If an emergency closing of school requires the evacuation of the building, Lessee, along with parents will arrange for transportation to students' homes. (All transportation costs shall be borne by the parents or legal guardians.)
   e. All employees of Lessee who work directly with children must comply with the requirements of Act 34 and Act 33 Clearances, FBI Fingerprinting and Act 126 - Child Abuse Training.

2. Enrichment, Attendance and Transportation
   All arrangements for enrollment, attendance and transportation to and from the program location are the responsibility of the parents or other legal guardians and Lessee.

The YMCA team is deeply committed to:

- Fostering self-confidence and independence
- Instilling core values of Caring, Honesty, Respect, and Responsibility
- Cultivating enduring friendships and cherished memories
- Promoting enjoyable and healthy decision-making
- Integrating learning and exploration into daily activities

We recognize the importance of positive relationships among children, staff, and parents in fostering healthy development and social growth. BASE programs actively collaborate with families to understand and meet each child's unique needs, respecting their feelings, cultures, abilities, and languages.

All YMCA licensed programs participate in KEYSTONE STARS, an initiative of the Office of Child Development and Early Learning (OCDEL) to improve, support and recognize the continuous quality improvement efforts of early learning programs in Pennsylvania.

KEYSTONE STARS

The Keystone STARS performance standards provide foundation for improving program quality through four levels: STAR 1, STAR 2, STAR 3 and STAR 4 Each level builds on the previous level and utilizes research-based practices to promote quality learning environments and positive outcomes. The standards address staff qualifications and professional development, the early learning program, partnerships with family and community, leadership and management.

SUPERVISION

Youth are supervised at all times with appropriate child/staff ratios. Staff count youth (name to face) on a scheduled basis, at every transition, and whenever leaving one area and arriving at another, going indoors or outdoors, to confirm the safe whereabouts of every child at all times.

Youth are permitted to participate in activities outside of the program or off the premises with appropriate adult supervision, written approval by a parent/guardian. If parents/guardians give written permission for the youth to participate in activities outside of the YMCA program, the YMCA is no longer responsible for the child during
the off-premises activity.

DAILY SCHEDULE

Each program has a daily schedule to meet the needs of the youth. Daily schedules are posted at the site. The daily schedule is flexible enough to provide adaptability but structured enough to provide predictability for the youth. Times may vary at each site but a typical schedule is:

3. Behavior Expectations:

It is the goal of the program to guide youth in becoming happy, responsible, and cooperative participants in the program through positive non-threatening teaching techniques; to increase their respect for their own actions; and to help them grow in their respect for the rights and feelings of other people.

When conflicts over the rights of other people and property develop, it is the goal to work with the individual youth, listening to what each has to say and helping to resolve the conflict through effective communication.

The YMCA does not utilize time-out or any form of physical or emotional punishment. We feel the most successful process to use is redirection. This allows the child to be "re-directed" away from the problem situation to a more positive area where he/she can work out the problem with an adult. The YMCA will implement the following procedures for repetitive or serious behavior problems:

First Discipline: Disciplinary Report: Parents will be notified and a plan of action will be agreed upon by the staff and parent. The YMCA reserves the right to suspend the child for an unlimited amount of time.

Second Discipline: Disciplinary Report: Parents will be notified and a plan of action will be agreed upon by the staff and parent. The YMCA reserves the right to suspend the child for an unlimited amount of time.

Third Discipline: Disciplinary Report: Parents will be notified and the YMCA reserves the right to remove the child from the Program permanently.

A youth's continued participation in our program is subject to their ability to comply with the program format.

Lessee reserves the right to remove any youth from the Program for behavior that infringes upon the rights and safety of other students or staff.

4. Health

a. The YMCA will follow all health protocols and policies of the Department of Human Services. Health regulations are important for all the youth and staff in the program. They are meant to protect from communicable illness and to protect those who are sick from becoming even sicker.
b. Youth who become ill while at the program will have parents contacted and the youth sent home with a parent or authorized individual. Until the parent

arrives, the youth will rest in a quiet area, supervised by a staff person.

c. Emergency files will be kept for each youth. Parents will be notified of any severe illness or accident by telephone by the program staff. The staff will expect parents to respond as soon as possible in an emergency situation.
d. Parents may not send a youth to the program if:
    - The youth was not permitted to attend school that day due to illness.
    - The youth has a communicable illness and the incubation period has not expired. Return to the program will require a doctor's permission slip.
    - The youth is too ill to participate in the program. In every case, the parents have the responsibility to inform the program staff of the reason for their youth's absence.
e. We have an obligation under the Department of Public Welfare regulations and the YMCA of Pittsburgh policies to enforce health policies.

