An integrated pest management decision shall consist of the following five (5) steps:

1. Identify pest species.
2. Estimate pest populations and compare to established action thresholds.
3. Select the appropriate management tactics based on current on-site information.
4. Assess effectiveness of pest management.
5. Keep appropriate records.

6. All applications will occur after school hours or on weekends/holidays to avoid contact with students and employees.

An Integrated Pest Management Plan shall include the education of staff, students and the public about IPM policies and procedures.

When pesticide applications are scheduled in school buildings and on school grounds, the district shall provide notification in accordance with law, including:[6]

1. Posting a pest control sign in an appropriate area.

2. Providing the pest control information sheet to all individuals working in the school building.

3. Providing required notice to all parents/guardians of students or to a list of parents/guardians who have requested notification of individual applications of pesticides.

Where pests pose an immediate threat to the health and safety of students or employees, the district may authorize an emergency pesticide application and shall notify by telephone any parent/guardian who has requested such notification.[6]

The district shall maintain detailed records of all chemical pest control treatments for at least three (3) years. Information regarding pest management activities shall be available to the public at the district's administrative office and published on the district web site.[6]

What Happened at the BCIU Board Meeting?

October 15, 2026 | BOARD HIGHLIGHTS

Inspiring Learning in New Spaces | "Tell Us One Thing"

The Board viewed a video presentation showcasing the impact of the BCIU's newly renovated learning environments at the BCIU Learning Center at Centre Avenue, the BCIU Learning Center at Commons Boulevard, and the Pathways to Adult Living (PAL) Program space at the BCIU Main Office. Through a series of reflections, students and staff shared "one thing" they value most about their new spaces, emphasizing improved opportunities for learning, collaboration, creativity, and personal growth.

Dr. Jill Hackman, Executive Director; Dr. Michelle Reichard-Huff, Director of Early Childhood and Student Services; and Steven Adames, a student in the Pathways to Adult Living (PAL) Program, served as co-hosts, illustrating how thoughtfully designed learning spaces help inspire confidence, independence, and a sense of belonging for the children, students, and families served by the BCIU.

Pathways to Adult Living (PAL) Program Update

Program Administrator Jessica Head provided an update on the Pathways to Adult Living (PAL) Program, highlighting the meaningful workplace learning experiences available to students through partnerships across the BCIU. Through these hands-on opportunities, students have developed valuable job skills, explored career interests, strengthened their independence, and gained practical experience in professional work environments.

Ms. Head also recognized BCIU staff members who serve as mentors and workplace partners, helping students build confidence, develop employability skills, and prepare for future success. She noted that these collaborative efforts reflect the BCIU's commitment to providing authentic learning experiences that support students' transition from school to adulthood.

BOARD ACTIONS

- Approved the minutes of the September 17, 2026, Board meeting.
- Approved the 2027-2028 BCIU Holiday/Event Calendar.
- Approved personnel actions including employment recommendations, changes of status, substitute appointments, leaves of absence, and resignations.
- Acknowledged receipt of Berks County Head Start reports, including Policy Council minutes and resolutions, correspondence from the Office of Head Start, and the Head Start Director's Performance Standards Report.
- Acknowledged receipt of proposals and awarded a contract to K12 Tutoring Inc. for High-Dosage Virtual Literacy Tutoring Services.
- Approved the first reading of multiple revised Board policies, including Policy Manual Access, Dress and Grooming, Searches, Communicable Diseases, Working Periods, Integrated Pest Management, Intermediate Unit Calendar, School Security Personnel, Social Media, and Relations with Educational Entities.

Purpose

The Board recognizes the importance of developing, assessing and expanding academic standards to challenge students to achieve at their highest level possible. To this end, the district shall establish rigorous academic standards in accordance with, and may expand upon, those adopted by the State Board of Education.[1][2]

Definition

Academic standards means what a student should know and be able to do at a specified grade level. For purposes of this policy, the term **academic standards** encompasses Pennsylvania Core Standards, state academic standards and local academic standards.[3]

Authority

The Board shall approve academic standards for district students to attain, in the following content areas:[2]

1. English Language Arts (reading, writing, speaking and listening).
2. Mathematics.
3. Science, Environment, Ecology, Technology and Engineering (Grades K-5).

4. Science, Environment and Ecology (Grades 6-12).
5. Technology and Engineering (Grades 6-12).
6. Social Studies (history, geography, civics and government, economics) - to include reading in history and social studies, and writing for history and social studies.
7. Arts and Humanities.
8. Career Education and Work.
9. Health, Safety and Physical Education.
10. Family and Consumer Sciences.

Guidelines

The district's curriculum shall be designed to provide students with the planned instruction needed to attain established academic standards.[2] [4] [5]

The district shall assess individual student attainment of established academic standards and provide assistance for students having difficulty attaining academic standards.[2] [6] [7]

Students with disabilities may attain academic standards by completion of their Individualized Education Programs in accordance with law, regulations and Board policy.[2] [8]

BOARD POLICY

246 School Wellness

POLICY NUMBER	VERSION	DOCUMENT STATUS	WORKFLOW
246	v2	UNDER-REVIEW	Pending Board Review

PRINTED
10/9/2026

Purpose

Muhlenberg School District recognizes that student wellness and proper nutrition are related to students' physical well-being, growth, development and readiness to learn. The Board is committed to providing a school environment that promotes student wellness, proper nutrition, nutrition education and promotion, and regular physical activity as part of the total learning experience. In a healthy school environment, students will learn about and participate in positive dietary and lifestyle practices that can improve student achievement.

Authority

The Board adopts this policy based on the recommendations of the Wellness Committee and in accordance with federal and state laws and regulations.[1][2]

To ensure the health and well-being of all students, the Board establishes that the district shall provide to students:

1. A comprehensive nutrition program consistent with federal and state requirements.
2. Access at reasonable cost to foods and beverages that meet established nutrition guidelines.
3. Physical education courses and opportunities for developmentally appropriate physical activity during the school day.
4. Curriculum and programs for grades K-12 that are designed to educate students about proper nutrition and lifelong physical activity, in accordance with State Board of Education curriculum regulations and academic standards.

Delegation of Responsibility

The Superintendent or designee shall be responsible for the implementation and oversight of this policy to ensure each of the district's schools, programs and curriculum is compliant with this policy, related policies and established guidelines or administrative regulations.[1][2]

Each building principal or designee shall annually report to the Superintendent or designee regarding compliance in his/her school.[2]

Staff members responsible for programs related to school wellness shall report to the Superintendent or designee regarding the status of such programs.

The Superintendent or designee shall annually report to the Board on the district's compliance with law and policies related to school wellness. The report may include:

1. Assessment of school environment regarding school wellness issues.
2. Evaluation of food services program.
3. Listing of activities and programs conducted to promote nutrition and physical activity.

The Superintendent or designee and the established Wellness Committee shall conduct an assessment at least once every three (3) years on the contents and implementation of this policy as part of a continuous improvement process to strengthen the policy and ensure implementation. This triennial assessment shall be made available to the public in an accessible and easily understood manner and include:[1][2]

1. The extent to which each district school is in compliance with law and policies related to school wellness.
2. The extent to which this policy compares to model wellness policies.
3. A description of the progress made by the district in attaining the goals of this policy.

At least once every three (3) years, the district shall update or modify this policy as needed, based on the results of the most recent triennial assessment and/or as district and community needs and priorities change; wellness goals are met; new health science, information and technologies emerge; and new federal or state guidance or standards are issued.[2]

The district shall annually inform and update the public, including parents/guardians, students, and others in the community, about the contents, updates and implementation of this policy via the district website, student handbooks, newsletters, posted notices and/or other efficient communication methods. This annual notification shall include information on how to access the School Wellness policy; information about the most recent triennial assessment; information on how to participate in the development, implementation and periodic review and update of the School Wellness policy; and a means of contacting Wellness Committee leadership.[1][2]

Guidelines

Recordkeeping

The district shall retain records documenting compliance with the requirements of the School Wellness policy, which shall include:[2][3]

1. The written School Wellness policy.
2. Documentation demonstrating that the district has informed the public, on an annual basis, about the contents of the School Wellness policy and any updates to the policy.
3. Documentation of efforts to review and update the School Wellness policy, including who is involved in the review and methods used by the district to inform the public of their ability to participate in the review.
4. Documentation demonstrating the most recent assessment on the implementation of the School Wellness policy and notification of the assessment results to the public.

Wellness Committee

The district shall establish a Wellness Committee comprised of, but not necessarily limited to, at least one (1) of each of the following: School Board member, district administrator, district food service representative, student, parent/guardian, school health professional, physical education teacher and member of the public. It shall be the goal that committee membership will include representatives from each school building and reflect the diversity of the community.[1]

The Wellness Committee shall serve as an advisory committee regarding student health issues and shall be responsible for developing, implementing and periodically reviewing and updating a School Wellness policy that complies with law to recommend to the Board for

adoption.

The Wellness Committee shall review and consider evidence-based strategies and techniques in establishing goals for nutrition education and promotion, physical activity and other school based activities that promote student wellness as part of the policy development and revision process.[2]

Advisory Health Council

The Advisory Health Council may examine related research, assess student needs and the current school environment, review existing Board policies and administrative regulations, and raise awareness about student health issues.

The Advisory Health Council may make policy recommendations to the Board related to other health issues necessary to promote student wellness.

The Advisory Health Council shall provide periodic reports to the Superintendent or designee regarding the status of its work, as required.

Individuals who conduct student medical and dental examinations shall submit to the Advisory Health Council annual reports and later reports on the remedial work accomplished during the year, as required by law.[4]

Nutrition Education

Nutrition education will be provided within the sequential, comprehensive health education program in accordance with curriculum regulations and the academic standards for Health, Safety and Physical Education, and Family and Consumer Sciences.[5] **[6]** **[7]**

Nutrition education shall provide all students with the knowledge and skills needed to lead healthy lives.

Nutrition education lessons and activities shall be age-appropriate.

Lifelong lifestyle balance shall be reinforced by linking nutrition education and physical activity.

