between

LOWER MORELAND TOWNSHIP School District

and

The Montgomery County Intermediate Unit

This inter-agency agreement is made and entered into as of the 24th **day of September 2026** by and between **Lower Moreland Township School District** (hereinafter referred to as the “School District”) and the **Montgomery County Intermediate Unit**, (hereinafter referred to as the MCIU).

1. Term

The Term of this Agreement shall commence on September 24, 2026 and terminate on June 30, 2029.

2. Description

Upon the terms and conditions set forth herein, the School District requests that the MCIU provide reading and mathematics instructional services in accordance with the TITLE I program at **St. Albert the Great nonpublic school[s]**. Such services will be secular, neutral and non-ideological.

MCIU agrees to comply with all TITLE I statutory and regulatory requirements.

The School District and the MCIU agree to pool funds for instruction at **St. Albert the Great nonpublic school[s]** to provide TITLE I services to eligible students who reside in participating public school attendance areas regardless of the amount of funds generated by the number of children from low-income families attending **St. Albert the Great**. The School District will provide “Parent and Family Engagement” in accordance with TITLE I for parents at **St. Albert the Great nonpublic school[s]**.

3. Fees and Payment

In consideration of the services mutually agreed upon as described in this inter-agency agreement, the School District shall pay the MCIU \$827.00 the equitable nonpublic share for instructional services. This is determined by the per-pupil allocation times the number of low-income non-public school students living in eligible attendance areas.

The MCIU will provide invoices annually to the School District on/or around December 15th and at/or around June 15th of each year with fifty percent [50%] being invoiced during each billing period. The School District may withhold payment if MCIU does not comply with all statutory and regulatory requirements of TITLE I.

MCIU acknowledges that the allocations reflected in this agreement are **preliminary** and that final allocations will be available mid-year. The School District agrees to provide

MCIU with the final TITLE I allocation for the **2026-2027** school year for **St. Albert the Great nonpublic school[s]** at/or around April 1st. The School District and MCIU acknowledge that an increase or decrease in funds from the preliminary allocation may increase or decrease the services outlined in this Agreement.

4. Responsibilities

Such responsibilities include:

UG Implementation: Procurement

Section I – Required UG Contract Clauses

Background: Organizations must carefully review their grant agreements and contracts to ensure that any subrecipient contracts or other contracts they enter into related to federal awards include language mandated by the awarding agencies. Additionally, all contracts made by the organizations under the federal award must contain provisions covering the following contract clauses, as applicable. See UG Appendix II to Part 200.

(A) Contracts for more than the simplified acquisition threshold currently set at \$150,000, which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) as authorized by 41 U.S.C. 1908, must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as appropriate.

(B) All contracts in excess of \$10,000 must address termination for cause and for convenience by the non-federal entity including the manner by which it will be effected and the basis for settlement.

(C) Equal Employment Opportunity: Except as otherwise provided under 41 CFR Part 60, all contracts **that meet the definition of "federally assisted construction contract" in 41 CFR Part 60-1.3** must include the equal opportunity clause provided under 41 CFR 60-1.4(b), in accordance with Executive Order 11246, "Equal Employment Opportunity" (30 FR 12319, 12935, 3 CFR Part, 1964-1965 Comp., p. 339), **as amended by Executive Order 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," and implementing regulations at 41 CFR part 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor."**

(D) Davis-Bacon Act: As amended (40 U.S.C. 3141-3148). When required by federal program legislation, all prime construction contracts in excess of \$2,000 awarded by non-federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 CFR Part 5, "Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction"). **In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. The non-federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-federal entity must report all suspected or reported violations to the federal awarding agency. The contracts must also include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States"). The Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-federal entity must report all suspected or reported violations to the federal awarding agency.**

(E) Contract Work Hours and Safety Standards Act (40 U.S.C. 3701-3708): Where applicable, all contracts awarded by the non-federal entity in excess of \$100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5). Under 40 U.S.C. 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible, provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous, or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

UG Implementation: Procurement

Section I – Required UG Contract Clauses

(F) Rights to Inventions Made Under a Contract or Agreement: If the federal award meets the definition of **"funding agreement" under 37 CFR §401.2 (a) and the recipient or subrecipient** wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, **assignment or performance of experimental, developmental, or research work under that "funding agreement," the recipient or subrecipient must comply with the requirements of 37 CFR Part 401, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," and any implementing regulations issued by the awarding agency.**

(G) Clean Air Act (42 U.S.C. 7401-7671q.) and the Federal Water Pollution Control Act (33 U.S.C. 1251-1387) as amended: Contracts and subgrants of amounts in excess of \$150,000 must contain a provision that requires the non-federal award to agree to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401-7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251-1387). Violations must be reported to the federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA).

(H) Debarment and Suspension (Executive Orders 12549 and 12689): A contract award (see 2 CFR 180.220) must not be made to parties listed on the government wide exclusions in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 CFR 180 that implement Executive Orders 12549 (3 CFR part 1986 Comp., p. 189) and 12689 (3 CFR part 1989 Comp., p. 235), **"Debarment and Suspension."** SAM Exclusions contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549.

(I) Byrd Anti-Lobbying Amendment (31 U.S.C. 1352): Contractors that apply or bid for an award exceeding \$100,000 must file the required certification. Each tier certifies to the tier above that it will not and has not used federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any federal contract, grant, or any other award covered by 31 U.S.C. 1352. Each tier must also disclose any lobbying with non-federal funds that takes place in connection with obtaining any federal award. Such disclosures are forwarded from tier to tier up to the non-federal award.

(J) Procurement of recovered materials: A non-federal entity that is a state agency or agency of a political subdivision of a state and its contractors must comply with section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 CFR part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds \$10,000 or the value of the quantity acquired during the preceding fiscal year exceeded \$10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines

2027 President-Elect (one-year term)

Matt Vannoy*, Sharon City School District

My name is Matt Vannoy and I am a school director for the Sharon City School District (Mercer Co.) and serve on the Finance, Buildings and Grounds and Budget Committee. I am also currently in my second term as the vice president of the PSBA Governing Board. Prior to this I was a sectional advisor and sectional advisor representative to the PSBA Governing Board. Professionally, I am a principal in the Conneaut School District (Crawford Co.) and have also been a social studies teacher, athletic director and assistant principal in the Farrell Area School District, Moniteau School District and Sharon City School District. I am a member of the PIAA District 10 Committee, PIAA Cross Country Steering Committee, the Slippery Rock University (SRU) Alumni Association Board of Directors, several boards under the ARC of Mercer County umbrella and several other local boards. In 2018, I was a recipient of the SRU Alumni Association's Distinguished Recent Alumni Award as well as the Mercer County Chambers of Commerce 40 Under 40 award. I graduated summa cum laude from Slippery Rock University in 2009 and earned my Master of Education degree and Superintendent's Letter of Eligibility from Westminster College. Serving on the PSBA Governing Board has been a highlight of my career and I look forward to continuing to serve PSBA as the president-elect of the Governing Board and working with the staff and PSBA members across the state to advocate for public education. I look forward to working with PSBA to advocate for on-time budgets, cyber charter reform, mental health supports for schools, increased education funding and other areas that will benefit school districts. I appreciate your support. Thank you.

2027 Vice President (one-year term)

Kristy Bolte*, Northwestern School District

It has been an honor to serve as the Western Zone representative on the PSBA Governing Board since 2024. I am honored to seek election as vice president of the Pennsylvania School Boards Association and to continue advancing our shared mission of supporting school board directors as they lead their districts, build strong relationships and advocate for public education across Pennsylvania. I am a graduate of Edinboro University with a bachelor's degree in elementary education. As a former teacher, a mother of six, and the wife of a middle school teacher in the Conneaut School District, I have experienced public education from many perspectives. My family and I live in West Springfield, Pennsylvania, where I have been inspired to serve because I believe quality public education is the cornerstone of strong communities. I am currently serving my second term on the Northwestern School District Board of School Directors in Albion and am privileged to serve as board president. I also serve on the Tri-County Intermediate Unit 5 board. These leadership roles have reinforced my belief in the importance of effective governance, collaboration and continuous learning. Through PSBA's training, advocacy and support, I have grown as a leader and have become better equipped to serve my district and community. If elected vice president, I will remain committed to PSBA's vision of fostering informed, engaged and passionate school board directors who lead with integrity and advocate effectively for excellent public education. I will work to strengthen connections between PSBA and local school boards, ensuring directors throughout the commonwealth understand and benefit from the valuable resources and services our association provides. Public education faces both significant challenges and tremendous opportunities. By working together with honesty, integrity, collaboration and innovation, we can support school directors, strengthen our districts and create the best possible educational opportunities for every student. I would be honored to continue serving the members of PSBA as your vice president. I respectfully ask for your trust, your vote and your support as we work together to advance public education and ensure a bright future for Pennsylvania's students.

2027- 2029 PSBA Treasurer (three-year term)

David Hein*, Parkland School District

[Click here to view candidate video.](#)

My name is David Hein, and I am honored to ask for your support as treasurer of the Pennsylvania School Boards Association. For more than a decade, I have been privileged to serve PSBA in a variety of volunteer and governing board leadership roles, including as president, Eastern Zone representative, E-2 sectional advisor, member of the Finance Committee and other PSBA committees. These experiences have given me a deep understanding of our association, its mission and the importance of responsible financial stewardship. Locally, I am serving my fourth term on the Parkland School Board and currently have the privilege of serving as board president. Throughout my service, I have chaired our Personnel and Finance Committee and worked collaboratively on many of the complex financial and governance issues facing public education today. Beyond K-12 education, I currently serve as chair of the Lehigh Carbon Community College Board of Trustees after being reappointed to a second six-year term. I also served for 12 years on the Lehigh Career and Technical Institute Joint Operating Committee, holding several leadership positions there. These experiences have reinforced my commitment to sound governance, fiscal responsibility and long-term strategic planning. Professionally, I bring more than 35 years of finance and accounting experience across banking, healthcare IT, health insurance and the nonprofit sector. Today, I serve as assistant business administrator at Lehigh Career and Technical Institute, where fiscal accountability and responsible stewardship are central to my daily work. If elected treasurer, I will work to ensure that PSBA's financial resources are managed with transparency, integrity and a focus on delivering value to every member school district. I believe strong financial management allows our association to remain a trusted advocate for public education while providing the services and support our members depend on. I am passionate about protecting and strengthening public education through the fair allocation of resources, advocating for fully funded state and federal mandates, and ensuring a level playing field for our public schools in relation to charter and cyber charter schools. Public service has always been a family commitment. My wife and daughter are both elementary school teachers, giving me a firsthand appreciation for the work happening in our classrooms every day. I also proudly serve as president of the Parkland CARES Food Pantry, supporting families throughout our community. It would be an honor to continue serving PSBA in this new capacity. I respectfully ask for your vote for treasurer, and I thank you for your continued commitment to Pennsylvania's students, schools and communities.

2027 PSBA Eastern Zone Representative (one-year term) (Only Eastern Sections vote)

Jason Mell*, Exeter Township School District

[Click here to view candidate video.](#)

My name is Jason Mell and I am seeking election to the PSBA Governing Board as the Eastern Zone representative for a one-year term starting in 2027. As part of the election process, I'd like to provide some background on myself as a candidate. I currently serve as a school director in the Exeter Township School District, located in Berks County, where I represent our board as the district's PSBA Liaison. Being the liaison to PSBA has provided me with valuable insight into the association's resources and advocacy efforts. I also had the privilege of serving as board president for two years. Throughout my time on the board, I have worked closely with fellow directors and district leadership to address complex policy, financial and operational issues while maintaining a focus on student success. My commitment to public service extends beyond education. Over the years, I have served on the boards of the Exeter Community Library, Exeter Youth Soccer Association, Albright College Alumni Association and the Exeter Township Planning Commission. Today, I continue to support our region as a board member of Genesius Theatre, the Reading Film Office and Opportunity House.

From 2014 through 2020, I also founded and served as editor of The Exeter Informant, a community news service dedicated to keeping residents informed about local government and community issues. Professionally, I am a software engineering manager for a national restaurant service and supplies company headquartered in Lititz, Pennsylvania, in neighboring Lancaster County. I hold a Master of Science degree in information systems from Drexel University and a bachelor's degree in information systems from Albright College. In addition, I've earned a Master Planner certification through the Albright College Center for Excellence in Local Government and the Cyber Risk and Oversight for Public Education certification from the Diligent Institute. Public education is also deeply personal to my family. In addition to both of my children attending the Exeter Township School District, my wife, Tiffany, is a 1998 Exeter graduate herself and serves as a K-4 reading specialist in the district. I believe strong public schools depend on thoughtful governance and effective advocacy. If elected, I will work collaboratively with fellow board members across the commonwealth, listen carefully to the concerns of our member districts, and advocate for policies that strengthen local school boards and improve educational opportunities for every student. I would be grateful for your support and the opportunity to serve as your Eastern Zone representative. Thank you.