5. Emergency Medical Care Procedures
    a. In case of a serious injury or medical emergency, the staff member in charge will: Contact the parent by phone.
    b. If unable to reach a parent, the staff member in charge will contact the emergency person listed as the emergency contact in the youth's file. If unable to reach the emergency contact, the staff member will contact the doctor listed on the medical form in the file.
    c. If emergency treatment is needed; the staff member will call the local paramedic or ambulance for transportation to the hospital.

6. Suspected Child Abuse

Program staff that either suspect or are informed by a child or other informant that child abuse may have occurred, are under legal obligation by the Commonwealth of Pennsylvania to inform the proper authorities. All YMCA Before and Afterschool staff are Mandated Reporters.

7. Medication

Generally, medication is not administered to youth. However, under very limited circumstances, the staff will administer personal prescriptions filled by a pharmacist that have a label bearing the physician's name, child's name and dosage, plus time of medication. A parental permission slip must be on file with the Lessee.

8. Equipment
    a. The Lessee will provide all necessary equipment, supplies and materials for the implementation of the program, other than the physical grounds.
    b. The YMCA will provide a cell phone to use for communication with families and for checking youth in and out of the program each day. The Lessor shall provide the Lessee with access to Wi-Fi if needed to operate the phone.

9. Program Cancellation

The YMCA reserves the right at any point during the year, based on enrollment, to modify or cancel any program hours or sites where insufficient attendance puts financial hardship upon the YMCA.

Policy: Westmoreland County Student Assistance Program SAP Liaison Responsibilities (Assessment Model) (Attachment A)
Revised: February 2026

Background: The Commonwealth Student Assistance Program (SAP) utilizes a systematic process involving a team composed of professionals from various disciplines within the school and liaisons from community agencies; the SAP liaisons are representatives of the community mental health system, professionally trained to provide consultation to school SAP core teams and families regarding the need for referral to community or school based services to address behavioral health and/or drug & alcohol concerns.

Purpose: This policy is to identify the roles and responsibilities and provide guidelines of the Student Assistance Program liaisons in the operation of a successful Student Assistance Program in Westmoreland County.

The SAP Behavioral Health liaison is an important member of the school SAP core team; as an ad hoc member of the core team, they may provide consultation from their area of expertise, assess for, and provide level of care recommendations to families, consult and participate in post-vention efforts following a tragic event, providing county and program updates, assisting parents in identifying and accessing appropriate services, and participating in team maintenance activities, participate in core team meetings and provide feedback and consultation to core team members.

Core Team Meeting Participation and Attendance

Attendance at core team meetings: Liaisons are to attend their identified school district's core team meetings as scheduled with a minimum of two meetings per month. A liaison is encouraged to attend additional meetings that may be scheduled. If extenuating circumstances apply that prevent the liaison from participating in person (school delay, inclement weather, transportation problems, etc.), the SAP liaison's supervisor should make alternative arrangements for liaison representation and/or participation in the core team meeting.

Attendance at team maintenance: Liaisons are to attend their identified school district's team maintenance meetings as scheduled within the school year.

Westmoreland County SAP Assessment Procedures

Following proper parental and/or youth written consent, the Westmoreland County SAP Liaison utilizes a Mental Health/Drug & Alcohol Assessment for students referred to the school's SAP core team; the following procedures apply to the SAP liaison assessment process:

Assessment: Westmoreland County SAP Liaisons are responsible for completing a Mental Health/Drug & Alcohol SAP Assessment; this is a face-to-face interview between the referred student and the SAP liaison; the parent/guardian is included in the interview process but not required by the state SAP guidelines. Parent participation is at the final discretion of the assessment provider. The Mental Health/Drug & Alcohol SAP Assessment and interview is conducted at the school setting during regular school hours unless other arrangements and/or accommodations have been made. The purpose of the assessment process and interview is to gather information from the student and parent/guardian (if present) related to the child's behavior, emotions, and available school-based data as well as other identified areas of concern impacting identified barriers to learning. The assessment determines the youth and family strengths and needs, recommended services and/or supports, and assists in linkage to services when appropriate. The assessment may also determine if a referral to the drug and alcohol case manager is needed for other assessment.