Nutrition Promotion

Nutrition promotion and education positively influence lifelong eating behaviors by using evidence-based techniques and nutrition messages, and by creating food environments that encourage healthy nutrition choices and encourage participation in school meal programs.

District staff shall cooperate with agencies and community organizations to provide opportunities for appropriate student projects related to nutrition.

Consistent nutrition messages shall be disseminated and displayed throughout the district, schools, classrooms, cafeterias, homes, community and media.

District schools shall offer resources about health and nutrition to encourage parents/guardians to provide healthy meals for their children.

Physical Activity

District schools shall strive to provide opportunities for developmentally appropriate physical activity during the school day for all students.

Students shall participate daily in a variety of age-appropriate physical activities designed to achieve optimal health, wellness, fitness and performance benefits.

A physical and social environment that encourages safe and enjoyable activity for all students shall be maintained.

Physical Education

A sequential physical education program consistent with curriculum regulations and Health, Safety and Physical Education academic standards shall be developed and implemented. All district students must participate in physical education. **[6]** **[7]** [9]

Quality physical education instruction that promotes lifelong physical activity and provides instruction in the skills and knowledge necessary for lifelong participation shall be provided.

Physical education classes shall be the means through which all students learn, practice and are assessed on developmentally appropriate skills and knowledge necessary for lifelong, health-enhancing physical activity.

A varied and comprehensive curriculum that promotes both team and individual activities and leads to students becoming and remaining physically active for a lifetime shall be provided in the physical education program.

Safe and adequate equipment, facilities and resources shall be provided for physical education courses.

Physical education shall be taught by certified health and physical education teachers.

Other School Based Activities

Safe drinking water shall be available and accessible to students, without restriction and at no cost to the student, at all meal periods and throughout the school day.[10][11][12][13]

Nutrition professionals who meet hiring criteria established by the district and in compliance with federal regulations shall administer the school meals program. Professional development and continuing education shall be provided for district nutrition staff, as required by federal regulations.[8][14][15][16]

District schools shall provide adequate space, as defined by the district, for eating and serving school meals.

Students shall be provided a clean and safe meal environment.

Nutrition content of school meals shall be available to students and parents/guardians.

To the extent possible, the district shall utilize available funding and outside programs to enhance student wellness.

The district shall maintain a healthy school environment to optimize conditions for learning and minimize potential health risks to students, in accordance with the district's school environmental health program and applicable laws and regulations.

Nutrition Guidelines for All Foods/Beverages at School

All foods and beverages available in district schools during the school day shall be offered to students with consideration for promoting student health and reducing obesity.

Foods and beverages provided through the National School Lunch or School Breakfast Programs shall comply with established federal nutrition standards.[10][11][14][15]

Foods and beverages offered or sold at school-sponsored events outside the school day, such as athletic events and dances, shall offer healthy alternatives in addition to more traditional fare.

Competitive Foods -

Competitive foods available for sale shall meet or exceed the established federal nutrition standards (USDA Smart Snacks in School). These standards shall apply in all locations and through all services where foods and beverages are sold to students, which may include, but are not limited to: a la carte options in cafeterias, vending machines, school stores, snack carts and fundraisers.[2][17][18]

Competitive foods are defined as foods and beverages offered or sold to students on school campus during the school day, which are not part of the reimbursable school breakfast or lunch.

For purposes of this policy, **school campus** means any area of property under the jurisdiction of the school that students may access during the school day.[2][17]

For purposes of this policy, **school day** means the period from midnight before school begins until thirty (30) minutes after the end of the official school day.[2][17]

The district may impose additional restrictions on competitive foods, provided that the restrictions are not inconsistent with federal requirements.[17]

Fundraiser Exemptions -

Fundraising activities held during the school day involving the sale of competitive foods shall be limited to foods that meet the Smart Snacks in School nutrition standards, unless an exemption is approved in accordance with applicable Board policy and administrative regulations. **[19]**

The district may allow a limited number of exempt fundraisers as permitted by the Pennsylvania Department of Education each school year: up to five (5) exempt fundraisers in elementary and middle school buildings, and up to ten (10) exempt fundraisers in high school buildings. **Exempt fundraisers** are fundraisers in which competitive foods are available for sale to students that do not meet the Smart Snacks in School nutrition standards.[17]

The district shall establish administrative regulations to implement fundraising activities in district schools, including procedures for requesting a fundraiser exemption.

Non-Sold Competitive Foods -

Non-sold competitive foods available to students, which may include but are not limited to foods and beverages offered as rewards and incentives, at classroom parties and celebrations, or as shared classroom snacks, shall meet or exceed the standards established by the district.

If the offered competitive foods do not meet or exceed the Smart Snacks in School nutrition standards, the following standards shall apply:

1. Rewards and Incentives:

    a. Foods and beverages shall not be used as a reward for classroom or school activities unless the reward is an activity that promotes a positive nutrition message (e.g., guest chef, field trip to a farm or farmers market, etc.).

2. Classroom Parties and Celebrations:

    a. Classroom parties/celebrations with food/beverages shall be limited to no more than one (1) per month in each classroom.

    b. When possible, foods/beverages for parties and celebrations shall be provided by the food service department to help prevent food safety and allergy concerns.

3. Shared Classroom Snacks:

    a. { } Shared classroom snacks are not permitted in district schools.

The district shall provide a list of suggested nonfood ideas and healthy food and beverage alternatives to parents/guardians and staff, which may be posted via the district website, student handbooks, newsletters, posted notices and/or other efficient communication methods.

Marketing/Contracting -

Any foods and beverages marketed or promoted to students on the school campus during the school day shall meet or exceed the established federal nutrition standards (USDA Smart Snacks in School) and comply with established Board policy and administrative regulations. [2][17]

Exclusive competitive food and/or beverage contracts shall be approved by the Board, in accordance with provisions of law. Existing contracts shall be reviewed and modified to the extent feasible to ensure compliance with established federal nutrition standards, including applicable marketing restrictions.[20]

Management of Food Allergies in District Schools

The district shall establish Board policy and administrative regulations to address food allergy management in district schools in order to:[21]

1. Reduce and/or eliminate the likelihood of severe or potentially life-threatening allergic reactions.

2. Ensure a rapid and effective response in case of a severe or potentially life-threatening allergic reaction.

3. Protect the rights of students by providing them, through necessary accommodations when required, the opportunity to participate fully in all school programs and activities.

Safe Routes to School

The district shall cooperate with local municipalities, public safety agency, police departments and community organizations to develop and maintain safe routes to school.

District administrators shall seek and utilize available federal and state funding for safe routes to school, when appropriate.

REGION 3
PHILADELPHIA, PA 19103

October 19, 2026

Muhlenberg School District
801 Bellevue Avenue
Reading, PA 19605

Re: Consent to Enter Property: Former Exide Technologies Laureldale Superfund Site
3000 Montrose Avenue, Laureldale, PA 19605

Dear Muhlenberg School District,

The U.S. Environmental Protection Agency (EPA) is requesting consent to enter the exterior portions of the following Muhlenberg School District properties: 801 Bellevue Avenue; 610 Sharp Avenue; 400 Sharp Avenue; and 801 E Bellevue Avenue (the Properties), as part of the ongoing remedial investigation to evaluate the nature and extent of contamination associated with the Former Exide Technologies Laureldale Superfund site.

EPA's request for entry is made under Section 104 of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (CERCLA or Superfund), 42 U.S.C. § 9604. Entry to the properties is authorized under CERCLA to, among other things, "effectuate a response action" (see section 104(e)(3)(D) of CERCLA, 42 U.S.C. § 9604(e)(3)(D)). The response action at this time is the ongoing investigation mentioned above. The referenced Muhlenberg School District properties are within the boundaries of the site and entry is needed to determine the nature and extent of site-related contamination.

The current site boundaries extend to a radius of 1-to-1.5-miles around the former Exide Technologies battery recycling facility at 3000 Montrose Avenue. Due to decades of fugitive air emissions from the Facility, many properties within a 1-mile radius of the site have been identified with lead contaminated soil. Lead is a contaminant that is especially toxic to children under the age of seven years old, as well as expectant mothers.

EPA would like to begin assessing the properties in November 2026. The assessment activities would include sampling surface and subsurface soils. Each sampling event would take

approximately one hour. EPA intends to leave the properties in the same condition it found the properties on entry.

To accommodate school operations, sampling can be scheduled during non-school hours when no students are present. Because EPA may need to take more than one round of samples, we are requesting the consent to enter to perform the assessment through November 2027. Please note that EPA will provide a copy of any sampling results to a designated representative of the properties.

Please review, sign, and date the enclosed Consent to Enter form, which describes the proposed response activities by November 6, 2026.

The form may be returned to me via email at Smith.Thomas@epa.gov or via mail to the address listed below my signature. If you have any questions, please do not hesitate to contact me at 215-814-5718, or by email. Your legal counsel may contact the EPA Assistant Regional Counsel Ethan Rauf at (215) 814-2490, or by email at rauf.ethan@epa.gov.

Tom Smith

CONSENT TO ENTER PROPERTY

Property Address: 801 Bellevue Avenue, Reading, PA 19605

1. The undersigned understands that:

   (a) The U.S. Environmental Protection Agency ("EPA") is requesting consent to enter the above-described property ("Property") to perform a soil investigation in connection with the Former Exide Technologies Laureldale Superfund Site ("Site").

   (b) The investigation is being performed to determine the nature and extent of contamination in surface and subsurface soils from historical smelter operations at the Site.

   (c) EPA's investigation is being performed pursuant to the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended, 42 U.S.C. §§ 9601, et seq.

2. The undersigned consents to entry to the Property by EPA and their employees, agents, contractors, and authorized representatives for purposes of:

   (a) Collecting samples from various media including, but not limited to, surface and subsurface soils;

   (b) Clearing of debris, undergrowth, and brush to ensure suitable access for sampling; and

   (c) Performing a land survey to record topography, sampling locations, and relevant property features.

3. EPA intends to begin the above-described activities ("Response Activities") on or around November 1, 2026 and anticipates that multiple rounds of sampling may be required over a twelve-month period. The undersigned provides consent to entry for the Response Activities at reasonable times during the estimated twelve-month period beginning on or around November 1, 2026. EPA intends to provide the undersigned with notice at least one (1) week in advance of each entry hereunder by contacting the owner at the email address and phone number provided.