2027-2028 Section E-4 Advisor (two-year term) (Only Section E-4 vote)

Dr. Tasliym Morales*, Chester Upland School District

[Click here to view candidate video.](#)

My name is Dr. Tasliym Morales, and I am honored to seek another term as your PSBA Section E4 Advisor. Supporting school directors across Bucks, Chester, Delaware, Montgomery and Philadelphia counties has been one of the most rewarding opportunities of my public service. During my term, I have worked to ensure that board members had access to timely legislative updates, governance resources and opportunities to strengthen their effectiveness as educational leaders. As an elected school director, legislative chairwoman, and treasurer for the Chester Upland School District, I understand the challenges boards face every day. We are expected to balance fiscal responsibility, student achievement, transparency, community expectations and an ever-changing legislative landscape. Those experiences have shaped the way I support section E4, with practical solutions, open communication, and a commitment to helping fellow board members succeed. Throughout my term, I have remained engaged with local school districts, legislative discussions, and regional educational partners. I believe an effective sectional advisor should not simply share information but also create opportunities for collaboration, ensuring that boards can learn from one another while advocating for policies that strengthen public education. If reelected, I will continue strengthening connections throughout section E4 by expanding communication, increasing opportunities for professional engagement, and ensuring school directors have access to meaningful governance and legislative resources. I remain committed to supporting every district fairly and professionally, recognizing that while our communities may differ, our commitment to serving students is shared. Public education continues to face significant challenges, from funding and workforce issues to governance and accountability. These challenges require thoughtful leadership, respectful dialogue, and a willingness to work together across districts and perspectives. I am committed to continuing to support that work on your behalf. Thank you for the trust you have placed in me during my first term. It has been a privilege to work alongside so many dedicated school directors who volunteer countless hours to improve outcomes for students and communities across southeastern Pennsylvania. I respectfully ask for your support and your vote to continue serving as your PSBA Section E4 Advisor.

Policy 103**HARASSMENT AND DISCRIMINATION PROHIBITED - STUDENTS***This Policy and its attachments comply with the**2020 U.S. Department of Education Title IX Regulations, effective January 2025.*

Created:

Last updated:

I. Purpose

The District is committed to the maintenance of a safe, positive learning environment for all students that is free from discrimination by providing all students course offerings, counseling, assistance, services, employment, athletics, and extracurricular activities without any form of discrimination, including Title IX sexual harassment. Discrimination is inconsistent with the rights of students and the educational and programmatic goals of the District and is prohibited at or, in the course of, District-sponsored programs or activities, including transportation to or from school or school-sponsored activities.

The District will promptly and equitably respond to, investigate, and resolve all allegations of discrimination, including harassment and retaliation, with the internal Grievance Processes outlined in this Policy and its attachments.

- For the Title IX Sexual Harassment Grievance Process, apply **Attachment 1** to this Policy.
- For Grievance Procedures for other forms of prohibited harassment on the basis of a protected characteristic, apply **Attachment 2** to this Policy.
- For Grievance Procedures for discrimination in programs, including disparate treatment and discriminatory environment allegations, apply **Attachment 3** to this Policy.

Nothing in this Policy prevents an individual affected by discrimination or harassment from exercising their rights under federal or state law to make a complaint to the appropriate authority, such as the U.S. Department of Education - Office for Civil Rights or the Pennsylvania Human Relations Commission. Nevertheless, this Policy creates an internal process by which discriminatory conduct can be or, in some cases must be, identified, investigated, and resolved in a way that attempts to prevent its recurrence.

In addition to initiating the procedures described in this Policy, the designated employee or building principal shall ensure that reported conduct which meets the definition of other laws regulations or Board policies, is also appropriately addressed in accordance with the applicable laws, regulations, or Board policies, including but not limited to, incidents under the Safe Schools Act, reports of educator misconduct, threats, or reports of suspected child abuse.

Lower Moreland Township School District
Policy 103
Harassment and Discrimination Prohibited – Students

Violations of this policy, including acts of retaliation as described in this policy, or knowingly providing false information, may result in disciplinary consequences under applicable Board policy and procedures.

II. Authority

The Board strictly prohibits discrimination and harassment on the basis of race, color, national origin, ancestry, religion, religious creed, sex, marital status, pregnancy/parenting status, disability, age, or any other characteristic protected by Board Policy, local, state, or federal law in its education programs or activities.

The Board directs that the foregoing statement of Board policy be included in each student and staff handbook, and that this policy and related attachments be posted to the district's website.

Discrimination on the basis of race, color, and national origin is prohibited by Title VI of the Civil Rights Act of 1964. Discrimination against persons with disabilities is prohibited by Section 504 of the Rehabilitation Act of 1973 and Title II of the Americans with Disabilities Act of 1990 (Title II prohibits discrimination on the basis of disability by public entities, whether or not they receive federal financial assistance). Discrimination on the basis of sex is prohibited by Title IX of the Education Amendments of 1972. The Pennsylvania Human Relations Act defines categories that are protected under Pennsylvania law from discrimination and harassment.

III. Delegation of Responsibility

The Superintendent shall designate one or more people to be the Compliance Officer/Title IX Coordinator. These individuals shall process discrimination complaints, including complaints under this Policy as well as Policy 104, and facilitate recordkeeping requirements.

The Superintendent or designee shall create administrative regulations on implementation of this Policy which must include the name and contact information for the individual who is designated to process discrimination complaints, and whose job title and email signature shall include the designation of Compliance Officer/Title IX Coordinator.

The administrative regulations must contain additional definitions and timeframes for the prompt and equitable resolution of the major steps of the grievance process, as defined by law. The administrative regulations must also include a reporting form, a formal complaint form, and clear explanations of the grievance process such that a student, parent, or community member can access the process.

Responsibilities of Title IX Coordinator

The Title IX Coordinator may delegate responsibilities to other trained individuals pursuant to this Policy and its attachments. The Title IX Coordinator shall have the authority to appoint building level or department level Deputy Title IX Coordinators to facilitate the District's response at the building or department level. For example, a building principal, human resources administrator, or an athletic director may be appointed as a Deputy Title IX Coordinator. The

Lower Moreland Township School District
Policy 103
Harassment and Discrimination Prohibited – Students

Deputy Title IX Coordinator shall perform the duties of Title IX Coordinator for their building during implementation of the grievance process and will report directly and promptly to the Title IX Coordinator upon a report that implicates this Policy. Upon recommendation by the Title IX Coordinator, a third-party, such as a law firm or trained individual, may be appointed as interim Title IX Coordinator if the Title IX Coordinator is unable to serve based on an appearance of impropriety, bias, conflict of interest, or if the Title IX Coordinator is named as a party or witness.

The Title IX Coordinator is responsible for:

1. Identifying in advance a pool of trained investigators, informal resolution facilitators, determination makers, and appeal authorities in order to facilitate a prompt and equitable Grievance Process pursuant to the administrative regulations that are associated with this Policy.
2. Ensuring that the training obligations under this Policy are met.
3. Identifying patterns in order to address discriminatory conduct or barriers to reporting it.
4. Overseeing District-wide initiatives to combat unlawful discrimination and harassment, including training for all employees or raising awareness through student-based initiatives.
5. Keeping records for seven years of all reports naming or implicating Title IX and how they were resolved.

Personnel and Training Requirements

Training materials must be posted on the District's website.

The Title IX Coordinator will appoint a trained individual to fulfill the roles of Investigator; Decision-maker; Appeals Decision-maker; and, if applicable, Informal Resolution Facilitator. These individuals must be trained pursuant to regulatory requirements as articulated in administrative regulations associated with this policy.

IV. Definitions

Artificial Intelligence ("AI") generated or modified media shall mean text, code, images, audio or video data that has been created or modified from its original source data through the use of AI technology, programs or platforms

Bullying means an intentional electronic, written, verbal or physical act, or a series of acts:

- (1) directed at another student or students;
- (2) which occurs in a school setting;
- (3) that is severe, persistent or pervasive; and
- (4) that has the effect of doing any of the following:
 - (i) substantially interfering with a student's education;
 - (ii) creating a threatening environment; or
 - (iii) substantially disrupting the orderly operation of the school

Lower Moreland Township School District
Policy 103
Harassment and Discrimination Prohibited – Students

Complaint means a written or oral, formal or informal, notification to an individual identified in the relevant policy, requesting an investigation and determination regarding specific allegations. Please see the definition of “Formal Complaint” for Title IX Sexual Harassment.

Complainant means the person who has been negatively impacted by the alleged conduct that could constitute discrimination. The rights of a Complainant may be exercised by a minor’s parents or guardians. At the time of filing a Formal Complaint under Title IX, a Complainant must be participating in or attempting to participate in District programs or activities.

Cyberbullying means conduct that meets the criteria in paragraphs (1), (3), and (4) of the definition of “bullying” when an individual uses electronic technology or communication, including data, computer software or online platforms regardless of their origin, or uses a device, system, network, internet service, email, social media or other digital means, including AI generated or modified media to effectuate the conduct. Because paragraph (2) of the definition of bullying is not incorporated into this definition, conduct need not occur in a school setting in order to constitute cyberbullying. The required connection to the school is supplied instead by paragraph (4): the conduct must have the effect of substantially interfering with a student’s education, creating a threatening environment, or substantially disrupting the orderly operation of the school. Accordingly, conduct originating or occurring away from school grounds, outside school hours, or through personally owned devices or accounts may constitute cyberbullying, but only where that effect is present. The District will evaluate the effect of the conduct within the school environment rather than the location of the conduct.

Discrimination includes, but is not limited to, excluding from participation, denying the benefits of, or otherwise discriminating against individuals on the basis of a protected class, or any other category protected by state or federal law, in the administration of educational and employment policies, or in District programs and activities, or in failing to provide equal access to designated youth groups.

A **Discriminatory Environment** is when the educational program or activity is abusive, intimidating, or hostile to members of a protected class because it has systemic policies/practices that discriminate on the basis of a protected class or because the environment is saturated with conduct that is severe, pervasive, and objectively offensive on the basis of a protected characteristic.

Disparate Treatment is when members of a protected class are treated less favorably than others in an educational program or activity based on the protected characteristic.

Harassment, other than Title IX Sexual Harassment as defined below, is a form of discrimination based on a characteristic that is protected by this Policy, consisting of unwelcome and uninvited conduct such as, but not limited to, graphic, written, electronic, AI generated, verbal or nonverbal acts such as offensive jokes, slurs, epithets, name calling, ridicule, mockery, insults, put-downs, offensive objects or pictures, physical assaults or threats, intimidation, or other conduct that may be harmful or humiliating or interfere with a person’s school or school-related performance when such conduct is:

Lower Moreland Township School District
Policy 103
Harassment and Discrimination Prohibited – Students

1. Sufficiently severe or persistent or pervasive; and
2. A reasonable person in the Complainant's position would find that it creates an intimidating, threatening, or abusive educational environment such that it deprives or adversely interferes with or limits an individual or group of the ability to participate in or benefit from the services, activities, or opportunities offered by the District.

If conduct is sexual in nature or is sex-based but does not meet the definition of "Sexual Harassment" under Title IX (because it is either severe or pervasive, but not both, or because it is only subjectively offensive rather than objectively offensive), then consequences for that sexual or sex-based misconduct shall be processed under Attachment 2 to this Policy.

Formal Complaint means a document filed and signed by the Complainant (or their parent/guardian) or signed by the Title IX Coordinator that contains allegations of sexual harassment against a Respondent(s) and requests resolution via the regulatory procedures described in Attachment 1 to this Policy.

Preponderance of the Evidence means an amount of evidence that is enough to persuade a reasonable person that a fact is more likely true than not true, meaning more than 50% proof. It refers to the quality and persuasiveness of the evidence, not to the number of witnesses or documents.

Respondent shall mean an individual who has been reported to be the perpetrator of the alleged discriminatory conduct. A parent may act on behalf of a minor Respondent. In the event of a complaint relating to a generally discriminatory program or activity, there shall be no individual Respondent.

Retaliation shall mean actions including, but not limited to, intimidation, threats, coercion, or discrimination against a victim or other person because they report discrimination or harassment, participate or refuse to participate in an investigation or other process addressing discrimination or harassment, or act in opposition to discriminatory practices. The acts could be for the purpose of interfering with any right or privilege secured by Title IX, or because the person has reported information, made a complaint, testified, assisted, or participated or refused to participate in any manner in an investigation or proceeding under this part, including in an informal resolution process, in Grievance Procedures, and in any other actions taken by a District in executing its responsibilities under this Policy. Retaliation shall constitute another allegation of an infraction of this Policy. Retaliation may require modification to supportive measures.