All liaisons are to keep completed student assessments in a secure file and/or securely located within their provider organization; liaisons will be responsible for keeping all student assessment documentation for a period of a minimum of six (6) years following the student's assessment.

Referral for assessment process: Once a SAP referral is made and a written parental consent is received by the SAP core team, the core team determines whether or not the referral meets the need for SAP liaison assessment. If a referral is determined to meet the need of liaison assessment, it will be the SAP liaison responsibility to contact the parent/guardian to provide an explanation of the assessment interview process and to answer any questions they may have, only after the SAP liaison has a signed SAP permission and completed referral form. The SAP liaison will reach out to the family within 24-48 hours to begin the process of scheduling an assessment. The SAP liaison maintains control of their schedule and will schedule the assessment at the earliest convenience of the family/guardian. If extenuating circumstances exist such as student absence, school closure, or if the parent/guardian cannot be reached by phone, the liaison shall document all attempts made to schedule the assessment. The assessment is a face-to-face interview with the youth; it is best practice to include the parent/guardian in the interview and assessment process. Exceptions can only be made with approval from a SAP Supervisor or Department Manager. Recommendations shall not be given to the core team prior to the completion of the SAP liaison assessment.

Assessment Recommendations: Following a SAP liaison assessment, the SAP liaison shall discuss the assessment results and the recommendations for behavioral health supports and services with the parent and youth; with written consent, the liaison may provide assistance in the identification and referral to community treatment and/or support services as appropriate.

The SAP liaison will then provide the assessment recommendations in writing via email or at the next core team meeting.

SAP Liaison Follow Up: Following the assessment and discussion with the parent and youth regarding the recommended services and supports the SAP liaison shall conduct a follow up phone call with the parent/guardian **within 5 days** to determine if the recommended services were accessed and to identify any barriers that may exist. Phone calls to the parent or guardian will be made again every 30 days following the assessment until the end of the school year; written communication will be acceptable if the liaison is unable to contact the family by phone in a timely manner; all attempts will be documented in the child's SAP assessment record. The goal of continued communication is to close the loop for those student awaiting services.

Postvention Assistance: The SAP liaison is available to their assigned school for the consultation and/or assistance when requested with "postvention" efforts in the event of any tragic death including the suicide of a student, teacher, or community member that would adversely affect the school community. Liaisons are also available for linking schools and/or families with community services for emergency crisis assistance as needed, including the Emergency Behavioral Health Team (EBH-formally known as Disaster Coordination Outreach and Referral Team DCORT). EBH support can be accessed by calling the Crisis Hotline at 1-800-836-6010.

To ensure a timely response for postvention and/or urgent crisis events, the SAP liaison shall provide each school district core team and school principal the SAP liaison crisis response plan by September 30th of each year; the plan shall include phone numbers to reach the liaison and their supervisor in the event of an emergency or crisis event. A copy of each plan will be provided to the Westmoreland County BH/DS office. The plan is to be reviewed verbally with each team and building administrator upon completion. A copy of the crisis plan will be kept in the school's files.

Other SAP responsibilities: All SAP liaisons will receive training by a State Approved Student Assistance Program Trainer; in addition, each liaison shall receive training in drug and alcohol confidentiality and have knowledge in substance use and addiction of drugs and alcohol. There may be additional liaison meetings scheduled according to training needs or special circumstances.

SAP Liaisons are responsible for the timely submission of data to the SAP Supervisor; the SAP supervisor will submit data to the Westmoreland County DHS and the SAP Coordinator (SVCPP). Liaisons will utilize the county approved documentation forms for the processing of assessments, session notes, tracking forms, and parent consent forms; documentation shall be legible and kept in an organized manner.