4. The undersigned understands that the above-described Response Activities may involve between three (3) and ten (10) EPA and/or contractor personnel at any one time.

5. EPA intends to leave the Property in the same condition it finds the Property on the date EPA first enters the Property under this Consent to Enter, subject to the availability of appropriated funds. Nothing herein shall be interpreted as or constitute a commitment

or requirement that the United States obligate or pay funds in contravention of the Anti-Deficiency Act, 31 U.S.C. § 1341.6.

6. The undersigned provides consent for the above-described Response Activities until the earlier of:

   (a) The transfer of the Property to another person or entity;

   (b) The undersigned's revocation of consent; or

   (c) The undersigned's receipt of notice from EPA that access to the Property is no longer needed in connection with the Response Activities at the Property.

7. The undersigned agrees to notify the following individual, or such other person as may be identified by EPA in the future, of any pending transfer of the Property, a change in the undersigned's contact information, and/or the undersigned's revocation of consent to perform the above-described activities:

   Tom Smith
   Remedial Project Manager (3SD21)

AGREEMENT REGARDING CORRECTION OF REAL ESTATE TAXING DISTRICT DESIGNATION

THIS AGREEMENT REGARDING CORRECTION OF REAL ESTATE TAXING DISTRICT DESIGNATION ("Agreement") is made and entered into as of this _____ day of November, 2026, by and among:

ALSACE TOWNSHIP, a Township of the Second Class organized and existing under the Pennsylvania Second Class Township Code ("Alsace Township"), with an address of 65 Woodside Avenue, Temple, PA 19560;

MUHLENBERG TOWNSHIP, a Township of the First Class organized and existing under the Pennsylvania First Class Township Code, with an address of 210 George Street, Reading, PA 19605;

OLEY VALLEY SCHOOL DISTRICT, a school district organized and existing under Pennsylvania Public School Code of 1949, as amended ("Oley Valley SD"), with an address of 17 Jefferson Street, Oley, PA 19547; and

MUHLENBERG SCHOOL DISTRICT, a school district organized and existing under the Pennsylvania Public School Code of 1949, as amended ("Muhlenberg SD"), with an address of 801 Bellevue Avenue, Reading, PA 19605

Muhlenberg Township, Alsace Township, Muhlenberg SD, Oley Valley SD, and the Owners are referred to collectively as the "Parties."

AND

COLIN M. BEATTY and MICHELE L. BEATTY, husband and wife, who are adult individuals with an address of 2439 Elizabeth Avenue, Berks County, Pennsylvania (collectively, the "Owners").

BACKGROUND

A. The Owners are the record owners of the real property described in the Deed recorded to Instrument No, 2017013950, identified by the Berks County Assessment Office by Parcel Identification No. 66531904706697, consisting of approximately 2.3 acres, with a current total assessed value of $69,700 (the "Property").

B. The Berks County Assessment Office parcel mapping depicts the Property as being located entirely within the geographic boundaries of Alsace Township. A copy of the map from the records of the Berks County Assessment Office is attached hereto, incorporated herein, and marked as Exhibit "A."

C. Notwithstanding the mapped location of the Property described in Paragraph "B" above, the Property is currently designated on the Berks County Assessment and tax records as being located within Muhlenberg Township and within Muhlenberg SD, and real estate and other applicable local taxes are currently levied, billed, and collected on the Property by Muhlenberg Township and Muhlenberg SD. A copy of the Berks County Assessment Office record for the Property is attached hereto, incorporated herein, and marked as Exhibit "B."

D. Based upon the information available to the Parties, the Property's taxing district designation is believed to have been administratively assigned to Muhlenberg Township and Muhlenberg SD decades ago as an accommodation to prior owners of the Property who were employed by Muhlenberg SD at a time when Muhlenberg SD maintained an employee residency requirement, notwithstanding that no portion of the Property, according to the County's parcel mapping, is physically located within the corporate limits of or adjoins the boundary of Muhlenberg Township.

E. The Owners have requested that the Property's taxing district designation be corrected to reflect Alsace Township and Oley Valley SD, consistent with the Property's actual geographic location and with the taxing district designation of neighboring and similarly situated properties.

F. Alsace Township and Oley Valley SD are willing to accept the designation of the Property within their respective taxing districts, and Muhlenberg Township and Muhlenberg SD are willing to relinquish and consent to the removal of the Property from their respective taxing districts, in each case subject to the terms of this Agreement and upon confirmation of the Property's location by a current survey.

G. The Owners have agreed to bear, at their sole cost and expense, all costs of the survey and all documentation, filing, and recording costs necessary to accomplish the correction described in this Agreement.

H. The Parties wish to memorialize their mutual understanding and agreement regarding the correction of the Property's taxing district designation as set forth below.

NOW, THEREFORE, in consideration of the mutual covenants and agreements contained herein, and intending to be legally bound hereby, the Parties agree as follows:

1. Incorporation of Recitals.

The above Recitals are incorporated into this Agreement by reference as if fully set forth herein and are deemed to be substantive.

2. Survey.

At the Owners' sole cost and expense, the Owners shall retain a surveyor licensed in the Commonwealth of Pennsylvania to prepare a current survey and/or plans and related documents confirming that the Property is located entirely within the boundaries of Alsace Township. Owners shall provide a copy of the survey, plans, and related documents to each of the other Parties and to the Berks County Assessment Office.

3. Consent to Correction of Taxing District Designation.

Upon receipt of the documents signed and sealed by a licensed Surveyor, described in Section 2 confirming the Property's location, it is agreed as follows:

a. Muhlenberg Township consents to, and shall not oppose, the removal of the Property from its municipal tax rolls and records, for all purposes including but not limited to real estate assessment and taxation purposes;

b. Alsace Township consents to and accepts the designation of the Property within its municipal taxing district for all purposes including but not limited to real estate assessment and taxation purposes;

c. Muhlenberg SD consents to, and shall not oppose, the removal of the Property from its school district tax rolls and records; and

d. Oley Valley SD consents to and accepts the designation of the Property within its school district for all purposes including but not limited to real estate taxes, per capita taxes, and any other taxes levied on residents or properties located in the Oley Valley SD, as applicable.

e. It is agreed that the change in taxing districts shall be of prospective application only, and shall apply only to municipal taxes assessed on and after January 1, 2027 and school taxes assessed on or after July 1, 2027.

4. Cooperation; Filings with County and Commonwealth.

The Parties shall cooperate in good faith and shall execute and submit, or join in the submission of, such petitions, applications, affidavits, corrected assessment records, or other documentation as may reasonably be required by the Berks County Assessment Office and/or the Berks County Board of Assessment Appeals, the Berks County Recorder of Deeds Office, or other Federal, State, or County offices or agencies to correct the Property's taxing district designation of record. Muhlenberg SD and Oley Valley SD shall further cooperate in providing any notice to, or making any filing with, the Pennsylvania Department of Education that may be required to reflect the correction of the Property's school district designation.

5. Effective Date; Tax Proration.

The correction of the Property's taxing district designation shall become effective for real estate tax purposes as of January 1 of the tax year first following the later of (a) recording of the survey described in Section 2, if recording is required, and (b) formal action by the Berks County Assessment Office (and/or the Berks County Board of Assessment Appeals, if applicable) approving the correction (the "Effective Date").

All real estate and other applicable local taxes assessed by Muhlenberg Township and/or Muhlenberg SD with respect to the Property for any period prior to the Effective Date shall remain due and owing to Muhlenberg Township and/or Muhlenberg SD, as applicable, and shall not be subject to proration, credit, or refund under this Agreement. Taxes assessed with respect to the Property for periods on and after the Effective Date shall be assessed by, and payable to, Alsace Township and Oley Valley SD, as applicable.

6. No Admission of Liability.

Nothing contained herein shall be construed as an admission by Muhlenberg Township or Muhlenberg SD of any error, wrongdoing, or liability with respect to the historic taxing district designation of the Property. This Agreement is entered into solely for the purpose of correcting the Property's taxing district designation to conform to its actual geographic location.

7. Costs and Expenses.

The Owners shall be solely responsible for and shall pay directly or promptly reimburse the other Parties for, all reasonable costs and expenses incurred in connection with the survey, recording fees, filing fees, and any other costs directly associated with the correction contemplated by this Agreement, including the reasonable attorneys' fees and costs of any Township or School District Party incurred to communicate with Owners, Owners' counsel, other Party counsel, the County or other third party about the Property correction; consider and evaluate Owners' Property correction request and

designation; address any actions required by the County or any other governmental entity or agency; and to review, negotiate and execute this Agreement or related filings.

8. Indemnification.

The Owners shall indemnify, defend, and hold harmless Muhlenberg Township, Alsace Township, Muhlenberg SD, and Oley Valley SD, and each of their respective officers, officials, employees, and agents, from and against any and all claims, demands, damages, losses, liabilities, and expenses (including reasonable attorneys' fees) arising out of or relating to the correction of the Property's taxing district designation contemplated by this Agreement, except to the extent arising from the negligence or willful misconduct of the Party seeking indemnification.

9. No Precedent.

This Agreement is entered into based upon the specific facts and circumstances applicable to the Property and shall not be construed as establishing any general policy, practice, or precedent applicable to any other property or taxing district determination.

10. Further Assurances.

Each Party shall, from time to time and without further consideration, execute and deliver such additional instruments and take such further actions as may be reasonably necessary or appropriate to carry out and effectuate the purposes and intent of this Agreement, including to taxing and assessing bodies and title companies.

11. Authority.

Each of Muhlenberg Township, Alsace Township, Muhlenberg SD, and Oley Valley SD represents and warrants that its execution and delivery of this Agreement has been duly authorized by its respective governing body (Board of Supervisors/Board of Commissioners or Board of School Directors, as applicable) and that the individual executing this Agreement on its behalf is authorized to do so.

12. Entire Agreement; Amendment.

This Agreement constitutes the entire agreement among the Parties with respect to the subject matter hereof and supersedes all prior or contemporaneous understandings or agreements, whether written or oral. This Agreement may be amended only by a written instrument signed by all Parties.