Sexual Harassment under Title IX means conduct on the basis of sex that falls under one or more of the following descriptions:

- (1) A District staff member, administrator, board member, or other person under the District's control with authority over the individual conditioning the provision of an aid, benefit, or service of the District on an individual's participation in unwelcome sexual conduct;

Lower Moreland Township School District
Policy 103
Harassment and Discrimination Prohibited – Students

- (2) Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the District's program or activity;
- (3) The following types of conduct, as defined in federal law: sexual assault, dating violence, domestic violence, or stalking.

Conduct that satisfies at least one of the types of Title IX Sexual Harassment will be resolved pursuant to Attachment 1.

If conduct is sexual in nature or is sex-based but does not meet the definition of "Sexual Harassment" under Title IX (because it is either severe or pervasive, but not both, or because it is only subjectively offensive rather than objectively offensive), then consequences for that sexual or sex-based misconduct shall be processed under Attachment 2 to this Policy.

Student with a disability means a student who is an individual with a disability as defined in the Rehabilitation Act of 1973, as amended, 29 U.S.C. § 705(9)(B), (20)(B), or a child with a disability as defined in the Individuals with Disabilities Education Act, 20 U.S.C. § 1401(3).

Supportive Measures means individualized measures offered as appropriate, as reasonably available, without unreasonably burdening a Complainant or Respondent, not for punitive or disciplinary reasons, and without fee or charge to the Complainant or Respondent to: (1) restore or preserve that Party's access to the District's education program or activity, including measures that are designed to protect the safety of the parties or the District's educational environment; or (2) provide support during the District's Grievance Procedures or during the informal resolution process.

V. Guidelines

This Policy and its Attachments establish the internal procedure that the District uses to resolve complaints made under this Policy.

Discipline Prohibited Until Conclusion of Grievance Process

If the allegations include sexual harassment, discipline is prohibited prior to a finding that the Respondent violated the Title IX Policy. This is regulatory requirement from the U.S. Department of Education.

A narrow exception exists for (1) emergency situations as described in Attachment 1, and (2) administrative leave for an employee who is a Respondent.

For conduct covered by this Policy *other than sexual harassment*, discipline may be applied prior to the completion of the entire internal grievance process. In the event of a finding that the Respondent did not violate this Policy, the discipline record shall be expunged.

Presumption of Non-responsibility

Lower Moreland Township School District
Policy 103
Harassment and Discrimination Prohibited – Students

To prevent unintentional bias, each Respondent shall be presumed to be not responsible for alleged Title IX Sexual Harassment unless and until a determination has been made pursuant to the full grievance process or informal resolution.

Supportive Measures

The Title IX Coordinator must offer supportive measures to the Complainant at the time of first contact after a report. If the Grievance Process or an Informal Resolution Process is initiated, then the Title IX Coordinator must offer and coordinate supportive measures to the Respondent, as appropriate.

The Title IX Coordinator or Deputy Title IX Coordinator is responsible for implementing supportive measures.

Major Steps of the Title IX Grievance Process

Major steps of the Title IX Grievance Process are (1) Evaluation of initial report and determination regarding adequacy of formal complaint; (2) Investigation; (3) Determination; (4) Appeal. The Board may appoint a third-party, including a law firm, to conduct any or all of the steps of this Grievance Procedure.

The timeframes for the major steps of the internal grievance procedures described in Attachment 1, Attachment 2, and Attachment 3 may be modified to allow for a temporary delay or limited extension of time for good cause. Good cause may include, but is not limited to: (1) the absence of a party or witness; (2) concurrent law enforcement activity; (3) the need for language assistance or accommodations for disabilities; (4) appointment of a third-party, such as a law firm, to conduct any step of the procedure.

Holding a Manifestation Determination Review meeting for a Respondent student with a disability shall not be considered good cause to delay the major steps of the Grievance Procedure.

Written notice of the delay or extension and the reason for such action shall be provided to the Complainant and Respondent. Written documentation describing the underlying good cause and the length of the modified timeframe shall be included in the records of the complaint.

Range of Available Disciplinary Sanctions

A wide range of conduct could constitute discrimination or harassment. The severity, pervasiveness, and offensiveness of the conduct shall be considered when assigning a disciplinary sanction.

Discipline for a violation of this Policy shall be in accordance with other Board policies and the Student Code of Conduct up to and including expulsion.

Removal of Students Adjudicated Delinquent or Found Guilty

Under Act 110 of 2020, students who are criminally convicted of sexual assault or adjudicated delinquent of sexual assault may not be educated in the same school building, transported in the

Lower Moreland Township School District
Policy 103
Harassment and Discrimination Prohibited – Students

same school vehicle, or permitted to participate in the same school-sponsored activities at the same time as the victim to the crime.

Procedural protections under the IDEA for students with disabilities apply prior to removal.

Parental Rights

Parents, guardians, or other authorized legal representatives may act on behalf of a Complainant, Respondent, or other person, including but not limited to making a complaint through the District's Grievance Process for complaints of sex discrimination.

Off-campus Conduct

In order to protect the integrity of the educational environment and guarantee uninterrupted District operations, the District has an obligation to address a hostile environment under its education program or activity, even when some or all conduct alleged to be contributing to the hostile environment occurred outside of the District's education program. Off-campus conduct must have a sufficient nexus to school operations or activities.

Under the 2020 Title IX Regulations, the definition of "Sexual Harassment" only extends to conduct that occurs in the District's educational programs or activities, so the District is prohibited from applying Attachment 1 to complaints solely alleging off-campus sexual harassment. The 2020 Regulations also require that the conduct must have taken place in the United States.

Off-campus sexual harassment may cause a hostile environment in school. Therefore, where off-campus conduct has a sufficient nexus to the District's programs or activities and would otherwise constitute sexual harassment, the District shall apply Attachment 2 to process the complaint of a hostile educational environment.

Students with Disabilities and Manifestation Determination Review

Students with disabilities are entitled to certain disciplinary protections as further described in other Board policies and under the law. Administrative regulations shall contain guidelines for students with disabilities and Manifestation Determination Reviews.

The Manifestation Determination Review shall not be considered good cause to delay the applicable timeframes. The Grievance Procedure shall occur concurrently with the Manifestation Determination Review process.

Retaliation Prohibited

Retaliation, as defined above, is prohibited. Anyone who feels as though they have been retaliated against in violation of this Policy should report the retaliation to the Compliance Officer/Title IX Coordinator. In the event that the person accused of retaliation is the Compliance Officer/Title IX Coordinator, the report should be made to the Superintendent.

For retaliation as a consequence of Title IX participation, retaliation complaints shall be addressed according to the Grievance Procedures described in Attachment 1 to this Policy. Each

allegation of retaliation shall be its own additional potential policy violation. Supportive measures may be modified to address retaliation.

Reporting

The Board encourages students, employees, and third parties who believe they or others have been subject to discrimination that affects them in school to promptly report such incidents to the Title IX Coordinator, even if some elements of the related incident took place or originated away from school grounds, school activities or school conveyances.

Every employee shall report any instance of suspected discrimination or harassment to a building principal and/or the Title IX Coordinator, unless the Respondent is alleged to be the building principal or Title IX Coordinator in which case a report shall be made to the Superintendent.

Students who witness suspected discrimination or harassment are strongly encouraged to report any instance of discrimination or harassment to an employee, a building principal and/or the Title IX Coordinator.

Written reports may be submitted to the Title IX Coordinator by anyone, including third parties, on the reporting form. In the event that a written report is made without the reporting form, the Title IX Coordinator shall document the report on the reporting form.

Verbal reports of discrimination or harassment shall be documented on the reporting form that is created pursuant to this Policy by the Title IX Coordinator. In the event of Title IX Sexual Harassment, the Complainant (or their parent/guardian) or the Title IX Coordinator must sign a Formal Complaint, which officially requests resolution of the allegations through the Grievance Process in Attachment 1.

Under the District's Memorandum of Understanding ("MOU") with law enforcement, certain conduct will be referred to law enforcement.

Mandated Reporters must immediately report suspected child abuse to ChildLine.

Confidentiality

Confidentiality of all parties, witnesses, the allegations, the filing of a complaint and the investigation shall be handled in accordance with applicable law, regulations, this Policy and the District's legal and investigative obligations. In the event that FERPA and Title IX conflict, the Department of Education states that Title IX obligations take priority over FERPA obligations.

The District will take reasonable steps to protect the privacy of the parties and witnesses during the Grievance Procedures, provided that the steps taken to protect privacy do not restrict the abilities of the parties to: (1) obtain and present evidence, including by speaking to witnesses; (2) consult with their family members, confidential resources, or advisors; or (3) otherwise prepare for or participate in the Grievance Procedures.

I. Purpose

The District is committed to the maintenance of a safe, positive learning environment for all students that is free from discrimination by providing all students course offerings, counseling, assistance, services, employment, athletics, and extracurricular activities without any form of discrimination, including Title IX sexual harassment. Discrimination is inconsistent with the rights of students and the educational and programmatic goals of the District and is prohibited at or, in the course of, District-sponsored programs or activities, including transportation to or from school or school-sponsored activities.

The District will promptly and equitably respond to, investigate, and resolve all allegations of discrimination, including harassment and retaliation, with the internal Grievance Processes outlined in this Policy and its attachments.

- For the Title IX Sexual Harassment Grievance Process, apply **Attachment 1** to this Policy.
- For Grievance Procedures for all other forms of prohibited discrimination or harassment, apply **Attachment 2** to this Policy.
- For Grievance Procedures for discrimination in programs, including disparate treatment and discriminatory environment allegations, apply **Attachment 3** to this Policy.

Nothing in this Policy prevents an individual affected by discrimination or harassment from exercising their rights under federal or state law to make a complaint to the appropriate authority, such as the U.S. Department of Education - Office for Civil Rights or the Pennsylvania Human Relations Commission. Nevertheless, this Policy creates an internal process by which discriminatory conduct can be or, in some cases must be, identified, investigated, and resolved in a way that attempts to prevent its recurrence.

In addition to initiating the procedures described in this Policy, the designated employee or building principal shall ensure that reported conduct which meets the definition of other laws regulations or Board policies, is also appropriately addressed in accordance with the applicable laws, regulations, or Board policies, including but not limited to, incidents under the Safe Schools Act, reports of educator misconduct, threats, or reports of suspected child abuse.

Lower Moreland Township School District
Policy 104
Harassment and Discrimination Prohibited – Non-Students

Violations of this policy, including acts of retaliation as described in this policy, or knowingly providing false information, may result in disciplinary consequences under applicable Board policy and procedures.

II. Authority

The Board strictly prohibits discrimination and harassment on the basis of race, color, national origin, ancestry, religion, religious creed, sex, marital status, pregnancy/parenting status, disability, age, or any other characteristic protected by Board Policy, local, state, or federal law in its education programs or activities.

The Board directs that the foregoing statement of Board policy be included in each student and staff handbook, and that this policy and related attachments be posted to the district's website.

Discrimination on the basis of race, color, and national origin is prohibited by Title VI of the Civil Rights Act of 1964. Discrimination against persons with disabilities is prohibited by Section 504 of the Rehabilitation Act of 1973 and Title II of the Americans with Disabilities Act of 1990 (Title II prohibits discrimination on the basis of disability by public entities, whether or not they receive federal financial assistance). Discrimination on the basis of sex is prohibited by Title IX of the Education Amendments of 1972. Employment protections are afforded by Title VII of the Civil Rights Act of 1964 and the PUMP Act. The Pennsylvania Human Relations Act defines categories that are protected under Pennsylvania law from discrimination and harassment.

III. Delegation of Responsibility

The Superintendent shall designate one or more people to be the Compliance Officer/Title IX Coordinator. These individuals shall process discrimination complaints, including complaints under this Policy as well as Policy 103, and facilitate recordkeeping requirements.

The Superintendent or designee shall create administrative regulations on implementation of this Policy which must include the name and contact information for the individual who is designated to process discrimination complaints, and whose job title and email signature shall include the designation of Compliance Officer/Title IX Coordinator.

The administrative regulations must contain additional definitions and timeframes for the prompt and equitable resolution of the major steps of the grievance process, as defined by law. The administrative guidelines must also include a reporting form, a formal complaint form, and clear explanations of the grievance process such that a student, parent, or community member can access the process.

Responsibilities of Title IX Coordinator

The Title IX Coordinator may delegate responsibilities to other trained individuals pursuant to this Policy and its attachments. The Title IX Coordinator shall have the authority to appoint building level or department level Deputy Title IX Coordinators to facilitate the District's

Lower Moreland Township School District
Policy 104
Harassment and Discrimination Prohibited – Non-Students

response at the building or department level. For example, a building principal, human resources administrator, or an athletic director may be appointed as a Deputy Title IX Coordinator. The Deputy Title IX Coordinator shall perform the duties of Title IX Coordinator for their building during implementation of the grievance process and will report directly and promptly to the Title IX Coordinator upon a report that implicates this Policy. Upon recommendation by the Title IX Coordinator, a third-party, such as a law firm or trained individual, may be appointed as interim Title IX Coordinator if the Title IX Coordinator is unable to serve based on an appearance of impropriety, bias, conflict of interest, or if the Title IX Coordinator is named as a party or witness.