The Westmoreland County Department of Human Services Office will be responsible for the coordination of SAP liaison meetings; these meetings shall be scheduled in collaboration with SAP stakeholders and occur at least three times per year (or less at the discretion of the Westmoreland County Department of Human Services Office). All SAP liaisons and supervisors are required to participate in these liaison meetings.

On an annual basis, a meeting shall be held with agency administrators and key SAP system stakeholders for the purpose of reviewing SAP policies, procedures, data, outcomes and to determine system needs and goals; this meeting is required for SAP supervisors and agency administrative staff members.

Conflict Resolution Process and Procedures: Westmoreland County Department of Human Services Office has a Conflict Resolution Policy and Procedure in place when a conflict arises between a school district SAP team and their assigned SAP liaison and/or drug & alcohol case manager. The procedure promotes resolution of all differences through verbal communication however, when this cannot be accomplished, there is a procedure in place to address the conflict and all concerns.

Westmoreland Casemanagement (WCSI), Westmoreland Drug and Alcohol Commission (WeDAC), and Saint Vincent College Prevention Projects (SVCPP) have a conflict resolution form when a conflict arises between the SAP Liaisions, D&A Case Manager, or D&A Liaisons, and the school SAP core team. This conflict form will be filled out by the individual and shared with all SAP Stakeholders listed above. A collaborative effort will be made between all stakeholders to reach an agreeable resolution.

County Program Responsibilities: The Westmoreland County Department of Human Services Office shall conduct annual monitoring of the SAP liaison program which shall include an on-site visit and review of the SAP liaison personnel file, training records, and all child assessment documentation. The SAP provider agency shall receive advance written notification of the annual monitoring visit at least two weeks prior to the on-site review.

On an annual basis, the Westmoreland County Department of Human Services – Behavioral Health Office shall develop Letters of Agreement that outline the provision of services that will be provided to the school building/district; each agreement shall be signed annually by the school administrator and a copy shall be kept at the Westmoreland County Department of Human Services Office. Westmoreland County Department of Human Services will share these signed agreements with Westmoreland Drug and Alcohol Commission Inc.

Additional SAP Services Available to Participating School Buildings

Check and Connect (WCSI)

Through Check and Connect, SAP Liaisons ensure that students have a safe and confidential space to discuss any challenges they may be facing, whether academic, social or personal. These individual check-ins are tailored to the unique needs of each student and are determined by the student or parent during the time of assessment and as part of the SAP Liaison recommendations. These check-ins help identify early signs of distress, and allow for timely interventions and the provision of appropriate resources and support. Through their compassionate engagement, SAP Liaisons will foster a positive school relationship, promote resilience and help students navigate their educational journey with the tools needed to do so with ease.

Westmoreland Drug and Alcohol SAP Liaison Procedures (SVCPP)

The of Drug and Alcohol SAP Liaison services will be determined between Saint Vincent College Prevention Projects and Westmoreland County School Districts. The Drug and Alcohol SAP Liaison is an ad hoc member of the SAP core team who is able to assist in appropriate linkage to intervention or drug and alcohol assessment. Following proper written parental consent, the Saint Vincent College Prevention Projects Drug and Alcohol SAP Liaison utilizes a drug and alcohol screening for students referred to the SAP core team; the following procedures apply to the Drug and Alcohol SAP liaison screening process:

Screening: The Drug and Alcohol SAP Liaison is responsible for completing a Drug and Alcohol screening; this is a brief, face-to-face interface with the goal of evaluating the possible presence of a particular problem or problems. This process adheres to all state SAP guidelines and creates a safe, confidential space for the student to share. The screening is conducted at the school during school hours unless other arrangements or accommodations have been made. screening will determine if no support is needed or if linkage to prevention, intervention or a drug and alcohol assessment is appropriate.

Attendance at meetings: The Drug and Alcohol SAP Liaison will be present at all core team meetings and all team maintenance trainings, as schedule permits.

Proposal:
Transforming Teaching and Learning of Mathematics:
Develop instructional practices and ensure curriculum alignment across K-12 to provide a strong foundation for students when they enter the intermediate grades.