13. Governing Law.

This Agreement shall be governed by and construed in accordance with the laws of the Commonwealth of Pennsylvania, without regard to its conflict of laws principles.

14. Counterparts.

This Agreement may be executed in one or more counterparts, each of which shall be deemed an original, and all of which together shall constitute one and the same instrument. Signatures transmitted by electronic means shall be deemed original signatures for all purposes.

IN WITNESS WHEREOF, the Parties have executed this Agreement as of the date first written above.

Re: Muhlenberg High School Addition and Renovations
Electrical Items

Dear Dr. Futrick,
This memo is intended to summarize the costs associated with electrical scope items in the high school. The cost events are itemized below.

EC-28 1st and 2nd Floor Lecture Halls – Added cost to provide electrical items associated with the added renovation scope for the Lecture Halls. Scope includes: power, data and AV cabling at ceiling connections for AV equipment in 1st floor lecture hall; new power and data drops at the podium; and smart board power and data connection for both lecture halls. This scope was added by the district following the project bid. $5,889.48

EC-31 Athletic Director's Offices, Lobby and Toilet Room – Added cost to provide electrical items associated with the added scope to renovate the Athletic Director Office, Lobby and Toilet Room. Scope includes lighting; power and data drops in each office; door access control; and one fire alarm device. This scope was added by the district following the project bid. $18,510.09

EC-33 Existing Above Ceiling Conditions Requiring Adjustment by Muhlenberg Township Inspector – Added cost associated with the existing above ceiling electrical items in the 2nd floor of A-block and in the Alt. Ed. Wing which were required to be adjusted by the Muhlenberg Township Inspector in order to pass inspection. Scope includes: secure and fasten conduit and data cables; and add covers to existing junction boxes. $7,930.96

EC-35 Cole Parking Lot – Credit to remove the Cole Parking Lot from the project scope. Items removed from scope: two light poles and fixtures; wiring; and conduit. ($6,249.42)

Marotta/Main Architects recommends accepting the above change order request. All above pricing has been reviewed by the electrical engineer and has been found to be reasonable and within industry standards

TOTAL = **$26,081.11**

The above are submitted for Board action.

RE: Approval To Spend Allocated Soft Costs for the MHS Capital Project

CC: Shane Mathias, CPA, Chief Financial Officer

This memorandum serves as an explanation of the need for the Board to authorize the release and spending of allocated soft cost funds associated with the high school capital project. As this capital project continues to move towards milestone completion, it is time for Muhlenberg School District to supply the general contractor with some of the owner supplied items specified in the construction documents. These items include the following, with estimated costs:

Owner Supplied Items	Estimated Costs	Building
12 Benches	$10,535.00	MHS Natatorium
6 Portable Bleachers	$8,619.00	MHS Natatorium
Aquatics Items (See Attached Itemized List	$32,287	MHS Natatorium
2 L Shaped Desks, 4 Pedestal Files & Drawers, 2 Lounge Chairs, Sofa, 2 Task chairs, 2 Side Chairs, Shelving	$12,594	MHS AD and Admin Assist Offices
Estimated Totals	**MHS - $64,035.00**	

These costs do not increase the amount of the overall project, as they were included in the soft costs associated with this capital project. Capital Project funds will be used to make these purchases. Thank you for your continued support.

RE: Disposal of Surplus Property - October 2026

CC: Dr. Gangi Cucciuffo, Mr. Shane Mathias

10/31/26

Please be advised that we are requesting Board approval to decommission and properly dispose of the following technology items. These items have been identified as obsolete, non-functional, or beyond their useful life cycle - they no longer serve an educational or operational purpose. Due to the age and condition of these items, they hold negligible resale value. The cost of labor to refurbish or market these components would exceed any potential recovery.

The following items will be recycled through an authorized e-waste partner to ensure environmental compliance and data security:

Category	Item Description and Quantity
Connectivity	Ethernet cables - 70 USB mini to USB-A cables - 66 Power supply cables - 26 HDMI cables -3 VGA cables - 37 DP cables - 181 AUX cables - 20

Re: Bloomboard Partnership

The purpose of this memo is to share some exciting news and to seek your approval of the following partnerships. As the teacher shortage continues across our nation, and as research supports, internal talent remains a viable and successful recruitment strategy. Additionally, these programs recognize the talent of our staff and provide convenient and cost-effective mechanisms for them to pursue higher education and remain a part of our team. It may also allow us to leverage grant funding available.

Teaching Pathways Program for Support Staff Members

We are recommending a partnership with BloomBoard. The BloomBoard educational preparation program partners (EPP) offer fully accredited, portfolio-based degree and certification programs offered on its cloud-based technology platform (the "BBI Platform"). BBI works with a diverse array of higher education institutions and EPPs to offer its district partners affordable residency-like degree and certification programs that develop educators' skills and advance their careers through a unique on-the-job learning model.

BloomBoard offers the following models. Enrollment in any of the following programs would be based on budget, and participants would go through a selection process. There is no additional cost for BloomBoard's services; all services are included in the cost of tuition. BloomBoard will meet regularly with MSD to monitor participant progress, provide training for ongoing support of MSD employees, and to support recruitment and funding efforts.

Bachelor's Degree Completion Programs: These programs provide job-embedded coursework, coaching, and classroom experience to enable aspiring educators to complete the credit hours necessary to earn a fully accredited bachelor's degree in Special Education through BBI's partnership with Point Park University and be eligible to apply for a teaching certificate pending compliance with all relevant state requirements.

Post-Bachelor's / Intern Program: This PDE-approved Educator Preparation Program through Central Susquehanna Intermediate Unit #16 (CSIU) offers a post-bachelors/intern program providing job-embedded coursework, coaching, and classroom experience to enable those seeking a teaching certificate with a bachelor's degree to earn a level 1 instructional certificate in Special Education or Elementary Education in Pennsylvania, provided they pass the Praxis exam, apply for the appropriate certificate, complete coursework, and complete field experience.

SUMMARY

BloomBoard, Inc. ("**BBI**") is a talent development company with a core focus in supporting the preparation, advancement, and retention of PreK-12 educators. BBI partners with school districts across the country to embed educator advancement programs into the day-to-day logistics of the classroom. The fully accredited, job-embedded degree and certification programs offered on its cloud-based technology platform (the "**BBI Platform**") are tailored to honor educators' valuable time while effectively attracting and retaining top-tier talent. BBI works with a diverse array of educator preparation providers ("**EPPs**") to offer its district partners affordable degree and certification programs that develop educators' skills and advance their careers through a unique on-the-job learning model.

BBI's program partners, including institutions of higher education ("**IHEs**") and other educational preparation program partners ("**EPPs**"), offer fully accredited, portfolio-based degree and certification programs (the "**Programs**") on BBI's cloud-based technology platform (the "**BBI Platform**"). These Programs are tailored to honor educators' valuable time while effectively developing educators' skills and advancing their careers through a unique on-the-job learning model.

The purpose of this Educator Advancement Program Proposal and Purchasing Authorization Agreement (the "**Agreement**") is to establish the terms by which BBI will issue sales orders to the District to enable the District to enroll cohorts of participants in the Programs.

PROGRAM DESCRIPTIONS

The Program courses are offered by BBI's EPP partners on the BBI Platform. Prior to commencing cohort engagement, BBI and the District will engage in a planning session to confirm the Program components to be prioritized by Muhlenberg School District (MSD) the number of participants who will enroll in the Program(s), and the desired Program timing. BBI and MSD will plan the launch dates for each Program cohort and work together to promote the opportunities within the MSD community. Concurrently, BBI will also provide registered apprenticeship process management consulting services to the District if requested, as detailed in the next section of this proposal.

- **Bachelor's Degree Completion Programs**: These programs provide job-embedded coursework, coaching, and classroom experience to enable aspiring educators to complete the credit hours necessary to earn a fully accredited bachelor's degree in Elementary Education and/or Special Education through BBI's partnership with Point Park University ("**PPU**") and be eligible to apply for a teaching certificate pending compliance with all relevant state requirements.
- **Post-Baccalaureate/Teacher Intern Certification Programs:** These post-baccalaureate Programs are designed for individuals with a bachelor's degree. The Programs provide job-embedded coursework, coaching, and classroom experience to enable Program candidates to earn a level 1 instructional certificate in Pennsylvania provided they pass the Praxis exam, apply for the appropriate certificate, complete course work, and complete field experience. There are two Program pathways: (1) the standard post-baccalaureate pathway, and (2) the teacher intern certification pathway. Candidates qualify for the teacher intern certification

pathway if they have a passing score on the required Praxis exams and are serving as a teacher of record. The credit hours required for each pathway vary depending upon whether the candidate is pursuing certification in PK-4 Elementary Education or PK-12 Special Education. Candidates who enter the standard post-baccalaureate pathway may move into the intern certification pathway if they meet the qualifications. The Central Susquehanna Intermediate Unit ("**CSIU**") serves as the PDE-approved EPP for these Programs.

- **AI Training Program:** This Program provides job-embedded coursework that supports educators in utilizing AI effectively and ethically in their classrooms. Tailored for active teachers, the program features authentic activities tied directly to participants' daily roles. Upon completion, educators will be able to demonstrate foundational AI literacy, apply ethical AI principles, integrate AI tools to enhance learning, foster student agency and critical thinking about AI, and champion civic participation and AI governance.
- **Paraprofessional Training Program:** This Program equips practicing paraprofessionals with the practical strategies they need to deliver targeted academic instruction, support social-emotional development, and provide critical individualized services with confidence and skill. For those interested in leading their own classrooms, this program also serves as a meaningful first step toward earning a BA in Education and becoming a fully certified teacher.