The Title IX Coordinator is responsible for:

1. Identifying in advance a pool of trained investigators, informal resolution facilitators, determination makers, and appeal authorities in order to facilitate a prompt and equitable Grievance Process pursuant to the administrative regulations that are associated with this Policy.
2. Ensuring that the training obligations under this Policy are met.
3. Identifying patterns in order to address discriminatory conduct or barriers to reporting it.
4. Overseeing District-wide initiatives to combat unlawful discrimination and harassment, including training for all employees or raising awareness through student-based initiatives.
5. Keeping records for seven years of all reports naming or implicating Title IX and how they were resolved.

Personnel and Training Requirements

Training materials must be posted on the District's website.

The Title IX Coordinator will appoint a trained individual to fulfill the roles of Investigator; Decision-maker; Appeals Decision-maker; and, if applicable, Informal Resolution Facilitator. These individuals must be trained pursuant to regulatory requirements as articulated in administrative regulations associated with this policy.

IV. Definitions

Artificial Intelligence (“AI”) generated or modified media shall mean text, code, images, audio or video data that has been created or modified from its original source data through the use of AI technology, programs or platforms.

Bullying means an intentional electronic, written, verbal or physical act, or a series of acts:

- (1) directed at another student or students;
- (2) which occurs in a school setting;
- (3) that is severe, persistent or pervasive; and
- (4) that has the effect of doing any of the following:
 - (i) substantially interfering with a student's education;
 - (ii) creating a threatening environment; or
 - (iii) substantially disrupting the orderly operation of the school

Lower Moreland Township School District
Policy 104
Harassment and Discrimination Prohibited – Non-Students

Complaint means a written or oral, formal or informal, notification to an individual identified in the relevant policy, requesting an investigation and determination regarding specific allegations. Please see the definition of “Formal Complaint” for Title IX Sexual Harassment.

Complainant means the person who has been negatively impacted by the alleged conduct that could constitute discrimination. The rights of a Complainant may be exercised by a minor’s parents or guardians. At the time of filing a Formal Complaint under Title IX, a Complainant must be participating in or attempting to participate in District programs or activities.

Cyberbullying means conduct that meets the criteria in paragraphs (1), (3), and (4) of the definition of “bullying” when an individual uses electronic technology or communication, including data, computer software or online platforms regardless of their origin, or uses a device, system, network, internet service, email, social media or other digital means, including AI generated or modified media to effectuate the conduct. Because paragraph (2) of the definition of bullying is not incorporated into this definition, conduct need not occur in a school setting in order to constitute cyberbullying. The required connection to the school is supplied instead by paragraph (4): the conduct must have the effect of substantially interfering with a student’s education, creating a threatening environment, or substantially disrupting the orderly operation of the school. Accordingly, conduct originating or occurring away from school grounds, outside school hours, or through personally owned devices or accounts may constitute cyberbullying, but only where that effect is present. The District will evaluate the effect of the conduct within the school environment rather than the location of the conduct.

Discrimination includes, but is not limited to, excluding from participation, denying the benefits of, or otherwise discriminating against individuals on the basis of a protected class, or any other category protected by state or federal law, in the administration of its educational and employment policies, or in its programs and activities, or in failing to provide equal access to designated youth groups.

A Discriminatory Environment is when the educational program or activity is abusive, intimidating, or hostile to members of a protected class because it has systemic policies/practices that discriminate on the basis of a protected class or because the environment is saturated with conduct that is severe, pervasive, and objectively offensive on the basis of a protected characteristic.

Disparate Treatment is when members of a protected class are treated less favorably than others in an educational program or activity based on the protected characteristic.

Harassment, other than Title IX Sexual Harassment as defined below, is a form of discrimination based on a characteristic that is protected by this Policy, consisting of unwelcome and uninvited conduct such as, but not limited to, graphic, written, electronic, AI-generated, verbal or nonverbal acts such as offensive jokes, slurs, epithets, name calling, ridicule, mockery, insults, put-downs, offensive objects or pictures, physical assaults or threats, intimidation, or

Lower Moreland Township School District
Policy 104
Harassment and Discrimination Prohibited – Non-Students

other conduct that may be harmful or humiliating or interfere with a person's school or school-related performance when such conduct is:

1. Sufficiently severe or persistent or pervasive; and
2. A reasonable person in the Complainant's position would find that it creates an intimidating, threatening, or abusive educational environment such that it deprives or adversely interferes with or limits an individual or group of the ability to participate in or benefit from the services, activities, or opportunities offered by the District.

If conduct is sexual in nature or is sex-based but does not meet the definition of "Sexual Harassment" under Title IX (because it is either severe or pervasive, but not both, or because it is only subjectively offensive rather than objectively offensive), then consequences for that sexual or sex-based misconduct shall be processed under Attachment 2 to this Policy.

Formal Complaint means a document filed by the Complainant (or their parent/guardian) or signed by the Title IX Coordinator that contains allegations of sexual harassment against a Respondent(s) and requesting resolution via the regulatory procedures described in Attachment 1 to this Policy.

Preponderance of the Evidence means an amount of evidence that is enough to persuade a reasonable person that a fact is more likely true than not true, meaning more than 50% proof. It refers to the quality and persuasiveness of the evidence, not to the number of witnesses or documents.

Respondent shall mean an individual who has been reported to be the perpetrator of the alleged conduct. A parent may act on behalf of a minor Respondent. In the event of a complaint relating to a generally discriminatory program or activity, there shall be no individual Respondent.

Retaliation shall mean actions including, but not limited to, intimidation, threats, coercion, or discrimination against a victim or other person because they report discrimination or harassment, participate or refuse to participate in an investigation or other process addressing discrimination or harassment, or act in opposition to discriminatory practices. The acts could be for the purpose of interfering with any right or privilege secured by Title IX, or because the person has reported information, made a complaint, testified, assisted, or participated or refused to participate in any manner in an investigation or proceeding under this part, including in an informal resolution process, in Grievance Procedures, and in any other actions taken by a District in executing its responsibilities under this Policy. Retaliation shall constitute another allegation of an infraction of this Policy. Retaliation may require modification to supportive measures.

Sexual Harassment under Title IX means conduct on the basis of sex that falls under one or more of the following descriptions:

- (1) A District staff member, administrator, board member, or other person under the District's control with authority over the individual conditioning the provision of an aid, benefit, or service of the District on an individual's participation in unwelcome sexual conduct;

Lower Moreland Township School District
Policy 104
Harassment and Discrimination Prohibited – Non-Students

- (2) Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the District's program or activity;
- (3) The following types of conduct, as defined in federal law: sexual assault, dating violence, domestic violence, or stalking.

Conduct that satisfies at least one of the types of Title IX Sexual Harassment will be resolved pursuant to Attachment 1.

If conduct is sexual in nature or is sex-based but does not meet the definition of "Sexual Harassment" under Title IX (because it is either severe or pervasive, but not both, or because it is only subjectively offensive rather than objectively offensive), then consequences for that sexual or sex-based misconduct shall be processed under Attachment 2 to this Policy.

Student with a disability means a student who is an individual with a disability as defined in the Rehabilitation Act of 1973, as amended, 29 U.S.C. § 705(9)(B), (20)(B), or a child with a disability as defined in the Individuals with Disabilities Education Act, 20 U.S.C. § 1401(3).

Supportive Measures means individualized measures offered as appropriate, as reasonably available, without unreasonably burdening a Complainant or Respondent, not for punitive or disciplinary reasons, and without fee or charge to the Complainant or Respondent to: (1) restore or preserve that Party's access to the District's education program or activity, including measures that are designed to protect the safety of the parties or the District's educational environment; or (2) provide support during the District's Grievance Procedures or during the informal resolution process.

V. Guidelines

This Policy and its Attachments establish the internal procedure that the District uses to resolve complaints made under this Policy.

Discipline Prohibited Until Conclusion of Grievance Process

If the allegations include sexual harassment, discipline is prohibited prior to a finding that the Respondent violated the Title IX Policy. This is regulatory requirement from the U.S. Department of Education.

A narrow exception exists for (1) emergency situations as described in Attachment 1, and (2) administrative leave for an employee who is a Respondent.

For conduct covered by this Policy other than sexual harassment, discipline may be applied prior to the completion of the entire internal grievance process. In the event of a finding that the Respondent did not violate this Policy, the discipline record shall be expunged.

Lower Moreland Township School District
Policy 104
Harassment and Discrimination Prohibited – Non-Students

Presumption of Non-responsibility

To prevent unintentional bias, each Respondent shall be presumed to be not responsible for alleged Title IX Sexual Harassment unless and until a determination has been made pursuant to the full grievance process or informal resolution.

Supportive Measures

The Title IX Coordinator must offer supportive measures to the Complainant at the time of first contact after a report. If the Grievance Process or an Informal Resolution Process is initiated, then the Title IX Coordinator must offer and coordinate supportive measures to the Respondent, as appropriate.

The Title IX Coordinator or Deputy Title IX Coordinator is responsible for implementing supportive measures.

Major Steps of the Grievance Process

Major steps of the Grievance Procedure are (1) Evaluation of initial report and determination regarding adequacy of formal complaint; (2) Investigation; (3) Determination; (4) Appeal. The Board may appoint a third-party, including a law firm, to conduct any or all of the steps of this Grievance Procedure.

The timeframes described in Attachment 1, Attachment 2, and Attachment 3 may be modified to allow for a temporary delay or limited extension of time for good cause. Good cause may include, but is not limited to: (1) the absence of a party or witness; (2) concurrent law enforcement activity; (3) the need for language assistance or accommodations for disabilities; (4) appointment of a third-party, such as a law firm, to conduct any step of the procedure.

Holding a Manifestation Determination Review meeting for a Respondent student with a disability shall not be considered good cause to delay the major steps of the Grievance Procedure.

Written notice of the delay or extension and the reason for such action shall be provided to the Complainant and Respondent. Written documentation describing the underlying good cause and the length of the modified timeframe shall be included in the records of the complaint.

Range of Available Disciplinary Sanctions

A wide range of conduct could constitute discrimination or harassment. The severity, pervasiveness, and offensiveness of the conduct shall be considered when assigning a disciplinary sanction.

Discipline for a violation of this Policy shall be in accordance with other Board policies and the Student Code of Conduct up to and including expulsion.

Off-campus Conduct

In order to protect the integrity of the educational environment and guarantee uninterrupted District operations, the District has an obligation to address a hostile environment under its

Lower Moreland Township School District
Policy 104
Harassment and Discrimination Prohibited – Non-Students

education program or activity, even when some or all conduct alleged to be contributing to the hostile environment occurred outside of the District's education program. Off-campus conduct must have a sufficient nexus to school operations or activities.

Under the 2020 Title IX Regulations, the definition of "Sexual Harassment" only extends to conduct that occurs in the District's educational programs or activities, so the District is prohibited from applying Attachment 1 to complaints solely alleging off-campus sexual harassment. The 2020 Regulations also require that the conduct must have taken place in the United States.

Off-campus sexual harassment may cause a hostile environment in school. Therefore, where off-campus conduct has a sufficient nexus to the District's programs or activities and would otherwise constitute sexual harassment, the District shall apply Attachment 2 to process the complaint of a hostile educational environment.

Students with Disabilities and Manifestation Determination Review

Students with disabilities are entitled to certain disciplinary protections as further described in other Board policies and under the law. Administrative regulations shall contain guidelines for students with disabilities and Manifestation Determination Reviews.

The Manifestation Determination Review shall not be considered good cause to delay the applicable timeframes. The Grievance Procedure shall occur concurrently with the Manifestation Determination Review process.

Retaliation Prohibited

Retaliation, as defined above, is prohibited. Anyone who feels as though they have been retaliated against in violation of this Policy should report the retaliation to the Compliance Officer/Title IX Coordinator. In the event that the person accused of retaliation is the Compliance Officer/Title IX Coordinator, the report should be made to the Superintendent.

For retaliation as a consequence of Title IX participation, retaliation complaints shall be addressed according to the Grievance Procedures described in Attachment 1 to this Policy. Each allegation of retaliation shall be its own additional potential policy violation. Supportive measures may be modified to address retaliation.

Reporting

The Board encourages students, employees, and third parties who believe they or others have been subject to discrimination that affects them in school to promptly report such incidents to the Title IX Coordinator, even if some elements of the related incident took place or originated away from school grounds, school activities or school conveyances.

Every employee shall report any instance of suspected discrimination or harassment to a building principal and/or the Title IX Coordinator, unless the Respondent is alleged to be the building principal in which case a report shall be made to the Superintendent.