Math Professional Development Plan: 2026-27 School Year

As per the conversations with Director of Instruction and Support Services, Dr. Ryan Smith of Franklin Regional School District, Lauren Reiber Principal of Franklin Regional Primary School, and Corinne Berthiaume, of EdCube, LLC, the following professional development opportunities will be offered with a focus on grades K-2:

Coaching Cycles:

Coaching cycles are ideal for all teachers or administrators who are ready and interested to improve their practice and meet the needs of diverse learners. Coaching cycles are comprised of sessions with individual or small groups of teachers, teacher leaders and/or administrators within a school or across schools and are centered on co-planning, co-teaching and reflecting on lessons that are rich, robust, relevant and engaging or, in the case of administration, preparing for informal and formal observations of teachers with the goal of supporting the improvement of teaching and learning. This format of embedded professional development provides opportunities for participants to engage in designing, implementing, and reflecting on their work.

The coaching model impacts teaching in the following ways. It enhances content knowledge—by focusing on big ideas, essential questions, strategies, skills, and applications of the math they are teaching. It also strengthens pedagogical content knowledge and teachers' capacity to actively reach, teach and engage a diverse student body to improve mathematics achievement for all students. It is recommended that teachers who engage in coaching cycles commit to a minimum of 3 cycles to maximize the benefits of coaching. A full cycle of coaching requires a minimum of 2 hours per cycle. Each grade level would attend a minimum of 3 (2 hour sessions) or 1 full day each.

Workshops:

In person math PD will be offered to small groups of teachers in specific grade teams or across grade levels as needed. These sessions will be anywhere from 1 period in duration and will be held during common planning periods, during the school day, or after school as permitted by the school's schedule and teacher contracts.

These sessions will assist teachers, teaching assistants, special education teachers in:

- Developing and adapting meaningful and engaging tasks.
- Integrating technology and tools and representations into lessons to deepen conceptual understanding, improve problem-solving, and maximize engagement.
- Collecting and analyzing formative data to determine what students know and understand "in the moment."
- Improving content knowledge and pedagogy.

<u>Lesson Studies and Host Lesson Sites:</u>

One of the most impactful learning community experiences is having the opportunity to transition what is learned through readings and workshops into a classroom setting. 1-2 host teachers from each grade band, as determined by the project manager, will collaboratively plan lessons around a problem of practice for other community members of this project to study. Host teachers will work directly with a consultant for 3 hours to plan a public lesson. All members of the project will be invited to attend as many public lessons that their schedule permits. Each public lesson will require 30 minutes to hear the rationale for the lesson, 45- 60 minutes to "attend" the lesson. And another 45 minutes to look at student artifacts, share learning as a result of the lesson, and set goals for follow-up work. The host teacher(s) each commit to 1 full day each working with a consultant - scheduled in smaller workable hours as allowed by the host teacher and the consultant's schedule.

Dear Mr. Regelski:

We have completed the necessary enrollment activities – record review, visits, and observations. We have determined that The Day School an Approved Private School is able to provide an appropriate education program for _____ for the 2026-2027 school year.

As per our contract agreement, the tuition rate for 2026-2027 is $76,797.00 will be prorated accordingly per the date the signed agreement is returned. The tuition rate reflects expenses for education and typical related services such as OT, PT, S/LT, Behavior Support, standard Nursing services, Psychological and Social Work services only; ESY, Vision services and 1:1 paraprofessional, are not included in this tuition rate.

At this time, The Day School's PDE 4010 state subsidized slots are filled. Once a school district enters this arrangement, it is our policy to offer the school a 4010 slot (subject to usual enrollment and PDE approval process) when it becomes available. The 4010 slots are offered to schools in the date order of signed agreements for enrolled students. The district will be notified by mail and phone when the opening becomes available.

If these terms and the tuition rate are acceptable to Franklin Regional School District, please indicate your agreement by signing below and returning one copy of this letter to Kristen Stackiewicz, Director of Education of The Day School, using the enclosed self-addressed envelope. This signed and dated letter from you will serve as the place marker for your district's movement to a 4010 slot for this student in the future.

If you have any questions or need further information, please feel free to write or call at (412) 420-2320.