Program Components

The Educator Advancement Programs offered by BBI's EPP partners on the BBI Platform require learners to participate actively in a combination of on-the-job learning activities, from actual classroom practice. The number of courses and credit hours within a Program will vary depending upon the Program selected. Each course within a Program includes a set of on-the-job unit assessments that require participants to demonstrate their knowledge and skill by creating and submitting a portfolio of artifacts and evidence for faculty review. Participants will have access to collaboration tools on the BBI Platform, which they can use to engage with cohort peers and faculty as they work through the unit assessments within each course. Faculty provide coaching and guide participants through learning activities. The learning activities build upon key concepts with research, case studies, and other examples. Faculty office hours include structured collaborative discussions and support for various learning activities, artifact and portfolio creation, and platform navigation.

If desired by the District, BBI can also provide strategic consultation, design support, and technical assistance to help the District obtain Registered Apprenticeship Program ("RAP") approval from the U.S. Department of Labor ("USDOL") for qualifying Programs or register District candidates as apprentices in previously approved RAPs sponsored by BBI or its affiliates. Registered Apprenticeship confers a nationally recognized credential for apprentices and may unlock state and federal workforce dollars to fund the Program(s).

If the District's state or commonwealth provides funding for RAPs, BBI can provide strategic consultation, design support, and technical assistance at no additional cost to help the District obtain such funding for qualified Programs and apprentices. RA programs require employers to provide additional information about apprentices and complete compliance tasks in accordance with USDOL regulations, including, but not limited to:

- Salary schedules for classified staff and teachers
- Signing of various official RAP documents
- Tracking and maintenance of demographic data of all program applicants (e.g., names, addresses, race/ethnicity, gender, Veteran status, etc.)
- Systematic tracking of basis of selection for all applicants (e.g., assigning application and interview scores)
- Use of USDOL templates for apprentice progress tracking by mentors

If the District elects to pursue RAP approval or enrollment in an existing RAP, and related funding opportunities, the District must complete the required application, registration, and compliance tasks to meet all RAP requirements. BBI will support the District in completing these tasks.

District Expectations and Assurances

MSD will operate under the following expectations and assurances:

- MSD will identify participants for enrollment for the program(s)
- MSD will pay the District's portion of the Program fees for each participant in a timely manner, as outlined in the subsequent sales order
- For the on-the-job components of the Program(s) to be successful, MSD will agree to abide by the applicable Programmatic Assurances set forth in Appendixes, which are also incorporated by reference into BBI's Educator Advancement Program Terms and Conditions.
- Unless otherwise compelled via legal request (e.g. FOIA, etc.), MSD will keep the terms of this agreement strictly confidential and will not share any structure or pricing information with outside parties without express written consent from BBI.
- MSD will ensure that all participants are prepared to connect to the BBI Platform to engage in the Program(s) according to the following technical requirements:
    - The BBI Platform used to deliver the Program courses and unit assessments currently supports SSO utilizing SAML2.0.
    - Browser compatibility – Chrome and Safari are recommended for full Platform functionality. Due to lack of CSS support, Internet Explorer is not advised.
    - No third-party browser plugin software is required for full Platform functionality (e.g. Flash, Java, etc.)

BloomBoard Expectations and Deliverables

Through this partnership, BBI will operate under the following expectations and is committed to providing the following deliverables:

- BBI will support MSD in its efforts to identify participants for enrollment in the programs.
- BBI will provide support to MSD to enable the district to implement the Program(s) consistent with the applicable Programmatic Assurances set forth in Appendixes.
- BBI, on behalf of its EPP partners, will collect the District's portion of the Program fees for each participant in a timely manner, as outlined in the Pricing section of this proposal.

- BBI will coordinate with BBI's EPP partners on an ongoing basis to facilitate successful Program implementation and timely issuance of credit hours and degrees by BBI's EPP partners to successful Program candidates.
- BBI will provide all Program participants access to the BBI Platform to engage in the Program courses and unit assessments. Platform access will include artifact and portfolio preparation and submission tools and services, virtual collaboration and facilitation tools and services, and access to public and private resources associated with each unit.
- With leadership from the MSD, the BBI Educator Success Team will support the expansion of the Programs based upon the results of this implementation.

PRICING

PROGRAM PRICING: Tuition rates for each Program selected by the District are set forth in the Pricing Form in the Appendixes, followed by the anticipated participant contributions and the District's per participant investment. The following terms apply to all Programs:

- **Tuition Rates Subject to Increase:** Tuition rates for each Program are established by BBI's EPP partners and may increase annually, at the discretion of each EPP Partner. BBI will honor the tuition rates set forth in the subsequent sales orders if the District enrolls the number of participants specified in the selected Program(s) within twelve (12) months of the date of the Sales Order executed by the Parties pursuant to this Agreement.

- **Additional Credits May be Required:** Depending upon the outcome of the transcript review conducted by BBI's EPP partner(s), some participants may be required to take additional courses to fulfill the requirements of their respective Program or the state requirements to declare as an education major. Alternatives, such as community college equivalents, may be available. ***Fees for these additional credits are in addition to the fees set forth in the Appendix A Pricing Form and shall be the responsibility of the participant and/or the District.***

- **Course Retake Fees**: If a participant does not pass a course, the participant will be required to pay the per credit hour fees to retake the course. The course retake fees will be based upon the tuition rates in effect at the time the participant enrolls in the course(s).

- **Additional Fees to be Paid by Participants:** Participants may be required to pay certain non-tuition fees directly to BBI's EPP partners, including but not limited to application, graduation, and transcript fees. Participants may also be required to pay licensure fees established by their state department of education and fees required to take the teacher certification exams, such as Praxis.

- **Terms and Conditions:** Collectively, this Purchasing Authorization Agreement, all associated Sales Orders, and the BloomBoard Educator Advancement Program Terms and Conditions constitute the "Agreement" between BBI and the entity to which this Proposal is addressed.

- **Future Sales Orders:** The District may enroll additional cohorts of Participants in the Programs under the terms of this Purchasing Authorization Agreement by executing a new

sales order to specify the participant numbers, selected Program(s), and invoicing options for each future cohort. Collectively, this Agreement, all associated Sales Orders, and the BloomBoard Educator Advancement Program Terms and Conditions constitute the full "Agreement" between BBI and the entity to which this agreement is addressed.

Appendix A: Programmatic Assurances for the Central Susquehanna Intermediate Unit School of Educator Certification and Development Programs (Elementary and Special Education)

Definitions

- **Cooperating Teacher**: the teacher who meets PDE requirements for cooperating teachers under which the candidate completes student teaching requirements; depending on school/classroom structure i.e. self-contained, departmentalized, block, etc. the residency student may have/need more than one cooperating teacher. Per PA policy, the cooperating teacher must:
  - be the teacher of record in the classroom in which the participant is placed,
  - hold certification in the area in which the participant is seeking,
  - have a minimum of three (3) years of satisfactory teaching under the certificate, and
  - have served at least one (1) year in the school entity.
- **Mentor**: An experienced and effective educator who will be reasonably available to the participant during working hours to provide feedback, advice, and/or guidance and is willing to be trained to mentor/guide the student through the two-year process, leading to attainment of the degree required for certification. Note: The mentor may serve as the participant's cooperating teacher if they meet the cooperating teacher requirements.
- **Time in Residence**: Time each day/week in which the participant is working on program assignments, observing teaching, and teaching or co-teaching in one-on-one, small group, or whole group settings, usually under the supervision of the mentor or cooperating teacher.

Assurances

1) **Clinical Residency**: The district shall allow participants to complete field experience and student teaching requirements, as set forth by CSIU and the Pennsylvania Department of Education (PDE).
   a) **Time in Residency**
      i) Year 1: Each participant shall have regularly scheduled time (e.g., one period per day or the equivalent of 5 periods per week) in their residency placement to work on coursework, do observations, and practice teaching methods as required by the coursework for CSIU. PA policy requires students to document 150 hours of field experience.
      ii) Year 2: Students must complete 420 hours of student teaching, with 12 weeks of consecutive, full-day student teaching, required by the Pennsylvania Department of Education. The block time required by PDE, will be coordinated with individual schools, but must meet PDE standards for certification.
   b) **Residency Placement**
      i) **Elementary Program Participants**: Each participant shall be assigned to a general education Pre-K to 4th grade elementary classroom, during their time in residency, and have access to a group of students for 4-6 weeks at a time (as opposed to changing classrooms every day).
         (1) **Intern Pathway Participants** must be the teacher-of-record or long term substitute within a Pre-K-4th grade elementary school setting.
      ii) **Special Education Program Participants**: Each participant working towards a degree in Special Education, shall work with students who have IEPs and work on content-based coursework (math, ELA, science, social studies) aligned to the state content standards during their time in residency when completing content-specific coursework.
         (1) **Intern Pathway Participants** must be the teacher-of-record or long term substitute within a K-12 setting with access to students who have IEPs.
      iii) **Every Subject Area**: Each participant shall have the ability to teach in each subject area (ELA, math, science, and social studies) and multiple grade levels as needed during terms in which the participant is taking specified methods coursework if not self-contained.
   c) **Class Authority**: Each participant must have a similar level of access and permissions as would typically be afforded to a student teacher completing a clinical placement, including the opportunity to

regularly lead lessons, make instructional decisions (e.g., pacing, grouping of students, formative assessment methods, etc.), interact with parents, and review pertinent information about their students in accordance with school/school system policies, as required by the coursework. Participants also need to either own or co-own the classroom space and culture, including the opportunity to establish norms and routines.

d) **Access to Curriculum**: Each participant shall be provided with curriculum and instructional materials in each subject area they are assigned to teach, including but not limited to a scope and sequence, unit plans, necessary texts, detailed lesson plans, assessments, and student-facing materials. While participants may make adjustments to lessons to meet the needs of students, they should not be expected to develop their own instructional materials.

2) **Local Candidate Support**

a) **Mentor**: Each participant shall be assigned a local mentor teacher who will be reasonably available to the candidate during working hours to provide feedback, advice, and/or guidance. If the participant is a long-term sub, the ideal mentor is one with the same grade and subject assignments such that they share a curriculum, or be an instructional coach for the participant. The District shall ensure that all "mentor" teachers attend orientation and ongoing training with the local organization. The local organization may utilize BBI/CSIU resources and facilitation support in the orientation and ongoing training. Mentor orientation should take place at least a week prior to the term start date; therefore, mentors should be selected at least 2 weeks prior to the first day of class. Mentors and students should be introduced to mentors prior to the first course. NOTE: The mentor teacher may also serve as the "cooperating teacher" (below) if they meet the requirements.

b) **Cooperating Teacher**: Each participant shall be assigned a local cooperating teacher, who meets PDE requirements described above, where the participant does student teaching during Year 2 of the program. Cooperating teachers along with their contact information must be identified at least two weeks before the beginning of student teaching (Year 2) and the District shall ensure that all cooperating teachers attend BBI/CSIU program orientation. Schools should ensure participants and cooperating teachers are introduced and the students are aware of the specific time allotted for them to complete residency requirements.