Lower Moreland Township School District
Policy 104
Harassment and Discrimination Prohibited – Non-Students

Students who witness suspected discrimination or harassment are strongly encouraged to report any instance of discrimination or harassment to an employee, a building principal and/or the Title IX Coordinator.

Written reports may be submitted to the Title IX Coordinator by anyone, including third parties, on the reporting form. In the event that a written report is made without the reporting form, the Title IX Coordinator shall document the report on the reporting form.

Verbal reports of discrimination or harassment shall be documented on the reporting form that is created pursuant to this Policy by the Title IX Coordinator. In the event of Title IX Sexual Harassment, the Complainant (or their parent/guardian) or the Title IX Coordinator must sign a Formal Complaint, which officially requests resolution of the allegations through the Grievance Process in Attachment 1.

Under the District's Memorandum of Understanding ("MOU") with law enforcement, certain conduct will be referred to law enforcement.

Mandated Reporters must immediately report suspected child abuse to ChildLine.

Confidentiality

Confidentiality of all parties, witnesses, the allegations, the filing of a complaint and the investigation shall be handled in accordance with applicable law, regulations, this Policy and the District's legal and investigative obligations. In the event that FERPA and Title IX conflict, the Department of Education states that Title IX obligations take priority over FERPA obligations.

The District will take reasonable steps to protect the privacy of the parties and witnesses during the Grievance Procedures, provided that the steps taken to protect privacy do not restrict the abilities of the parties to: (1) obtain and present evidence, including by speaking to witnesses; (2) consult with their family members, confidential resources, or advisors; or (3) otherwise prepare for or participate in the Grievance Procedures.

Based on the context of what is reported to the district, all incidents that are required by law to be reported to law enforcement and/or ChildLine will be made accordingly.

Recordkeeping

All records described in this Policy must be maintained for no less than seven (7) years.

Model Policy 249
BULLYING AND CYBERBULLYING

I. Purpose

The District is committed to the maintenance of a safe, positive learning environment for all students that is free from bullying and cyberbullying. Bullying and cyberbullying are inconsistent with the rights of students and the educational and programmatic goals of the District and are prohibited. Bullying is prohibited at, or in the course of, District-sponsored programs or activities, including transportation to or from school or school-sponsored activities. Cyberbullying is prohibited regardless of where the conduct originates or occurs, including conduct occurring away from school grounds, outside school hours, or through personally owned devices or accounts, provided that the conduct has the effect of substantially interfering with a student's education, creating a threatening environment, or substantially disrupting the orderly operation of the school. Conduct occurring away from school grounds that does not have one of those effects is not cyberbullying under this policy, although it may be addressed under other Board policies or referred to parents/legal guardians or law enforcement as appropriate.

The District will promptly and equitably respond to, investigate, and resolve all reports of alleged bullying and cyberbullying, whether conveyed verbally or in writing, including off campus cyberbullying when it has the effect of substantially interfering with a student's education, creating a threatening environment, or substantially disrupting the orderly operation of the school.

In addition to initiating the procedures described in this Policy, a designated employee or building principal shall ensure that reported conduct which meets the definition of other laws, regulations, or Board policies is also appropriately addressed in accordance with those applicable laws, regulations, or Board policies, including but not limited to, incidents under the Safe Schools Act¹, reports of educator misconduct, threats, or reports of suspected child abuse.

Violations of this policy, including acts of retaliation as described in this policy, or knowingly providing false information, may result in disciplinary consequences under applicable Board policy and procedures.

II. Authority

Under Pennsylvania Law, school entities must adopt a policy relating to the prohibition of bullying and cyberbullying.² All incidents of alleged bullying or cyberbullying must be promptly investigated, and the policy must contain an investigation procedure.³

¹ 24 P.S. §§ 13-1301-A to 13-1309-A

² 24 P.S. § 13-1303.1-A(a)

³ 24 P.S. § 13-1303.1-A(a)

III. Delegation of Responsibility

The Superintendent shall designate at least one School Official per building to process reports of bullying or cyberbullying.⁴ These individuals shall keep adequate records of the receipt of reports and their disposition.

IV. Definitions

Artificial Intelligence (“AI”) generated or modified media shall mean text, code, images, audio or video data that has been created or modified from its original source data through the use of AI technology, programs or platforms.⁵

Bullying means an intentional electronic, written, verbal or physical act, or a series of acts:⁶

- (1) directed at another student or students;
- (2) which occurs in a school setting;
- (3) that is severe, persistent or pervasive; and
- (4) that has the effect of doing any of the following:
 - (i) substantially interfering with a student's education;
 - (ii) creating a threatening environment; or
 - (iii) substantially disrupting the orderly operation of the school.

Cyberbullying means conduct that meets the criteria in paragraphs (1), (3), and (4) of the definition of “bullying” when an individual uses electronic technology or communication, including data, computer software or online platforms regardless of their origin, or uses a device, system, network, internet service, email, social media or other digital means, including AI generated or modified media to effectuate the conduct.⁷ Because paragraph (2) of the definition of bullying is not incorporated into this definition, conduct need not occur in a school setting in order to constitute cyberbullying. The required connection to the school is supplied instead by paragraph (4): the conduct must have the effect of substantially interfering with a student’s education, creating a threatening environment, or substantially disrupting the orderly operation of the school. Accordingly, conduct originating or occurring away from school grounds, outside school hours, or through personally owned devices or accounts may constitute cyberbullying, but only where that effect is present. The District will evaluate the effect of the conduct within the school environment rather than the location of the conduct.

A **Report** is a verbal or written conveyance of information to a School Official tending to suggest a violation of this policy.

Retaliation shall mean actions including, but not limited to, intimidation, threats, coercion, or discrimination against a victim or other person because they report bullying or cyberbullying or participate in an investigation or other process addressing bullying or cyberbullying.

⁴ 24 P.S. § 13-1303.1-A(a)

⁵ 24 P.S. § 13-1303.1-A(e)

⁶ 24 P.S. § 13-1303.1-A(e)

⁷ 24 P.S. § 13-1303.1-A(e)

School Official means an appropriate school staff person designated by the Superintendent to process reports made under this policy.⁸

School Setting means in the school, on school grounds, in school vehicles, at a designated bus stop or at any activity sponsored, supervised, or sanctioned by the school.⁹

Student with a disability means a student who is an individual with a disability as defined in the Rehabilitation Act of 1973¹⁰, as amended, or a child with a disability as defined in the Individuals with Disabilities Education Act¹¹.

V. Guidelines

Reporting

The Board encourages students who believe they or others have been subject to bullying or cyberbullying to promptly report such incidents to any District employee or school staff person, even if some elements of the related incident took place or originated away from school grounds, school activities or school conveyances.

Students and parents/legal guardians may make verbal or written reports of bullying or cyberbullying. A School Official shall provide the reporting party with the Discrimination/Harassment/Bullying/Cyberbullying Report Form (“Report Form”). The School Official shall handle the report objectively, neutrally, and professionally, setting aside any personal bias that might favor or disfavor the reporting student or any student accused of violating this policy.

When a student’s behavior indicates a threat to the safety of the student, other students, school employees, school facilities, the community, or others, District staff shall report the student to the threat assessment team in accordance with applicable law and Board policy and administrative regulations.¹²¹³¹⁴ A referral to the threat assessment team does not relieve the School Official of the obligation to process and investigate the report under this policy.

Investigation and Determination

A School Official who receives a Report Form shall perform intake to determine which policy or policies are implicated.

A report that can be interpreted at the outset to allege conduct prohibited by Policy 103 or 104 shall be handled as a joint, concurrent investigation coordinated with the full participation of the Compliance Officer and Title IX Coordinator. If potential issues of discrimination or harassment

based on a protected class are identified at any point during an investigation under this policy, the Compliance Officer and Title IX Coordinator shall be promptly notified, and the investigation shall proceed jointly and concurrently to address both the alleged discrimination or harassment and the alleged bullying or cyberbullying.¹⁵

Upon determining that the Report Form should be processed under this policy, the School Official must contact the parents/legal guardians of all parties named in the Report Form without undue delay. Regardless of whether or not the parents/legal guardians have knowledge of the conduct in the Report Form, the School Official must initiate a comprehensive investigation into the conduct that could violate this policy. If the reporting party declines to complete the Report Form, the School Official who receives a verbal report of conduct that may constitute bullying or cyberbullying shall promptly reduce the report to writing on the Report Form and proceed with intake under this policy. An investigation shall not be delayed or withheld because the reporting party declines to complete the Report Form.

The Superintendent or designee shall create administrative regulations to this policy that contain detailed investigation procedures. Investigation procedures may be amended without Board approval.

Any designated School Official for the building in which the reported conduct arose shall ensure an investigation is completed to determine whether the reported conduct violates this policy. The School Official may designate themselves or another District administrator as the investigator, unless a conflict of interest exists that would prevent an impartial investigation.

Under most circumstances, a final written determination about a policy violation will be made within sixty (60) calendar days of the initiation of an investigation. The timeframe may be extended for good cause. Good cause may include but is not limited to: (1) the absence of a party or witness; (2) concurrent law enforcement activity; (3) the need for language assistance or accommodations for disabilities; (4) appointment of a third-party, such as a law firm, to conduct any step of the procedure; or (5) breaks in the school calendar.

The results of the investigation must be documented in a final written determination. The administrative regulations must contain guidelines for the contents of the final written determination.

Upon completion of the final written determination, the parents/legal guardians of any student involved in the incident must be informed of the disposition of the Report Form (i.e., whether the conduct constituted a policy violation).¹⁶ Unless permitted by law, parents/legal guardians shall not be apprised of another student's consequences or discipline when the investigation culminates in consequences or discipline.

Appeals shall not be provided.

¹⁵ [Reference any local Board policies on discrimination/harassment]

¹⁶ 24 P.S. § 13-1303.1-A(a)

Discipline

For conduct covered by this policy *other than sexual harassment*, discipline may be applied prior to the completion of the entire investigation process. In the event of a finding that bullying or cyberbullying did not occur, the discipline record shall be expunged.

Discipline for a violation of this Policy shall be in accordance with other Board policies and the Student Code of Conduct up to and including expulsion.¹⁷

Student with a Disability

Students with disabilities are entitled to certain disciplinary protections as further described in other Board policies and under the law, including the right to a Manifestation Determination Review under certain circumstances.¹⁸ Special education administrators must be consulted when a written report involves a student with disabilities.

Confidentiality

Confidentiality of all parties, witnesses, the allegations, the filing of a complaint and the investigation shall be handled in accordance with applicable law, regulations, this Policy, and the District's legal and investigative obligations. This policy shall be applied consistent with the Family Educational Rights and Privacy Act ("FERPA") and its implementing regulations, however the District's obligation to comply with Title IX and its implementing regulations is not obviated or alleviated by FERPA.¹⁹ In the event of a direct conflict between a specific Title IX regulatory requirement and FERPA, the Title IX requirement controls; FERPA otherwise continues to govern the disclosure of student education records throughout the investigation.²⁰

Any notification to parents/legal guardians required by this policy shall be limited to information the District is permitted to disclose. A parent/legal guardian shall not be apprised of another student's education records, including any consequences or discipline imposed, except as permitted by law.

Retaliation Prohibited

Retaliation, as defined in this Policy, is prohibited. Anyone who feels as though they have been retaliated against in violation of this Policy should report the retaliation to a School Official. In the event that the person accused of retaliation is the School Official, the report should be made to the Superintendent.

VI. Publication and Education

This policy shall be posted on the District's website, made available in every classroom, and posted at a prominent location in each school building.²¹ This policy shall be reviewed at least every three (3) years.²² This policy shall be included in the Code of Student Conduct and any Disciplinary Action Schedule, which shall be disseminated annually to students.²³

Within ninety (90) days of the adoption of this policy, and at least once per school year thereafter, a School Official will cause all students to be educated, using developmentally appropriate strategies, about the District's prohibition on bullying and cyberbullying as well as the procedures for reporting bullying and cyberbullying incidents.²⁴ Students shall also be educated on the definition of bullying and cyberbullying and the harms of bullying and cyberbullying at least annually.

The District may develop, implement, and evaluate bullying and cyberbullying prevention and intervention programs and activities.²⁵ Such programs shall provide District staff and students with appropriate training for effectively responding to, intervening in, and reporting incidents of bullying and cyberbullying.

VII. Reporting

At least one School Official per building must be designated to track reports of bullying or cyberbullying.