Sincerely,

AND FRANKLIN REGIONAL

This is an Agreement dated as of July 21st , 2026 between Saint Vincent College ("SVC"), located at 300 Fraser Purchase Road Latrobe, PA 15650, and the Franklin Regional High School ("School"), located at 3200 School Road, Murrysville, PA 15668 to offer College in High School ["CHS"] enrollment courses subject to the terms and conditions set forth below.

The parties agree as follows:

1. Course Titles and Numbers (the "Courses") will be taught by teachers of Franklin Regional High School with approval from the Vice President for Academic Affairs of SVC in consultation with the applicable SVC Department Head.
2. For pre-existing courses that the School offers to its students through other institutions of higher education, SVC agrees to recognize as equivalent those courses. Courses recognized as equivalent will be accepted for credit at SVC provided students earn a minimum grade of "C-" as determined by the institution issuing the grade and credit. SVC requires a transcript evaluation for all non-SVC college coursework taken by the student in order to award credit to a student who is enrolling at SVC.
3. Students at the School who successfully complete the School's courses will receive three (3) or four (4) college credits per course and a letter grade for the Course at SVC. The School agrees to assign letter grades according to the Saint Vincent College Grading Scale, which follows: A 93-100%; A- 90-92%; B+ 87%-89%; B 83-86%; B- 80-82%; C+ 77-79%; C 73-76%; C- 70-72%; D+ 67-69%; 60-66%; F Below 60%.
4. These three-credit introductory courses consist of 3 hours of lecture and four-credit courses consist of 3 hours of lecture and 1 hour of lab.
5. While this Agreement serves as the basic understanding between parties, additional details such as specific course titles and numbers, syllabi, required text books for the courses, as well as designated teachers for courses may be the subject of a separate memorandum at a later time. School representatives intending to address future issues should contact SVC's Director of Graduate and Continuing Education, Gianna Donate at gianna.donate@stvincent.edu
6. The course materials shall meet the standards and requirements developed by the applicable SVC Departments for these Courses, including use of the departmental syllabi and required textbook. All lecture sessions will be taught at the School by the Appointed Teacher, or such other instructor as from time to time may be appointed by School and approved by SVC as the course instructor. The School shall provide to SVC the names, contact phone numbers, emails, and a list of assigned CHS courses for all high school instructors. All teachers participating in this program shall have attained a Master's Degree, at a minimum, and possess content knowledge/teaching experience. If School assigns co-teachers for a Course, at least one appointed teacher must meet the above criteria.
7. The Appointed Teachers, or such other School teacher (pursuant to Section 5 above), will teach the Courses on the School's premises. At all times, the Appointed Teacher shall remain an

employee of the School, and the School shall provide evidence of general liability and workers' compensation insurance coverage to SVC. The Appointed Teacher, or any other School teacher who is teaching the Course will not:

a. receive any financial compensation or other benefits from SVC;
b. be considered an employee of SVC;
c. have any express or implied right of authority to assume or create any liability, obligation, or responsibility on behalf of or in the name of SVC;
d. receive any workers' compensation or unemployment insurance coverage from SVC.

Regarding the course content and syllabi content it is understood by the parties that all Intellectual Property Rights will be retained by SVC and any use outside of the intended CHS offering will be in violation of those rights.

8. If requested by the School, the School may bring all students enrolled in the CHS courses who are available on a date to be mutually agreed upon to SVC's campus for a 'college experience' that SVC will organize and facilitate. For those students unable to attend, SVC will offer additional opportunities to participate in the college experience programming.
9. The School will be responsible for the safety of all students if they are transported to and from the SVC campus.
10. SVC limits 9th and 10th grade students from taking any of the courses. SVC may, in its sole discretion, permit 9th and 10th grade students to participate in certain Courses for college credit, provided the School gives permission for the students to take the course prior to the respective Course's start.
11. Prior to starting a course, the student and their parent/guardian must apply for entry into the course via a webpage provided by SVC. The student's parent/guardian must affirm that they are aware that the student is applying for and will enroll in a course that requires payment to be made to SVC. Course fee shall be paid to Saint Vincent by either the School or the parent/guardian of the student. The rate per credit shall be determined by Saint Vincent by June 30th of each year and communicated to the School prior to registration for courses. Payment for courses shall be made at the time of registration, except for those students whose course fees will be paid by the School.
12. Alternatively, the School may request that SVC invoice the School for all students participating in a course. In this case, the fees shall be due and payable within 30 days of the School receiving the invoice.
13. Within one week of the end of the School's academic year, the Director of Graduate and Continuing Education will send the Appointed Teacher a blank grade roster for the course. The Appointed Teacher will add the students grades and send it back to the Director of Graduate and Continuing Education to be added to the SVC grading system, the appropriate grade for each student for inclusion in the students' transcripts. Such grade shall reflect the student's proficiency in the course and be based on the SVC grading scale (see section 3 above). Students can securely access electronic or print transcripts showing SVC credits and grades earned through Parchment Exchange for a fee paid directly to the third-party company.
14. As a result of successfully completing the course at the School, the School's students will have completed the requirements for credit for the corresponding course at SVC. Other than as set forth in this agreement, the students in the course shall not be considered to be SVC students