3) **Registered Apprenticeship**: If the District elects to pursue registered apprenticeship program approval and related funding opportunities, the District must complete the required application and compliance tasks to meet all RTAP requirements.

4) **Best Practices**: The district acknowledges the following best practices and agrees to consider them.

a) MOU: Utilize a memo/commitment of understanding (template) with participants, stipulating the terms of the benefit including costs, repayments and employment requirements.

b) Principals: Ensure principals at participating schools attend a BBI information session.

c) Organizational Lead: Assign a senior-level instructional coach or curriculum director as Organizational Lead. This person shall: attend Program training(s); regularly and consistently communicate with BBI/CSIU to track participant progress and support program implementation; and coordinate with BBI/CSIU to train mentor teachers, principals, and other staff as needed.

d) Program participants should receive the same informational communications and be invited to attend the same professional development and meetings as teachers with similar grade/subject assignments, as appropriate. Districts provide initial orientation on the following topics: ethics/professional conduct rules, FERPA, technology-related policies, and any policies specific to the school/system.

Committee Reports

A. Berks County Intermediate Unit – Mr. Andrew L. Eaton, Sr.

There is no report at this time.

B. Reading-Muhlenberg CTC – Mrs. Cindy L. Mengle

The meeting was held on Monday night. Reading built an Innovations Academy and they have their Open House on October 29th for anybody that would like to attend.

C. PSBA Liaison – Mrs. Kristyna Eagle

There is no report at this time.

D. Muhlenberg Community Library – Ms. Susan M. Roeckle

The library continues to solidify their relationship with the school district. They continue to issue library cards to students at C.E. Cole. They are hiring interns from the high school. The children's story hour is being run by high school students. They invite everyone to attend the craft fair on October 24th which is right here at the high school and it supports the library and to remind everyone to drop in, use the wi-fi, check out a book, DVD, add the link back to the phone and borrow something from the library, it's free.

E. School Safety and Security Committee - Mr. Enrique Castro, Jr., Mr. S. Wayne Hardy and Mr. Garrett Hyneman

Mr. Castro reported:

The School Safety and Security Committee met on the 28th of September and reviewed a number of areas related to keeping the district students and staff safe. The committee looked at current discipline and incident trends, student support and prevention efforts, threat assessment procedures, swatting and hoax threats, and community safety concerns. The police chief was present with everyone so they were able to discuss this in depth. The committee also received updates on weapon detection, arrival procedures, and security planning for the district's future building configuration. As part of that discussion, the committee recommended a modest stipend in recognition of the additional time and responsibilities associated with weapon detection coverage. Finally, the committee reviewed emergency preparedness, including SRP training, drills, event

coverage, school searches, and staff readiness. A consistent theme throughout the meeting was the importance of being proactive-having the right procedures, training the district staff regularly, and maintaining strong coordination with families, law enforcement, and community.

F. Capital Projects Committee - Mr. Andrew Eaton, Sr., Ms. Susan M. Roeckle and Mr. Robert Mengle

Ms. Roeckle reported:

The Capital Projects Committee reviewed progress on the high school second floor, natatorium, alternative education spaces, junior high work, with a focus on what remains to be completed. The committee also discussed unforeseen conditions encountered this summer, including asbestos abatement, and potential abatement needs on the high school first floor. Looking ahead, the committee emphasized advancing planning and beginning next summer's work as early as possible to reduce last minute pressures and avoid the challenges experienced by this year at the junior high. She also apologized to faculty for not having that building ready to go when it should have been.

G. Extra-Curricular and Co-Curricular Committee - Mrs. Kristyna Eagle, Mr. Ronald J. Haas, Sr., and Mrs. Cindy L. Mengle

Ms. Mengle reported:

The committee met on September 24th, the Extracurricular and Co-Curricular Committee reviewed how the district is expanding opportunities for students to get involved and feel connected to Muhlenberg. The District's guiding vision is that, by graduation, every student will have participated meaningfully in at least one school-sponsored activity, with participation increasing at every secondary grade level. Discussion included sports and club participation, coaching and advisor needs, sportsmanship, academic support, facility availability, and expectations for booster clubs and sponsorships. The committee also discussed event supervision, including consideration of a modest administrative stipend reflecting the added time and responsibilities associated with weapon detection procedures. The District's next step is to develop a fall participation dashboard to identify students who are not yet connected to an activity and programs growing or declining participation, helping the District ensure every student has an opportunity to belong.

H. Education Programs - Dr. Gangi E. Cucciuffo

This month is Hispanic Heritage Month, and the District has two of the schools doing some Hispanic Heritage celebrations. C.E. Cole will have a celebration tomorrow at 5PM and the junior high will be doing Friday at 2PM. This month is also principal recognition month so he wanted to take a moment to honor the four building principals. If everyone checked out the Muhl Moment last week, they did honor the principals by giving them some Sublime cupcakes to keep that sugar rush going so they can make it through the days that are long and thanked them. He also thanked their teams of administrators for all that they do for the teachers, the kids and this community.; everyone appreciates it so much more than they will ever know. On Monday of this week, on the 12th, the District had October professional development, there was a plethora of different opportunities for the teachers to get some different trainings that they can turn around and embed right into their classrooms; professional development this year has been absolutely fantastic and hoping the last day will also follow that trend. Yesterday morning, himself and Principal Skeete attended the Berks Business Education Coalition where two of the district's high school students were honored for being recognized for being top-notch interns: Jasmyn Caflisch and Lucard Henly were honored by the BBEC for their outstanding work in their internship program.

15. Head Night Custodians

Tabled.

Questions/Comments/Concerns

Mr. Mengle asked what the head night custodian job description was changed for. Dr. Futrick asked Mr. Mathias advised the job description was not changed and to appoint the head night custodians. Mr. Mengle asked what the job description was. Mr. Castro advised he did not want to approve a stipend without knowing the job description.

16. Winter Coaching Assignments

Resolved, that the Board of Education of the Muhlenberg School District approve the 2026 winter coaching assignments as presented.

Management

1. Adoption of Policies

Resolved, that the Board of Education of the Muhlenberg School District adopt the following district policies:

d. Policy No. 221, Dress and Grooming
e. Policy No. 236.1, Threat Assessment
f. Policy No. 325, Dress and Grooming
g. Policy No. 332, Working Periods

2. Instructional Time Template for the 2026-2027 School Year

Resolved, that the Board of Education of the Muhlenberg School District authorize the submission of the Instructional Time for the 2026-2027 school year to the Pennsylvania Department of Education.

Physical Plant and Transportation

1. Sunday Facility Use Request

Resolved, that the Board of Education of Muhlenberg School District approve the following Sunday Facility Use Request:

a. Church of Latter-Day Saints, use of the Muhlenberg High School auditorium on Sunday, November 8, 2026 to hold a regional organizational meeting.

Questions/Comments/Concerns

Mr. Castro questioned how often does the District allow outside people to use the auditorium, specifically a religious organization. Mr. Patterson advised when the District gets a request it is evaluated based upon when they want to use it or something that restricts people from using it at any time, for the whole building. Mr. Castro asked if there is a rental fee. Mr. Patterson responded yes. Mr. Castro asked if concerns with the liability of having that outside group. Mr. Patterson advised they require insurance.

2. Approval for Change Orders High School Renovation Project

Resolved, that the Board of Education of the Muhlenberg School District approve the change order for the asbestos abatement at a cost of $103,584.00 for the Muhlenberg High School addition and renovations as presented.

Questions/Comments/Concerns

Mr. Haas asked if there was any grant money to take care of this environmental. Dr. Futrick advised he would love to identify a grant to help pay for the but would not get the grant because we already know it is there, if we were under the impression that it wasn't and wouldn't know what's there the district would have a better chance at getting it. Attorney Bolan advised most of the grants, like the LSA grants, the come from gambling money, typically the period for application is November 30 and then the grants were just were just awarded within the last week or two, so they sit for about ten or eleven months before they get approved; and can't start construction on anything that's going to be funded with grant until the money is actually in hand. He explained the grants are usually a reimbursement, so the district would need to be able to fund the project and then get reimbursed by the grant. Attorney Boland advised so in something like this where the district didn't have any time to apply or do anything, the district was in a tough spot to try and get a grant. Mr. Haas commented it will be another $100,000 downstairs (at the high school) if they don't touch the blackboards. Dr. Futrick responded that is correct, but they have already bought the whiteboard that will go over the top so there is that expense and is it something the District can consider to take a look at.

3. Ancillary Supplies for New 5/6 Middle School

Resolved, that the Board of Education of the Muhlenberg School District approve the ancillary supplies for the new 5/6 middle school at a total cost of $67,225 (funded through Capital Project Funds) as presented.

Budget and Finance

1. Approval of Financial Reports

Resolved, that the Board of Education of the Muhlenberg School District approve the following financial reports and that they become part of the permanent record of the meeting:

Fund	Treasurer's Report	Financial Report	Bills Paid Month	Investments	Budget Transfers

a. Books - These items are deemed outdated and unused resources.

3. Student Activity Account

Resolved, that the Board of Education of the Muhlenberg School District authorize closing the student activity account for the Class of 2026 and transferring the remaining balance to the "Class of 2027", "Class of 2028", and "Class of 2029" accounts.

Education

1. Acceptance of Gifts, Grants, Donations

Resolved, that the Board of Education of the Muhlenberg School District accept the following donation in accordance with district Policy 702, Gifts, Grants, Donations:

a. Giant Food, donation of $500 gift card and tote bags filled with supplies for teachers and staff at Muhlenberg Elementary Center.