The District shall annually provide the information required by law, including on acts of bullying or cyberbullying as defined in this Policy, to the Pennsylvania Department of Education on the required form or document.²⁶

POLICY NUMBER	VERSION	DOCUMENT STATUS	PRINTED
302	v1.1	DRAFT	9/16/2026

Purpose

The Board places the primary responsibility and authority for the administration of the district in the Superintendent. Therefore, selection of a Superintendent is critical to the effective leadership and management of the district.[\[1\]](#)

Authority

During the last year of the Superintendent's term or any other time the position of Superintendent becomes vacant, the Board shall **meet to appoint**, by a majority vote of all members of the Board, **a properly qualified district Superintendent. The appointed Superintendent shall enter into a written contract with the Board for a term of** three (3) to five (5) years.[\[2\]](#)[\[3\]](#)[\[4\]](#)

At a **public** Board meeting occurring at least **ninety (90)** days prior to the expiration date of the Superintendent's term of office, the **Board** meeting agenda shall include an item requiring affirmative action by five (5) or more Board members to notify the Superintendent that the Board intends to retain him/her or that other candidates will be considered for the office. **If the Board fails to take such action, the term of office which the Superintendent is serving shall be extended one (1) time for a one-year period. Prior to the end of the one-year extension, the Board shall take action necessary to retain the Superintendent. If no action is taken prior to the conclusion of the one-year extension, the term of office for the current Superintendent shall terminate.**
[\[4\]](#)

Anytime the Board votes to retain a Superintendent, the Superintendent may be retained for a term of three (3) to five (5) years.[\[4\]](#)

Whenever the Board finds it impossible or impractical to immediately fill a vacancy in the office of Superintendent, the Board may appoint an acting Superintendent to serve not longer than one (1) year from the time of appointment.[\[5\]](#)

In the event the Board appoints an acting Superintendent, the Board shall approve and document the recruitment and assessment procedures to be used to permanently fill such vacancy in accordance with Board policy.

Guidelines

A candidate's misstatement of fact material to qualifications for employment or determination of salary shall constitute grounds for dismissal by the Board.

Pre-Employment Requirements

The district shall conduct an employment history review in compliance with state law prior to issuing an offer of employment to a candidate. Failure to accurately report required information shall subject the candidate to discipline up to, and including, denial of employment or termination if already hired, and may subject the candidate to civil and criminal penalties. The district may use the information for the purpose of evaluating an applicant's fitness to be hired or for continued employment and may report the information as permitted by law.[\[12\]](#)

A candidate shall not be employed until the individual has complied with the mandatory background check requirements for criminal history and child abuse and the district has evaluated the results of that screening process.[\[13\]](#)[\[14\]](#)

Each candidate shall report, on the designated form, all arrests and convictions as specified on the form. Candidates shall likewise report arrests and/or convictions that occur subsequent to initially submitting the form. Failure to accurately report such arrests and convictions may subject the individual to denial of employment, termination if already hired, and/or criminal prosecution.[\[14\]](#)

Before entering the duties of the office, the Superintendent shall take and subscribe to the oath of office prescribed by **law**.[\[15\]](#)

Suicide Awareness and Prevention Education for Students

Students shall receive age **and developmentally**-appropriate, **student-centered lessons on the importance of safe and healthy choices, coping strategies focused on resiliency**, how to recognize risk factors and warning signs, as well as help-seeking strategies for self or others, including how to engage school resources.

- 2. Encouraging students to seek help for themselves or their peers, including when concerns arise via social media or other online forum, and to avoid making promises of confidence when they are concerned about the safety of a peer or other individual.**
- 3. Adhering to safe and effective messaging guidelines, avoiding graphic testimonials and including research-based suicide prevention resources.**

MODEL ADMINISTRATIVE REGULATIONS TO POLICY 249

I. Intake and Initial Notification

Upon receipt of a Report Form alleging discrimination, harassment, bullying, or cyberbullying, a School Official designated to process reports for the building in which the reported conduct arose shall promptly perform intake to determine which Board policy or policies are implicated, including whether the reported conduct may also constitute discrimination or harassment under Policy 103 or Policy 104.

Any employee who receives a verbal report of discrimination, harassment, bullying, or cyberbullying shall promptly disclose the allegations to a School Official designated to process reports for the building in which the reported conduct arose. The School Official shall provide the reporting party with the Report Form. If the reporting party declines to complete the Report Form, the School Official shall promptly record the verbal report on the Report Form.

If the report is interpreted at the outset, or is determined at any point during the investigation, to implicate Policy 103 or Policy 104, the School Official shall promptly notify the Compliance Officer and Title IX Coordinator, and the investigation shall proceed as a joint, concurrent investigation coordinated with their full participation.

II. Assignment of Investigator

The School Official processing the Report Form shall ensure an investigation is completed. The School Official may designate themselves or another administrator as the investigator for a report of bullying or cyberbullying under this policy, provided that no conflict of interest exists that would prevent an impartial investigation. If a conflict of interest exists as to every administrator available to serve as investigator, the School Official shall refer the assignment to the Superintendent or designee. A conflict of interest includes, but is not limited to, a personal, family, or professional relationship with a party or witness. Ordinarily, the person who conducted the investigation shall recommend consequences or discipline, as necessary, in a final written determination.

III. Interim Measures and Consequences

Pending completion of an investigation, a School Official may implement interim measures reasonably designed to protect the safety and well-being of the reporting party and any student affected by the reported conduct. Interim measures may include, without limitation, schedule or seating adjustments, increased supervision, no-contact expectations, or counseling referrals.

If a threat to health or safety exists for anyone in the school community based on the alleged conduct, the District may require a virtual setting for the accused student for the duration of the investigation. The decision to move an accused student to a virtual setting

must be made in conjunction with the IEP Team, including parents, if the student has an IEP. The existence of a threat must be established by the threat assessment team.

Interim measures are not discipline and shall not be construed as a determination that a policy violation occurred.

Nothing in this section limits the District's authority to impose discipline or consequences prior to issuance of a written decision as permitted under Policy 249 for conduct other than sexual harassment.

IV. Investigative Procedure

- a. **Notice.** The investigator shall provide the student(s) alleged to have engaged in the reported conduct with written notice of the conduct allegations and the implicated policies and shall provide student(s) with an opportunity to respond before the final written determination is issued.
- b. **Interviews.** The investigator shall interview, as appropriate, the reporting party, the student(s) alleged to be affected, the student(s) alleged to have engaged in the conduct, and any identified witnesses or other person(s) with knowledge of the conduct. The investigator shall have discretion regarding whether additional interviews would uncover new information or merely replicate/corroborate existing information. There is no requirement for the investigator to interview every individual with knowledge of the conduct.
- c. **Evidence.** The investigator shall gather relevant evidence, which may include documents, photographs, and electronic evidence such as screenshots, text messages, social media posts, or other records of electronic communication relevant to an allegation of cyberbullying. Where the investigation involves electronic technology or communication, the investigator shall take reasonable steps to preserve such evidence and may coordinate with the District's technology staff or law enforcement to do so.
- d. **Coordination with Other Offices and Officials.** The investigator shall, as applicable: (1) refer the matter to the threat assessment team if the reported conduct or any related information indicates a threat to the safety of a student, staff member, or the school community; (2) refer the matter to law enforcement in accordance with the District's Memorandum of Understanding with law enforcement; and (3) consult the special education administrator whenever a student with a disability is the subject of a report.
- e. **Standard of Evidence.** The investigator shall determine whether a policy violation occurred based on a preponderance of the evidence.

V. Contents of the Final Written Determination

The final written determination, which is created as a consequence of the investigation, must contain:

- a. Allegations and Applicable Policies. A description of the allegations and the policy or policies implicated.
- b. Evidence and Factual Findings. A summary of the evidence considered and the factual findings reached, including an explanation of the weight afforded to the evidence (if there is reason to afford certain evidence more weight than other evidence) and a credibility determination (if credibility is at issue).
- c. Analysis and Conclusion. The investigator's analysis and conclusion as to whether a policy violation occurred.
- d. Recommendations/Educational Consequences/Disciplinary Sanctions.

VI. Notification of Disposition

Pennsylvania law permits parents of any involved student to be informed of the disposition of the report; however, a school official may redact the report to protect the identity of witnesses or to comply with FERPA and District policies. Unless permitted by law, parents shall not be apprised of another student's consequences or discipline when the investigation culminates in consequences or discipline.

Consistent with Policy 249, there is no right of appeal from the final written determination.

VII. Publication of Policy and Behavior Expectations

Pennsylvania law requires that the bullying/cyberbullying policy be displayed in every classroom. In addition, students must be provided with clearly articulated conduct expectations, communicated in a way that is developmentally appropriate.

Bullying is unwelcome and uninvited conduct such as, but not limited to, graphic, written, electronic, verbal or nonverbal acts such as offensive jokes, slurs, epithets, name calling, ridicule, mockery, insults, put-downs, offensive objects or pictures, physical assaults or threats, intimidation, or other conduct that may be harmful or humiliating or interfere with a person's school or school-related performance. This type of conduct is strictly prohibited.

Unlike mutual, negative peer interactions, bullying and cyberbullying often reveals a power disparity or results in one. Mutual, negative peer interactions may not constitute bullying or cyberbullying. A finding that the conduct was a result of mutual, negative peer interactions rather than bullying or cyber bullying may be addressed using the student code of conduct under provisions such as inappropriate language or assault.

Internal Resolution Process (Grievance Procedures)

Actual notice to the Compliance Officer/Title IX Coordinator constitutes a report, whether in writing or verbal. The Compliance Officer/Title IX Coordinator must document the report on the Report Form attached to Policy 103 or Policy 104 or using an internal report tracking system.

The Compliance Officer/Title IX Coordinator shall analyze the report to determine if resolution should proceed through Attachment 1 to Policy 103 or Policy 104, Attachment 2 to Policy 103 or Policy 104, Attachment 3 to Policy 103 or 104 or some other complaint resolution process.

The Compliance Officer/Title IX Coordinator shall ordinarily investigate claims of discrimination in programs or activities, including disparate treatment and discriminatory environment. The Compliance Officer/Title IX Coordinator may delegate that responsibility to another competent person, such as a program administrator.

The same person who investigates the allegations will author the final decision report.

The written decision report must contain:

- I. Allegations
- II. Applicable Policies & Conduct Violations
- III. Procedural Steps
- IV. Evidence Considered
 - a. List of Relevant Evidence
 - b. Explanation About Weight of Evidence (if there is any reason to afford certain evidence more weight)
 - c. Credibility Determination (if credibility is at issue)
- V. Factual Findings
 - a. Undisputed Facts
 - b. Factual Conclusions Regarding Disputed Facts
- VI. Analysis
 - a. Factual Application to Elements of Alleged Violation
 - b. Conclusion as to Existence of a Policy Violation
- VII. Recommendations to Resolve Discrimination in Programs or Activities

The Title IX Coordinator/Compliance Officer shall issue the report to all parties at the conclusion of the investigation. The Title IX Coordinator/Compliance Officer may redact the report to protect the identity of witnesses or to comply with FERPA and District policies.

In the event that a policy violation is found, the Superintendent or designee, in conjunction with District legal representation, shall review the recommendations. The Superintendent has the discretion to implement or not to implement any recommendation, so long as the result of the Superintendent's action is intended to remedy the discrimination and to prevent its recurrence. The Superintendent will document the District's actions taken in response to the finding of discrimination.

Discipline

For conduct covered by this Policy *other than sexual harassment*, discipline may be applied prior to the completion of the entire internal grievance process. In the event of a finding that an individual did not violate this Policy, the discipline record shall be expunged.

Retaliation

Retaliation is strictly prohibited. Anyone who feels that they have experienced retaliation is encouraged to report it immediately to the Title IX Coordinator.

Retaliation means actions including, but not limited to, intimidation, threats, coercion, or discrimination against a victim or other person because they report discrimination or harassment, participate in an investigation or other process addressing discrimination or harassment, or act in opposition to discriminatory practices. The acts could be for the purpose of interfering with any right or privilege secured by law or policy, or because the person has reported information, made a complaint, testified, assisted, or participated or refused to participate in any manner in an investigation or proceeding under this part, including in an Informal Resolution process, in Grievance Procedures, and in any other actions taken by a District in executing its responsibilities under this Policy.

Retaliation shall constitute another allegation of an infraction of this Policy.

This timeframe may be modified to allow for a temporary delay or limited extension of time for good cause. Good cause may include, but is not limited to: (1) the absence of a party or witness; (2) concurrent law enforcement activity; (3) the need for language assistance or accommodations for disabilities; (4) appointment of a third-party, such as a law firm, to conduct any step of the process.

Discipline

For conduct covered by this Policy *other than sexual harassment*, discipline may be applied prior to the completion of the entire internal grievance process. In the event of a finding that an individual did not violate this Policy, the discipline record shall be expunged.

Informal Resolution

The Compliance Officer/Title IX Coordinator may implement the Informal Resolution procedure as a substitute for the formal investigation procedure at any time prior to a written determination. This decision is a case-by-case decision depending on the nature of the allegations.

Upon initiation of the Informal Resolution procedure, the timeframes for the Grievance Procedure shall be paused until the timeframe for the Informal Resolution has lapsed without a resolution.