and shall not be entitled to any of the services or use of the facilities at SVC, other than to the extent that such services and facilities are available for use to and by the general public.

15. The School agrees to work cooperatively with the Vice-President for Academic Affairs of SVC and SVC Department Heads and/or designated faculty liaisons to review course expectations in advance of the start of the course and to ensure curriculum fidelity and assessment requirements promulgated in 22 Pa. Code § 4.23. Curriculum review shall occur NLT August 31. The School also agrees to work cooperatively with the SVC Academic Affair's Office, Department Heads, and/or designated faculty liaisons to administer outcomes assessments in courses at SVC's direction.
16. The School agrees to promptly notify SVC in the event that it receives notice that a short-term or long-term substitute teacher will need to be retained to replace a previously approved instructor of a course listed in the above table and provide qualifications of the proposed substitute instructor to SVC for review and approval.
17. Nothing expressed or implied in this Agreement is intended to confer, nor shall confer, any rights or remedies upon any person other than the parties and their respective successors and permitted assigns.
18. Neither SVC nor the School may assign this Agreement in whole or in part without the prior written consent of the other party.
19. This Agreement shall become effective as of the last signature date set forth below and will remain in effect for 5 years. This Agreement may be terminated by either party, with advance written notice of ninety (90) days; provided, however, if the notice of termination is given prior to the end of SVC's fall or spring semester, then the termination date shall be, at the end of such applicable semester.

Title	Charter Schools
Code	140 Vol I 2026
Status	Second Reading
Adopted	September 21, 2015
Origin	PSBA Vol I 2026

Purpose

To provide students an opportunity to attend schools that operate independently from the school district, the Board shall work cooperatively with individuals and groups submitting proposals and applications for charter schools.[1]

Definitions

Appeal Board means the State Charter School Appeal Board established by the Charter School Law.[2]

Board of Trustees of a charter school shall be classified as public officials.[3]

Charter School means an independent, nonsectarian public school established and operated under a charter from the local Board in which students are enrolled or attend. A charter school must be organized as a public, nonprofit corporation, and charters may not be granted to any for-profit entity nor to support home education programs.[2][3][4]

Local Board of Directors (Board) means the Board of Directors of the school district in which a proposed or approved charter school is located.[2]

Regional Charter School means an independent public school established and operated under a charter from more than one local Board and approved by an affirmative vote of a majority of all Board members of each of the school districts involved.[2][5]

Authority

The Board shall evaluate submitted applications for charter schools based on the criteria established by law, regulations, and any additional criteria required by the Board.[4]

A charter school application shall be approved or denied by a majority vote of all Board members at an open meeting, in accordance with the provisions of law. Written notice of the Board's decision shall be sent to the applicant, the Department of Education, and the Appeal Board,

including reasons for denial and a clear description of application deficiencies if the application is denied. The Board shall evaluate denied applications that are revised and resubmitted.[4][6]

Upon approval of a charter application, the Board and the charter school's Board of Trustees shall sign the written charter, which shall be binding on both parties. The charter shall be for a period of three (3) to five (5) years and may be renewed for five-year periods by the Board.[7]

The Board shall not cap, nor limit the number of district students enrolling in a charter school, unless agreed to by the charter school as part of the written charter.[8]