2. Settlement Agreement and Release

Resolved, that the Board of Education of the Muhlenberg School District approve the Settlement Agreement and Release for the following student as presented:

a. Student No. 41122

3. Mile 2 Consulting, LLC Agreement

Resolved, that the Board of Education of the Muhlenberg School District approve the agreement with Mile 2 Consulting, LLC to provide consulting services for participation in school-based ACCESS services of the Muhlenberg School District for a three-year term as presented.

Questions/Comments/Concerns

Attorney Boland advised that the district has been going back and forth for a couple of months, but they have an indemnification provision in where they will indemnify the district and the district will indemnify them. The district's indemnification is limited by the subdivision of political subdivision tort claims act, but their indemnification, they wanted language added that they are going to indemnify the district, just not against certain claims but things such as amounts paid in settlement, fines, penalties, punitive damages, civil, criminal, administrative, investigative matters. He explained because this involves billing access and Medicaid funding, the District does not know necessary what they are going to do with the District's information when they go to characterize it and submit it, the District wants to be indemnified for that. Attorney Boland explained the other thing that is important is when this shows up in a lot of other contracts been steadfastly not allowing it in the contract and that contractor's liability shall not exceed the fees paid by the district to the contractor, that's a terrible provision. He explained if the district could have a million-dollar claim against them, if the district paid them $10,000 that year, that would be the limit of the district's ability to claim against them; they got to remove that provision so the district needs to go back to them one more time. Attorney Boland advised if the board could approve this subject to the final solicitor review to try and get that language through.

4. Certificate of Support Students

Resolved, that the Board of Education of the Muhlenberg School District approve the enrollment of Certificate of Support Students, PA School Code 1302, for the 2026-2027 School Year as listed.

5. Admission of Fact, Waiver of Hearing, Acknowledgement of Compliance with Procedural Safeguards and Consent to Expulsion

Resolved, that the Board of Education of the Muhlenberg School District authorize the Admission Fact, Waiver of Hearing, Acknowledgment of Compliance with Procedural Safeguards and Consent to Expulsion for the following student:

a. Student "A", Muhlenberg Junior High School

6. Conference Request

Resolved, that the Board of Education of the Muhlenberg School District approve the following conference request:

a. Mr. Ken Patterson to attend the PASBO Facilities and Transportation Conference in State College, PA October 21 to October 23, 2026 at a cost not to exceed $856.00 (funded through Physical Plant Funds).

7. Educational Field Trip Request

Resolved, that the Board of Education of Muhlenberg School District approve the following education field trip request:

a. Muhlenberg High School AFJROTC, travel to the Marine Corps Museum in Washington, DC on May 21, 2027 through May 23, 2027.

Minutes

Review minutes of the Committee of the Whole Meeting of September 9, 2026 and the Regular Board Meeting of September 9, 2026.

Old Business

Mr. Haas questioned where the district is at with the punch list in the high school(second floor).

Mr. Harmes reported:

Ongoing, first and ceiling work got done, there was some ceiling that was missing they got that in. A couple of electrical items this week, light switch that was bad, painting; need to check on the flooring for that. Dr. Futrick asked if he could give a timeline when they would have it done. Mr. Harmes advised he does not have a firm date of completion yet, but it is ongoing. Mr. Haas asked what's the inconvenience to the teachers. Dr. Futrick advised if they would come into their room then they would have to move to another classroom to do that, but he would imagine if he was a teacher in that room and coming back in September and their room was going to be done and it's not. Dr. Futrick asked Principal Skeete and administration if they were hearing anything from the teachers on the second floor about the inconvenience and things that the District needed to make sure; cleaning the room was the biggest inconvenience. Dr. Futrick advised working with them has helped, however when something is not finished, and they are waiting for it to get done, that to him is the inconvenience. Mr. Castro spoke about a lot of the classrooms not being ready, but two things that stood out as a concern to him was stairway number two. He advised cameras were not working and the ceiling wasn't finished, the students were looking up at wires and the second thing was the construction during the day makes the whole building shake when they are drilling and he asked that this be adjusted. He advised for those students taking exams and for those trying to teach. Dr. Futrick asked Mr. Harmes to respond regarding stairway number two. Mr. Harmes advised some of that might have been once the camera was put back in, it might not have been facing the right direction, he can check with ESA and see if there are any adjustments that need to be made, they have to adjust the direction of the cameras. Dr. Futrick asked Mr. Skeete if this has since been fixed. Mr. Skeete advised he will need to check on it. Mr. Castro spoke about the cameras in the stairwells being of importance for previous incidents in the district. Dr. Futrick agreed and asked to follow up. Mr. Harmes advised as for the drilling, the noises unfortunately with majority of the pad established now, decking going in now if it was as of recent it might have been from the water line out on Sharp Avenue they were drilling out there so he is not sure if it was reverberating back up through. Mr. Skeete advised it was about two weeks ago. Mr. Harmes advised it was probably the water line. Mr. Harmes advised there was the time with the hydrant over at the tennis courts too, so they did have to drill a little bit over there. Mr. Harmes said it was understood, acknowledged and not disregarded and they were just actually talking about some of this at the job conference for both projects today. Mr. Haas advised he agrees with Mr. Castro's concern, however the District needs to keep moving forward. Mr. Harmes agreed that they need to find the appropriate balance. Mr. Hermes advised there are a few more storm water structures that have to go in the courtyard in the 5-6 building, there's the water line that's nearing completion over to the building, and the high school addition itself is getting built up. Mr. Haas asked if the timeline and budget for the 5-6 building is on schedule. Dr. Futrick advised it is on budget and will open up the building this summer and will begin talking about a grand opening for the 5-6 building; something that everyone can be proud of. He advised it is the District's first new building here in twenty years so the District will definitely make sure to showcase the work of the Board, the staff, architects, engineers, Fidevia; but really showcase the building the right way when the District opens it up in August. Mr. Haas asked about the junior

high project where it is at. Dr. Futrick advised the District went through the zoning meeting with Laureldale and currently waiting for them to make a decision. He advised they have 45 days to do so and explained it was a three hour meeting. Mr. Haas asked if Lauredale waited for the 45th day would this put the District's project behind. Ms. Roeckle advised she asked there at the meeting if it was going to hold anything up and was advised no. Dr. Futrick is hopeful this committee of three people will make their decision quickly and get back to the district soon. Mr. Mengle asked what happens if their decision is not favorable. Dr. Futrick advised the District does have a plan. Ms. Roeckle asked if she could mention what the variance was for. Dr. Futrick asked Ms. Roeckle to share with everyone. Ms. Roeckle advised 17 parking spaces at the junior high. Mr. Haas reiterated three people and 17 parking places are holding up the district's project and commented that everyone knows his opinion. Dr. Futrick advised the District has not heard and is hopeful to hear something shortly.

New Business

Mrs. Eagle wanted to give the District a shout out for the pep rally because as an educator when she hears the word pep rally her anxiety goes through the roof, but the District did a great job district-wide. She said it was amazing and she is trying to bring this over to her district as it was a really cool thing to see; so many people involved from the littlest kids to the biggest kids. Mr. Mengle commented for everyone to keep Mr. Hardy in their prayers. Dr. Futrick commented, Mr. Hardy if you're watching, everyone is definitely thinking of you and appreciated Mr. Mengle saying that.

Superintendent's Comments - Dr. Alan S. Futrick

The District is very proud of the first ever district-wide pep rally. The District invited the entire school district, all 4,400 kids to come to the pep rally. He talked about it being a lot of holding their breath to make sure things go well, it ran very smoothly and was an hour long which was great because it was the perfect amount of time. He cannot thank the people that really coordinated that effort, Ms. Emily Grube outlined everything with Ms. Jenna Pavolich, the principals; specifically Principal Hornberger. He spoke about this was a life getting the kindergarteners when they just got out of the car; he saw Ms. Foulds, the social worker and assistant principals down there. He advised this is a lot harder to do than everyone can imagine; particularly for those kids to get them up here and get them in a seat. It was a great showcase of everything everyone heard Ms. Mengle talked about the extracurricular committee report; the District wants to get the kids involved and that was the point of it. The District is recognizing the efforts of the students, the student athletes participating in something and even went down as far as having the second graders that participate in an athletic and a part of an athletic team, having them wear their jerseys, having them be part of this so they can see this is what Muhlenberg is about. He came back afterwards and was like, "Hey, this was awesome" and he said to the group the District needs two more; one in the winter and one in the spring. He reiterated it was such a good idea to do it and it really tied into homecoming week. He explained typically the District would have four different buildings doing things that week for spirit week, the entire district did everything the exact same; what a wonderful alignment to help the District align the culture and promote the kids. He talked about another big time event that he really thinks as a community is totally undersold, is the Halloween Parade; if anyone was at the Halloween parade, the kids were four deep going down Kutztown Road. It started at the school and it went the entire length; talk about excitement, talk about community coming out. The amount of parents, community members everyone saw, you saw people tailgating on their front porch and on their lawns; that is what a community is about. That is what everyone wants to celebrate the good things like this is something the District is doing as

a community. One thing he is going to share with the district administrators is next year the District is going to walk in the parade as an entire admin group just because he thinks it is important when the kids see them in a little bit different light, it means a lot. He knows Mr. Castro was down there he built a pirate ship; people take it very seriously and that's a great thing and a great point of pride for Muhlenberg and something that the District should make sure to continue. Dr. Futrick reiterated this needs to be celebrated for everybody in Berks county and the state to see; being in other Halloween parades and seeing it nothing can compare to the enthusiasm everyone can see at that parade.

Questions/Comments/Concerns

Mr. Castro spoke about how he loved seeing the district's marching band and ROTC in the parade, but what he suggested to Dr. Futrick is that the District has a bunch of resources here, shop class and different things. He would really love to see a student-built float in the parade next year especially if everyone will be walking.

3A Appointment of Board Member

Nominations of Board Member: Mr. Miguel Vasquez and Mr. Joseph Young

A nomination was made by Mr. Haas and seconded by Mr. Eaton for Mr. Vasquez.

A nomination was made by Ms. Roeckle for Mr. Young.