Informal Resolution can result in any of the educational or disciplinary consequences that are available under the Grievance Procedure. Informal Resolution could consist of a facilitated discussion with families and students (Parties in the same room), shuttle negotiations (Parties in separate rooms), peer mediations, restorative circles, or any other restorative or educational practice.

In order to engage in Informal Resolution, the Parties must provide voluntary, written consent to the Informal Resolution process.

If deemed appropriate, the Compliance Officer/Title IX Coordinator shall provide the Parties a written notice, including a description of the allegations subject to Informal Resolution, of the contents of this section.

The outcome of the Informal Resolution shall be shared in writing with the Parties.

Students with Disabilities

If the Complainant or Respondent is identified as a student with a disability or is suspected of having a disability, the Director of Special Education must be promptly consulted and provided with the opportunity to provide input.

Students with disabilities may not be subject to Emergency Removal without a manifestation determination review, except as permitted by law.

While the Decision-maker can recommend an IEP Meeting or Section 504 Team Meeting to consider placement or services as a consequence of a policy violation, the Decision-maker does not have the authority to unilaterally change a student's IEP.

Changes to the student's IEP may not be made without a recommendation from the IEP Team.

District Administration Office, 2551 Murray Avenue, Huntingdon Valley, PA 19006

Scope of Covered Conduct

The District is required by law to respond promptly, equitably, and without deliberate indifference to actual knowledge of sexual harassment in a District program or activity.

Discipline shall not be implemented until after the Title IX Coordinator performs an initial evaluation and determines that there is no Title IX allegation or until the Title IX Grievance Process has concluded. A student may only be prohibited from regular, physical in-school attendance prior to the conclusion of the Grievance Process if the conditions for Emergency Removal, as defined in this Attachment, are met.

Sexual Harassment under Title IX means conduct on the basis of sex that falls under one or more of the following descriptions:

- (1) *Quid pro quo*: A District staff member, administrator, School Board member, or other person under the District's control with authority over the individual conditioning the provision of an aid, benefit, or service of the District on an individual's participation in unwelcome sexual conduct;
- (2) *Hostile environment*: Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the District's program or activity;
- (3) *Specific criminal conduct*: The following types of conduct, as defined in federal law:

Lower Moreland Township School District
Attachment 1 to Policy 103 and Policy 104
Title IX Grievance Process

- a. Sexual assault, meaning an offense classified as a forcible or nonforcible sex offense under the uniform reporting system of the Federal Bureau of Investigation, including but not limited to rape (penetration to vagina or anus no matter how slight), attempted rape, sexual battery, fondling, indecent assault, voyeurism, exposure to exhibitionism, unwanted exposure to pornography, public display of sensitive images that were taken in a private context when the victim was unaware, or any other conduct recognized by federal law as sexual assault.
- a. Dating violence, meaning violence committed by a person:
 - i. Who is or has been in a social relationship of a romantic or intimate nature with the victim; and
 - ii. Where the existence of such a relationship shall be determined based on a consideration of the following factors:
 - 1. The length of the relationship; and
 - 2. The type of relationship; and
 - 3. The frequency of interaction between the persons involved in the relationship.
- b. Domestic violence meaning felony or misdemeanor crimes committed by a person who:
 - i. Is a current or former spouse or intimate partner of the victim under the family or domestic violence laws of Pennsylvania, or a person similarly situated to a spouse of the victim; or
 - ii. Is cohabiting, or has cohabitated, with the victim as a spouse or intimate partner; or
 - iii. Shares a child in common with the victim; or
 - iv. Commits acts against a youth or adult victim who is protected from those acts under the family or domestic violence laws of Pennsylvania.
- c. Stalking meaning engaging in a course of conduct, in-person or through technology, directed at a specific person that would cause a reasonable person to:
 - i. Fear for the person's safety or the safety of others; or
 - ii. Suffer substantial emotional distress.

Conduct that satisfies at least one of the types of Title IX Sexual Harassment will be resolved pursuant to this Attachment.

If conduct is sexual in nature or is sex-based but does not meet the definition of "Sexual Harassment" under Title IX (for example, because it is either severe or pervasive, but not both, or because it is only subjectively offensive rather than objectively offensive), then consequences for that sexual or sex-based misconduct shall be processed under Attachment 2 or another policy.

Additional Definitions

Appeal Decision-maker means the trained person appointed by the Title IX Coordinator to process an appeal of the written determination. The Appeals Decision-maker must not be the Title IX Coordinator, Investigator, Decision-maker, or Informal Resolution Facilitator.

Lower Moreland Township School District
Attachment 1 to Policy 103 and Policy 104
Title IX Grievance Process

Bullying means an intentional electronic, written, verbal, or physical act, or series of acts, that (1) is directed at another student or students; (2) occurs in a school setting; (3) is severe, persistent, or pervasive; and (4) has the effect of doing any of the following (i) substantially interfering with a student's education; (ii) creating a threatening environment; or (iii) substantially disrupting the orderly operation of the school.

Consent means an agreement between individuals with capacity to engage in sexual conduct, which is affirmative, conscious, voluntary, and revocable. Further guidelines for application of the definition of consent will be included in Administrative Regulations.

Consent must be analyzed by the Decision-maker when it is at issue.

Informal Resolution Facilitator means the trained person appointed by the Title IX Coordinator to facilitate an informal resolution, such as peer mediation or family dialogue. The Informal Resolution Facilitator must not be the Decision-maker or Appeals Decision-maker. The Title IX Coordinator may, but is not required to, serve as the Informal Resolution Facilitator.

Investigator means the trained person appointed by the Title IX Coordinator to complete the investigation and draft the investigation report. This person must not be the Decision-maker or the Appeals Decision-maker. The Title IX Coordinator may, but is not required to, serve as the Investigator.

Decision-maker means the trained person appointed by the Title IX Coordinator to analyze the investigative report and make a written determination. The Decision-maker must not be the Title IX Coordinator, Investigator, Appeals Decision-maker, or Informal Resolution Facilitator.

Timeframes

From the initiation of the Investigation through final completion, the Grievance Process takes a minimum of twenty-three (23) days to complete but may take up to seventy-seven (77) days. The timeframes shall be paused in the event of an Informal Resolution Process. If the Informal Resolution Process does not result in resolution of the Formal Complaint, the timeframes resume.

These timeframes may be modified to allow for a temporary delay or limited extension of time for good cause. Good cause may include, but is not limited to: (1) the absence of a party or witness; (2) concurrent law enforcement activity; (3) the need for language assistance or accommodations for disabilities; (4) appointment of a third-party, such as a law firm, to conduct any step of the process.

The chart on the next page meets the regulatory requirement to adopt reasonably prompt timeframes for all of the major steps of the Grievance Process in addition to the regulatory timeframes.

Lower Moreland Township School District
Attachment 1 to Policy 103 and Policy 104
Title IX Grievance Process

Step of Process	Time for Completion
Report	A report can be made at any time after the discovery of conduct that may violate this policy. The fact that time may have passed since the alleged conduct does not invalidate a report. Anyone can make a report. If an employee receives a report, they shall communicate it to the Title IX Coordinator as soon as practicable. Employees who do not uphold this part of their job duties may be subject to discipline. The Title IX Coordinator shall ensure that the report is properly documented and that a record of all reports is kept for 7 years.
Initial Fact Gathering	A principal may conduct initial fact gathering upon receipt of a report of misconduct. Initial fact gathering shall not be considered the Investigation for purposes of this Grievance Process. As soon as the principal has enough information to raise the possibility of a Title IX violation, the principal must immediately cease fact gathering and involve the Title IX Coordinator without delay.
Making A Formal Complaint After A Report	Upon receipt of a report, the Title IX Coordinator shall determine whether a Formal Complaint is appropriate and shall cause the Formal Complaint form to be completed within three (3) school days if appropriate under the circumstances. When the Formal Complaint is signed and received by the Title IX Coordinator, the Title IX regulatory process officially begins.
Evaluation	Evaluation of the Formal Complaint should take no longer than three (3) school days. The Title IX Coordinator must determine whether the Formal Complaint triggers the Grievance Process. In the event of a report over an extended break over five (5) school days (such as, winter break, spring break, summer break), evaluation should take no longer than seven (7) calendar days.
Investigation	Investigation should take no longer than forty-five (45) school days and no fewer than eleven (11) school days. The Investigation period includes the <i>Evidence Review and Written Response to Evidence</i>, as further described below.
Determination	Determination should take no longer than twenty (20) school days and no fewer than ten (10) school days. The Determination period includes the <i>Investigation Report Review, Written Cross-Examination, and Written Response Opportunity</i>, as further described below.
Appeal	If a party chooses to take an appeal, the appeal must be lodged in writing on one of the bases described below and directed to the Title IX Coordinator within three (3) school days of a Party's receipt of the written determination. The appeal authority will resolve the appeal within ten (10) school days of the Title IX Coordinator's appointment of an appeal authority.

Lower Moreland Township School District
Attachment 1 to Policy 103 and Policy 104
Title IX Grievance Process

	<u>Grievance Process</u>
--	---------------------------------

Formal Complaints

A report is different than a Formal Complaint. The report form is attached to Policy 103 and Policy 104. A report puts the District on notice of possible misconduct.

A Formal Complaint is a written request for District action under Title IX. A Title IX Coordinator may obtain a Formal Complaint by providing the Formal Complaint form to the alleged victim or their parent/guardian and providing guidance on completion of the form, or the Title IX Coordinator may complete the form for the Complainant based on the report and initial fact gathering.

After the Formal Complaint is complete, the Title IX Coordinator must obtain a signature in order to initiate the Grievance Process. The only individuals who may initiate the Grievance Process by signing a Formal Complaint are (1) the Complainant (or their guardian), or (2) the Title IX Coordinator.

Dismissal of Formal Complaint

During the evaluation period, the Title IX Coordinator must determine whether the conduct alleged in the Formal Complaint triggers the Title IX Grievance Process or whether the Formal Complaint must be dismissed for processing under a different policy.

The Title IX Coordinator *must* dismiss the Formal Complaint if:

- (1) The conduct alleged in the Formal Complaint would not constitute sexual harassment under Title IX, even if proven by a preponderance of the evidence; or
- (2) The conduct alleged in the Formal Complaint occurred outside of the District's programs or activities (i.e., off-campus conduct as described in Policy 103 and Policy 104); or
- (3) The conduct alleged in the Formal Complaint occurred outside of the United States.

The Title IX Coordinator *may* dismiss the Formal Complaint if:

- (1) A Complainant notifies the Title IX Coordinator in writing that the Complainant desires to withdraw the Formal Complaint or any of the allegations. The Title IX Coordinator may override this request; or
- (2) The Respondent is no longer enrolled or employed by the District. The Title IX Coordinator may continue the Grievance Process even if the Respondent is no longer enrolled or employed if doing so would provide a remedy to the Complainant; or
- (3) Specific circumstances prevent the District from gathering evidence sufficient to reach a determination as to the Formal Complaint or its allegations.

Upon dismissing a Formal Complaint, the Title IX Coordinator must send written notice of the reason for the dismissal and notice of the opportunity for an appeal to the Parties.

Notice of Allegations

Lower Moreland Township School District
Attachment 1 to Policy 103 and Policy 104
Title IX Grievance Process

The Title IX Coordinator shall provide both parties with written notification of the initiation of the Grievance Process. The written notice shall contain sufficient details known at the time of drafting the Formal Complaint. Details are sufficient when the notice includes the identities of known Parties, a description of the conduct alleged to constitute sexual harassment, and the date and location of the alleged incident, if known.

The written notice should also include:

- A statement that the Respondent is presumed not responsible for the alleged conduct and that responsibility for policy violations is determined at the end of the Grievance Process.
- A statement informing the Parties that they may have an advisor of their choice consistent with this Attachment.
- A statement that making false statements or knowingly submitting false information during the Grievance Process may result in code of conduct violations.

In the event that additional allegations are discovered or reported during the Grievance Process (including retaliation allegations), the Title IX Coordinator shall re-issue the written notice with the updated allegations.

Evidence Review and Written Response to Evidence

Parties are permitted to review the evidence collected in the Title IX investigation prior to the issuance of an Investigation Report so that the Parties can meaningfully respond. The Investigator must provide access to *all* evidence, inculpatory and exculpatory, that is directly related to the allegations in the Formal Complaint, whether or not the Decision-maker will rely on that evidence and whether or not that evidence is relevant.

The Parties must be afforded ten (10) or more school days, as determined by the Investigator in consultation with the Title IX Coordinator, to submit a written response to the evidence. The response may, for example, identify additional evidence or witnesses or request designation of evidence as relevant or irrelevant as defined in this policy.

The Investigator must consider the Parties' responses prior to the completion of the Investigative Report.

Investigative Report

The Investigative Report must fairly summarize the relevant evidence. If credibility is at issue, the Investigator must conduct an analysis regarding credibility of Parties and/or witnesses.