The Board may approve a leave of absence for up to five (5) years for a district employee to work in a charter school located in the district of employment or in a regional charter school in which the employing district is a participant, and the employee shall have the right to return to a comparable position in the district. The Board, at its discretion, may grant tenure to a temporary professional employee on leave from this district to teach in a charter school located in the district, upon completion of the appropriate probation period.[9]

The Board shall annually assess whether each charter school is meeting the goals of its charter and shall require each charter school to submit an annual report no later than August 1 of each year.[10]

The Board shall conduct a comprehensive review prior to granting a five-year renewal of the charter.[10]

The Board shall have ongoing access to the records and facilities of the charter school to ensure that the charter school is in compliance with its charter, Board policy, and applicable laws.[10]

In cases where the health or safety of the charter school's students, staff, or both is at serious risk, the Board may take immediate action to revoke a charter.[11]

The Board affirms that the Board of Trustees and the charter school shall be solely liable for any and all damages and costs of any kind resulting from any legal challenges involving the operation of a charter school. The local Board shall not be held liable for any activity or operation related to the program of a charter school.[12]

A charter school shall execute a "hold harmless" agreement indemnifying and insuring/agreeing to defend the school district in any and all kinds of liability areas so that the school district and Board are protected in any litigation related to the operation of a charter school.

Delegation of Responsibility

Applications for charter schools shall be submitted to the Superintendent or designee, who shall be responsible for communicating and cooperating with all applicants.

The Superintendent or designee shall be responsible to assist applicants with plans for technical assistance and contracted services that may be provided by the district.

Guidelines

A charter school shall be subject to all federal and state laws and regulations prohibiting discrimination in admissions, employment, and operation on the basis of disability, race, creed, color, sex, sexual orientation, national origin, religion, ancestry, or need for special education services.[3]

Transportation

The district shall provide free transportation to resident students attending a charter school located in the district, a regional charter school of which the district is a member, and a charter school located within ten (10) miles outside district boundaries, in accordance with distance requirements established for district students. Transportation provided to charter school students need not be identical to transportation provided to traditional public school students.[13][14]

Transportation shall be provided to charter school students on the dates and periods that the charter school is in session, regardless of whether transportation is provided to district students on those days.[13]

Applications

Applications for charter schools must contain all the information specified in the Charter School Law and any additional information required by the Board.[4][15]

Applications for charter schools shall be submitted to the Board by November 15 of the preceding school year in which the school will be established.[4]

Within forty-five (45) days of receipt, the Board shall hold at least one (1) public hearing on the charter application, in accordance with law. At least forty-five (45) days must pass between the first public hearing and the final decision of the Board. No later than seventy-five (75) days after the first public hearing, the Board shall grant or deny the application.[4]

Insurance/Risk Management

The charter school shall adequately protect against liability and risk through an active risk management program approved by the Board. The program shall include proof of purchase of insurance coverages as required by the Board.[12][15]

Minimum coverages and levels of appropriate coverages shall be established in the charter.

A charter school shall operate in a manner that minimizes the risk of injury and harm to students, employees, and others.

agency and school administration.[1][6][7][22]

Where a threat assessment team member has reasonable cause to suspect that a reported situation indicates that a student may be a victim of child abuse, the member shall make a report of suspected child abuse in accordance with law and Board policy.[1][23][24]

Inquiry and Assessment

In investigating, assessing, and responding to threat reports, the threat assessment team shall make a determination if the report should be addressed under one or more specific Board policies or administrative regulations, based on the subject matter of the report and the requirements of law, regulations, and Board policy, including, but not limited to, reports involving:

The threat assessment team shall establish and implement procedures, in accordance with the district's memorandum of understanding with each law enforcement agency having jurisdiction over school property, to address situations where the investigation of a reported threat shall be transferred to the appropriate law enforcement agency.[6][22]

The threat assessment team may request that the county agency or juvenile probation department consult and cooperate with the team in assessing the student who is the subject of a preliminary determination regarding a threat.[1]

When assessment of a student's behavior determines that it is not a threat to the student, other students, school employees, school facilities, the community or others, the threat assessment team shall document the assessment and may refer the student to other appropriate resources such as a child study team, the Student Assistance Program team, an IEP or Section 504 Team or other district supports and services.