Questions/Comments/Concerns:

Mr. Castro commented that with the nominations, he does not have enough information or personally know either individual for him to make an informed decision of appointing somebody to the board. He does know that the board is on a time crunch but he does not think today would be the day to do that and this is his opinion. Mr. Haas asked if they were allowed to take a second nomination after the first one. Attorney Boland advised this can but the vote will be one by one, motion to appoint first if passes, if not the go to second nomination and vote on the second nomination. Ms. Roeckle asked to have a discussion and she thanked her fellow board members who took the time to think about the reservations that she has about Mr. Vasquez being appointed. She explained that in case people don't know the district lost a member of the board on October 4th, but the District was not notified until October 14th which put the district under a little bit of a crunch for the thirty days appointment. She advised that night was after the regular board meeting and executive session and were all a bit stunned and someone threw a name out that the board could reappoint this former board member. Ms Roeckle advised the next day someone suggested to her that she watch the interview that Mr. Vasquez gave to the League of Women Voters, which is a non-partisan group who interview candidates for voters to have information, so she did and she had some concerns. She advised she shattered those concerns with the fellow board members. She advised first she shared it with administration that she had those concerns and she would recommend anyone watch this but she wanted to briefly state what her concerns are. She advised the first question he was

asked what two areas did he think he could make the most impact on (Ms. Roeckle advised everyone that Mr. Vasquez is running for state house representative for the 126). Ms. Roeckle advised Mr. Vasquez said school choice was his answer right away and then he proceeded to discuss how he dislikes public schools, they do a terrible job, he had a bad experience in public schools, he had a much better experience in private schools and how they do a much better job. She advised his next thing as about finances, money, taxes, lowering that which is pretty much everybody's saying that's running. She explained that to her that is not really to her a good for a public school board member to have. She advised eventually it came to a question about detention centers and the question was put to him in a form of how did he feel about land use detention centers. She reported that Mr. Vasquez responded that he wholeheartedly agreed with detention centers and that was the big red flag for her. She advised that he then went on to express/share that he had formerly worked as a guard at a detention center, the one in Leesport, the Family Detention Center, that was closed. Ms. Roeckle advised Mr. Vasquez said it was a nice place, that people are confused about detention centers are, that they help the juveniles and the families and it was a great place to transition. Ms. Roeckle advised that she works with a group called Shut Down Berks, which is based in Philadelphia for many years to close that center. She advised the most grievous offense publicly that is known that happened there was a 4–year-old guard was convicted of seven counts of sexual assault against a 19-year-old detainee. She commented that she can't really think that anybody agrees that that was a nice place. She advised the first witness against at that trial was a 7-year-old girl. She advised there were many other complaints lodged with the federal government about the way people were treated there, she has a letter that was written to Joy Johnson in 2016, who is the Homeland Security Secretary then, listing a number of offenses. Ms. Roeckle stated that she does not have a problem that he worked there, she has a problem that in this day and age that he says that he still supports them and still thinks they're nice places. Ms. Rockle advised as she shared with Dr. Futrick, anyone can make a statement like that in a lot of counties in Pennsylvania and they would probably get cheers, but this is Muhlenberg School District and this District and an extremely diverse district. She spoke about having a large vulnerable population here. She stated this board she thinks has been really wonderful in moving forward in making huge efforts to be transparent with the community and to be approachable with the community. She advised she does not feel having a former detention guard on the board would make the board very welcoming to the large Hispanic population. Mr. Castro advised he will respond to what Ms. Roeckle said as a Hispanic sitting on this board, him working at that detention center is not his concern. As he has said from the beginning that politics has no place in the district's schools. Ms. Roeckle responded that she totally agreed but she was not done speaking. Mr. Castro wanted to keep responding as Ms. Roeckle appeared to be finished. Ms. Roeckle interjected that she was not done. Mr. Haas commented that it seemed like she was finished. Mr. Castro responded to go ahead and finish. Ms. Roeckle commented she didn't mean to stop, when she brought this issue up to the administration and other board members, she was told nobody else was going to vote that way so don't do it. Ms. Roeckle also advised somebody also told the rest of the board would be angry with her and wouldn't want to work with her if she spoke this. Dr. Futrick commented that he did not tell her and Ms. Roeckle interrupted and stated that she did not say Dr. Futrick said this. Dr. Futrick advised he wanted to make sure everyone was aware nobody said don't bring it up. Ms. Roeckle said she was told that she would be making this political and she agrees this board should not be political they never have been. Ms. Roeckle explained to her detention centers are not a political issue, they are a

humane issue and she really does not think if someone says it's strictly political that she is against detention centers or people who are against detention centers is saying you are a Democrat. She explained that s saying that you think every Republican is in agreement with what happens at detention centers and she does not believe that. Ms. Roeckle reiterated she thinks it is a human issue and she believes that, she was at the Spanish Heritage Festival last week at C.E. Cole; the district's administration, the teachers, the school workers make a huge effort to make sure that all of the district's students feel welcome and safe not just physically safe, but emotionally safe. Ms. Roeckle advised she watched the video where all these kids proudly state where they are from. She is saying this is directly in opposition to what the philosophy of these detention centers is. She advised she walked through the halls and she stopped at the wall where the student of the month is and she looked at all those wonderful faces and read those names, and she looked at how the doors were all decorated with cultural objects from all of these schools. She feels appointing this person who thinks detention centers are great is against the whole philosophy of this community. Mr. Eaton asked if there was a distinction between ICE detention centers and actual detention centers. Ms. Roeckle responded this is a great question and she does not know if this is possible to do because they wouldn't have ICE detention centers if ICE was not implementing the policies that they are. Mr. Eaton wanted to say that he used to work at Abraxas Academy which had a detention center placement facility and ran one of the units in that facility so making that distinction would help because Ms. Roeckle's comment was that she does not think having somebody who worked at a detention center on the board is a good look for the school district. Mr. Eaton commented at the end of the day he is not trying to turn this political, just where somebody works, whether Mr. Vasquez's views on whether he even thinks detention centers are a good place, it would make a lot of sense whether or not he's talking about actual detention centers or immigration detention centers. He advised there is a need for detention centers, he does not agree with ICE facilities within this county, but again that's a political thing and that has nothing to do with the school district. Mr. Castro advised that he would like to make his comment now since he was stopped, the detention centers and the fact that he worked at a detention center, that is the least of his concerns and the board should not base whether appointing someone or not based off of that. He advised his concert are prior comments that Mr. Vasquez made around school choice and bad comments about public schools. He advised that if someone does not believe in public schools himself, he does not understand how someone can effectively sit on this board and help us make Muhlenberg better. Mr. Castro reiterated that would be his concern and would not make this all about detention centers. He advised he still stands by what he said in the beginning of the meeting, the board does not have enough information about either of these individuals to make informed decisions as school board members and that is what their job is; this decision is going to affect the school district for the next year. Mr. Castro advised he understands the district is in a time crunch and there is no real set way they are going to do this, but they are rushing into filling a seat of a board member that just recently passed away without really having any information. Mr. Castro spoke about some board members knowing one of the nominees because of serving on the board before, he gets that but also to say what people's personal beliefs are or whatever, most of the board members in the recent past have not had to sit in any kind of debate and share whether they had to believe in detention centers or not; some of the board members have that's fine but most have not. He explained to hold everything in that debate and that is making this political, his only

concern, like he said, is the thing about school choice and the negative feelings about public schools. He advised if anyone has seen the video and can confirm that those comments were made great, then use that in your decision-making. He advised he has not, so he will be abstaining from any vote today because he does not have enough information about either nominee to make an informed decision to help the district move forward. Mr. Hyneman advised he heard these names might be voted on the board about ten minutes ago, he would abstain also. He advised he doesn't know enough about the nominees. Mr. Haas advised Mr. Hyneman that he knows Mr. Vasquez. Mr. Hyneman responded that he doesn't know how the other guy compares to him. Mr. Hyneman advised he doesn't know with Mr. Vasquez his thoughts are on the board and it would be almost better if the board had some background before they voted. Mr. Eaton advised Mr. Vasquez served on the board, if he not mistaken, for four years and the board has enough background on him and he understands they are in a time crunch and need to make a decision but before but this is really not much different than when Mr. Otto Voit was appointed back to the board seat when a member left the board and the board appointed him because of his extensive background of sitting on the board; it's really not much different. Mr. Eaton advised the board has plenty of information onMr. Vasquez, the only person that the board does not know is the new person that was put forward today. He advised at the end of the day, he has never seen Mr. Vasquez's personal or political views come into play on the board when making decisions for the school district. Mr. Eaton commented that personally he thinks the board has more than enough on at least one of these nominees to make a decisions and if the board wants more information on the new candidate or the new person put forward he is not opposed to getting more information on, but he has a hard time believing that the board does not know enough about Mr. Vasquez to make an informed decision on whether or not he can step in and fill a position that is vacant on the board. Mr. Castro advised there are three board members that are new and would not have the same information as the rest. Mr. Eaton advised Mr. Vasquez sat on the board all of that was public information, all of his votes were public information and advised if someone wanted to do their due diligence they could re-review board notes and see how he voted on certain things. Mr. Castro reiterated that is all public information whether someone is new to the board or not. Mr. Castro agreed and commented that maybe he did not have the time to go back and review all of that and maybe he wasn't a part of every board meeting, but that is why he still stands by why he does not have all the information he needs on either to make an informed decision. Mr. Castro commented to be fair, the other person that was nominated, was not able to make it to this meeting they offered the board could call, but that would not be fair to the other nominee. He advised that he is not recommending this, he is just saying that the board needs more time to make an informed decision because now the board has two candidates in front of them. Ms. Roeckle advised she agrees with Mr. Castro, today is October 22nd and the board has until November 3rd. She realizes the easy thing to do would be to push through a vote today, but the board doesn't have to and the board is all grown ups so it's known that easy is not necessarily the right or the best way to do it. Ms. Roeckle would recommend that the board not take a vote today. Mr. Eaton asked if she was making a motion to obtain or to not have the vote today.

A motion was made to table this resolution by Mr. Castro and seconded by Ms. Roeckle.