The Investigation Report should contain, at a minimum:

- I. Allegations/Title IX Formal Complaint Contents
- II. Applicable Policies & Conduct Violations
- III. Procedural Steps
- IV. Evidence Considered
 - A. List of Relevant Evidence
 - B. Explanation About Weight of Evidence (if there is any reason to afford certain evidence more weight)

Lower Moreland Township School District
Attachment 1 to Policy 103 and Policy 104
Title IX Grievance Process

C. Credibility Determination (if credibility is at issue)

Investigation Report Review, Written Cross-Examination, and Written Response Opportunity

Upon completion, the Investigator shall simultaneously send the Investigative Report to the Parties, the Title IX Coordinator, and the Decision-maker.

The Decision-maker shall provide the Parties with ten (10) or more school days, as determined by the Decision-maker in consultation with the Title IX Coordinator, to review the Investigation Report and provide a written response to the Investigation Report that the Parties desire the Decision-maker to consider.

During that ten (10) school day timeframe, the Decision-maker shall facilitate written cross-examination. Written cross-examination allows the Parties to submit written, *relevant* questions that a Party wants asked of any Party or witness, and also allows for additional, limited follow-up questions from each Party. Relevance is defined below.

The Decision-maker *may* use the following timeframe, but can extend timeframes as appropriate and in the final discretion of the Title IX Coordinator:

- Three (3) school days for each Party to submit written cross-examination questions;
- Three (3) school days for each Party or witness to provide written answers;
- Two (2) school days for each Party to submit additional, limited follow-up questions;
- Two (2) school days for each party to respond to the additional follow-up questions.

Written Determination

The Decision-maker shall produce a Written Determination report that objectively evaluates the evidence and comes to a conclusion regarding the Respondent's responsibility for violating the policy prohibiting sexual harassment.

The Written Determination must include parts I through IV of the Investigation Report as well as the following:

- V. Factual Findings
 - A. Undisputed Facts
 - B. Factual Conclusions Regarding Disputed Facts
- VI. Analysis
 - A. Factual Application to Elements of Alleged Violation
 - B. Conclusion as to Responsibility for Policy Violation
- VII. Recommendations/Educational Consequences/ Disciplinary Sanctions

Upon completion of the Written Determination, the Decision-maker shall simultaneously send the Written Determination to the Parties and the Title IX Coordinator. The Title IX Coordinator shall provide the Parties with notice of the optional appeal process if there has been a finding that the Respondent is responsible for a policy violation.

Optional Appeal

Lower Moreland Township School District
Attachment 1 to Policy 103 and Policy 104
Title IX Grievance Process

The Title IX Coordinator shall inform the Parties about appeal procedures upon dismissal of a Formal Complaint and upon a determination finding that the Respondent is responsible for violating the prohibition against sexual harassment. No disciplinary sanctions can be implemented until after the period for taking an appeal has passed, and no Party appealed.

The Parties may take an appeal only on one or more of the following bases:

1. A procedural irregularity that affected the outcome of the matter; or
2. New evidence that was not reasonably available at the time the determination regarding responsibility or the dismissal was made, that could affect the outcome of the matter; or
3. The Title IX Coordinator, Investigator, or Decision-maker had a conflict of interest or bias for or against Complainants or Respondents generally or the individual Complainant or Respondent that affected the outcome of the matter.

Importantly, an appeal may not be sustained where the only issue in dispute is whether or not a Respondent was found responsible or based on the nature or adequacy of consequences.

If a Party appeals, then the Title IX Coordinator must (1) notify the other Party in writing that an appeal is taking place and the basis or bases for the appeal; (2) implement the appeal procedure equally for both Parties, including by appointing an Appeal Decision-maker.

The Appeal Decision-maker shall give the Parties a reasonable, equal opportunity to submit a written statement in support of, or challenging, the outcome. After providing that opportunity, the Appeal Decision-maker shall issue a written decision describing the appeal's outcome and the rationale for the result.

If an appeal is sustained, the Appeal Decision-maker may (1) remand back to the Investigator for further fact gathering; (2) remand back to the Decision-maker for reconsideration; (3) remand to the Title IX Coordinator to conduct the Grievance Procedure with new personnel and without procedural irregularities.

Burden of Proof

While the Parties are encouraged to submit evidence to assist in the investigation, the burden of proof remains on the District. This means that the Investigator has the responsibility to conduct a thorough and reliable investigation by uncovering relevant evidence.

Relevance

Relevant evidence is defined as evidence that tends to prove or disprove a fact that is necessary to evaluate the allegations of sexual harassment. The Investigator and Decision-maker must objectively evaluate the evidence.

Questions and evidence about the Complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the Complainant's prior sexual behavior are offered to prove that someone other than the Respondent committed the conduct alleged by the Complainant, or if the questions and evidence concern specific incidents of the

Lower Moreland Township School District
Attachment 1 to Policy 103 and Policy 104
Title IX Grievance Process

Complainant's prior sexual behavior with respect to the Respondent and are offered to prove consent, as defined above.

Unless requested to do so by the person implicated by the records, District cannot access, consider, disclose, or otherwise use a Party's records that are (1) made and maintained in connection with the provision of treatment to the Party; and (2) made or maintained by a physician, psychiatrist, psychologist or other recognized professional or paraprofessional.

Educational records such as special education documents may be considered by the Investigator and Decision-maker, who are "school officials" under FERPA when acting in Title IX personnel roles.

Standard of Evidence

In determining whether to sustain the allegations and make a finding of responsibility for Title IX Sexual Harassment, the Decision-maker shall apply the preponderance of the evidence standard.

The preponderance of the evidence standard means a fact is "more likely than not" to be true or to constitute sexual harassment. It has been described at "50% plus a feather." This is a much lower standard than "beyond a reasonable doubt" as applied in criminal proceedings.

Advisors

Parties are entitled to Advisors of choice, who may be an attorney but is not required to be one. The District shall not be responsible for paying for an Advisor. Even if a student who is a Party has the benefit of parental involvement on their behalf, that Party is still entitled to an Advisor.

The role of the Advisor is to assist a Respondent or Complainant during the Grievance Process. Unless determined appropriate under the circumstances, the Investigator, Decision-maker, and Appeal Decision-maker shall not correspond with Advisors. The Parties have the responsibility of involving their Advisor in each step of the Grievance Process.

The Advisor may accompany a Party to any investigatory interview, but is not permitted to act on behalf of the Party. The Advisor may have reasonable opportunities to pause the investigative interview to counsel the Party about the Parties' response. The Advisor may not pause the interview after every question.

The Advisor may draft the written response to the evidence, the written response to the Investigative Report, and the written-cross examination questions and responses. However, the Advisor may not email or correspond directly with the Investigator, Decision-maker, and Appeal Decision-maker.

Supportive Measures

Supportive measures are defined in Policy 103 and Policy 104. Supportive measures include, but are not limited to, counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, campus escort services/adult supervision, mutual

Lower Moreland Township School District
Attachment 1 to Policy 103 and Policy 104
Title IX Grievance Process

restrictions on contact between the Parties, changes in activity locations, increased security and monitoring of certain areas of the campus, and other similar measures.

When implementing Supportive Measures for students with disabilities, consult the Director of Special Education. Changes to the student's IEP may not be made without a recommendation from the IEP Team.

Emergency Removal

Emergency removal permits the District to remove a student from the school setting prior to the completion of the Grievance Process but only under limited circumstances. This is because, in some circumstances, the removal of a Respondent may be appropriate in order for the District to avoid a deliberately indifferent response to a report of conduct that could constitute sexual harassment or could or does lead to a Formal Complaint.

Emergency removal can be used to immediately remove a Respondent from a District program or activity, including athletics, clubs, transportation, or other District programs or activities. For emergency removal to be appropriate, the student must (a) pose an immediate threat to the physical health or safety of any other individual, and (b) the conduct must arise from the allegations of sexual harassment. If that threat is significant enough to justify removal, then the District may immediately remove the student. Directly after an emergency removal, the District must provide the Respondent with notice and an opportunity to challenge the decision.

To remove a student under emergency circumstances, the District must promptly conduct an individualized safety and risk analysis. The risk assessment cannot be based on generalized, hypothetical, or speculative beliefs or assumptions that a Respondent could potentially pose a risk to someone's physical health or safety. The risk assessment team must include the Title IX Coordinator, a school psychologist, a school social worker, and a special education administrator. Parents must be invited to the risk assessment meeting; however, the District may hold the meeting without parents if necessary to avoid a delay in completing the risk assessment. The risk assessment must be documented in writing.

An emergency removal must not effectuate, in any way, a pre-judging of the allegations against the Respondent, who is entitled to a presumption of non-responsibility pending the completion of a Grievance Process.

If the respondent's actions pose an immediate and identified threat, but do not "arise from" allegations of "sexual harassment" (for example, where a student has brought a weapon to school unrelated to any sexual harassment allegations), then the District is free to respond under its code of conduct or in accordance with applicable laws. The District shall not implement discipline under other sections of the code of conduct or another policy in retaliation for involvement in a Title IX Grievance Process.

Students with disabilities may not be subject to Emergency Removal without a manifestation determination review except as otherwise provided by law.

Lower Moreland Township School District
Attachment 1 to Policy 103 and Policy 104
Title IX Grievance Process

All procedures for suspensions and expulsions apply to Emergency Removal.

Administrative Leave

In the event that a school employee is a Respondent, the District may put that person on administrative leave during the pendency of a Title IX Grievance Process.

Collective bargaining agreement provisions and employment laws apply prior to effectuating administrative leave.

Informal Resolution

The Title IX Coordinator may implement the Informal Resolution procedure as a substitute for the formal Grievance Process after a Formal Complaint is filed and at any time prior to a written determination. This decision is a case-by-case decision depending on the nature of the allegations. Under no circumstances can Informal Resolution be used in cases involving an adult and a child. The Title IX Coordinator shall create an administrative implementation procedure for Informal Resolution.

The Parties cannot be required to participate in the Informal Resolution process as it is voluntary. The District cannot condition enrollment, employment, or enjoyment of any right or privilege upon agreement to the Informal Resolution process. A Party has the right to withdraw from the Informal Resolution process and resume the Grievance Process at any time. If a resolution is accomplished through Informal Resolution, the Parties are precluded from resuming a Formal Complaint arising from the same allegations as contained in the Formal Complaint.

Upon initiation of the Informal Resolution procedure, the timeframes for the Grievance Process shall be paused until the timeframe for the Informal Resolution has lapsed without a resolution.

Informal Resolution can result in any of the educational or disciplinary consequences that are available under the Grievance Process. Informal Resolution could consist of a facilitated discussion with families and students (Parties in the same room), shuttle negotiations (Parties in separate rooms), peer mediations, restorative circles, or any other restorative or educational practice.

In order to engage in Informal Resolution, the Parties must provide voluntary, written consent to the Informal Resolution process.

If deemed appropriate, the Title IX Coordinator shall provide the Parties a written notice, including a description of the allegations subject to Informal Resolution, of the contents of this section.

The outcome of the Informal Resolution shall be shared in writing with the Parties. The Title IX Coordinator shall keep a record of the Informal Resolution for seven (7) years.

Students with Disabilities

Lower Moreland Township School District
Attachment 1 to Policy 103 and Policy 104
Title IX Grievance Process

If the Complainant or Respondent is identified as a student with a disability or is suspected of having a disability, the Director of Special Education must be promptly consulted prior to implementation of supportive measures, during the course of the Investigation, and prior to issuance of a Written Determination.

Students with disabilities may not be subject to Emergency Removal without a manifestation determination review.

While the Decision-maker can recommend an IEP Meeting or Section 504 Team Meeting to consider placement or services as a consequence of a policy violation, the Decision-maker does not have the authority to unilaterally change a student's IEP.

Changes to the student's IEP may not be made without a recommendation from the IEP Team.

Recordkeeping

The Title IX Coordinator shall ensure that every report of sexual harassment is properly documented and shall ensure that a record of all reports is kept for a minimum of seven (7) years. The record must be maintained with an indication of whether or not the respondent was found responsible for a policy violation and what consequences and supportive measures were in place.

Retaliation

Retaliation is strictly prohibited. Anyone who feels that they have experienced retaliation is encouraged to report it immediately to the Title IX Coordinator.

Retaliation means actions including, but not limited to, intimidation, threats, coercion, or discrimination against a victim or other person because they report discrimination or harassment, participate in an investigation or other process addressing discrimination or harassment, or act in opposition to discriminatory practices. The acts could be for the purpose of interfering with any right or privilege secured by Title IX, or because the person has reported information, made a complaint, testified, assisted, or participated or refused to participate in any manner in an investigation or proceeding under this part, including in an Informal Resolution process, in Grievance Process, and in any other actions taken by a District in executing its responsibilities under this Policy.

Retaliation shall constitute another allegation of an infraction of this Policy.
